Re: BDS Monthly Webinar for Providers, Care and Case Managers
Date: July 2, 2024

The Bureau of Disabilities Services is committed to working collaboratively with care managers, case managers, and providers to create a community where all people have access and opportunity to realize their good life. BDS strives to ensure quality support is aligned with person-centered principles by leading strategic change that equips providers and care and case managers to provide quality, person-centered supports for children and adults with disabilities in Indiana.

To support Indiana's efforts to strengthen Home and Community-Based Services and ensure that current training and continuing education efforts are aligned across Indiana's HCBS Waivers, BDS is reinitiating the Provider, Care Manager, and Case Manager Webinar.
