

| | 1. Product and Company | Identification | |
|---|--|--|--|
| Product identifier | Liquid Ice Machine Cleaner (4207-08, 4207-47, 4834-C7, 4834-08) | | |
| Other means of identification | Not available | | |
| Recommended use | Cleaning scale from ice machines | | |
| Recommended restrictions | None known. | | |
| Manufacturer information | Nu-Calgon 2611 Schuetz Road St. Louis, MO 63043 US Phone: 314-469-7000 / 800-554-5499 Emergency Phone: 1-800-424-9300 (Ch | HEMTREC) | |
| Supplier | See above. | | |
| | 2. Hazards Identific | cation | |
| Physical hazards | Corrosive to metals | Category 1 | |
| Health hazards | Skin corrosion/irritation | Category 1 | |
| | Serious eye damage/eye irritation | Category 1 | |
| Environmental hazards | Not classified. | | |
| WHMIS 2015 defined hazards Label elements | Not classified | | |
| Signal word Hazard statement | Danger Causes severe skin burns and eve dam | age. May be corrosive to metals. | |
| Hazard statement | Causes severe skin burns and eye dam | age. May be corrosive to metals. | |
| Precautionary statement | | | |
| Prevention | Do not breathe mist or vapor. Wash thou clothing, eye protection and face protect | roughly after handling. Wear protective gloves, protective tion. Keep only in original packaging. | |
| Response | vomiting. IF ON SKIN (or hair): Take off water or shower. Wash contaminated cl fresh air and keep comfortable for breat Specific treatment (see information on tl | age. IF SWALLOWED: Rinse mouth. Do NOT induce immediately all contaminated clothing. Rinse skin with othing before reuse. IF INHALED: Remove person to hing. Immediately call a POISON CENTER or doctor. his label). IF IN EYES: Rinse cautiously with water for es, if present and easy to do. Continue rinsing. | |
| Storage | Store locked up. Store in a corrosion res | sistant container with a resistant inner liner. | |
| Disposal | Dispose of container in accordance with | local, regional, national and international regulations. | |
| WHMIS 2015: Health Hazard(s) not otherwise classified (HHNOC) | None known | | |
| WHMIS 2015: Physical Hazard(s) not otherwise classified (PHNOC) | None known | | |
| Hazard(s) not otherwise classified (HNOC) | None known. | | |
| Supplemental information | Not applicable. | | |
| | 3. Composition/Information | on Ingredients | |
| Mixture | - | | |
| | | CAS number % | |

| Chemical name | Common name and synonyms | CAS number | % |
|-----------------|--------------------------|------------|--------|
| Phosphoric acid | | 7664-38-2 | 65-85* |

All concentrations are in percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

| | 4. First Aid Measures |
|--|---|
| Inhalation | IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER or doctor. |
| Skin contact | IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse. Immediately call a POISON CENTER or doctor. Specific treatment (see information on this label). |
| Eye contact | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor. |
| Ingestion | IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER of doctor/physician. |
| Most important symptoms/effects, acute and delayed | Burning pain and severe corrosive skin damage. Causes serious eye damage. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result. |
| Indication of immediate medical attention and special treatment needed | Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed. |
| General information | Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves. |
| | 5. Fire Fighting Measures |
| Suitable extinguishing media | Treat for surrounding material. |
| Unsuitable extinguishing media | Do not use water jet as an extinguisher, as this will spread the fire. |
| Specific hazards arising from the chemical | During fire, gases hazardous to health may be formed. |
| Special protective equipment and precautions for firefighters | Self-contained breathing apparatus and full protective clothing must be worn in case of fire. |
| Fire-fighting equipment/instructions | Move containers from fire area if you can do so without risk. |
| Specific methods | Use standard firefighting procedures and consider the hazards of other involved materials. |
| General fire hazards | No unusual fire or explosion hazards noted. |
| Hazardous combustion products | May include and are not limited to: Oxides of phosphorus. Hydrogen gas. |
| | 6. Accidental Release Measures |
| Personal precautions, protective equipment and emergency procedures | Keep unnecessary personnel away. Keep out of low areas. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not breathe mist or vapor. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS. |
| Methods and materials for | Stop the flow of material, if this is without risk. Should not be released into the environment. |
| containment and cleaning up | Large Spills: Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Prevent entry into waterways, sewer, basements or confined areas. Following product recovery, flush area with wate |
| | . Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination. |
| | Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS. |
| Environmental precautions | Prevent further leakage or spillage if safe to do so. Do not contaminate water. Avoid discharge into drains, water courses or onto the ground. |
| | 7. Handling and Storage |
| Precautions for safe handling | Avoid contact with eyes, skin and clothing. Do not breathe mist or vapor. Avoid prolonged exposure. Provide adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices. Use care in handling/storage. |
| Conditions for safe storage, including any incompatibilities | Store locked up. Keep container tightly closed. Store away from incompatible materials (see Section 10 of the SDS). |

Not available.

Thermal hazards General hygiene considerations

Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. Physical and Chemical Properties

| Appearance | Clear |
|--|---|
| Physical state | Liquid. |
| Form | Liquid |
| Color | Colorless |
| Odor | Odorless |
| Odor threshold | Not available. |
| рН | < 1 (concentrate) |
| Melting point/freezing point | Not available. |
| Initial boiling point and boiling range | 500 °F (260 °C) |
| Pour point | Not available. |
| Specific gravity | Not available. |
| Partition coefficient (n-octanol/water) | Not available |
| Flash point | Not available |
| Evaporation rate | Not available |
| Flammability (solid, gas) | Not applicable. |
| Upper/lower flammability or expl | osive limits |
| Flammability limit - lower (%) | Not available |
| Flammability limit - upper (%) | Not available |
| Explosive limit - lower (%) | Not available. |
| Explosive limit - upper (%) | Not available. |
| Vapor pressure | 0.03 mmHg |
| Vapor density | Not available |
| Relative density | 1.584 |
| Solubility(ies) | Complete |
| Auto-ignition temperature | Not available |
| Decomposition temperature | Not available. |
| Viscosity | Not available. |
| | 10. Stability and Reactivity |
| Reactivity | Reacts vigorously with alkaline material or metals. |
| Possibility of hazardous reactions | No dangerous reaction known under conditions of normal use. |
| Chemical stability | Material is stable under normal conditions. |
| Conditions to avoid | Reacts violently with strong alkaline substances. This product may react with reducing agents. Do not mix with other chemicals. |
| Incompatible materials | This product may react with reducing agents. Do not mix with other chemicals. |
| Hazardous decomposition products | May include and are not limited to: Oxides of phosphorus. Hydrogen gas. |

11. Toxicological Information

| Routes of exposure | Inhalation. Ingestion. Skin contact. Eye contact. |
|--------------------------------|---|
| Information on likely routes o | f exposure |
| Ingestion | Causes digestive tract burns. |
| Inhalation | May cause irritation to the respiratory system. |
| Skin contact | Causes severe skin burns. |
| Eye contact | Causes serious eye damage. |

Symptoms related to the physical, chemical and toxicological characteristics

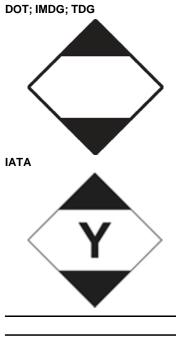

Burning pain and severe corrosive skin damage. Causes serious eye damage. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result.
