1	MR. FEKETE: Our first order of business is	
2	the roll call of board members: John Bakota?	
3	MR. BAKOTA: Here.	
4	MR. FEKETE: Henry Rodriguez?	
5	MR. HENRY RODRIGUEZ: Here.	
6	MR. FEKETE: Jaylan Robinson?	
7	MR. ROBINSON: Here.	
8	MR. FEKETE: Kevin Doyle?	
9	(No response.)	
10	MR. FEKETE: Ray Lopez?	
11	MR. LOPEZ: Here.	
12	MR. FEKETE: John Fekete, here.	
13	And Fernando Trevino is here.	
14	MR. TREVINO: Yes.	
15	MR. FEKETE: The first order of business is	
16	the update.	
17	MR. TREVINO: Okay. Fernando Trevino with	
18	FMT Consulting. I'd like to start off by going	
19	over the contents of your board packet. You have	
20	today's meeting agenda, the public meeting posting	
21	for today's meeting, you have the board minutes	
22	for the October 20th board meeting. Those weren't	
23	ready in time when I sent the full packet	
24	yesterday but I did send them e-mailed them to	
25	the board earlier today. The 2022 budget	3
		ر

amendment proposal, dated November 17, 2022, and 1 2 that's for approval consideration. You have a 3 couple emails from -- to and from -- Beth Admire, with IDEM, regarding her concurrence on the budget 4 amendment since the amendments are two trust 5 budget line items. And Beth's email is dated 6 7 November 14th. You have FMT Consulting, Inc., 2022 8 9 additional hours approval memo, dated November 17, 2022, and that's for approval 10 11 consideration. You have the CliftonLarsenAllen financial 12 13 report dated October 31st for the month of 14 October, and that was e-mailed today, and hard 15 copies were distributed to the board before the 16 meeting started. 17 Today's claim docket, dated October 20, 18 along with the purchase orders and check 19 register for approval consideration are in your 20 board packet. The 2023 proposed operating 21 budget for the district is in your board packet 22 for approval consideration. You have the First 23 Merchant Bank statement for the month of 24 October 2022 for accounts ending in 608 and 25 616, along with a copy of the checks that

cleared last month and one user fee deposit made in October.

You have an FMT Consulting contract for approval consideration. You have the Olga Cosme contract for approval consideration. And the Plews engagement letter for approval consideration.

You have the BMO trust report, dated October 31, 2022. You have the BMO letter of authorization, dated November 17, 2022, which supersedes the district's October 20th, 2022, authorization letter approved last month.

You have Tetra Tech's monthly Great Lakes
Legacy Act Grand Cal River remedial design
project report. The report is dated
November 11th for the month of October.

You have the Army Corps of Engineers report to the board, dated November 17th, along with a couple emails from October that were from Mike Nguyen and myself regarding the cleaning of the CDF parkway. You have Attorney Ellen Gregory's report to the board, with the revision date of November 15th. And, finally, you have ACOM's monthly invoice and budget report and their project schedule regarding the

1 | Canal Street bridge project.

So that concludes the items in your board packet. Going over a few updates to provide to the board. Regarding the action items on today's agenda, we have the two traditional action items of the board minutes and the monthly claim docket, and we have seven additional items: The 2022 budget amendment; the FMT Consulting, Inc., additional hours for 2022; the 2023 proposed budget; the FMT Consulting, Inc., contract; Olga Cosme contract; the Plews engagement letter; and the BMO letter of authorization.

Regarding finances: We had a finance committee meeting this past Tuesday, and all the items on today's agenda that are recommended for approval are a result of that meeting.

Regarding user fees: To date we've collected and deposited approximately 90 percent of the 2022 user fees, and there are three remaining unpaid user fees. One of the three unpaid user fees happens to be an entity that has always paid in the past and they've communicated their intent to pay, so we're

waiting for their payment. The second unpaid user fee has requested a waiver because of their conservation easement, and we're in the process of resolving their appeal or waiver request. And the third hasn't responded or contacted us at all, so we have initiated a collection process. Attorney Wieser has submitted a legal notice notifying them of their past due account. I'll report updates on those three at the December board meeting.

Regarding the Great Lakes Legally Act project, as a general update regarding our project the board might recall we had a Times reporter, Molly DeVore, from The Times, attend our last board meeting; and after the meeting Molly asked if board President Fekete and I would meet with her on questions she had on our projects, which we did. And the result was a very nice article in The Times in their Sunday edition. So I just wanted to say thanks to Molly and The Times for their interest in our on-going efforts of projects to clean our waterways.

Regarding the Lake George Canal east and middle project, the south tank farm sheet pile

1 wall project, the design is at 90 percent 2 complete. AR BP has completed their request 3 for proposal process for the construction of the sheet pile wall, and they've awarded it to 4 5 Jacobs Engineering. We've been working with BP to help resolve easement conflicts with the 6 7 construction of the sheet pile wall. The sheet 8 pile wall is forecasted to be completed by 9 2024. 10 Regarding the Lake George Canal east 11 Phase two dredging is scheduled to section: 12 recommence after the south tank farm sheet pile 13 wall project is completed, which, as mentioned, 14 is scheduled to be done in 2024. The Corps 15 will be managing the dredging project on EPA's 16 behalf; and the Corps is coordinating 17 additional sediment sampling that's scheduled 18 to be done some time in the spring of next 19 year. 20 Regarding the Lake George canal middle cap 21 project: The Army Corps of Engineers is 22 managing this remediation project and 23 construction activities are ongoing. 24 Regarding the Lake George canal west remediation: That work is ongoing. And as a 25

1 remainder, that project is between BP and EPA. 2 Regarding the Great Lakes Legacy Act Grand 3 Cal' River junction reaches remedial design: Tetra Tech design work is ongoing. The project 4 5 team continues to have periodic meetings and working through design completion, property 6 7 access coordination, permit application, the 8 junction marsh coordination, community 9 engagement, and cost-share documentation. 10 regarding cost-share documentation, the board 11 may recall that EPA sent us a letter dated 12 July 26 of this year, approving \$16.9 million 13 in cost share that was related to the Cleveland 14 Cliffs SEP project. And I asked EPA to 15 reassess the cost share total now that the 16 Cleveland Cliffs tipping fee agreement 17 amendment has been finalized, which will add 18 another \$3.27 million, for a total of 19 approximately \$20.2 million in qualified cost 20 share. 21 EPA has reviewed my request and sent us an 22 email today that they will approve the 23 additional \$3.27 million in cost share. 24 just need to confirm the payment. So the total

of \$20.2 million in cost share will leverage a

25

significant amount of federal dollars to perform a substantial amount of remediation work in our waterways.

Regarding the Grand Cal' River phase one remediation project proposal: EPA and the district have basically completed the project agreement for the Grand Cal' River phase one remediation. And that's for approximately \$29 millions in federal funds. We're just working through finalizing the statement of work and trying to resolve to make sure there aren't any source controlled issues in the The project agreement scope of work area. includes complete remediation of the Grand Cal' River west branch, dredging of the Indiana Harbor canal branch, and restoration of the junction marsh.

As I mentioned, the team has been working on community engagement plans, so we're also trying to prepare what the communication plan would look like once the PA is approved and signed.

Regarding the Great Lakes Legacy Act work in kind reporting: I submitted the district's report for the first six months of 2022 and

we've received no feedback from EPA as of today.

And also, as I mentioned earlier, EPA has agreed to accept another \$3.2 million in cost share affiliated with the Cleveland Cliffs SEP project.

Regarding the canal street bridge project:
ACOM continues their effort on the dolphin sign
and permit applications.

A project schedule is included in your packet. We've recently reached out to the city to see if they'd like us to have a project presentation to their technical review committee or planning commission, or both, and whether any permits will be required for the project. Contractor and material procurement is forecasted to be done during the winter months with construction forecasted in the May/June time frame of 2023.

Regarding the BP term sheet agreement for the parcels BP is interested in acquiring from the district, contract negotiations with BP continues on the transfer of those properties, and Attorney Ellen Gregory will give additional information during her report.

1	Regarding the Army Corps of Engineers
2	board report: The Corps' report is in your
3	board packet. Project manager, Mike Nguyen,
4	was not able to make today's meeting due to a
5	scheduling conflict. I asked Mike to include
6	an update on the CDF parkway cleanup, which he
7	did. Also, as I mentioned, I included an email
8	thread that went to and from Mike regarding
9	that same topic. And that concludes my report.
10	MR. FEKETE: Any questions for Mr. Trevino?
11	(No response.)
12	MR. FEKETE: Hearing none, thank you very
13	much.
14	The next order of business is the approval
15	of the board meeting minutes of October 20,
16	2022.
17	MR. BAKOTA: Motion to approve.
18	MR. LOPEZ: Second.
19	MR. FEKETE: I have a motion and a second.
20	And since all board members in attendance are
21	present, we will do that by voice vote.
22	All in favor, significant by saying aye.
23	(All signify "aye".)
24	MR. FEKETE: Any opposition to it?
25	Abstentions?
	12

1	(No response.)	
2	MR. FEKETE: The motion is approved. The	
3	next order of business is the approval	
4	consideration for the 2022 budget amendment.	
5	Mr. Trevino.	
6	MR. TREVINO: Yeah, so you have in your board	
7	packet a budget amendment that's recommended,	
8	basically adding \$15,000 from one budget line item	
9	and reducing it from another line item, and both	
10	of those budget line items are from the trust	
11	dollars. I've reviewed that recommendation with	
12	Beth Admire. And I provided a summary email to	
13	her, after her and I discussed it, and she	
14	responded to move forward with the transfer. And	
15	that email exchange is in your board packet as	
16	well.	
17	MR. FEKETE: Any questions for Mr. Trevino?	
18	(No response.)	
19	MR. FEKETE: Okay. I'll entertain a motion	
20	that we approve this line item adjustment for our	
21	2022 budget.	
22	MR. HENRY RODRIGUEZ: Motion to approve.	
23	MR. ROBINSON: Second.	
24	MR. FEKETE: We have a motion and a second.	
25	We'll do a roll call vote.	
		13

1	John Bakota?	
2	MR. BAKOTA: Yes.	
3	MR. FEKETE: Henry Rodriguez?	
4	MR. HENRY RODRIGUEZ: Yes.	
5	MR. FEKETE: Jaylan Robinson?	
6	MR. ROBINSON: Yes.	
7	MR. FEKETE: Kevin Doyle?	
8	(No response.)	
9	MR. FEKETE: Ray Lopez?	
10	MR. LOPEZ: Yes.	
11	MR. FEKETE: John Fekete, I vote yes.	
12	The next order of business is the approval	
13	consideration for FMT Consulting for additional	
14	hours for 2022.	
15	As in the past, we've always provided an	
16	extension possibility given the amount of work	
17	that could possibly be coming up, and it looks	
18	as though that work is presented and before us,	
19	and so we just need to extend the hours so that	
20	we can do it appropriately and handle the	
21	workload.	
22	MR. BAKOTA: Motion to approve.	
23	MR. FEKETE: I have a motion. And a second?	
24	MR. HENRY RODRIGUEZ: Second.	
25	MR. FEKETE: And a second.	
	14	t

1	Roll call: John Bakota?	
2	MR. BAKOTA: Yes.	
3	MR. FEKETE: Henry Rodriguez?	
4	MR. HENRY RODRIGUEZ: Yes.	
5	MR. FEKETE: Jaylan Robinson?	
6	MR. ROBINSON: Yes.	
7	MR. FEKETE: Kevin Doyle?	
8	(No response.)	
9	MR. FEKETE: Ray Lopez?	
10	MR. LOPEZ: Yes.	
11	MR. FEKETE: John Fekete, I vote yes.	
12	The next order of business is the	
13	accountant consulting report, the financials	
14	through October 2022. Vanessa?	
15	MS. VARGAS: Good evening. Vanessa Vargas	
16	with CLA. In front of you, you have the copy of	
17	the financial statements on a cash basis, dated

ROBINSON: Yes. 21 MR. FEKETE: Kevin Doyle? 22 (No response.) 23 MR. FEKETE: Ray Lopez? 24 MR. LOPEZ: Yes. 25 MR. FEKETE: John Fekete, I vote yes. 18

1	The next two items are a continuation of a	
2	discussion we had at last month's meeting.	
3	MR. TREVINO: We have the 2023 budget first.	
4	MR. FEKETE: Oh, approval consideration,	
5	yeah, of the 2023 budget. I'm sorry. I skipped	
6	over it.	
7	Fernando?	
8	MR. TREVINO: Yeah. So in your board packet	
9	is the proposed budget for 2023. There isn't	
10	anything of significant different from prior	
11	years; however, the total proposed budget for 2023	
12	versus last year is around \$260,000 less than the	
13	budget from 2022.	
14	So as I mentioned, the budget was reviewed	
15	with the finance committee, and the	
16	recommendation is to approve it.	
17	MR. FEKETE: Okay. Any questions for	
18	Mr. Trevino?	
19	(No response.)	
20	MR. FEKETE: Hearing none, we'll have a roll	
21	call I'll entertain a motion.	
22	MR. LOPEZ: Motion to approve.	
23	MR. FEKETE: And a second?	
24	MR. HENRY RODRIGUEZ: Second.	
25	MR. FEKETE: Okay. Roll call vote:	
		19

1	John Bakota?	
2	MR. BAKOTA: Yes.	
3	MR. FEKETE: Henry Rodriguez?	
4	MR. HENRY RODRIGUEZ: Yes.	
5	MR. FEKETE: Jaylan Robinson?	
6	MR. ROBINSON: Yes.	
7	MR. FEKETE: Kevin Doyle?	
8	(No response.)	
9	MR. FEKETE: Ray Lopez?	
10	MR. LOPEZ: Yes.	
11	MR. FEKETE: John Fekete, I vote yes. The	
12	motion is approved.	
13	Now on to the next two items. At last	
14	month's meeting we had approved a contract	
15	extension or a new contract for the executive	
16	director, and a secretary for secretarial help;	
17	and it was approved. And also during that	
18	period of discussion, it was mentioned and	
19	extremely delved into and discussed, that with	
20	the upcoming projects that we have that will be	
21	done in two phases and extended over a four- to	
22	five-year period of time, we should consider	
23	extending both the executive director's	
24	contract and the secretarial help contract to	
25	five years. And this will ensure continuity	20

1	over the life of both projects. And as these
2	two critical projects are proceeding forward,
3	we just want to maintain that there is no
4	disruptions or any discontinuities. And I
5	might add that these projects lie at the heart
6	of what we all want to improve: The waterways
7	in East Chicago. So, therefore, I will
8	entertain a motion to approve the FMT
9	Consulting contract for five years which will
10	supersede the one that we approved at last
11	months meeting.
12	MR. BAKOTA: Motion to approve.
13	MR. ROBINSON: Second.
14	MR. FEKETE: A motion and a second.
15	Roll call vote: John Bakota?
16	MR. BAKOTA: Yes.
17	MR. FEKETE: Henry Rodriguez?
18	MR. HENRY RODRIGUEZ: Yes.
19	MR. FEKETE: Jaylan Robinson?
20	MR. ROBINSON: Yes.
21	MR. FEKETE: Kevin Doyle?
22	(No response.)
23	MR. FEKETE: Ray Lopez?
24	MR. LOPEZ: Yes.
25	MR. FEKETE: John Fekete, I vote yes.
	21

1	Now, I'll entertain a motion to approve
2	the Olga Cosme contract for five years, and it
3	will supercede the contract that we approved
4	last month.
5	MR. LOPEZ: Motion to approve.
6	MR. FEKETE: We have a motion. And a second?
7	MR. HENRY RODRIGUEZ: Second.
8	MR. FEKETE: And a second. Roll call vote:
9	John Bakota?
10	MR. BAKOTA: Yes.
11	MR. FEKETE: Henry Rodriguez?
12	MR. HENRY RODRIGUEZ: Yes.
13	MR. FEKETE: Jaylan Robinson?
14	MR. ROBINSON: Yes.
15	MR. FEKETE: Kevin Doyle?
16	(No response.)
17	MR. FEKETE: Ray Lopez?
18	MR. LOPEZ: Yes.
19	MR. FEKETE: John Fekete, I vote yes. That
20	motion is approved. Okay, thank you very much.
21	The next order of business is the approval
22	consideration for the Plews engagement letter.
23	Mr. Trevino.
24	MR. TREVINO: Yes. As a reminder, Plews law
25	firm out of Indianapolis has been working on our
	22

1	efforts to amend the PCA and the tipping fee	
2	agreement, and their current engagement letter has	
3	recently tapped out and recommending an additional	
4	\$15,000, which will take us to the end of this	
5	year, and also we've budgeted \$10,000 for	
6	potential legal efforts related to both of those,	
7	the PCA and the tipping fee agreement and trust	
8	issues in 2023; so my recommendation is to approve	
9	the new engagement letter.	
10	MR. FEKETE: Okay. Any questions for	
11	Mr. Trevino?	
12	(No response.)	
13	MR. FEKETE: Okay. I'll entertain a motion	
14	to approve the Plews engagement letter.	
15	MR. HENRY RODRIGUEZ: Motion to approve.	
16	MR. FEKETE: And a second?	
17	MR. ROBINSON: Second.	
18	MR. FEKETE: Okay. Roll call vote:	
19	John Bakota?	
20	MR. BAKOTA: Yes.	
21	MR. FEKETE: Henry Rodriguez?	
22	MR. HENRY RODRIGUEZ: Yes.	
23	MR. FEKETE: Jaylan Robinson?	
24	MR. ROBINSON: Yes.	
25	MR. FEKETE: Kevin Doyle?	
		23

1 (No response.) 2 MR. FEKETE: Ray Lopez? 3 MR. LOPEZ: Yes. John Fekete, I vote yes. 4 MR. FEKETE: The BMO Harris trust report. 5 Dave Alonzo, BMO Harris Bank. 6 MR. ALONZO: 7 This evening I was going to run through our report 8 as normal. I'll run through a couple updates and 9 then I was going to introduce a business partner, 10 Robert Santore, who will be more engaged within the trust side. We'll start with the report. 11 12 On that first page of the report it shows 13 all the funds that are sitting in the money 14 market. The total balance as of the end of 15 October was \$4,138,028.49. There was a gain of 16 \$668.83 worth of interest from our last 17 meeting. The second page of that document goes 18 through essentially the withdrawals from 19 inception up until this past year, which shows 20 the withdrawal of \$398,338.19 for the budget. 21 So as I mentioned, at the last board meeting we 22 had talked about opening up a CD. We went 23 through the process of getting that approved, 24 and then we had a little bit of a set back in 25 setting that up, and I was going to go through

24

1 that.

So in the past we've had CDs that would continually come due; we would discuss them in our finance committee meeting; renew them or add money to them or move money from one account to another or split it up into another CD. So we never really had to establish a brand new CD because this has really been the first time that I can recall that we've ever had 100 percent of our money invested in cash in that money market. And we had done that, of course, this year because the interest rate environment was pretty close to where the money market is. And the money market is actually

.2. I think on the report I have it as .05.

But at .2 percent, the money market rate was close to a 13-month bank CD, which was at, I think, .35 or .25. So it really never made sense, especially when we saw sort of the writing on the wall that the fed was going to be raising interest rates. So we held tight, and that's only benefited the trust going forward.

In the past we never really opened up a brand new account. So when we approved the

1	opening of that 25-month CD, I took that letter
2	of authorization to one of our bankers who went
3	to go open up the CD. She had going some
4	response back from our operations department
5	asking for some updated information about ECI
6	facility trust, some documentation. So she,
7	not being familiar with that, sent that to our
8	business banker, Derrick Estrada; who, with
9	Derrick's help, sort of helped to find the
10	correct avenue to where and what we needed to
11	get done to get this CD open. So Robert
12	Santore is on the line with us today. He's one
13	of my business partners here at BMO Harris
14	Bank. Robert is in the BMO institutional
15	markets division, primarily in the government
16	banking side, so he's really involved with
17	essentially where ECI facilities trust is
18	designated as a government entity. And then of
19	course the ECWMD part of that whole government
20	entity would fall under essentially that
21	jurisdiction within the BMO world.
22	So with some back and forth and
23	conversation with Robert and Derrick, you know,
24	in the BMO world it made sense that Robert's
25	line of business would house this money,

because we do have the capabilities within BMO to segment those funds and which provides some additional benefits. So it definitely made sense. You know, over the years as we've been working with this, essentially you guys are the fiduciaries of this trust money to finding the best opportunities when those arise, which is part of our finance committee meeting is going through rates and opportunities.

So I think within this move in particular, with these funds being sort of just moved over to another segment of the bank, will definitely help because the rate environment is a bit more appealing than what we're sort of used to seeing. So when it comes to options and rates, there's definitely a lot more availability within the government entity -- or the government banking side of the business.

So even though I would essentially be stepping aside from the sort of the contact on this, I had mentioned to Bob that I'd be happy to help facilitate with any transactions, some documentation signing, or if it was disbursements of the trust funds to, you know, the First Merchants as we've done in the past.

1 I definitely feel that based on BMO's 2 capabilities, this would be really the best for 3 the trust funds because of the ability for us 4 to get you better interest rates. And, again, 5 we've never had to do this in the past because we've never had to open up a brand new account. 6 7 You essentially used the maturing CD accounts 8 numbers to continually renew them. So this is 9 newer to us all. 10 Since we have this account established 11 here in BMO and the Mercantile way back when, 12 some of the rules around what's required to 13 open new accounts has changed with 14 documentation. So I know we'll work on helping 15 get everything established. So even though 16 Robert might not necessarily be in Northwest 17 Indiana, this is part of the market that he 18 covers, and I'll work with him to help do what 19 we need to do to help that transition work for 20 the board. But I don't want to speak for 21 Robert. But if Robert wants to chime in on 22 anything, feel free to. 23 MR. 24 MR. SANTORE: Thanks, David. Thanks for 25 inviting me. Thanks for inviting me to the

I think David covered most of it but meeting. just to reiterate, I work within the institutional markets group which houses a few different lines of business. But specifically I work in the government and municipal banking group. So all of our clients are clients like yourself. It could be park districts, fire protection, schools, villages, cities, counties, et cetera. So we have a niche as far as product offerings that we can offer clients like yourself versus going into one of our retail bank branches. So, you know, customized products for municipalities and, you know, bank accounts, lending, leasing, equipment leasing, anything along those lines, we certainly specialize in. And I do represent -- so the gentleman that used to represent Northwest Indiana recently retired and I have kind of slotted into his role representing Northwest Indiana as far as on the municipal side. So you guys certainly fall into my territory. I'm based in our Chicago loop office, but I'm not very far away from you, and I certainly want to throw myself out there for you as a resource. Any time you need banking needs or questions or just want to run something past me, I want to make myself available to you. And like

1 David said, it's a team approach. If you're more 2 comfortable with the paperwork dropoff, we can 3 work in tandem together to get the accounts open for you and review things for you. 4 5 So if have any questions, I'm happy to answer those for you. But, otherwise, I look 6 7 forward to working with you. 8 MR. FEKETE: Well, thank you, Bob. Earlier 9 David and I came to an agreement that I will meet 10 up with him some time tomorrow morning and we will 11 finish up the signing of the appropriate 12 documents. 13 Okay, that sounds good. MR. SANTORE: 14 get those to me and we'll keep working on that for 15 you. 16 I'll forward them up to Bob and MR. ALONZO: 17 get the process going on those CDs. And come next 18 meeting, you will be earning substantially better 19 interest rates than you are now. So that's positive for the trust, and definitely going 20 21 forward will continue to grow this money for the 22 long term. 23 MR. FEKETE: Very good. 24 MR. LOPEZ: Thank you, Bob. 25 MR. FEKETE: Thank you both.

1 Great Lakes Legacy Act Grand Cal' river 2 junction reaches remedial design project 3 update. Mr. Wescott. Not much to report. We're just 4 MR. WESCOTT: 5 trying to finalize some of the permits as well as resolve some of the comments on drawings specs, 6 7 specifications of some of the comments we received 8 both from Fernando as well as USASE. So the 9 project continues to move along. I can't remember if Fernando mentioned there was another 10 11 conversation regarding the city dump, which is 12 adjacent to the Grand Calumet project site. That 13 seems like it's moving forward favorably. I'm not 14 sure what the timing -- if the timing is something 15 that would allow GLNPO to move forward quicker. 16 But I know that Fernando and I and the EPA project 17 managers will probably talk more about that over 18 the next couple weeks. But all in all, the 19 project is moving forward, so hopefully we can get 20 something done next year. 21 Are there any questions? 22 MR. FEKETE: Any questions for Mr. Wescott? 23 (No response.) 24 MR. FEKETE: Hopefully we do get something 25 done next year. 32

1 Okay. U.S. Army Corps of Engineers board 2 report. 3 MR. TREVINO: Mr. Nguyen wasn't able to make 4 it today. His project update report is in your packet. I'll just go over very briefly regarding 5 the CDF construction: They've completed the 6 7 closeout package for the dredging contract with 8 Kokosing and O'Brien and Gere. Clean Harbors has 9 started preliminary water treatment on October 1st 10 and is adjusting the treatment to meet the water 11 quality before discharge gets into the canal. 12 Phase two dike raise project: That 13 construction is ongoing. The oil boom 14 coordination: Nothing significant to report. 15 The PCA closeout with the PCA amendment and the 16 final LEERD credit: The Corps will work to 17 close out the project cost share based on the 18 amended PCA. Regarding the tipping fee 19 amendment: Colonel Culbertson signed the 20 tipping fee amendment, and we received that. 21 reported that at the last board meeting and 22 earlier today. On the parkway topic: 23 Typically the CDF maintenance staff inspects 24 the parkway once a month, but will be more 25 diligent in inspecting the parkway. They've 33

cleared out a lot of the larger debris, but 1 2 their sweeper isn't working right now. So as 3 soon as the sweeper works, they're planning to use the sweeper to get some of the smaller 4 5 debris. And, John, you had mentioned his report 6 7 didn't say anything about the snowplowing, so 8 I'll follow up and see what their position is 9 on cleaning snow out for that area. 10 MR. BAKOTA: Thank you. 11 MR. TREVINO: And that concludes the Army 12 Corps report. 13 MR. FEKETE: Okay. Any questions? 14 (No response.) MR. FEKETE: All right. Ellen Gregory 15 16 report. 17 MS. GREGORY: Yes. Ellen Gregory with Ellen Gregory Law. Primarily the legal matters that 18 19 have been addressed in the past month have related 20 to the BP property transfer term sheet agreement. 21 We've been trading drafts of settlement agreement 22 back and forth with BP. We received the most 23 recent redline from them on the 14th; continue to 24 have calls every two to three weeks and then 25 internal calls in the interim. Tomorrow we have a 34

1	call scheduled with Fernando Trevino and Jim	
2	Wieser and myself to go over the latest redline.	
3	We're still hoping to get this transaction	
4	finalized by the end of the year or early 2023.	
5	And then in terms of the contracts that	
6	Fernando has mentioned, the FMT Consulting	
7	contract, Olga Cosme contract, and the Plews	
8	engagement letter, I've been working with	
9	Fernando to go over those changes.	
10	And that's pretty much it, in terms of	
11	legal matters.	
12	MR. FEKETE: Any questions for Miss Gregory?	
13	(No response.)	
14	MR. FEKETE: Thank you very much. Any other	
15	new business to come before the board?	
16	(No response.)	
17	MR. FEKETE: Any public comments or other	
18	comments?	
19	(No response.)	
20	MR. FEKETE: Hearing none, the next board	
21	meeting will be December 15, 2022 at 5:00 p.m. at	
22	this location. This meeting is adjourned.
