As a person with a disability, it is important to be aware of the significant role that employment can play in your future! Employment experiences can be an excellent way to learn about what employment can do for you. Whether you are wondering how you can pursue your favorite activities, buy your own car, have money for college, or live independently, participating in employment experiences can help you reach your goals.

Indiana Vocational Rehabilitation presents **#Work4LifeIN** to bring awareness throughout Indiana regarding the employment concerns of individuals with disabilities. **Please join us in spreading the word that Hoosiers with disabilities are ready and able to work!**

What will you work for? Please let **Indiana Vocational Rehabilitation** know by joining the **#Work4LifeIN** campaign!

* If you're under 18, seek approval from your parent or guardian to post your picture on any of the social media sites.

The process is simple:

1. Dress for success!
2. Finish the sentence to include something specific to you:
"I work 4 _____."
3. Get your camera or cell phone ready.
4. HOLD your **#Work4LifeIN** sign in front of you (inside the picture frame of your cell phone or camera).
5. Smile.
6. Take a photo.
7. OR create a video. *Here are some suggestions for video talking points:*
Hello my name is _____.
I work 4 _____.
Please join us by posting your **#Work4LifeIN** video with the reason you work.
8. Post your photo or video with your **#Work4LifeIN** sign on Twitter.
9. Share your post with friends and family.

If you have a disability and need help going to work, you may find information about Indiana Vocational Rehabilitation online at vrs.in.gov and on Twitter @IndianaVR
