OFFICE OF THE SECRETARY OF FAMILY AND SOCIAL SERVICES

Indiana Family and Social Services Administration technical correction for the public notice of the behavioral and primary healthcare coordination state plan amendment

Agency
Division of Mental Health and Addiction Services

Action
Technical correction of the public notice regarding the proposed state plan amendment of behavioral and primary healthcare coordination

Summary
The Division of Mental Health and Addiction submitted a proposed state plan amendment for behavioral and primary healthcare coordination, on April 22, 2020, in the Indiana Register (LSA Doc# 20-205). Errors within the public notice documentation were discovered during public comment period and the corrections made are summarized below:

The last paragraph of the public notice regarding amendment to the behavioral and primary healthcare coordination included a hyperlink to an incorrect web page. The web page was intended to direct the public to the proposed BPHC SPA. However, the hyperlink opened the web page for DMHA’s child mental health wraparound services page. The public notice document has been corrected to include the appropriate hyperlink. The public notice has been re-submitted to begin on May 6, 2020.
