## **Announcing a Free Three-part Training Series For Indiana Clinical Supervisors and Clinicians Clinical Supervision Foundations**

- 14 hours of self-paced online learning
- Four 3-hour virtual training sessions
  - August 19, 20, 26, and 27
  - 9am-12pm
- Six 1-hour follow-up sessions with an online learning community

**Earn up to 32 NAADAC CEUs**

The Great Lakes ATTC and the Indiana Division of Mental Health and Addiction are pleased to offer the three-part Clinical Supervision Foundations Course. This course prepares senior clinicians to be clinical supervisors and enhances current supervisors' skills and knowledge in providing meaningful supervision.

**PREREQUISITE: Part I, Clinical Supervision Foundations, HealtheKnowledge Online Course:** This free 14-hour self-paced course provides foundational clinical supervision knowledge and basic skills. Enroll at [HealtheKnowledge](http://www.healtheknowledge.org): [www.healtheknowledge.org](http://www.healtheknowledge.org)

**Part II: Virtual Training.** These three-hour sessions build on knowledge gained through the online course and allow participants to practice and hone their supervisory skills.

Wednesday – August 19<sup>th</sup>, 2020 9-12

Thursday – August 20<sup>th</sup>, 2020 9-12

Wednesday – August 26<sup>th</sup>, 2020 9-12

Thursday – August 27<sup>th</sup>, 2020 9-12

**Part III: On-Line, Web-based Learning Community.** The six 1-hour web-based follow up sessions provide feedback and support from the instructor and peers. Topics covered include case studies, TAP 21, counselor development plans, and processing clinical supervision sessions.

**Who should attend?** Beginning clinical supervisors, clinical supervisors who would like to enhance or review the fundamental skills needed to be a successful clinical supervisor, counselors who are being groomed to become clinical supervisors, and behavioral healthcare professionals who want to learn more about clinical supervision.

**For more information and to register for Parts II and III, contact
