Re: HCBS non-residential site assessment remediation plan responses webinar for families and stakeholders
Date: April 1, 2018

On April 26, 2019, a webinar session will be held for families and other stakeholders to review the Home and Community-Based Services non-residential provider specific remediation plan progress as outlined in the [HCBS Statewide Transition Plan](#).

The HCBS Final Rule ensures that settings where services are provided are integrated in and support full access to the greater community. All settings where services are delivered must be in HCBS compliance by March 17, 2022.

The agenda will include an overview of the site assessment review process and technical assistance provided for the non-residential provider sites remediation plans. If unable to attend the live webinar, it will be recorded and posted on the [HCBS Final Rule Statewide Transition Plan webpage](#) for viewing at a later date. Additional information on the Final Rule can also be located there.
