

SOP 16-07
Reporting Procedures for Suspected Violations in the
Administration of Grant Resources
Standard Operating Procedures
Grow Southwest Indiana Region 11
Approval Date: 02/25/09
Revised: 2/29/2016

Purpose

To establish reporting procedures whereby any Indiana Department of Workforce Development (DWD) employee, vendor, partner, sub-contractor, or customer can report allegations of suspected violations of State and federal law with respect to the administration of grant resources.

Action:

DWD Policy 2008-06 Equal Employment Opportunity and Affirmative Action Policy and Poster, will be implemented as Region 11 SOP 2016-07.

CONTENT

The Indiana Department of Workforce Development has a responsibility for ensuring the proper stewardship of state and federal resources and the public and private support that enables it to pursue its mission. To maintain the integrity of the Department's administration of state and federal resources, the Indiana Department of Workforce Development is establishing a reporting procedure whereby any Department employee, vendor, partner, grantee, subcontractor, customer or other concerned individual can report allegations of suspected violations of the state and federal law with respect to the administration of grant resources.

Reporting a Complaint

Notification of Suspected Violation

If an activity is undertaken in the administration of a grant that is in violation of any state or federal law or regulation, including, but not limited to, corruption, malfeasance, bribery, theft of government property, fraudulent claims, fraud, coercion, conversion, misuse of government property, willful omission to perform duty, or is otherwise economically wasteful, or involves gross misconduct, incompetency, or inefficiency, the individual must report such conduct to DWD's Director of Investigations and Security or DWD's Legal Affairs section. Any failure to report a known violation of the law on the part of an employee of the Department of Workforce Development will subject the individual to disciplinary action, up to and including termination.

The Indiana Department of Workforce Development will recommend disciplinary action to employers in a contractual relationship with the State of Indiana or any subcontracted entity funded in whole or in part by Department grants/contracts if their employee(s) fail to report a known violation of the law.

Filing a Report

Any person may report allegations of suspected violations. Reports of allegations should be made in writing to ensure a clear understanding of the issues raised. Such reports should be factual rather than speculative or conclusory, and contain specific information to allow for proper assessment of the nature, extent, and urgency of preliminary investigative procedures. Reports should include the names and contact information, if known, of any witnesses in order to facilitate investigation of the suspected violations(s).

Timeframe for Reporting

The Indiana Department of Workforce Development encourages prompt notification and reporting of alleged violations. Delayed reporting, however, will not in and of itself preclude the Department from investigating the allegation(s).

Roles, Rights, and Responsibilities

Reporting Party

Reporting parties have a responsibility to be candid with investigators and others to whom they make a report of alleged violation of the law. Protection of a reporting party's identity will be maintained to the extent possible within the legitimate needs of the law and the investigation.

Investigation Subject(s)

A subject is a person who is the focus of investigative fact-finding either by virtue of an allegation made or evidence gathered during the course of an investigation. Subjects should normally be informed of the allegations at the outset of a formal investigation. Subjects have a duty to cooperate with investigators, and are prohibited from withholding, destroying, or tampering with evident, or from influencing, coaching, or intimidating reporting parties or participants. The identity of a subject should be maintained in confidence to the extent possible given the legitimate needs of the law and the investigation.

Participant(s)

Any party that is interviewed, asked to provide information, or otherwise participates in an investigation has a duty to fully cooperate with the investigator(s). Participants should refrain from discussing or disclosing the investigation or their testimony with anyone not connected to the investigation. In no case should the participant discuss with the investigation subject the nature of evidence requested or provided or testimony given to investigators unless agreed to by the investigator. Requests for confidentiality by participants will be honored to the extent possible within the legitimate needs of the law and the investigation.

Resolution

The outcome of the investigation may or may not support a conclusion that a violation was committed and, if so, by whom.

If an investigation leads Indiana Department of Workforce Development officials to conclude that a violation has occurred, the results of the investigation shall be reported to the Prosecutor's Office or other appropriate law enforcement agency.

Any disciplinary or corrective action initiated against the subject as a result of an investigation pursuant to this policy shall adhere to the applicable disciplinary procedures. If the violation is committed by a non-state staff member whose employer is in contractual relationships with the State of Indiana or any subcontracted entity funded in whole or in part by Department grants/contracts, such contractual relationship will be subject to immediate review and termination.

Anyone who is found by the General Counsel to have intentionally filed a report knowing the same to be false and not in good faith shall be subject to appropriate disciplinary action. The same recommendations will be made to employers in a contractual relationship with the State of Indiana or any subcontracted entity funded in whole or in part by Department grant/contracts.

Protection Against Retaliation

No individual who, in good faith, reports an alleged violation of the law shall be subjected to adverse employment consequences or other form of retaliation by Indiana Department of Workforce Development staff. Anyone that retaliates against someone who has reported such an occurrence in good faith shall be subject to disciplinary action, up to and including termination of employment.
