Memorandum: Executive Order 25-23

Date: January 13, 2026
To: Governor Mike Braun
From: E. Mitchell Roob Jr., Secretary, Indiana Family and Social Services Administration
Subject: Executive Order 25-23: Indiana PathWays for Aging Key Performance Indicators

Indiana PathWays for Aging – Key Performance Indicators – Effective July 1, 2026

The Indiana PathWays for Aging program has developed a comprehensive suite of Key Performance Indicators (KPIs) in response to Governor Braun’s Executive Order 25-23 (“EO 25-23”), which directs state agencies to improve price affordability in healthcare. These KPIs are intended to measure progress in assessing quality of care and patient outcomes for Hoosier seniors.

This work is driven by Governor Braun’s strong commitment to outcomes-based, data-driven decision-making and his vision for a more transparent and accountable system of care. We extend our sincere appreciation for Governor Braun’s leadership and dedication to ensuring that policy decisions are grounded in clear, actionable data—principles that have guided the development of these KPIs.
