

# Indiana Waiver Reset: Open Feedback Call

December 5, 2025 from 12-1:30 pm  
Eastern Time

## What is this about?

The Indiana Bureau of Disabilities Services (BDS) is planning to create new home and community-based service waivers to improve services. This is known as the “waiver reset.”

In 2027, BDS plans to move people accessing services on the current four waivers into the new waivers. BDS is still working on figuring out what the new waivers will be like.

To help, BDS has been working with the Human Services Research Institute (HSRI) to host conversations about what changes are needed. Based on the feedback received, HSRI will develop recommendations for the waiver reset.

During the December 5<sup>th</sup> call, HSRI will provide an overview of the waiver reset, answer questions, and listen to feedback from the community about suggested changes to the waivers.

## Who can participate?

- People accessing services who have physical disabilities (under age 60); intellectual and developmental disabilities; and traumatic brain injuries
- Family members
- HCBS service providers
- HCBS case managers

## What will we talk about?

- What is and isn't going well with services
- Suggestions for changes to the BDS waivers

## Information to participate

- Register to participate at the following link:  
<https://us06web.zoom.us/meeting/register/mQPWZQWeTx-qwO8wLZ04dg>
- Once you have registered, please scroll down in the Zoom confirmation email and add it to your calendar.
- American Sign Language (ASL) interpretation and English captions will be provided.
