Substance use disorder

[January 24, 2020]
[La-Risha Ratliff, LCAC, LMHC, ABD]
[Behavioral Health Program Director]
The approach to helping members with SUD

Anthem Blue Cross and Blue Shield (Anthem) is approaching SUD by:

- Changing perception — Recognize substance use disorder (SUD) as a chronic disease
- Focusing on prevention
- Encouraging appropriate treatment — Expand opportunities in outpatient setting to ensure all levels of care are available
- Promoting recovery
- Educating providers and members about screening, brief intervention and referral to treatment (SBIRT)
- Enforcing policy and best practices through Pharmacy and Special Investigations Unit
- Leveraging the resources of other sectors including business, education, health care systems and nonprofit organizations
Healthcare Management (HCM) SUD support

- Support for pregnant women through high-risk obstetrics (HROB)
- Integrated case management team treats the whole person
- Reuben Engagement Center — provides supportive detox
- Blue Triangle
- Certified recovery specialist (CRS) onsite at several facilities to engage members with SUD
- Behavioral health case manager (BHCM) in SUD onsite at one facility
- Postdischarge management is available for members with complex needs
- Licensed Certified Addiction Counselors (LCAC) on our care management team
- Transportation available for members using methadone to manage their addiction
- Care management follow up
SUD program enhancements and incentives

Enhancements
- Text outreach available to members who agree to receive texts
- Outreach to members occurs after ER visits for overdose

Incentives
- SUD intensive outpatient (IOP) member incentive — [$10 each visit (up to 10 visits)]
- Integrated Care Quality Incentive Program (ICQIP) — combined behavioral and physical health provider incentive program
  - Seventy percent of providers are in an incentive program
  - Follow-up after Emergency Department Visit for SUD or Alcohol is an incentivized measure
Recovery and resilience program

- Recognizes the importance of an integrated and holistic approach to recovery from SUD
  - BH CM engages with members admitted to Fairbanks Hospital
    - Refers members to CRS
  - CRS works with member after discharge from Fairbanks Hospital:
    - Encourages adherence with follow-up care
    - Assists with connections to health providers, Anthem programs and benefits, resources in the community grounded in an understanding of the member’s social determinants of health
    - Uses motivational interviewing and strengths-based harm reduction techniques to help member achieve recovery goals
- Pilot program in Marion County
  - Plan to replicate in other areas with highest drug overdose rates in 2020
CommonGround

- CommonGround is an approach to recovery that is available to members on our website
- This approach is helpful whether a member is recovering from a behavioral health condition, an addiction, or both
- The CommonGround Library offers strategies and tools to help members start recovery and deal with daily challenges
- The CommonGround Library offers [28 Learning Tracks]. They are grouped into four different categories to be used easily. Each Learning Track has different tools to help members with different aspects of recovery.
- CommonGround Learning Tracks can be reviewed in any order
Our social media goal is to increase our reach to members by providing information about SUD services and support.
Anthem has provided over [70 sponsorships related to SUD in the last year and a half].
Collaboration with partners

- CleanSlate
- Bright Heart Health
- Groups Recover Together
CleanSlate programs and services

- Office-based opioid treatment (OBOT)
- Outpatient alcohol use disorder treatment
- Substance use disorder treatment
- Case management
- Care coordination
- Enhanced care coordination for complex needs
Bright Heart Health programs and services

- Expanded telepsych mental health services
- Substance Abuse Intensive Outpatient Program

Medication-assisted therapy (MAT) program
  - Opioid use disorder
  - Alcohol use disorder

SBIRT: An evidence-based practice used to identify/reduce/prevent problematic use, abuse, and dependence on alcohol and drugs
Groups Recover Together

MAT: Prescribe generic medication whenever clinically appropriate

Weekly group therapy

Weekly urine drug screen analysis

Individual case management

Crisis intervention
Innovation and opportunities for 2020

• Mind and body for SUD providers through Eskenazi Health
• Provider education goal: increase SBIRT utilization
• Plan to embed a community health worker or care manager at facilities as we continue to work on expansion
• Start Talking About Recovery (STAR) initiative — support and engagement to members with two or more ER visits for SUD
• Pharmacy
• Incarceration outreach — assisting when possible with successful transitions
• Use our expertise in social determinants of health to better care for our members

Anthem Blue Cross and Blue Shield
Serving Hoosier Healthwise, Healthy Indiana Plan
and Hoosier Care Connect

www.anthem.com/inmedicaiddoc

Anthem Blue Cross and Blue Shield is the trade name of Anthem Insurance Companies, Inc., independent licensee of the Blue Cross and Blue Shield Association. Anthem is a registered trademark of Anthem Insurance Companies, Inc.

Providers who are contracted with Anthem Blue Cross and Blue Shield to serve Hoosier Healthwise, Healthy Indiana Plan and Hoosier Care Connect through an accountable care organization (ACO), participating medical group (PMG) or Independent Physician Association (IPA) are to follow guidelines and practices of the group. This includes but is not limited to authorization, covered benefits and services, and claims submittal. If you have questions, please contact your group administrator or your Anthem network representative.
