<p>SCHEDULE H, PART V, SECTION B, LINE 5 - INPUT FROM PERSONS WHO REPRESENT BROAD INTERESTS OF COMMUNITY SERVED</p>	<p>Facility Name: Ascension St. Vincent Fishers</p> <p>Description: Recognizing its vital importance to understanding the health needs and assets of the community, Ascension St. Vincent Fishers consulted with a range of public health and social service providers that represent the broad interests of residents of Hamilton County. Multiple methods were used to gather community input, including community input meetings, a hospital input meeting with hospital staff, and key informant interviews. A summary of the process and results is outlined below.</p> <p>Two community input meetings were conducted in May 2021 to gather feedback on the health needs and assets of Hamilton County. More than fifty individuals were invited to participate in the Hamilton County community input meetings and thirty both attended and completed a post-meeting survey to identify significant community needs. Organizations that have a fundamental understanding of Hamilton County's health needs, specifically among those who are medically underserved, low-income and minority populations, were invited to attend. The organizations invited were as follows: Aspire Indiana Health, HAND, Breathe Easy Hamilton County, Heart and Soul Free Clinic, Carmel Clay School District, HOPE Family Care Center, CICOA Aging and In-Home Solutions, Meals on Wheels Hamilton County, City of Noblesville (Common Council), Noblesville Chamber of Commerce, City of Noblesville (Mayor's Office), Noblesville Schools, Fishers Health Department, Prevail of Hamilton County, Good Samaritan Network of Hamilton County, PrimeLife Enrichment, Hamilton County Community Foundation, Shepherd's Center of Hamilton County, Hamilton County Council on Alcohol and Other Drugs, Sheridan Community Schools, Hamilton County Government, St. Elizabeth Seton Parish, Hamilton County Harvest Food Bank, The Villages Healthy Families, Hamilton County Head Start, Trinity Free Clinic, and Hamilton County Health Department.</p> <p>Additionally, a meeting was conducted in January 2022 to gather feedback from hospital staff on the health needs and assets of Hamilton County. Hospital staff from both Ascension St. Vincent Carmel and Ascension St. Vincent Fishers participated in the meeting. Five individuals participated. These staff included discharge planners, community navigators, social workers, primary care providers, and administrators.</p> <p>Finally, an interview was conducted with a local public health department representative to obtain subject-matter expertise regarding health needs in Hamilton County. Questions focused, first, on identifying and discussing health issues in the community before the COVID-19 pandemic began. Questions then focused on the pandemic's impacts and on what has been learned about the community's health given those impacts.</p> <p>The organizations invited to participate represented a variety of vulnerable populations, which included individuals who are medically underserved, living in poverty, struggling to meet basic needs, experiencing addiction, seeking government assistance, victims of domestic violence and/or neglect, senior citizens, and/or experiencing racial/ethnic health disparities. Additionally, the Hamilton County Public Health Department represented the needs of these vulnerable populations via their public health expertise.</p>

<p>SCHEDULE H, PART V, SECTION B, LINE 11 - HOW HOSPITAL FACILITY IS ADDRESSING NEEDS IDENTIFIED IN CHNA</p>	<p>Facility Name: Ascension St. Vincent Fishers - PART 1</p> <p>Description: As a result of Ascension St. Vincent Fishers most recent CHNA, the following needs were identified as significant in the community: substance abuse, mental health, older adults &amp; aging, access to health services, and tobacco use. The hospital's FY20-22 implementation strategy addresses the prioritized health needs of mental health and access to health services, with the addition of the system-wide health improvement priority of nutrition &amp; weight status - food security, through the following system-wide health improvement priority strategies:</p> <p>1) Access to Health Services - The goal of the initiative is to increase the number of people enrolled in Medicare or Medicare Savings programs. This will be accomplished through an evidence-based strategy called Pathways, which is utilized by the hospital's health advocates, who educate people interested in these programs about their options and assist with the application and submission process. The SMART objective is as follows: By June 30, 2022, the hospital will increase its FY20 baseline number of enrollments for the Medicare and Medicare Savings Program by 2.5%. During FY22, the hospital dedicated \$7,524 in community benefit to this initiative and assisted 1 person with obtaining Medicare and/or Medicare Savings insurance (FY20 baseline = 0, FY22 goal = 1, FY22 goal attainment = achieved).</p> <p>2) Food Security - The goal of the initiative aligns with the Healthy People 2020 goal to eliminate very low food security among children. The strategy focuses on encouraging schools and/or school districts to adopt a school-wide or district wide policy designed to increase student availability and participation in the scientifically supported school breakfast program. The target population are schools with less than 70% of students who eat free or reduced-price lunch also eating breakfast at school. To accomplish this, the system partnered with the national organization, No Kid Hungry, and other local organizations to launch the initiative. The hospital works with a food service director of a school and/or districts to support breakfast after the bell models and/or universal free school meal options. The SMART objective is as follows: The hospital will partner with a school and/or a school district to increase the percentage of students who eat free/reduced-priced lunch also eating breakfast in the School Breakfast Program by 2% from the baseline established at the beginning of FY21 until the end of FY22 (June 30, 2022). However, due to the unanticipated, significant impact COVID-19 had on schools, the scope of the initiative was expanded to include all school nutrition programs, in addition to the school breakfast program. Consequently, during FY22, Ascension St. Vincent Fishers dedicated \$5,000 in community benefit to this initiative by collaborating with Ascension St. Vincent Anderson to support Valley Grove Elementary's food pantry, weekend feeding program, and student snacks. Additionally, during FY22, results from the hospital's first year of the initiative were analyzed. During this time, ASV Fishers and ASV Heart Center worked with Sheridan Community Schools. Results showed that after four months of implementation of the Grab and Go model, which utilized carts stocked with pre-made breakfast options and placed in high traffic areas, there was an increase in the SBP from 11% to 16% among middle school students and 10% to 14% among high school students, which is a 45% and 40% increase, respectively. Therefore, ASV Fishers and ASV Heart Center met the original goal to increase school breakfast participation by 2%*.</p> <p>3) Mental Health - The goal of the initiative is to increase the number of community members that are trained in the evidence-based Mental Health First Aid (MHFA) curriculum to identify individuals who are experiencing mental health /substance issues. The strategy consists of the hospital offering at least one MHFA training to the community at no charge during the reporting year. The target population is community members who want to be trained as MFHA "first aiders". To accomplish this, the hospital works with certified MHFA instructors and local community mental health and service organizations. The SMART objective is as follows: By June 30, 2022, the hospital will increase the number of community members trained to identify individuals experiencing mental health /substance issues by the end of FY 2022. During FY22, Ascension St. Vincent Fishers hosted a MHFA training for eight individuals.</p> <p>Addressing Needs in Current CHNA Cycle (FY23-25)</p> <p>In Ascension St. Vincent Fishers most recent CHNA, the following were identified as significant needs in the community: Access to Care; Alcohol Misuse; COVID-19 Pandemic; Mental Health Status and Access to Mental Health Services; Services for Seniors; and Substance Use Disorders and Overdoses. The FY2023-2025 Implementation Strategy specifically addresses Access to Care, Mental Health, and Substance Use Disorders, in following ways:</p> <p>Access to Care - The goal of the initiative is to increase access to comprehensive, high-quality health care services (Healthy People 2030). The hospital will do this through various strategies, which includes the evidence-based approach called Pathways, utilized by the hospital's health advocates, to assist individuals access various health, human, and social services. Specifically, the hospital will focus on increasing the proportion of people with a usual primary care provider by doing the following: 1) increasing the number of patients established with a medical home by 2.0% each year, amongst individuals who complete a Medical Home Pathway, from baseline established in FY2023, and 2) increasing the number of self-pay/charity Emergency Department patients connected with a provider by 5.0%, from baseline established in FY2023. Also, the hospital will focus on increasing the proportion of people with health insurance by 5.0% each year, amongst individuals who complete an enrollment pathway, from baseline established in FY2023. Finally, in an effort to work collaboratively with community groups and organizations, the hospital will strengthen community engagement by supporting coalitions and implementing partners to improve access to care.</p> <p>Mental Health - The goal of the initiative is to improve mental health (Healthy People 2030). The strategy is based on the HP2030 Mental Health and Mental Disorders objective: Reduce the suicide rate (MHMD-01). The hospital will collaborate with the Ascension St. Vincent Stress Center, to offer at least one QPR (Question, Persuade, Refer) training to the community at no charge by the end of the implementation strategy cycle. The target population will include community members, first responders, educators, students, and faith-based organizations. Additionally, this initiative includes a community engagement objective. The hospital will strengthen community engagement to expand the reach of evidence-based programs, advocacy, and/or services through financial support, facilitation, and/or promotion to improve mental health.</p> <p>Substance Use Disorders - The goal of this initiative to reduce misuse of drugs and alcohol (Healthy People 2030). The strategy is based on the HP2030 Substance Use objective to increase the proportion of people with substance use disorder who got treatment in the past year (SU-01). To do so, the hospital will develop a process to partner with community providers to enhance care coordination for persons with mental health and substance use disorder. Collaborators will include community crisis support centers, community halfway houses, first responders, and emergency departments. Additionally, this initiative includes a community engagement objective. The hospital will strengthen community engagement to expand the reach of evidence-based programs, advocacy, and/or services through financial support, facilitation, and/or promotion to reduce the misuse of drugs of alcohol.</p>

<p>SCHEDULE H, PART V, SECTION B, LINE 11 - HOW HOSPITAL FACILITY IS ADDRESSING NEEDS IDENTIFIED IN CHNA</p>	<p>Facility Name: Ascension St. Vincent Fishers - PART 2</p> <p>Description: Ascension St. Vincent Fishers is committed to improving community health by directly, and indirectly, addressing community needs. However, certain factors impact the hospital's ability to fully address all of the identified needs. The needs listed below are not included in the Ascension St. Vincent Fisher's implementation strategy for the following reasons:</p> <p>COVID-19 Pandemic - The hospital, together with Ascension Medical Group (AMG), a physician-led provider organization, continues to provide treatment for community members diagnosed with COVID-19, as it has done since the beginning of the pandemic. As federal, state, and local authorities are providing leadership for prevention and surveillance activities, the hospital will not directly address the COVID-19 pandemic in the current Implementation Strategy.</p> <p>Senior Services - The hospital, together with AMG, works collaboratively with the Ascension St. Vincent - Center for Healthy Aging to support older adults as they cope with complex health problems that can be associated with aging. Additionally, the hospital remains committed to partnering with community groups to address these identified health needs and will continue to seek opportunities to do so. As federal, state, and local authorities, as well as community-based organizations, are working to address needs of seniors, the hospital will not directly address this need in the current Implementation Strategy.</p> <p>While these needs are not the focus of this Implementation Strategy, Ascension St. Vincent Fishers may consider investing resources in these areas as appropriate, depending on opportunities to leverage organizational assets in partnership with local communities and organizations. Also, this report does not encompass a complete inventory of everything Ascension St. Vincent Fishers does to support health within the community.</p>

SCHEDULE H, PART I, LINE 3C - FACTORS OTHER THAN FPG	IN ADDITION TO FPG, THE ORGANIZATION USES MEDICAL INDIGENCY, ASSET TEST, INSURANCE STATUS AND RESIDENCY AS OTHER FACTORS IN DETERMINING ELIGIBILITY FOR FREE OR DISCOUNTED CARE. A PATIENT MAY NOT BE ELIGIBLE FOR THE FINANCIAL ASSISTANCE IF SUCH PATIENT IS DEEMED TO HAVE SUFFICIENT ASSETS TO PAY PURSUANT TO AN "ASSET TEST." THE ASSET TEST INVOLVES A SUBSTANTIVE ASSESSMENT OF A PATIENT'S ABILITY TO PAY BASED ON THE CATEGORIES OF ASSETS MEASURED IN THE FAP APPLICATION. A PATIENT WITH SUCH ASSETS THAT EXCEED 250% OF SUCH PATIENT'S FPL AMOUNT MAY NOT BE ELIGIBLE FOR FINANCIAL ASSISTANCE. AN ASSET TEST APPLIES IF A PATIENT HAS ELIGIBLE LIQUID ASSETS THAT EXCEED 250% OF THE PATIENT'S FPG LEVEL FOR CONSIDERATION OF FINANCIAL ASSISTANCE ELIGIBILITY. LIQUID ASSETS INCLUDE ASSETS THAT CAN BE CONVERTED TO CASH WITHIN 1 YEAR. THESE INCLUDE ITEMS SUCH AS CHECKING ACCOUNTS, SAVINGS ACCOUNTS, TRUST FUNDS AND LUXURY ITEMS SUCH AS RECREATIONAL VEHICLES, BOATS, A SECOND HOME, ETC.

THE ORGANIZATION USES A COST ACCOUNTING SYSTEM THAT ADDRESSES ALL PATIENT SEGMENTS (FOR EXAMPLE, INPATIENT, OUTPATIENT, EMERGENCY ROOM, PRIVATE INSURANCE, MEDICAID, MEDICARE, UNINSURED, OR SELF PAY). THE BEST AVAILABLE DATA WAS USED TO CALCULATE THE AMOUNTS REPORTED IN THE TABLE. FOR THE INFORMATION IN THE TABLE, A COST-TO-CHARGE RATIO WAS CALCULATED AND APPLIED.
SCHEDULE H, PART II - DESCRIBE HOW COMMUNITY BUILDING ACTIVITIES PROMOTE THE HEALTH OF THE COMMUNITY	RESEARCH SHOWS THAT SOCIAL DETERMINANTS AND QUALITY OF LIFE PLAY A MAJOR ROLE IN THE HEALTH STATUS OF INDIVIDUALS AND COMMUNITIES. SCHEDULE H, PART III, LINE 8 - DESCRIBE EXTENT ANY SHORTFALL FROM LINE 7 TREATED AS COMMUNITY BENEFIT AND COSTING METHOD USED	A COST TO CHARGE RATIO IS APPLIED TO THE ORGANIZATION'S MEDICARE GROSS CHARGES TO CALCULATE MEDICARE COSTS, WHICH ARE THEN COMPARED TO MEDICARE PAYMENTS RECEIVED, TO DETERMINE A MEDICARE GAIN OR LOSS. ASCENSION HEALTH AND ITS RELATED HEALTH MINISTRIES FOLLOW THE CATHOLIC HEALTH ASSOCIATION (CHA) GUIDELINES FOR DETERMINING COMMUNITY BENEFIT. CHA COMMUNITY BENEFIT REPORTING GUIDELINES SUGGEST THAT A MEDICARE SHORTFALL (LOSS) IS NOT TREATED AS COMMUNITY BENEFIT, EVEN THOUGH THE HOSPITAL HAS INCURRED LOSSES IN PROVIDING CARE TO MEDICARE PATIENTS.
