

Utilizing GIS to Connect Hoosiers to Local Food and Meal Distributions

Megan Lisch - FSSA

Irv Goldblatt - GIO

11:15 am - Noon

Bio:

Megan Lisch - Megan serves as the Special Projects Director for FSSA, where she supports the agency's Office of Healthy Opportunities and WISE Indiana state-academic partnership. Megan is a recent graduate of the IU Richard Fairbanks School of Public Health, where she received her MPH in Health Policy and Management.

Irv Goldblatt - Long time GIS User in State Government is Technology Manager in IOT/GIO Office. His duties include teaching the Desktop GIS classes and managing software and server environments. Irv will be retiring December 30, 2021

Abstract:

This presentation will provide an overview of the project, including map details, key lessons learned, what's next, and recommendations for stage agencies to utilize similar maps for projects. The session will be led by the map's project team, which includes individuals from Indiana Family and Social Services Administration, as well as the Geographic Information Office.
