# About this Course ASAM Criteria 4th Edition Foundations Course

This course is based on the newly published *The ASAM Criteria: Treatment Criteria for Addictive, Substance-Related, and Co-Occurring Conditions, Fourth Edition.* This interactive course incorporates an opportunity for participants to practice applying the information through case-based activities. *The ASAM Criteria course,* 4th Edition, can also serve as a foundation for

developing a provider credentialing program. Providers who have successfully completed ASAM approved training can gain the initial skill set to deliver care in compliance with *The ASAM Criteria*.

#### What You'll Learn

After participating in this course, learners will be able to:

- Employ the underlying principles and concepts of The ASAM 4th Edition Criteria.
- Identify key components of *The ASAM Criteria* 4th Edition and implement them into practice.
- Identify ASAM Criteria 4th Edition's continuum of care treatment levels and understand how integrated care is implemented within the different levels of care.
- Conduct *The ASAM Criteria* 4th Edition Level of Care Assessment and apply the Dimensional Admission Criteria to make level of care recommendations.
- Utilize *The ASAM Criteria* 4th Edition Treatment Planning Assessment to determine treatment priorities and guide treatment planning.
