

In the Matter Of:
East Chicago Waterway Management

DISTRICT BOARD OF DIRECTORS' MEETING

June 29, 2022

Iseminger & Associates, Inc.
877-337-7379

**EAST CHICAGO WATERWAY MANAGEMENT
DISTRICT BOARD OF DIRECTORS' MEETING**

City of East Chicago, Engineering/Annex Building
4444 Railroad Avenue
East Chicago, Indiana

June 29, 2022

5:00 p.m.

Transcript of the East Chicago Waterway Management District Board of Directors' Meeting had in the above-entitled matter on the 29th day of June, 2022, commencing at 5:00 p.m., taken at City of East Chicago, Engineering/Annex Building, 4444 Railroad Avenue, East Chicago, Indiana, and via Zoom Video/Telephone conference, before Dawn M. Iseminger, RPR, and Notary Public, within and for the County of Porter, State of Indiana.

A P P E A R A N C E S

JOHN FEKETE, President

RAYMOND LOPEZ, SR., Treasurer and Fiscal Officer

HENRY RODRIGUEZ, Secretary

JOHN BAKOTA, Board Member

FERNANDO TREVINO, FMT Consulting

ELLEN GREGORY, Ellen Gregory Law

Also Present:

Vanessa Vargas, CliftonLarsonAllen - appearing via Zoom

Jim Wescott of Tetra Tech - appearing via Zoom

Eric Larson, Jami O'Keefe, Tamera Lienhart, David Tully

Mike Elam

Mike Nguyen, Army Corps of Engineers - appearing via Zoom

Gene Martin - via Zoom

District Board of Directors' Meeting
06/29/2022

1 MR. FEKETE: I'd like to call to order the
2 East Chicago Waterway Management District Special
3 Board Directors' meeting, since this is not a
4 regular time or stated time that we published
5 earlier. The time is 5:05, and we'll start the
6 proceedings with a roll call.

7 John Bakota?

8 MR. BAKOTA: Here.

9 MR. FEKETE: Henry Rodriguez?

10 MR. HENRY RODRIGUEZ: Here.

11 MR. FEKETE: Jaylan Robinson?

12 (No response).

13 MR. FEKETE: Kevin Doyle?

14 (No response).

15 MR. FEKETE: Ray Lopez?

16 MR. LOPEZ: Here.

17 MR. FEKETE: John Fekete, I am here.

18 MS. GREGORY: Sorry to interrupt. Gene
19 Martin joined the Zoom.

20 MR. FEKETE: Okay. The next order of
21 business is the executive director's report,
22 Mr. Trevino.

23 MR. TREVINO: Yes. Fernando Trevino with FMT
24 Consulting. First I'd like to start off by going
25 over the contents of your board packet: You have

District Board of Directors' Meeting
06/29/2022

1 today's agenda. We have a copy of the public
2 meeting posting for today's meeting. You have the
3 board minutes for the May 19th board meeting. The
4 minutes for the presentation part I received after
5 I submitted the email, so those will be included
6 in our July board meeting. The claim docket with
7 today's date, June 29th, along with the purchase
8 order copies are in your board packet. The
9 CliftonLarsenAllen financial report dated May 31st
10 for the month of May wasn't finalized when I
11 emailed the board packet yesterday, so that was
12 emailed earlier today, and I provided hard copies
13 of the report. A copy of the First Merchants Bank
14 statements for the month of May 2022 for accounts
15 ending 608 and 616, along with the copy of the
16 checks that cleared in the month of May.

17 Also the BMO trust report through May 31st,
18 along with the summary note from Mr. David Alonzo,
19 are in our packet. I included the sheet pile wall
20 fact sheet dated May 19. That was something I had
21 provided at the last month board meeting, but
22 since we had a follow-up presentation from BP, I
23 thought it would be a good idea to include that in
24 your board packet. The Army Corps of Engineers
25 report to the board dated June 29th is in your

1 packet. Attorney Ellen Gregory report to the
2 board with revision date of June 28th is in your
3 packet.

4 You have a copy of Tetra Tech's monthly
5 report on the Great Lakes Legacy Grand Cal' River
6 remedial design project dated June 24th. You have
7 the letter dated May 16, 2022, from myself to EPA
8 project manager Megan O'Brien responding to their
9 questions and comments of our March 9th project
10 proposal and April 1st presentation to the
11 technical review committee.

12 You also have a copy of the project scheduled
13 for the Canal Street bridge project with a
14 schedule date of March 11th, 2022.

15 That concludes the items in your board
16 packet. Regarding the action items on today's
17 agenda, we have the two traditional action items,
18 which is the board minutes and the monthly claim
19 docket.

20 Regarding the financial report, last month
21 the board approved an amended Tetra Tech
22 engagement letter for additional services and
23 increase budget for the Grand Cal' River remedial
24 design and phase one project. I'll review that
25 2022 budget line item and have a recommendation at

1 the July or August board meeting.

2 I received our Verizon invoice for the iPads
3 that we recently acquired from Verizon and there
4 was a discrepancy in the statement and I'm working
5 with the Verizon rep to resolve that.

6 So as everyone might know, the fed rate was
7 increased recently, and I'll review any
8 recommendations that our BMO and First Merchant
9 reps might have on our accounts as a result of
10 that increase.

11 Regarding the 2022 user fee, the user fee
12 packet was sent out on June 3rd and included the
13 district's annual communicator that summarizes our
14 progress on an annual basis, and that was also
15 shared with other East Chicago Waterway
16 stakeholders. That included Governor Holcomb,
17 both Senators Braun and Young, Congressman Mrvan
18 and his key staff, Mayor Copeland and his key
19 staff, EPA, the Corps, and IDEM among others.

20 Regarding the Great Lakes Legacy Act project,
21 the Lake George canal east and middle project, the
22 sheet pile wall 90 percent basis of design report
23 is ongoing. BP is very close to finalizing that
24 90 percent design. The sheet pile wall is
25 forecasted to be completed by the end of 2023 or

1 early 2024. And as a reminder, we went through a
2 30-day public comment period of the draft
3 90 percent design that began on April 29th, and it
4 was concluded on May 31st. BP posted the
5 beginning of the 30-day public comment period in
6 the Northwest Indiana Times, and it ran for three
7 consecutive days. Hard copies of the design were
8 available at both East Chicago libraries, and one
9 at my office. The 90 percent design fact sheet,
10 the BP slides of their May board meeting
11 presentation, were available electronically on the
12 district website. There were no comments
13 submitted at either library or to myself. And BP,
14 during their presentation, will give us an update
15 if they received any public comments.

16 And as reported at the May board meeting,
17 during BP's presentation they have a followup on
18 the public comment period, and BP's project team
19 members are present today at today's board meeting
20 to give an update on the public comments, the
21 design and the project schedule.

22 Regarding the Lake George canal east section,
23 phase one dredging was completed in 2020. Phase
24 two dredging is scheduled to recommence after the
25 sheet pile wall is installed. The Corps will be

1 managing the dredging project on EPA's behalf, and
2 the Corps' coordinating additional sediment
3 sampling that's scheduled to be done some time
4 this summer.

5 Regarding the Lake George canal middle
6 project, the Army Corps is managing that
7 remediation project, and that construction is on
8 going.

9 Regarding the Grand Cal' River junction reach
10 remedial design work, Tetra Tech remedial design
11 work is ongoing, the project team continues to
12 have periodic meetings to discuss design
13 completion. Property access coordination, permit
14 applications, coordination of the junction marsh,
15 and cost shared documentation.

16 The Grand Cal' River phase one remediation
17 project proposal was originally submitted
18 March 9th, and had a follow-up presentation to
19 their technical review committee on April 1st.
20 We've received comments from the technical review
21 committee and we've submitted our response to
22 their questions and comments, and the EPA had no
23 further questions on our project proposal or
24 presentation. It's my understanding that EPA went
25 through their scoring process of the project

1 proposal and informed us that the project scored
2 well and is approved to start negotiating the
3 project agreement, which we are in the process of
4 doing.

5 We've also started talking about the
6 community engagement plan for that Grand Cal'
7 River phase one remediation project. And the
8 project team continues to work on cost share
9 calculations affiliated with the tipping fee
10 agreement, which will be used to leverage Great
11 Lakes Legacy Act funding for that phase one
12 remediation.

13 Regarding work in kind reporting, next month
14 I'll start working on the work in kind report for
15 the first months of 2022. Through 2019 EPA has
16 approved approximately \$1.1 million in work in
17 kind. And that does not include the work in kind
18 generated from the Cleveland cliffs Sep project.

19 The Lake George canal west remediation work
20 is on going. A reminder that this project is
21 between EPA and BP.

22 The Canal Street bridge project, ACOM
23 continues their effort on the dolphin design and
24 permit application. A project schedule is in your
25 packet. The design is scheduled to be completed

1 in July, and drafting of the bid specs in August
2 and September. And the bidding process will be
3 done during the winter months with construction
4 forecasted for the May/June 2023 time frame.

5 BP term sheet agreement for the parcels BP is
6 interested in acquiring, district and BP continue
7 to work on drafting that settlement agreement.

8 Regarding the Corps report, that is in your
9 packet. The project manager for the Corps, Mike
10 Nguyen, is in attendance today to give an update
11 on regard that project. I attended a press
12 conference this past Monday held at the CDF. That
13 included Congressman Mrvan, Mayor Copeland, the
14 Army Corps of Engineers Colonel Culberson, and a
15 couple other dignitaries, to announce the funding
16 for various federal projects, including
17 construction of this CDF dike raising project.

18 That concludes my report. Attorney Ellen
19 Gregory will give us an update on various legal
20 matters. I'm going to turn that alarm off.

21 MR. FEKETE: Any questions?

22 MR. LOPEZ: At that press conference, did you
23 ask Frank if we're going to get more money?

24 MR. TREVINO: No, I didn't ask him.

25 MR. LOPEZ: I would have.

District Board of Directors' Meeting
06/29/2022

1 MR. FEKETE: The next order of business is
2 the approval consideration of the board meeting
3 notes. Since all of the board members
4 participating are here, I will entertain an
5 approval motion.

6 MR. BAKOTA: Motion approved.

7 MR. FEKETE: And a second?

8 MR. LOPEZ: Second.

9 MR. FEKETE: We'll have a voice vote. All in
10 favor, signify by saying aye.

11 (All signify aye.)

12 MR. FEKETE: Any objections? Abstentions?

13 (No response.)

14 MR. FEKETE: Hearing none, the motion is
15 approved.

16 The accounting consultant report. Vanessa is
17 on.

18 MS. VARGAS: In front of you, you have the
19 financial statements on a cash basis as of
20 May 31st, 2022. If you turn to Page 2 you will
21 see the statement of cash receipts and cash
22 disbursements for the five months ended May 31,
23 2022. Your total receipts as of May 31st was
24 \$474,267.45, which is made up of interest income
25 of \$3,322.21, user fee income of \$72,607.05, and a

District Board of Directors' Meeting
06/29/2022

1 trust transfer of \$398,338.19. Total
2 disbursements as of May 31st was \$262,489.71,
3 which you will see broken out by the different
4 expense line items. This brings your total cash
5 increase up to \$211,777.74, which brings your cash
6 balance from \$3.9 million as of January 1st to
7 \$4.2 million as May 31st.

8 On the bottom left-hand, you will see a
9 breakdown of the three accounts which make up that
10 cash balance.

11 If you turn to Page 3, the schedule of cash
12 account activity for the five months ended
13 May 31st will detail all the cash activity for
14 those three various accounts. As of May 31st,
15 your operating account started off at \$1.4 million
16 as of January 1st. You earned interest income of
17 \$182.04. You had cash disbursements of
18 \$262,489.71, which you can see broken out by month
19 and net against the voided check. You had a trust
20 transfer of \$398,338.19, as well as a budget
21 transfer of \$162,225.79, which brings your
22 operating cash balancing as of May 31st to
23 \$1,707,834.70. Your user fee account began with
24 \$1,076,244.74 as of January 1st. You earned
25 interest of \$443.14, had user fee income of

1 \$72,607.05, and had a budget transfer disbursement
2 of \$162,225.79, which brings your user fee account
3 balance as of May 31st to \$987,069.14. The CD
4 began at roughly \$1.5 million at the beginning of
5 January. You earned interest of \$2,697.03,
6 bringing your ending CD balance as of May 31st to
7 \$1,509,281.84.

8 Turning to Page 4, you have a schedule of
9 2022 available budget as of June 29, 2022. Total
10 cash disbursements through May 2022 was
11 \$262,489.71. You have a claims docket in front of
12 you dated January 29th for \$50,957.07, bringing
13 your unused budget as of May 31st and including
14 your docket of June 29th to \$1,656,695.59. You
15 will see that all the unused budget line items
16 still have amounts remaining to cover all of your
17 claim dockets for this meeting. Are there any
18 questions?

19 MR. FEKETE: Any questions for Vanessa?

20 (No response.)

21 MR. FEKETE: Thank you very much.

22 MS. VARGAS: You're welcome.

23 MR. FEKETE: Okay. The next order of
24 business is the approval consideration for
25 accounts payable voucher register dated today,

District Board of Directors' Meeting
06/29/2022

1 June 29, 2022.

2 MR. LOPEZ: Motion to approve.

3 MR. FEKETE: We have a motion to approve. Do
4 I have a second?

5 MR. HENRY RODRIGUEZ: Second.

6 MR. FEKETE: We have a second. We'll have a
7 roll call vote.

8 John Bakota?

9 MR. BAKOTA: Yes.

10 MR. FEKETE: Henry Rodriguez?

11 MR. HENRY RODRIGUEZ: Yes.

12 MR. FEKETE: Jaylan Robinson?

13 (No response).

14 MR. FEKETE: Kevin Doyle?

15 (No response).

16 MR. FEKETE: Ray Lopez?

17 MR. LOPEZ: Yes.

18 MR. FEKETE: John Fekete, I vote yes. That
19 motion is approved.

20 The next order of business is the BMO trust
21 report. Is Mr. Alonzo going to report?

22 MR. TREVINO: Mr. Alonzo wasn't able to make
23 today's meeting, so I'll summarize his report.

24 Page 1 shows the balance of the money market
25 with the current value of approximately

1 \$4.136 million. That's an increase of \$175.66
2 from interest earned from our last meeting.

3 Page 2 shows historical values of the trust
4 account from 1997. And based on our last meeting
5 Mr. Alonzo recommended that we look into current
6 CDs, and as of June 15th, that has risen rates
7 .75 percent. There will be some lag time prior to
8 seeing anything, if anything, in the bank CD
9 rates. So he is suggesting that we meet with the
10 finance committee the second week of July to
11 consider allocating money into CDs.

12 That conclude Mr. Alonzo's report.

13 MR. FEKETE: Okay. Any questions?
14 Discussion?

15 (No response.)

16 MR. FEKETE: Okay. Hearing none, thank you.
17 Sheet piling wall barrier wall project update, and
18 we have guests with us.

19 MR. LARSON: Sure.

20 MR. TREVINO: Eric, do you mind introducing
21 your team?

22 MR. LARSON: Thank you for the invitation.

23 I'm Eric Larson, I work for Atlantic
24 Richfield. There are a few folks with us today.
25 We have Jami O'Keefe and Tamera Lienhart. I think

1 Tamera has joined you before from the refinery.
2 Michael Elam, outside counsel, who we work closely
3 with, and David Tully from Wood.

4 As you know, David gave a nice presentation
5 in the May meeting and kind of highlighted the
6 basis of design report that we're about to
7 present. And then on the phone we have Jean
8 Martin. She is inside counsel for Atlantic
9 Richfield.

10 So first I wanted to say thank you very much
11 for the invitation today and thank you for the
12 invitation in May to present the basis of design
13 report. I wanted to take a few minutes today to
14 share with you kind of the highlights of some of
15 the things that somebody going to see and some of
16 the things that you'll see here in the not too
17 distant future with respect to the project update.
18 I thought the executive director's report that
19 Mr. Trevino shared highlighted some of the key
20 points from the basis of design report public
21 comment period that we went through from April 29
22 through May 31. Other than the comments that we
23 received from the board meeting on May 19th we
24 didn't receive any public comment. So we're
25 proceeding with finalizing that design right now.

1 That design will go into the stakeholders so the
2 US EPA and Army Corps of Engineers and, of course,
3 the Waterway Management District here will go in
4 tomorrow for review. Today I submitted the
5 schedule for the project. We've refined the
6 schedule -- last year we had updated the schedule
7 and we'll do so as necessary. So we were at the
8 point in the project we wanted to update the
9 schedule, so I sent that out to the stakeholders
10 as well today, kind of laying out what the next 12
11 months is going to look like. One of the things I
12 think is noteworthy is we went through a request
13 for the proposal process for the steel that we're
14 going to use to construct the barrier wall system.
15 So we should be making that award on Friday of
16 this week. We went through the request for -- or
17 we went through the request for proposal process,
18 got bids back, evaluated, and made a selection.
19 So we're using domestic steel, as we shared with
20 you back in May. So we're very proud of that. So
21 that's something that will be forthcoming this
22 week, as far as that basis of design report, that
23 90 percent -- as is the final 90 percent for the
24 barrier wall system that is slated to go in
25 tomorrow. If you fast forward the clock to July,

1 what you'll see is we're going to go through a
2 general contractor request for proposal effort.
3 So what we're going to do is go out to bid for
4 contractors to come in and provide proposals to
5 actually install that barrier wall system for us
6 next year. The schedule that you'll see, we plan
7 on mobilizing next March, and then taking 12 to 13
8 months to install that barrier wall system. So
9 what we committed to doing was submitting or
10 constructing the sheet pile wall that will be out
11 in the canal that Dave had outlined in May by the
12 end of February, and then completing the rest of
13 the barrier wall system, all the hardware and
14 deadman by the end of March next year. So it will
15 be a busy construction season next. But we're
16 going to go through that RFP process, get bids
17 back, we anticipate by mid September, go through
18 the evaluation selection and then the award comes
19 the end of October, and then the plan is to submit
20 the 100 percent design, what we call the issue for
21 construction by mid December. Dave and I met with
22 the city planners today to talk through the
23 permit. This is kind of a continuation of the
24 discussion we had last December. So as you can
25 imagine, there's a lot of permits both from The

1 Corps, state, and the city. So we're initiating
2 that process. So it's a busy year from a front
3 end loading, from a planning standpoint, and we're
4 looking forward to going through this effort
5 selecting a contractor so that we can begin our
6 mobilization effort next March to begin the
7 installation of that barrier wall next year, and
8 complete it by the end of March of 2024. I know
9 in May there were a couple questions. I hope we
10 addressed those to your satisfaction. But in the
11 interim, were there any questions, anything that
12 you thought about that needs to be addressed?

13 MR. BAKOTA: I asked a question, you were on
14 the phone that day, about the riprap that is
15 parallel to the shoreline. Where will that be in
16 the disposal? Because it's heavily contaminated
17 with petroleum product.

18 MR. LARSON: The plan is, we're going to put
19 that sheet pile wall -- it extends, you know, ball
20 park imagine 10 feet into the canal, give or take.
21 All of that material between where we put that
22 sheet pile wall and install the deadman wall is
23 going to be excavated down to the tie back level
24 that we talked about for stability purposes. That
25 riprap, we'll pull out. We're going to stage it

1 on the site. To the extent that we can re-use any
2 of that material that we're going to pull out, we
3 will. So the thought is we're going to treat it
4 to the requirements necessary to re-use. Anything
5 that we can't treat, it's probably going to need
6 to go off site for disposal. But to the extent we
7 can, we want to treat it to be able to re-use as
8 much as that material as possible. I think it
9 makes good sense. We need to use that material in
10 the upland portion just to get the elevations,
11 right, and we certainly want to minimize how much
12 material gets sent out for disposal.

13 MR. BAKOTA: Thank you.

14 MR. LARSON: You've welcome.

15 MR. FEKETE: Anymore questions for Eric?

16 (No response.)

17 MR. FEKETE: Thank you all very much. We
18 appreciate it.

19 MR. TREVINO: One last -- I'm sorry if I
20 missed this, were there any comments received from
21 your team on the 90 percent design from our 30-day
22 comment period?

23 MR. LARSON: We didn't receive any comments.
24 We didn't receive any comments electronically. We
25 didn't receive any comments via email or, I should

1 say, regular U.S. Postal Service Mail.

2 MR. FEKETE: And we didn't receive any?

3 MR. TREVINO: We didn't receive any.

4 MR. LOPEZ: Thank you. Nice presentation.
5 He did a good job.

6 MR. LARSON: I know Dave did. I wish I could
7 have joined you in May. But thank you for your
8 patience and flexibility. It's a pleasure to be
9 here tonight.

10 MR. FEKETE: Thank you for coming out and
11 visiting the old homestead.

12 MR. LARSON: It's always nice to come home.

13 MR. FEKETE: Very good. Next order of
14 business is the U.S. Army Corps board report.
15 Mr. Nguyen.

16 MR. NGUYEN: Mike Nguyen with the Army Corps
17 of Engineers. The update on the CDF construction
18 and dredging. We're still preparing to close out
19 the dredging contract and we're still working with
20 clean harbors to mobilize their water treatment
21 plant for this year. For the dike raise
22 construction contract, the construction is on
23 going; no issue. Nothing to report on the oil
24 boom coordination and the PCA revision. And for
25 Feddeler parcel, we're still working with our real

1 estate staff to finalize the Lerr credit. I was
2 hoping it was going to be by the end of June, but
3 it might be early July before we get a final
4 decision. And that's all I have.

5 MR. FEKETE: Any questions for Mr. Nguyen?

6 (No response.)

7 MR. FEKETE: Thank you.

8 MR. LOPEZ: Thank you.

9 MR. FEKETE: Next up is the Attorney Ellen
10 Gregory report. Miss Gregory.

11 MS. GREGORY: Ellen Gregory, with Ellen
12 Gregory Law. A couple of matters that Fernando
13 mentioned, reiterating the property transfer work
14 is ongoing with BP. We have a draft agreement
15 that's been circulated, and we have periodic calls
16 with BP and their representatives. Both parties
17 continue to have punch list items that we're
18 working through, and we are having calls every
19 three to four weeks, roughly.

20 The tipping fee agreement amendment is still
21 in the works. Todd Relue of Plews Shadley put
22 together a draft and reviewed by Cleveland cliffs,
23 and we received comment from them, and we're
24 moving forward on that document as well.

25 The Grand Calumet River project, we have a

1 draft PA that has been reviewed. And EPA has
2 responded to some of our comments with comments to
3 our draft that we had circulated.

4 And, finally, on the Canal Street bridge
5 project, I'll be working with Mr. Trevino to
6 follow up with contractor issues. And that's all
7 I have.

8 MR. FEKETE: Any questions for Miss Gregory?

9 (No response.)

10 MR. FEKETE: Thank you very much. Any other
11 new business to come before the board?

12 (No response.)

13 MR. FEKETE: Hearing none. Any public
14 comments? Was there any public commenters on
15 zoom.

16 MS. GREGORY: No. Just the people that I
17 announced.

18 MR. FEKETE: Well, the next board meeting
19 will be July 21, 2022 at 5:00 p.m.

20 And having said that, this meeting is
21 concluded.

C E R T I F I C A T E

I, Dawn M. Iseminger, Registered Professional Reporter (RPR), and Notary Public within and for the County of Porter, State of Indiana, do hereby certify that I appeared on the aforementioned date, time, and location, for the East Chicago Waterway Management District Board of Directors' Meeting.

I further certify that I then and there reported in machine shorthand the proceedings of said Special Meeting, and that the testimony was then reduced to typewriting from my original shorthand notes, and the foregoing transcript is a true and accurate record of the proceedings.

I further certify that I am not related by blood or marriage to any of the parties, nor am I an employee of any of the parties or of their attorneys or agents, nor am I interested in any way, financially or otherwise, in the outcome of said litigation.

Dated this 20th day of July, 2022.

Dawn M. Iseminger
Dawn M. Iseminger, RPR
My Commission expires: 9/22/2025

District Board of Directors' Meeting

06/29/2022
