CCDF Provider Eligibility Standards Summary

Legislation was passed in 2001, 2002, 2003, 2005 and 2013 requiring childcare providers receiving Child Care and Development Funds (CCDF) to meet certain provider eligibility standards. This significant legislation amends Sections 12-17.2 of the Indiana Code and impacts **all** childcare providers receiving these funds.

Child Care providers must be able to demonstrate compliance with these standards **prior** to the receipt of any CCDF funds. The Consultants Consortium, Inc. will be responsible for the verification of compliance with these standards. This verification will require the submission of written documentation as well as a home/facility inspection.

1. Working Smoke Detectors

- A home shall have smoke detectors at the top of each stairwell (excluding the basement), one adjacent to the area where the children will be sleeping and **one in the basement**.
- A facility shall have fire suppression devices as required by the DHS, Fire and Building Safety Division.

2. Fire Extinguishers

- The home/facility shall maintain a two and one-half (2 ½) pound or greater ABC multiple purpose fire extinguisher on each floor of the facility with an additional extinguisher in the kitchen area.

3. Exits

- The home/facility shall have two exits, other than windows, located on different sides of the home/facility that are not blocked and do not require passage through a garage or storage area where hazardous materials are stored and may be operated from the inside without the use of a key or any special knowledge. If your second exit is out to a balcony, the balcony must have a permanent set of stairs down to the ground. (This provision does not apply to a provider's home where care was being provided and voucher payments were received prior to June 30, 2002.)

4. Fire Drills

- The provider (applicant) must conduct monthly documented fire drills in accordance with the rules of the fire prevention and building safety commission.

5. TB Testing

- The provider (applicant), any individual over age 18 who resides in the facility/home, and any volunteers or employees shall provide results of a current intradermal tuberculosis test prior to residence or employment or volunteer *service*.
- Providers must provide a copy of the test results to the verifying agency.
- The provider shall maintain annual documentation from a physician reflecting the results of symptom screening for tuberculosis for any individual with a history of latent or active tuberculosis.

6. Emergency Plans

- All providers shall have written plans for notifying parents of illness, serious injury, or death of a provider; care in an emergency and emergency evacuation plans which are posted in a conspicuous location.

7. CPR/First Aid Certification

- The provider (applicant) and any employee or volunteer serving as a caregiver shall maintain current certification in First Aid.
- The provider (applicant) shall assure that at least one adult annually certified in CPR for all age groups of children receiving care is present at all times when care is being provided.

8. Running Water

- The facility shall have hot and cold running water from an approved water source available in an area of the home where childcare is provided. If water is not provided by a municipal water source, the provider shall provide documentation of a water quality test.
- Water temperature will be tested at the time of the home inspection and must register at least 100 degrees Fahrenheit.

9. Working Telephone

- The facility/home shall have a working telephone in each facility/home where the provider operates a child care program.
- The provider must have a communication device (which may be the telephone required above) that is approved by the division and compatible with the automated time and attendance tracking system approved by the division.
- The provider will need to show a bill for current service and keep phone records to show proof of continuous service for recertification the following year.
- The phone number must be accurate and will be checked at the time of the verification visit.

10. Inaccessible Firearms, Poisons, Chemicals and Medications

- The provider (applicant) shall provide a safe environment by ensuring that firearms, ammunition, poisons, chemicals and medications are inaccessible to the children in their care.
- Firearms and ammunition shall be secured in a locked area, by a key or combination, in an area where children cannot gain access.
- Inaccessible for poisons, chemicals and medications means that in lieu of a locked (key or combination) cabinet, the items mentioned above must be kept in an area inaccessible to the children. This could mean locked closets, rooms, garages, basements or medicine boxes. Childproof locks will not be acceptable.
- The verifying agency will inspect all areas that are accessible to children as well as garages if the escape route passes through this part of the home or facility. All bathrooms and the kitchen will also be inspected.

11. Alleged perpetrator, Child Abuse and Neglect

- The provider (applicant), any individual over age 18 who resides in the home/facility, and any employee or volunteer shall provide evidence that they have not been named as an alleged perpetrator in the Child Protection Index. Forms will be provided that will give the verifying agency permission to check this registry.

12. National Criminal History Checks

- The provider (applicant) shall agree to National Fingerprint Criminal History Checks for the provider, all employees and volunteers who have direct contact with a child receiving care from the provider, as well as household members over the age of 18 years residing in the place where child care is provided, and for juvenile household members who have been waived to adult court.
- National Fingerprint Criminal History Checks must be completed using the services of L1 (Safran) who can be reached at 877-472-6917 or www.ibtfingerprint.com. All required National Fingerprint Criminal

History Checks are done at the provider/individual's expense. The original receipt should be kept in the provider/individual's records.

- All criminal history reports must be clear of any felonies and/or misdemeanors related to the health or safety of a child. As well as, any felony sex offense or other offense classified as a dangerous felony or any other felony less than 10 years old as of discharge date from probation, imprisonment or parole, and any misdemeanor related to welfare fraud.
- Providers (applicants) are also responsible for reporting any police investigations, arrests or criminal convictions not listed on any National Fingerprint Criminal History Check for any individual required to provide such a report.
- The provider shall maintain a written policy requiring the individual household members, as well as, employees and volunteers who have direct contact with a child receiving care from the provider to report any criminal convictions to the provider (applicant).
- **Documentation may not be more than 60 days old at the time a completed application is received.**

13. Drug Test

- The provider, any individual over age 18 who resides in the home/facility, and any employee or volunteer caregiver shall provide, at the provider's expense, results of a 5 panel drug test that documents the individual is free of the presence of illegal controlled substances.
- Drug testing shall be required prior to employment or participation in the CCDF voucher program. Additional drug testing may be required of an individual who is suspected of non-compliance.
- A provider who suspends an individual based on the results of a drug test shall maintain a written policy for reinstatement following rehabilitation and drug testing results that are negative for a prohibited substance.
- **Documentation may not be more than 60 days old at the time a completed application is received.**

14. Immunizations

- The provider (applicant) shall maintain and annually update documentation of age appropriate immunizations for all children, including the provider's own children and any other children present not participating in the CCDF Voucher Program.

15. Tobacco and Substance Policy

- The provider (applicant) shall maintain a written policy prohibiting the use of tobacco, unintended use of a toxic substance, use of alcohol (homes); use or possession of alcohol (centers and ministries); and use or possession of illegal substances, in the facility where child care is operated when childcare is being provided.
- The provider must sign and return a signed Tobacco and Substance Policy statement provided by the verifying agency or developed by the provider.
- The verifying agency will confirm the provider, household members, employees, or other individuals are in compliance with this policy by observation during the home inspection.

16. Supervision Policy

- The provider (applicant) shall ensure that a child in the provider's care is within sight or sound at all times, as defined in the June 3, 2005 Supervision Letter from FSSA.
- The verifying agency will confirm this by observing that the provider is supervising the children during the home inspection.

17. Safe Sleeping Practices

- A provider (applicant) intending to care for children less than 12 months of age shall be certified in safe sleep practices by participating in the Safe Sleeping Practices training provided by the Indiana Child Care Resource and Referral network.
- A provider (applicant) must assure all caregivers of children under 12 months of age follow safe sleeping practices.

18. National Fingerprint Criminal History Results

- An individual's criminal history report must be clear of any felonies and/or misdemeanors related to the health or safety of a child. As well as, any felony sex offense or other offense classified as a dangerous felony or any other felony less than 10 years old as of discharge date from probation, imprisonment or parole, and any misdemeanor related to welfare fraud.

19. Restroom and Hand Washing Standards

- A provider (applicant) must assure all caregivers are following appropriate restroom and hand washing procedures, as defined by The Office of Early Childhood and Out of School Learning (formerly the Bureau of Child Care), are followed at all times.
- The home/facility must have toilets which are in proper working order, accessible to children, and kept clean.
- A provider (applicant) shall assure all caregivers are following appropriate diapering guidelines, as defined by The Office of Early Childhood and Out of School Learning.
- The verifying agency will confirm this by observation during home inspection.

20. Discipline Policy

- A provider (applicant) shall have a written discipline policy which includes the type of discipline to be used and under what circumstances it will be used. This plan must include information about how the policy will be modified to meet a specific child's age and/or abilities, if applicable. (A sample may be obtained from the verifying agency.)
- Parents of children in your care shall receive a copy of this policy. The provider (applicant) must maintain a copy of the policy, signed by the parent/guardian of the child, in the child's records.
- A provider (applicant) shall assure all caregivers are following the discipline policy.
- The verifying agency will confirm this by observation during home inspection.

21. Unscheduled Visit

- A provider (applicant) shall allow parents/guardians to make unscheduled visits to the home/facility anytime child care is being provided.

22. Transportation

- A provider (applicant) shall provide a written statement stating their intent to transport or not transport children and the age of children to be transported.
- A provider (applicant) who does transport children shall:
 - ✓ Obtain written permission from the child's parent/guardian prior to transport (Sample transportation permission slip may be obtained from verifying agency); and
 - ✓ Assure the driver has met all employee or volunteer requirements; and
 - ✓ Assure the driver holds a valid driver's license; and
 - ✓ Assure the vehicle used for transport is properly licensed and insured.
 - ✓ Submit a written transportation policy which includes age groups being transported.
- A provider (applicant) shall identify the vehicle(s) used to transport children and provide proof of registration and insurance.
- A provider (applicant) must follow Indiana state laws regarding car seats and seatbelt usage at all times.

23. Age of Caregivers

- A provider (applicant) shall be at least 18 years of age.
- A provider (applicant) shall assure any caregiver working without supervision is at least 18 years of age.
- A provider (applicant) shall assure any caregiver less than 18 years of age, but not less than 14 years of age, is supervised at all times by a caregiver at least 18 years of age when they are providing child care.
- The verifying agency will confirm this by observation during home inspection.

24. Child Abuse Prevention and Detection Training

- A provider (applicant) shall verify all employees and volunteers have received training concerning child abuse detection and prevention not more than three (3) months after the individual begins employment or volunteer duties.
- A provider (applicant) shall maintain documentation of employee/volunteer training with the employee/volunteer's records.
- Information about Child Abuse Detection and Prevention training opportunities can be received from your local Child Care Resource and Referral agency or calling 866-865-7056

25. Orientation

- The provider (applicant) shall have a signed Orientation Training documenting their understanding of orientation topics. (Sample of required topics may be obtained from the verifying agency.)
- Before beginning employment or volunteer duties, the individual must receive a formal orientation to the program/home/facility.
- A provider (applicant) shall document the completion of employee/volunteer orientation training.
- A provider (applicant) shall maintain documentation of employee/volunteer orientation training with the employee/volunteer's records.

26. Employee Records

- A provider (applicant) shall maintain at the home/facility where the child care program is operated documentation of all required employee/volunteer training.
- A provider (applicant) shall maintain documentation of employee/volunteer orientation training with the employee/volunteer's records.
- A provider (applicant) shall make the documentation available to the Division of Family Resources or its authorized representative, The Consultant's Consortium, Inc., upon request.

27. Child Abuse and Neglect

- The provider is required to give all employees and volunteers written material provided by FSSA in regards to reporting child abuse and neglect.

28. Employee/Volunteer Reporting Child Abuse and Neglect

- Any employee or volunteer who has reason to believe that a child in the provider's care is a victim of child abuse or neglect shall make a report as required under IC 31-33-5.

29. Visits by FSSA

- A provider must allow, during normal business hours, the State or an agent of FSSA to inspect the facility/home where a child care program operates.

30. Parent Notification of the Injury or Death of Child

- A provider is required to immediately notify a parent or legal guardian if a child in their care is injured, has a serious bodily injury that requires medical attention (physician, dentist, registered nurse, licensed practical nurse, paramedic or emergency medical technician) or death of a child.

31. FSSA Notification of the Injury or Death of Child

- A provider must notify The Office of Early Childhood and Out of School Learning or an agent of FSSA within 24 hours of any injuries or serious bodily injuries to a child. The death of a child must immediately be reported to The Office of Early Childhood and Out of School Learning or an agent of FSSA.

32. Safe Conditions

- A provider must have and maintain a written policy describing how you maintain safe conditions in your child care facility or home and safety of motor vehicles used to transport children.

At the time a provider establishes the written policy and at the time of any subsequent change to the written policy, the provider shall:

- file with the division;
- post in a public location in the facility where the provider operates a child care program; and
- provide to the parent or guardian of each child in the care of the provider; a copy of the written policy or change.

33. Daily Activities

- A provider must make available daily activities appropriate to the age, developmental needs, interests, and number of children in your care. This must include both active and quiet play. You may include the use of safe, age-appropriate toys, games and equipment for indoor and outdoor play.
- Daily outdoor is required unless one (1) of the following apply, Severity of the weather poses a safety or health hazard or a health related reason for a child to remain indoors is documented by the child's parent, guardian or physician.

34. Nutrition

- A provider must make available to each child in their care: appropriately timed, nutritious meals and snacks in a quantity sufficient to meet the needs of the child. (This does not eliminate sack lunches brought from home.)
- Drinking water must be available at all times.

35. Group Size and Ratios

- As a provider operating a child care program in a facility or home you must follow ratios and group sizes.
- If you will be caring for no more than sixteen (16) children at a facility/home you must maintain a ratio and group size that apply to a child care home under IC 12-17.2-5
- If you will be caring for more than sixteen (16) children at a facility/home you must maintain a ratio and group size that apply to a child care center under IC 12-17.2-4.

36. Continuing Education

- At least twelve (12) hours of continuing education approved by the Office of Early Childhood and Out of School Learning (OECOSL) and related to the age appropriate educational development, care and safety of children unless the individual is the parent, stepparent, guardian, custodian or other relative to each child receiving care.

37. Health and Safety Orientation Training (NEW Effective 07/01/2016)

- The training will support basic health and safety standards designed to prevent harm to children. This training is required for all volunteers, caregivers, teachers, directors and any individual included in staff to child ratios/group size in 10 specific health and safety topic areas.
- Training in each applicable topic area, appropriate to the provider setting and age of children served is needed to meet the Health and Safety Orientation training.

Definition of a volunteer: *As defined in IC12-7-2-199.2, A volunteer is an individual who, without compensation, provides services to a child care home, child care center, or child care ministry for at least 8 hours per month.*

- If an individual is not a volunteer, they are considered a guest. A guest **may not** be left alone with child receiving care at the home/facility at any time and may not be counted as a caregiver.

If you are able to meet these CCDF Provider Eligibility Standards, please contact The PES Department to receive a "Provider Packet". The PES Department will be verifying your compliance and are willing to assist you in any way possible.

Possible Changes to Your Participation

After you have been certified as a CCDF Eligible Provider, your certification can be changed. This law outlines certain home/facility conditions, as defined by this law, which may place the child(ren) in your care at risk can result in Emergency Decertification. If these conditions exist, you will be unable to receive CCDF payment effective immediately.

Additionally, this law includes gives reasons for revocation of your ability to receive CCDF payment. If it is determined the provider (applicant) has given false statements on an application or any records required by the Division of Family Resources, there are credible allegations the provider has committed fraud, or if criminal charges of fraud have been filed against you, your CCDF eligibility will be revoked. If this happens, you will not be able to reapply to become a CCDF Eligible Provider for at least 2 years.

*******IMPORTANT INFORMATION BELOW*******

PLEASE READ THIS ENTIRE PAGE BEFORE COMPLETING ANY OF YOUR DOCUMENTATION

Your initial application must be completed within 60 days. If the application is not complete within the 60 days, updated information will be required. As a new provider your site inspection will be scheduled prior to the end of the quarter your application was submitted. The site inspection will not be scheduled until all file documentation is received in the office and approved by The PES Department including the National Fingerprint Criminal History check results from the state.

Your recertification application will be good until the end of your certification quarter. Your exempt certification is good for one year. You will receive a Recertification Notice 60 days prior to your quarter of expiration. Once the PES Department has received all required recertification documentation you will be notified that no additional items are needed and your unannounced site visit will be completed prior to the end of your expiration quarter.

No payment of CCDF voucher funds will be made to any provider or program until all CCDF Provider Eligibility Standards have been met and a visit verifying the compliance with the provider eligibility standards has occurred.

A representative of The PES Department will conduct a certification visit and information of compliance to the provider eligibility standards will be shared with the intake agent. Only then, can the provider/program receive funds from the CCDF voucher program. Payment will not be retroactive. Payment can begin only after the provider receives notification from the intake agent.

A provider/program must be licensed, registered, or legally exempt from licensure to receive CCDF voucher funds. *If care is being provided in the home, no more than 5 unrelated children can be in the care of the provider or the provider must be licensed.* If you are unsure about your need for licensure, call The Office of Early Childhood and Out of School Learning at 1-877-511-1144.

If a National Fingerprint Criminal Background Check required for any individual includes any felony criminal conviction or misdemeanor related to the health or safety of a child, any felony sex offense or other offense classified as a dangerous felony or any other felony within 10 years of discharge from probation, imprisonment or parole, any misdemeanor related to Welfare Fraud, the presence of an individual's name in the Sex Offender Registry or Child Protection Index, will result in the exclusion of the applicant from the CCDF Voucher Program. The application will be denied.

Also, a positive drug test result from the provider or any other individual living or working at the child care location will result in the denial of the application.

A copy of ALL documentation sent to the PES Department must be retained for your records. You must keep the ORIGINAL receipt for any National Fingerprint Criminal History check. (The PES Department cannot return the receipt to you.) This will prevent any problems and possible additional costs to you if your paperwork is lost.

Drug Test results are only valid for 60 days and results must be provided to the PES Department directly from the lab. You should request a copy of your drug test results from the lab conducting your test. A site inspection must be scheduled prior to the expiration date of your drug test. If your application process is not complete by the end of the 60 days you will be required to submit a new application including new/updated documentation.

Your 53323 Consent to Release Information results are only valid for 60 days. A site inspection must be conducted and certification approval granted prior to the expiration date. If certification approval is not granted by the end of the 60 days you will be required to submit a new application including new/updated documentation.

Child Immunization Records MUST BE on the form included in the packet.

CPR and First Aid Requirements

CPR

The American Red Cross and National Safety Council classes taught by certified instructors are approved; however, they must include demonstration of skills. Therefore, online classes are not approved.

All other CPR courses must meet and document compliance with the JAMA (Journal of American Medical Association) standards and be taught by a certified CPR instructor. The course should require that participants demonstrate skills on mannequins as well as pass a written or oral test.

If you are obtaining certification from the American Heart Association you must complete the certification process. Your card must state certification, not participation.

All courses must also require the pupil to complete a return demonstration of skills. These courses must be taught by a licensed R.N., L.P.N., M.D., D.O., E.M.T. Paramedic or a certified First Aid Instructor. The provider must submit proof of all of the above requirements to meet the CCDF Certification requirement.

PLEASE NOTE: CPR training should be complete for all ages of children in your care. If you are caring for school-age children, it is necessary to obtain Adult CPR. In addition, CPR *must* be completed annually despite the expiration date on your CPR certification card.

First Aid

The American Red Cross and National Safety Council classes are approved. Any online First Aid class is acceptable.

If another entity or individual (other than American Red Cross or National Safety Council) is offering the course, it must cover the following:

- ✓ Choking
- ✓ Bleeding
- ✓ Artificial Breathing
- ✓ Poisoning
- ✓ Seizures
- ✓ Shock

The individual completing this certification must submit proof all of the above requirements were included in their training to meet the CCDF certification requirement. The instructors printed name and signature as well as whom they are certified through must be part of the submitted documentation.

Dear CCDF Child Care Provider,

As you may be aware, the CCDF provider standard defining supervision as "within sight and sound at all times" (470 IAC 3-18-1(23)) has been voided by the Indiana General Assembly. Therefore, this letter serves to provide guidance as to what is meant by the standard of continual supervision found in Indiana Code 12-17.2-3.5-5.5. To ensure the safety of children in child care settings that accept CCDF vouchers, and for the protection of Indiana's providers, continuous supervision will be defined as follows.

- Caregivers shall supervise children by sight **or** sound at all times. Sound monitors alone shall not be considered as an acceptable means of supervision.
- Children shall remain on the same floor of the facility as the caregiver.
- During mealtimes, children shall remain in the caregiver's line of sight.
- Children shall not be left alone either inside or outside. With the written permission of parents, school age children (grade one and above) may be allowed to participate in activities outside the direct supervision of a caregiver. These activities must occur **on the premise** of the child care home. The caregiver must physically check such children every 15 minutes.
- Children who are able to toilet independently, including fastening and unfastening clothing, wiping themselves, flushing the toilet, and washing their hands, may use a bathroom for a short period of time without direct adult supervision.
- Children may sleep outside of the provider's direct line of vision as long as the following conditions are met:
 1. Children remain on the same floor of the home as the provider. Provider's children may sleep in their own beds.
 2. The doors to the rooms where children are sleeping remain open.
 3. Periodically, sleeping children shall be visually monitored and checked to insure they are breathing normally. Children under 15 months of age should be checked approximately every 15 minutes.

In addition, the agency provides the following guidance on safe sleep practices. To reduce the possibility of Sudden Infant Death Syndrome, children age 12 months or younger must be placed on their backs to sleep, unless the caregiver receives a written waiver of this requirement from a health care provider. Infants must sleep in a safe crib or port-a-crib. The following are the current safety guidelines for cribs and port-a-cribs.

- The slats of the crib can be no more than 2 3/8 inches apart.
- Mattresses must fit snugly with no more than one inch between the mattress and the side of the crib.
- The sides of the crib must be locked in the raised position while babies are sleeping.
- Never put anything soft, such as pillows, thick blankets, comforters, stuffed animals, or sheepskins in the crib with a sleeping baby. If a light blanket is used, it should be securely tucked in at the foot of the crib and reach only as far as the infant's chest.

Finally, sleeping infants should never be placed on an adult bed, sleeping bag, sofa, pillows, or thick blanket.

The safety and well being of Indiana's children are the top priority for all of us. Thank you for your hard work and dedication to this goal.

Sincerely,

E. Mitchell Roob Jr.,
Secretary
Family and Social Services Administration

DRUG TEST MUST BE CONDUCTED BY SAMSHA CERTIFIED LABS
Child Care and Development Fund Drug Testing Guidelines
Effective October 31, 2002

Indiana Code 12-17.2-3.5-12.1 requires each childcare provider to provide drug test results which do not show a presence of illegal controlled substances for themselves, all individuals residing in the home over the age of eighteen (18) and any employee or individual caring for children on their behalf prior to participation in the Child Care and Development Fund (CCDF) program. This drug test shall test for Amphetamines, Cocaine, Opiates, PCP and THC. Each drug test shall meet the following criteria.

1. Chain of Custody shall follow guidelines, which are consistent with U.S. Department of Transportation requirements. (See specific Chain of Custody instructions listed below.)
2. Each drug screen shall be processed by a lab, which has been certified by the Substance Abuse and Mental Health Services Administration (SAMHSA, formerly NIDA).
3. Drug test results shall be reviewed by a nationally certified Medical Review Officer using positive cut-offs established by the U.S. Department of Transportation. Drug test results must include contact information for the Medical Review Officer and signature when possible.
4. Drug test results shall be faxed or mailed to the verifying agent.

The following Chain of Custody shall be followed for drug testing results provided to the Family and Social Services Administration as required by Indiana Code.

- The collector shall ask the donor for photo identification.
- After verification of donor's identification, the collector will complete step one of the custody of control form provided by the laboratory (non-regulated).
- The collector will ask the donor to remove any unnecessary outer clothing (coat, etc.) and leave hand carried items (briefcase, etc.) outside toilet enclosure. The donor may be required to empty his/her pockets at collector's discretion.
- The collector will instruct the donor to wash and dry his/her hands.
- The collector will provide the donor a wrapped and sealed collection container and/or specimen bottle. Either the collector or the donor may open the container bottles in donor's presence.
- If the container and bottle are wrapped together, the donor should be allowed to take container and bottle into toilet enclosure. If container and bottle are wrapped separately, only the collection container should be taken into toilet enclosure. The wrapped bottle should remain outside enclosure and then opened in the donor's presence when the donor gives the filled collection container to the collector.
- The collector will accompany the donor to toilet enclosure when it is time for the donor to provide urine sample. The donor will enter toilet enclosure and shut the door, the collector remains outside the closed door.
- The donor will hand filled collection container to the collector, both the donor and the collector should maintain visual contact of the specimen until labels and seals are placed over bottle caps.
- The collector checks specimen and reading of the specimen temperature indicator within four minutes of receiving the specimen from the donor. The collector then marks the appropriate box on custody of control form.
- The collector checks specimen volume ensuring there is at least thirty milliliters of urine in a single specimen collection.
- The collector checks specimen for unusual color, odor or other physical qualities that may indicate an attempt to adulterate the specimen.
- The collector will pour at least thirty milliliters into the specimen bottle.
- The collector immediately places lid/caps on specimen bottle and then applies tamper evident labels/seals.
- The collector will write the date on label field. The donor will be asked to initial labels/seals when affixed to the bottles.
- After sealing the specimen bottle, the donor will be permitted to wash and dry his/her hands, if he/she so desires.
- The donor will be instructed to read and complete the donor certification section of the custody of control form, including signing certification statement.
- The collector will complete collector's certification section of custody of control form, including signing certification statement.
- The collector will record any remarks concerning collection process in "remarks section" of custody of control form.
- The collector will complete chain of custody block of custody of control form. At a minimum, the collector will complete; the specimen, received by, purpose of, change, date, and released by blocks of the custody of control form.
- The collector will give the donor his/her copy of custody of control form and the donor may leave collection site at completion of this step of the collection process. It is not necessary for the donor to remain at collection sight while specimen bottle and custody of control form are prepared and packaged for shipment.
- The collector will prepare the bottle and copies of the custody of control form for shipment to the laboratory. The bottles and custody of control form copies will be shipped in a padded mailer or shipping container secured with an outer seal. The collector will initial and date the seal on the shipping container.
- Finally, the collector will send the MRO copy of the form directly to the MRO addressed on the form and the employer copy to the designated representative.

Indiana Code 12-17.2-3.5-12.1 requires that each childcare provider shall provide drug test results which do not show a presence of illegal controlled substance(s) for themselves, all individuals residing in the home over the age of eighteen (18) and any employee or volunteer caregivers caring for children prior to participation in the Child Care and Development Fund (CCDF) program. This shall include Amphetamines, Cocaine, Opiates, PCP and THC.

I, the undersigned, have been informed that drug test results must be provided to the Division of Family Resources (DFR) and the CCDF verifying entity for participation in the CCDF program. The DFR and the verifying agency shall maintain confidentiality of these results. The results of this drug test will be used to determine eligibility for participation in the CCDF program. If drug testing results of the provider or any individual required to supply such a test, indicate the presence of an illegal controlled substance, the provider is ineligible to participate in the CCDF program. I further understand that this test and any subsequent test will be conducted at the provider's expense. An inconclusive drug test will not be considered a drug test for purposes of determining program eligibility.

Requirements Under Federal Law for Fingerprint-based Background Checks

Title 28, CFR, 50.12 (b) *requires:*

Records obtained under this authority may be used solely for the purpose requested and cannot be disseminated outside the receiving departments, related agencies, or other authorized entities.

Officials at the governmental institutions and other entities authorized to submit fingerprints and receive FBI identification records under this authority must notify the individuals fingerprinted that the fingerprints will be used to check the criminal history records of the FBI. The officials making the determination of suitability for licensing or employment shall provide the applicants the opportunity to complete, or challenge the accuracy of, the information contained in the FBI identification record.

These officials also must advise the applicants that procedures for obtaining a change, correction, or updating of an FBI identification record are set forth in 28 CFR 16.34. Officials making such determinations should not deny the license or employment based on information in the record until the applicant has been afforded a reasonable time to correct or complete the record, or has declined to do so. A statement incorporating these use-and-challenge requirements will be placed on all records disseminated under this program.

This policy is intended to ensure that all relevant criminal record information is made available to provide for the public safety and, further, to protect the interests of the prospective employee/licensee who may be affected by the information or lack of information in an identification record.

Based upon this Federal statute, your agency is required to notify applicants that their fingerprints are being submitted to the Federal Bureau of Investigation (FBI) for a national background check.

Additionally, you must notify the applicants they may challenge their record. Please review the second page of this document for instructions on challenging a record. *Each applicant who is subject to a background check is entitled to:*

- a. Obtain a copy of any background check report; and
- b. Challenge the accuracy and completeness of any such report and obtain a prompt resolution before a final determination is made by the authorized agency.

Procedure to Challenge Criminal History Record

Agency Instructions

The applicant may request a copy of their criminal history information obtained from a national background check. They must do so in person so their identity can be verified at the Indiana State Police Headquarters (see address below). The record may also be sent by US Mail (to address below) if they sign a waiver requesting a copy. The waiver shall include the applicant's name, date of birth, address, legal signature and a method of contact.

For the Applicant

You may challenge the record if you believe it contains inaccurate or incomplete information. You must follow the instructions listed below. The Indiana State Police (ISP) Records Division serves as the state's central repository for criminal history record and custodian for fingerprints. The ISP Records Division does not have the authority to modify any record unless specifically notified to do so by the owner (Court, Clerk of Court or Criminal Justice Agency) of the information.

Instructions for Challenge

Your written request should clearly identify the information that you feel is inaccurate or incomplete and should include copies of official court documents and supporting documentation that substantiate your claim. For example, if your disposition information is incorrect or missing, you may submit documentation obtained from the court having jurisdiction over the arrest or the office prosecuting the offense. The ISP will make appropriate changes and notify you of the outcome when we are in receipt of the official Court or Criminal Justice Agency documents.

You may submit a record challenge to the ISP Records Division by writing to the following address:

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1989 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA) name" on the "Business name/disregarded entity name" line.

Disregarded entity. Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income will be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a domestic owner, the domestic owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, you must complete an appropriate Form W-8.

Note. Check the appropriate box for the federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the tax classification in the space provided. If you are an LLC that is treated as a partnership for federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be identified on the "Name" line) is another LLC that is not disregarded for federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name" line.

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the line following the "Business name/disregarded entity name," sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),
 2. The United States or any of its agencies or instrumentalities,
 3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,
 4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or
 5. An international organization or any of its agencies or instrumentalities.
- Other payees that may be exempt from backup withholding include:
6. A corporation,
 7. A foreign central bank of issue,
 8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,
 9. A futures commission merchant registered with the Commodity Futures Trading Commission,
 10. A real estate investment trust,
 11. An entity registered at all times during the tax year under the Investment Company Act of 1940,
 12. A common trust fund operated by a bank under section 584(a),
 13. A financial institution,
 14. A middleman known in the investment community as a nominee or custodian, or
 15. A trust exempt from tax under section 664 or described in section 4947.

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 5 and 7 through 13. Also, C corporations.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt payees 1 through 7 ²

¹ See Form 1099-MISC, Miscellaneous Income, and its instructions.
² However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, below, and items 4 and 5 on page 4 indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt Payee* on page 3.

Signature requirements. Complete the certification as indicated in items 1 through 3, below, and items 4 and 5 on page 4.

1. **Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.
2. **Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.
3. **Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Note. If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN.
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If you're currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via email. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

Visit irs.gov to learn more about identity theft and how to reduce your risk.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account)	The actual owner of the account or, if combined funds, the first individual on the account ¹
3. Custodian account of a minor (Uniform Gift to Minors Act)	The minor ²
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee ³
b. So-called trust account that is not a legal or valid trust under state law	The actual owner ⁴
5. Sole proprietorship or disregarded entity owned by an individual	The owner ⁴
6. Grantor trust filing under Optional Form 1099 Filing Method 1 (see Regulation section 1.671-4(b)(2)(i)(A))	The grantor ⁴
For this type of account:	Give name and EIN of:
7. Disregarded entity not owned by an individual	The owner
8. A valid trust, estate, or pension trust	Legal entity ⁴
9. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation

¹ List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

² Circle the minor's name and furnish the minor's SSN.

³ You must show your individual name and you may also enter your business or "DBA" name on the "Business name/disregarded entity" name line. You may use either your SSN or EIN (if you have one) but the IRS encourages you to use your SSN.

⁴ List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see Special rules for partnerships on page 1.

*Note. Grantor also must provide a Form W-9 to trustee of trust.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

Hand Washing 101 for Legally License Exempt Homes

Proper and frequent hand washing is the easiest and most effective way to prevent the spread of illness and disease in child care. Using

the proper procedure and washing hands frequently can prevent the spread of the common cold, flu, and food borne illness as well as many other germs. Children mimic behavior, so staff who wash their hands using the proper procedure at the appropriate times are setting a great example for the children in their care.

Hand Washing is Required!

Indiana state regulations require that child care providers and the children in their care wash their hands before and after certain duties and activities.

Child Care Staff Must Wash Hands...

- Before and After
 - Preparing meals and snacks
 - Eating
- After
 - Toileting
 - Feeding infants and children
 - Bathing infants and children
 - Wiping noses
 - Diapering and assisting children with toileting
 - Handling bodily fluids
 - Coughing into hands
 - Handling pets

Children Must Wash Hands...

- Before and After
 - Assisting with meal and snack preparation
 - Eating
- After
 - Toileting
 - Handling bodily fluids
 - Coughing into hands
 - Handling pets

When is Hand Washing Recommended?

Indiana state law covers the hand washing basics, but there are numerous other instances when hand washing is recommended for health and safety purposes:

- It is recommended that staff wash hands *before* feeding infants/children, bathing infants/children, wiping noses, and diapering/assisting children with toileting.
- It is recommended practice that staff wash hands before and after administering medication.
- It is recommended that children wash hands *after* a diaper change.
- It is recommended that staff and children wash hands:
 - After touching contaminated surfaces. A surface is contaminated if there is reason to believe that the surface has been or could be exposed to contaminants. This would include washing hands after taking out the trash.
 - After coming in from the outdoors.
 - Upon arriving at the child care center and before leaving.
 - After sensory play involving sand, water, etc.

The Proper Procedure

The “proper” procedure is the hand washing process that has been proven most effective at eliminating germs. **Staff and children must wash hands using the proper procedure.**

- Wet hands under running water;
- Use plenty of soap to make a good lather;
- Keep fingers pointed toward the drain;
- Scrub fronts and backs of hands;
- Remember to wash wrists, scrub around fingernails and rings;
- Scrub between fingers;
- Scrub for at least 20 seconds;
- Rinse well with running water;
- Dry hands with a clean disposable towel or wall-mounted drying device

An Easy Guide to Diapering Guidelines for Legally License Exempt Home

Diapering should be a special time for caregiver and baby. This is a chance for the child to bond with you and have your full attention. Because diapering is often a messy job, proper hygiene is essential to protect the health of you and the child.

Before you Begin...

- The changing table is fully intact, washable, and sanitizable
- Waterproof paper is used and covers the length and width of the changing surface
- One hand is kept on the child at all times
- The use of gloves is required when blood is present

The Diapering Process

1. The child's clothing is removed or moved
2. The soiled diaper is removed
3. The child is cleansed with a wipe
4. The waterproof paper is folded to cover the soiled area (if soiled)
5. Gloves are removed (if used)
6. A clean diaper is placed on the child and the child is redressed
7. The diapering waste is disposed of in a tightly covered, plastic-lined waste container
8. The waterproof paper is removed
9. Staff wash and sanitize the surface if soiled using a solution of ¼ cup bleach to 1 gallon of water or EPA approved sanitizer or hospital grade germicide.
10. Staff wash hands

It is Recommended That...

- Gloves are used
- Staff wash hands before beginning the diapering process
- Children wash hands after the diapering process
 - If an infant cannot be held at the sink, wash hands with a clean, wet, soapy disposable towel or washcloth and rinse hands using a second clean wet disposable towel or washcloth
 - Diaper wipes are not an acceptable alternative to infant hand washing
- The changing surface is washed and sanitized after each use

Social and Learning Opportunities

Diapering is a special bonding time between child and caregiver. Here are some things you can do to enhance that experience:

- Focus your attention exclusively on the child.
- Treat the child with respect.
- Talk with the child about what you are doing and what the child is experiencing, as this encourages language skills and helps build confidence.

Car Seat Recommendations for Children

- Select a car seat based on your child's age and size, and choose a seat that fits in your vehicle and use it every time.
- Always refer to your specific car seat manufacturer's instructions; read the vehicle owner's manual on how to install the car seat using the seat belt or LATCH system; and check height and weight limits.
- To maximize safety, keep your child in the car seat for as long as possible, as long as the child fits within the manufacturer's height and weight requirements.
- Keep your child in the back seat at least through age 12.

Birth - 12 months

Your child under age 1 should always ride in a rear-facing car seat.

There are different types of rear-facing car seats: Infant-only seats can only be used rear-facing. Convertible and 3-in-1 car seats typically have higher height and weight limits for the rear-facing position, allowing you to keep your child rear-facing for a longer period of time.

1 - 3 years

Keep your child rear-facing as long as possible. It's the best way to keep him or her safe. Your child should remain in a rear-facing car seat until he or she reaches the top height or weight limit allowed by your car seat's manufacturer. Once your child outgrows the rear-facing car seat, your child is ready to travel in a forward-facing car seat with a harness.

4 - 7 years

Keep your child in a forward-facing car seat with a harness until he or she reaches the top height or weight limit allowed by your car seat's manufacturer. Once your child outgrows the forward-facing car seat with a harness, it's time to travel in a booster seat, but still in the back seat.

8 - 12 years

Keep your child in a booster seat until he or she is big enough to fit in a seat belt properly. For a seat belt to fit properly the lap belt must lie snugly across the upper thighs, not the stomach. The shoulder belt should lie snug across the shoulder and chest and not cross the neck or face. Remember: your child should still ride in the back seat because it's safer there.

AGE

DESCRIPTION (RESTRAINT TYPE)

A REAR-FACING CAR SEAT is the best seat for your young child to use. It has a harness and in a crash, cradles and moves with your child to reduce the stress to the child's fragile neck and spinal cord.

A FORWARD-FACING CAR SEAT has a harness and tether that limits your child's forward movement during a crash.

A BOOSTER SEAT positions the seat belt so that it fits properly over the stronger parts of your child's body.

A SEAT BELT should lie across the upper thighs and be snug across the shoulder and chest to restrain the child safely in a crash. It should not rest on the stomach area or across the neck.

DISCIPLINE/GUIDANCE POLICY

Provider Name _____

It is very important a child's development is nurtured through caring, patience and understanding. However, while caring for your children, I may have to respond to your child's misbehavior. Hitting, kicking, spitting, hostile verbal behavior and other behaviors which will hurt another child are not permitted.

In response to these behaviors, I will not use:

- Threats or bribes
- Physical punishment, even if requested by the parent
- Deprive your child of food or other basic needs
- Humiliation or isolation

In response to misbehavior, I will:

- Respect your child
- Establish clear rules
- Be consistent in enforcing rules
- Use positive language to explain desired behavior
- Speak calmly while bending down to your child's eye level
- Give clear choices
- Redirect your child to a new activity
- Move your child to a time-out chair for no longer than one minute per year of your child's age, if necessary

If your child's behavior is very disruptive or harmful to himself or other children, I will discuss the issue with you privately. If the situation can be resolved, the child may remain enrolled. If we are unable to resolve the issue, you may be asked to make other child care arrangements.

As a parent, you may have some concerns or wish to offer suggestions. Using the lines below, we may modify the above plan with agreed upon suggestions.

Due to changes in Indiana law, as of July 1, 2013, you and all of your employees and volunteers must take training on Child Abuse Detection and Prevention in order to continue receiving CCDF payments.

There are a variety of ways that you and your staff can receive this required training at no cost:

1. Attend a webinar:

Go to IACCRR Training Central at <http://www.iaccrr.org/default.cfm?page=training-central>. You must register with Training Central to see the available dates and times of the scheduled webinars and to register to attend a webinar. Many additional webinars have been added in order to help you meet this new requirement. Webinars are free but space is limited. You must have internet access and a compatible computer to participate in a webinar. If you have questions about this please call IACCRR at 1-800-299-1627.

2. Attend a face to face training at one of the local Child Care Resource and Referral Offices. A map of these offices and contact information for each is printed on the back of this flyer. Please call your local Child Care Resource and Referral office to learn more about when the trainings are offered and how to register your staff. Additional trainings have been added at each of the local offices to help you meet this new requirement. Trainings are free but space is limited.

3. If you have a large number of staff members that need this required training, your local Child Care Resource and Referral Office may be able to schedule a time to train your staff in person at your child care facility. Please contact your local Child Care Resource and Referral Office listed on the back of this flyer to learn more about this possibility.

4. You can find additional online training opportunities at <http://www.iaccrr.org/default.cfm>. These trainings are offered by a variety of child care partners. There may a cost for these trainings.

Training must contain information about how to identify child physical, sexual and emotional abuse and neglect, how to report suspected abuse or neglect, and how you can prevent abuse or neglect from occurring. If you are unsure if a particular training will meet the requirements, check with your inspector/consultant prior to taking the training.

Remember, you are required to show documentation that you and each staff person and volunteer has received this training. You must keep this documentation and make it available to your inspector during your next inspection.

While additional trainings and webinars have been added, it is highly recommended that you schedule your training as soon as possible. You and your staff must have this training prior to your inspection in order to continue receiving CCDF payments.

Nutrition Resources

Children from low income families are at a high risk of not having enough to eat. Good nutrition is essential for a child's growth, development and learning. The intent of this law is to ensure children's nutritional needs are met while they are in the care of a child care provider. Families who want to pack sack lunches for their children may still do so. However, you must be able to meet the nutritional needs of children if their parents cannot or do not provide a sack lunch.

Nutrition Requirements:

- A provider (applicant) must make available to each child in their care nutritious meals and snacks which:
 - ✓ Are appropriately timed (not less than 2 hours and not more than 3 ½ hours between each); and
 - ✓ Are in sufficient quantities to meet the needs of a child, including the availability of seconds; and
 - ✓ Include at least 1 item from each food group at meal time and at least 2 different food groups at snack time; and
 - ✓ May be brought from home, however, the provider (applicant) must be able to offer nutritious meals and snacks for children arriving without their sack lunch.
- Drinking water must be available at all times.
- The feeding of infants must include:
 - ✓ A written plan provided by the infant's parent, guardian or health care provider; and
 - ✓ Formula or breast milk in sufficient quantities which may be provided by the parent or guardian.

Information on the different food groups, recommended serving sizes, vitamin sources, and helpful tips for creating menus have been provided.

Consider being part of the **Child and Adult Care Food Program (CACFP)** to supplement your food costs.

- ✓ Receive reimbursement for the cost of meals and snacks you serve; and
- ✓ Receive information and assistance in planning appropriate meals and snacks; and
- ✓ Receive additional training on nutrition which may be part of your continuing education/training requirements.

FEEDING PLAN GUIDELINES

INSTRUCTIONS: This is a guideline. Each child will grow at a different rate.

1. Formula and juice may be offered in a training cup when a child is ready.
2. Formula is used until twelve (12) months unless otherwise stated by a physician.
3. Only plain, strained, mashed or chopped vegetables, fruits and meats are offered.
4. Most children are ready for foods of coarser consistency between nine (9) to ten (10) months of age. Mashed or chopped table foods may be used.
5. Strained or mashed foods may be introduced at six (6) months if the infant's neuromuscular system has developed appropriately. Indications for solid foods are: the ability to swallow non-liquid foods, to sit with support, head and neck control, and to show that the child is able to decline food by leaning back or turning away.
6. Finger foods may be offered between nine (9) to twelve (12) months when infant is developing finger / hand coordination.
7. The serving of juice to children under twelve (12) months of age is discouraged.

Information and Resources on Daily Activities and Safe Conditions

Effective July 1, 2015, the new Provider Eligibility Standards under IC12-17.2-3.5 require that all unlicensed providers that receive CCDF funds, including registered ministries that receive CCDF funds, plan **daily activities** and maintain **safe conditions** within their child care program.

Daily Activities:

Children need certain daily activities to remain healthy and learning. Children of all ages need a variety of different activities throughout the day including quiet play (such as reading, block building or art), and active play (such as physical activities including running and jumping or crawling and climbing). Children also need time outside daily. Children need access to supplies and equipment which support their learning. Activities should be balanced with attention to all areas of a child's development.

Under the new CCDF Provider Eligibility Standards, you are required to plan and provide daily activities appropriate to the age, developmental needs, interests, and number of children in your care, including both active and quiet play and daily outdoor play. Activities need to be appropriate to each child's developmental stage. Toys, games, and play equipment used indoors and outdoors must be safe, appropriate to the children's developmental stages and include a sufficient quantity to allow children to make choices. Please note - due to safety hazards, trampolines shall be inaccessible to children at all times.

Daily outdoor play must take place for all children unless the severity of the weather poses a safety or health hazard or if for a health related reason a child must remain indoors as documented by the child's parent, guardian or physician. Children shall play outdoors daily when weather and air quality conditions do not pose a significant health risk. Outdoor play for infants may include riding in a carriage or stroller; however, infants should be offered opportunities for gross motor play outdoors in a safe environment as well.

Weather that poses a significant health risk shall include wind chill at or below 25 degrees F and heat index as identified by the National Weather Service, see <http://www.weather.gov/media/unr/heatindex.pdf> for more information. Air quality conditions that pose a significant health risk shall be identified by announcements from local health authorities or through ozone (smog) alerts. Children with respiratory health problems such as asthma shall not play outdoors when local health authorities announce that the air quality is approaching unhealthy levels.

Please be aware outdoor play environments must be safe and children must be actively supervised at all times, both while inside and outside. This includes protection from environmental hazards such as ponds or other bodies of water, traffic as well as protection from children wandering off or becoming lost. If you have questions about how to provide for safe outdoor play, your consultant can assist you.

CONSULTANTS WILL BE LOOKING FOR:

- ✓ A written schedule of daily activities
- ✓ Evidence daily activities are being completed.

Training and assistance on the development of appropriate daily activities will be available through the Indiana Association of Child Care Resource and Referral (IACCRR) and your local Child Care Resource and Referral agency.

Safe Conditions: The new laws also require that your program have and maintain a written policy describing how you maintain safe conditions in your child care facility or home. This policy must also include what steps will be taken to ensure the safety of motor vehicles used to transport children (if applicable).

These written policies and any changes to this policy must;

- ✓ Be submitted to the Office of Early Childhood and Out-of-School Learning
- ✓ Posted in a public location in the facility or home.
- ✓ Provided to the parent or guardian of each child in your care.

HELPFUL TIPS FOR DEVELOPING A TRANSPORTATION AND SAFETY POLICY

Below are samples of information you may want to include in your safety policy.

Transportation Safety Policy (for programs who do not transport children regularly)

- Our child care does not provide transportation to school or other extra-curricular activities. Occasionally we take field trips and parents are always invited to participate.
- Child/staff ratios will be maintained at all times and only qualified adult licensed drivers will transport children. Drivers will follow all Indiana laws and will not use cell phones at any time while in the vehicle.
- If children are transported for field trips, you will always know prior to the trip and permission slip must be signed by a parent or guardian.
- Children will always be restrained in proper car seats and/or seat belts and at no time will a vehicle exceed the recommended capacity.
- Children will not be left unattended. Upon returning from each trip, the bus/van/car will be inspected to ensure no children are still on board.
- We have automobile insurance covering transportation of children for our child care business.
- All vehicles used for transportation will be maintained in safe condition.

Transportation Safety Policy (for programs transporting children regularly)

- Our child care will provide transportation to *(add details as applicable)*.
- We will only transport children if we have a permission slip signed by a parent or guardian.
- Child/staff ratios will be maintained at all times and only qualified adult licensed drivers will transport children. Drivers will follow all Indiana laws and will not use cell phones at any time while in the vehicle.
- Children will always be restrained in proper car seats and/or seat belts and at no time will a vehicle exceed the recommended capacity.
- Children will not be left unattended. Upon returning from each trip, the bus/van/car will be inspected to ensure no children are still on board.
- We have automobile insurance covering transportation of children for our child care business.
- All vehicles used for transportation will be maintained in a safe condition.

Transportation Safety Policy (for programs who DO NOT transport anytime)

- The provider (applicant) must add a clear statement to their Safe Condition Policy stating transportation is *never* provided for children in their care.

Safe Conditions Policy

Consider the following when developing your Safe Condition Plan:

- How you will ensure children are actively supervised with the required number of qualified caregiver?
- How will you ensure children are safe during home/facility repairs and remodeling?
- How will you ensure the inside of your facility/home does not have any safety hazards such as broken toys or furnishings, exposed electrical outlets or wires, open stair cases, fall hazards, or other unsafe conditions?
- How will you ensure the outside of your facility/home does not have any safety hazards such as broken equipment, exposed or rusty nails or screws, broken glass or other dangerous trash, fall or tripping hazards and other unsafe conditions or materials in the play area?
- What steps will you take to maintain the child care in clean and sanitary conditions at all time?
- How often will toys, furniture and other equipment used by children be cleaned and sanitized?
- How will you safely evacuate children in the event of a fire or other threat?
- Where will you take children in the event of a severe weather emergency? And how will this be done?
- How will you address "stranger danger" with the children in your care?
- What routine steps will you take to ensure your environment, both indoors and outdoors, is safe?

Number of Qualified Adult Caregivers Required if none of the Additional Regulations below apply.

To use this chart you must know the ages of the children enrolled in your program. For example, if you have 3 infants under 16 months of age and 5 children aged 16 months and older, locate the number 3 on the left-hand side and locate the number 5 on the top. Then look for the place where the two lines intersect (circled on this chart). After you locate this number, you must also take into consideration the additional regulations below. If none of these additional regulations apply, then you must have one (1) qualified caregiver.

*Additional Regulations under 470 IAC 3-1.1

If you care for children between the ages of birth to 24 months, you may have a ratio of 6 children to 1 (6:1) qualified adult caregiver but only if two (2) of the six (6) children are at least sixteen (16) months of age and walking. Otherwise the ratio for Infant/Toddler (birth to 24 months) Mixed Age Group is 4:1.

The only time the 12:1 ratio applies is when all children present are over the age of three (3).

Tips for Creating a Safe Sleep Environment for Infants in Child Care

This checklist can serve as a basis for assessing the safe sleep environment for caregivers of infants. This information is based on American Academy of Pediatrics standards and the publication *Caring for Our Children* and applies to **infants under 1 year of age**. You are encouraged to attend the training, Safe Sleeping Practices and Reducing the Risk of SIDS in Child Care, offered through your local child care resource and referral agency (<http://iacrr.org>), to learn the most recent research-based practices.

Assess the sleep environment:

- The Infant is always placed to sleep on a firm sleep surface, such as a safety-approved crib mattress, in a safety-approved crib, porta-crib, or play yard (check with what licensing allows)
- The mattress fits snugly in the crib
- The fitted crib sheet fits tightly around the mattress
- The infant is never placed to sleep on a sofa, chair, or adult bed
- There is no soft or loose bedding, such as a quilt, placed underneath the infant
- All blankets, pillows, quilts, and bumpers are kept out of the infant's sleep area
- Nothing covers the infant's face (i.e., bibs)
- Crib gyms, crib toys, mobiles, mirrors, and all objects/toys are prohibited in or attached to an infant's crib
- Stuffed animals, stuffed toys, and loose bedding are kept out of the sleep area
- There is no smoking in the program
- The infant is kept away from any area where smoking has occurred
- The sleeping infant is not overheated by a room temperature that is too high or by too many layers of clothing
- There is a medical waiver on file that is signed by a doctor and lists the medical reason for a sleep position other than on the back for all infants who require an alternate position

Be sure to follow these important rules of infant care:

- ✓ Infants under one year of age are always **placed on their backs to sleep**, for naps and at night
- ✓ Instead of a blanket, the infant is placed to sleep in sleep clothing such as a one-piece sleeper
- ✓ When the infant is awake and **being watched by a caregiver**, it is desirable to place him or her on the stomach for "tummy time." (Tummy time helps infants achieve developmental milestones.)
- ✓ Shall not use products such as wedges etc. that are intended to control the position of the infant in sleep as these have not been sufficiently tested for effectiveness or safety).
- ✓ If the infant falls asleep in another surface (carrier, car seat, swing) they should be immediately removed and placed in a safety approved crib, porta-crib or pack and play
- ✓ Do not swaddle infants using blankets. Swaddling is not recommended in child care.
 - If you do swaddle infants under 3 months then use a safe swaddler according to manufacturer specifications and not a blanket
- ✓ The infant is not placed to sleep with a bottle

In addition:

- ✓ **Pacifier use:** Consider offering a clean dry pacifier when placing the infant down to sleep for naps or at night
 - The pacifier does not need to be re-inserted if it falls out
 - If infant refuses the pacifier, he or she should not be forced to take it
 - For breastfed infants delay pacifier use until 1 month of age to ensure good onset of breastfeeding
 - The pacifier should not be coated in any solution. Pacifier should be cleaned often and replaced regularly
 - The pacifier should not be clipped or attached to the infant or the crib (strangulation hazard)

- ✓ Develop and follow a policy regarding sleep position in your child care setting
- ✓ Discuss your policy with parents before enrollment
 - It is recommend that parents sign the policy
 - Provide safe-sleep-related educational resource materials for parents
- ✓ Develop a schedule to check for recalls of infant products. *Consumer Product Safety Commission at: <http://www.cpsc.gov>*

Does your Crib Meet New Safety Standards?

From the Federal Rule:

"[b] beginning June 28, 2011, all cribs manufactured and sold (including resale) must comply with new and improved federal safety standards. The new rules, which apply to full-size and non-full-size cribs, prohibit the manufacture or sale of traditional drop-side rail cribs, strengthen crib slats and mattress supports, improve the quality of hardware and require more rigorous testing." CPSC's crib rule includes a standard for full-size cribs (**16 CFR part 1219**) and a standard for non-full-size cribs (**16 CFR part 1220**).

Some things you should know:

- All family child care homes (licensed or license-exempt), child care centers, and unlicensed registered child care ministries must use compliant cribs.
- As of June 28, 2011 all cribs manufactured and/or distributed in the United States must comply with new standards.
- Cribs manufactured before July 23, 2010 are not likely to be compliant.
- Cribs manufactured between July 24, 2010 and June 27, 2011 are not guaranteed to be compliant either.
 - A certificate of compliance must be kept on file for these cribs
- **NO** drop-side crib will be compliant with the new standards, even if it has an "immobilizer" or "fix-it" kit.

New Play Yard standards:

Effective Feb 28, 2013, play yards manufactured or imported for sale in the US must meet new and improved federal safety standards (**16 CFR 1221**).

For Play Yards: (Check with what licensing allows)

- Side rails should not form a sharp V when the product is folded. This prevents a child from strangling in the side rail.
- Corner brackets should be strong in order to prevent sharp-edged cracks and to prevent a side-rail collapse
- The mattress should be sturdy on the play yard floor to prevent children from getting trapped or hurt
- There should be no tears in mesh or fabric
- No missing, protruding, or loose screws, rivets, bolts, or hardware
- In good repair (if it is broken do not use it) and has not been recalled
- No cracks or stress whitening in plastic parts (especially corner brackets)

Training Resources

The level of education and training received by teachers/caregivers is one of the most important indicators of a high quality early childhood program. Research has shown the education and training of caregivers/teachers is directly related to positive child outcomes including improved child health, safety, social and emotional development and school readiness.

Training Requirements:

The provider (applicant) must complete at least 12 hours of training annually, unless the provider is related to every child in their care, which:

- ✓ Is appropriate to the age of the children in the providers care
- ✓ Is documented by Training Certificates
 - Training Certificates must include:
 - The title and date of the training
 - The number of clock hours of the training
 - The trainer's name, organization and qualifications
 - The content area of the training

The required training may include but is not limited to:

- ✓ OECOSL approved child abuse detection and prevention (this training must be taken within three (3) months of employment or volunteering).
- ✓ Positive classroom management and discipline.
- ✓ Developmentally appropriate practices and curriculum.
- ✓ Child development including the use of appropriate screenings
- ✓ Health, nutrition, sanitation, and safety
- ✓ cardiopulmonary resuscitation (CPR)
- ✓ safe sleeping practices
- ✓ shaken baby syndrome
- ✓ communicable diseases and immunizations
- ✓ supporting children with special needs

Providers who are related to each child in their care must still take CPR, First Aid and Child Abuse Detection and Prevention.

Directors may offer trainings to their staff on subject matter that they are qualified in and must document each training with a training certificate that includes all of the required information.

Trainings online or through a video must also be documented with a training certificate which includes the required information. If the training organization/trainer does not offer training certificates, the director/owner must document the same information as required on a training certificate and the person receiving the training must write a summary of what was learned.

How do you document these trainings?

Training certificates must be maintained in each staff member's file. These files must be kept onsite and be made available to the State on request.

- Training hours will be prorated for the first year based on the effective date of the new laws (July 1, 2015) and the month of your inspection.
 - For example, if your inspection is in August each staff member will be required to have one hour of training. If your inspection is in September, each staff member must have two hours, and so on. For year two, each provider must have the full twelve (12) hours by the date of your inspection.
- The training requirements for new staff members will be prorated based on the individuals start date.

Training received within the past 12 months of your inspection will count towards the training requirements. First aid/CPR can be counted in the twelve hours, but the same training will not be counted more than once within one year. A duplicate training will not be counted in subsequent years unless the training is designed as a refresher or has been required or recommended by an OECOSL consultant to address observed non-compliances.

- For example, the required First Aid and CPR training and the Safe Sleep Refresher courses

HEALTH AND SAFETY ORIENTATION TRAINING FOR CCDF PROVIDERS

As part of the federal Child Care and Development Block Grant Act 2014, states must require health and safety pre-service or orientation training for CCDF providers. **The new law requires this training for all caregivers (including volunteer caregivers, and anyone else included in child staff ratio), teachers, and directors in 10 specific health and safety topic areas and recommends training in child development.** All Licensed Centers and Licensed Homes, Unlicensed Registered Ministries certified for CCDF, and legally license exempt providers must meet the requirements.

The intent of the training is to support basic health and safety standards designed to prevent harm to children. If applicable, individuals may be able to use their existing certificates and credentials to help meet the training requirements. In most cases the required training in health and safety can be applied toward the annual training hours needed for licensing, PES, and Paths to QUALITY™ as well.

Your local Child Care Resource and Referral agency **(1-800-299-1627)** can help you to understand and meet the training requirements.

REQUIRED HEALTH AND SAFETY TRAINING TOPIC AREAS

There are 10 required training topic areas, in addition to the recommended Domains of Child Development. The training will support basic health and safety standards designed to prevent harm to children. Training in each applicable topic area, appropriate to the provider setting and age of children served, is needed to complete the requirement for health and safety orientation training.

1. Prevention and Control of Infectious disease (including immunizations)
2. Administration of medication consistent with standards for parental consent
3. Prevention and response to emergencies due to food and allergic reactions
4. Building and physical premises safety, including identification of and protection from hazards, bodies of water, and vehicular traffic
5. Emergency preparedness and response planning for emergencies resulting from a natural disaster, or a man-caused event (such as violence at a child care facility), within the meaning of those terms under section 602(a)(1) OF THE Robert T. Stafford Disaster Relief and Emergency Assistance Act.
6. Handling and storage of hazardous materials and appropriate disposal of bio-contaminants
7. Appropriate precautions in transporting children (if applicable)
8. Prevention of sudden infant death syndrome and use of safe sleeping practices (if applicable)
9. Recognition and reporting of child abuse and neglect; Prevention of shaken baby syndrome and abusive head trauma
10. First Aid and CPR Overview

11. Major domains of Child Development (recommended)

OPTIONS FOR MEETING THE REQUIREMENTS

A brand new online training course has been developed specifically for Indiana to help providers meet the new health and safety training requirements. The online course, *Introduction to the Early Childhood and Out of School Learning Profession*, will be available 24/7 through Training Central at no cost beginning in late-June 2016. The three module course is designed to meet all the health and safety training topics- with the exception of Recognition and Reporting of Child Abuse and Neglect which is already approved and available through local Child Care Resource and Referral Agencies. An optional Module 4 will be available in August 2016 focusing on child development for school agers which can be taken in lieu of Module 1. A face to face training version of Indiana's new online course will be available beginning in July 2016 through local Child Care Resource and Referral Agencies. The health and safety training hours can be applied toward meeting the required annual training hours needed for licensing, CCDF/PES, and Paths to QUALITY™ as well.

Individuals who have already earned degrees, certificates, credentials or completed higher education coursework may be able to use these as options to meet the training requirements in a health, safety, and/or child development topic area. In addition, individuals can use prior in-service training if the training is applicable toward meeting any of the required topic areas.

A list of approved options for meeting each Health and Safety topic area has been compiled. ***Please refer to the Health and Safety Training Approved Options List for more information at www.childcarefinder.in.gov or through local CCR&Rs or your Paths to QUALITY coach.*** The List includes applicable online webinar trainings available through Training Central and approved local training such as from Child Care Resource and Referral Agencies (CCR&R). Options for other online training courses such as the *Better Kid Care* courses available through Penn State Extension and the *Healthy Futures Project* courses available through the American Academy of Pediatrics are included.

The List is not exhaustive and will be updated as new options are identified and approved. Individuals can refer to this List and choose from the approved health and safety training options listed by topic area that will meet the requirements. There are many training options on the list that are available at little or no cost. Some training options will apply toward multiple topics. Indiana T.E.A.C.H. scholarships are available for higher education coursework or CDA credentials.

If an individual is certified in First Aid and CPR they will meet the requirement for the topic area - *First Aid and CPR Overview*, however, certification in First Aid and CPR is not required.

The current state mandated and approved training in Recognition and Reporting of Child Abuse and Neglect available through local Child Care Resource and Referral Agencies and Training Central will meet the requirement for the topic area -*Recognition and reporting of child abuse and neglect; Prevention of shaken baby syndrome and abusive head trauma.*

Likewise, the current state mandated and approved training in SIDS and Safe Sleep available through local Child Care Resource and Referral Agencies and Training Central will meet the requirement for the topic area -*Prevention of sudden infant death syndrome and use of safe sleeping practices.*

If an individual has taken equivalent training that they believe meets a required topic area but the training is not on the *Health and Safety Training Approved Options List*, they should contact their local CCR&R for assistance. The individual will need to submit a copy of their transcript or training certificate, and the training's content/subject and objectives, the date of the training, name and credentials of the trainer/or the training organization, the type of training, and the number of clock hours of training in the required topic area. A process has been established to review and approve requests on an individual basis.

TIMELINE AND PROCESS FOR MEETING REQUIREMENTS

All caregivers (including volunteer caregivers, and anyone else included in child staff ratio), teachers, and directors in Licensed Centers, Licensed Homes, Unlicensed Registered Ministries certified for CCDF, or legally license exempt providers, must meet the staff health and safety training requirements **by 9/30/16**. New staff will need to complete the required health and safety orientation training prior to employment or within 3 months of caring for children.

Each individual staff person should refer to the *Health and Safety Training Approved Options List* and to their training file to determine if their existing professional development and training documentation meets the requirements for each topic area or if additional training will be needed prior to 9/30/16. An optional *checklist tool* has been developed to help with the individual review process. Some training options will apply toward multiple topics.

Supporting documentation must be maintained to demonstrate compliance with the health and safety training requirements and so that caregivers, teachers, and directors will not need to repeat the orientation training if they change employment. Documentation may include training certificates, transcripts, curriculum schedules from Early Childhood/Child Development degree programs, or other appropriate evidence. The supporting documentation should be placed in the individual's professional development file and be available for review. In-service training information used for documentation must include:

- Date of training
- Name and credentials of the trainer/or the training organization
- Content/subject of the training
- Type of training
- Number of clock hours of training in content area

MONITORING COMPLIANCE

OECOSL staff will begin checking for staff compliance with the health and safety training requirements beginning 10/1/16 during regular annual inspections. If a non-compliance is cited, the provider will be given 14 calendar days to submit a written plan to their OECOSL consultant or PES inspector on how the provider will correct the insufficiency and come into compliance with the new training requirement.
