To: Bureau of Developmental Disabilities Services Providers, Case Managers, Self-Advocates,
and Families
From: Jessica Harlan-York, Director, Bureau of Quality Improvement Services
Re: Sexual violence and disability recording available
Date: June 14, 2021

The Bureau of Quality Improvement Services is committed to supporting our provider network in working toward a true person-centered system. As part of that commitment, BQIS is partnering with its quality vendor, Liberty of Indiana, to offer training and technical assistance focused on addressing needs identified through the quality on-site provider review process and through analysis of various monitoring processes.

To that end, the Bureau of Quality Improvement Services partnered with the Indiana Coalition to End Sexual Assault and Human Trafficking to offer a web-based learning opportunity about sexual violence and disability on June 3, 2021.

Webinar participants learned more about:

- Sexual assault and violence
- Confidentiality and reporting
- How to support someone who has disclosed information to you
- Resources available to survivors.

A recording of that training is now available [here](#). As a reminder, BQIS has a playlist of videos that might be of interest to providers, individuals, families and other stakeholders [here](#).

If you would like additional resources or have any questions that were not addressed in the Q&A section, please feel free to reach out to BQIS Help: 800-545-7763 or BQIS.Help@fssa.IN.gov.
