INDEPENDENT AUDITOR'S REPORT

To the Shareholders and Board of Directors
AMG 2.0 Holdco, Inc.
Lafayette, Louisiana

Opinion

We have audited the consolidated financial statements of AMG 2.0 Holdco, Inc, which comprise the consolidated balance sheets as of December 31, 2023 and 2022, and the related consolidated statements of income, changes in deficit, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of AMG 2.0 Holdco, Inc. as of December 31, 2023 and 2022, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AMG 2.0 Holdco, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AMG 2.0 Holdco, Inc's ability to continue as a going concern for one year from the date the consolidated financial statements are available to be issued.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AMG 2.0 Holdco, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AMG 2.0 Holdco, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business: The accompanying consolidated financial statements reflect the operations of AMG 2.0 Holdco, Inc. (“the Company”), its wholly owned subsidiaries, and consolidated affiliates. All significant intercompany account balances and transactions have been eliminated in consolidation. The subsidiaries and affiliated entities included in these consolidated financial statements consist of ten healthcare facilities and one management services company.

The Company is a provider of post-acute health care services. The Company’s long-term acute care hospitals provide a continued acute level of care for patients suffering complex medical conditions such as respiratory failure, ventilator dependence, complicated infections, chronic non-healing wounds, cardiac complications and surgical complications. The Company’s inpatient rehabilitation facilities provide intensive physical rehabilitation to patients who have suffered traumatic injury.

Principles of Consolidation: The accompanying consolidated financial statements include the accounts of the Company, which is comprised of the following entities:

- LTAC Hospital of Edmond, LLC
- Albuquerque – AMG Specialty Hospital, LLC
- Las Vegas – AMG Specialty Hospital, LLC
- Central Indiana – AMG Specialty Hospital, LLC
- Houma – AMG Specialty Hospital, LLC
- North Alabama – AMG Specialty Hospital, LLC (“NOA”)
- LTAC of Louisiana, LLC
- Covington-AMG Rehabilitation Hospital, LLC
- LTAC Hospital of Feliciana, LLC (“Feliciana”)
- Acadiana Management Group, LLC (management company)
- Lafayette Physical Rehabilitation Hospital, LLC (“LPRH”) (acquired January 2, 2022)
- AMG Tower, LLC (began operations September 21, 2023)
- PW Transport, LLC (began operations March 14, 2023)

All of the aforementioned entities are wholly owned subsidiaries of the Company, with the exception of Feliciana. Feliciana is consolidated within the operations of the Company as a variable interest entity (“VIE”) under the provisions of Accounting Standards Codification (“ASC”) 810, *Consolidation*. The Company determined that, through its management services agreement with the VIE, Acadiana Management Group, LLC has the power to direct the activities that most significantly impact its economic performance. The management services agreement allows the Company to provide management, administrative, billing, and other key services to the VIE. Additionally, through the management service agreement, the Company has the obligation to absorb losses that could potentially be significant to the VIE. Based on its assessment of this VIE, the Company has determined that it is the primary beneficiary of the VIE, and accordingly, their accounts have been included in the accompanying consolidated financial statements.

(Continued)

AMG 2.0 HOLDCO, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Previously, NOA was also consolidated as a VIE. However, on January 2, 2022, AMG 2.0 entered into a membership interest purchase agreement and purchased all of the issued and outstanding interests of NOA (see Note 2). For the fiscal year ended December 31, 2022, NOA was consolidated as a wholly owned subsidiary. On December 31, 2022, NOA entered into an asset purchase and unwind agreement to sell the property and equipment and inventory assets to an acquirer for total consideration of \$679,000.

There are no assets of the VIEs that were restricted to use as of December 31, 2023 and 2022. The consolidated financial statements include the following VIE information:

	<u>2023</u>	<u>2022</u>
ASSETS		
Cash and cash equivalents	\$ 840,817	\$ 1,803,794

Non-controlling interest	274,340	348,329
 Net income (loss)	 1,459,864	 1,791,393

*Eliminated in consolidation

Use of Estimates: The preparation of the consolidated financial statements conforming to accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates and those differences could be material.

(Continued)

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Significant estimates included in the preparation of the consolidated financial statements relate to the establishment of the reserve for contractual allowances, general and professional liability claims in excess of insurance coverage, estimates for Medicare and Medicaid cost report settlements, and the recoverability of long-lived assets and goodwill. Additionally, the fair value of the Company's common stock held by the Employee Stock Ownership Plan (ESOP) is a significant estimate and is particularly subject to change.

Cash and Cash Equivalents: Cash and cash equivalents consists of deposits with financial institutions for which balances, from time to time, may exceed federally insured limits ("FDIC"). Management believes any other risk is managed by maintaining the deposits in high quality financial institutions.

Restricted Cash: The Company maintains compensating balances with a financial institution as a requirement for obtaining a credit facility. As of December 31, 2023 and 2022, the Company had compensating balances of \$2,250,000 and \$900,000, respectively, recorded in restricted cash on the accompanying consolidated balance sheets. The compensating balances serve as collateral for the credit facilities and are subject to certain restrictions and limitations. Management believes that the Company is in compliance with all covenants related to the compensating balances as of the reporting date. However, failure to comply with these covenants could result in the financial institutions requiring the Company to maintain higher compensating balances or taking other actions that could have a material impact on the Company's financial position and results of operations.

Adoption of New Accounting Standards: In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) 326: *Measurement of Credit Losses on financial Instruments*. This ASU significantly changed how entities measure credit losses for most financial assets and certain other instruments that are not measured at fair value through net income. The most significant change in this standard is a shift from incurred loss model to the expected loss model. Financial assets held by the Company that are subject to the guidance of FASB ASC 326 were accounts receivable. The Company adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the consolidated financial statements.

Revenue Recognition: Patient service revenue is reported at the amount that reflects the consideration to which the Company expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, the Company bills the patients and third-party payors several days after the services are performed and/or the patient is discharged from the facility. Revenue is recognized as performance obligations are satisfied. Patients generally have 120 days to make acceptable payment arrangements.

Revenues from commercial and governmental payors and the transaction prices for the services provided are dependent upon the terms provided by governmental payors or negotiated with the commercial payors. The payment arrangements with third-party payors for the services the Company provides to the related patients typically specify payments at amounts less than the Company's standard charges. Management continually reviews the contractual estimation process to consider and incorporate updates to laws and regulations and the frequent changes in contractual terms resulting from contract renegotiations and renewals.

(Continued)

AMG 2.0 HOLDCO, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Company records revenues based upon the estimated amounts to which it expects to be entitled from third-party payors and private pay patients. Estimates of contractual allowances related to amounts owed by commercial payors are based upon the payment terms specified in the related contractual arrangements. Revenues related to private pay patients and patient copayment and deductible amounts may have discounts applied. The Company also records estimated implicit price concessions, based primarily on historical collection experience, related to private pay accounts to record revenues at the estimated amounts the Company expects to collect.

Settlements with third-party payors for retroactive adjustments due to audits, reviews or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care.

These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Company's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known or as years are settled or are no longer subject to such audits, reviews, and investigations.

The table below shows the sources of net patient service revenues for the period ended December 31:

	<u>2023</u>	<u>2022</u>
Medicare	\$ 61,692,455	\$ 76,752,606
Medicaid	1,493,018	1,316,318
Commercial/managed-care	36,956,826	31,070,742
Self-pay and other	<u>16,546,473</u>	<u>17,620,637</u>
	<u>\$ 116,688,772</u>	<u>\$ 126,760,303</u>

Property and Equipment: Property and equipment are recorded at cost, or at fair value if acquired through a business combination. Expenditures that substantially increase values, change capacities, or extend useful lives are capitalized. The Company capitalizes interest cost incurred on funds used to construct property and equipment, which is recorded as part of the asset to which it relates and is amortized over the asset's estimated useful life. Repairs and maintenance which do not improve or extend the useful lives of the respective assets are charged to operations as incurred. Upon the sale or retirement of property and equipment, the cost and related accumulated depreciation are eliminated from the respective accounts and the resulting gain or loss is reflected in operations.

Depreciation of property and equipment is computed using the straight-line method over the estimated useful lives of the assets, which range from three to forty years. Leasehold improvements and building and equipment under capital leases are amortized over the shorter of the term of the underlying lease, including probable renewal periods, or the estimated useful lives of the respective improvements. Amortization of building and equipment under capital leases are included in depreciation and amortization expense.

(Continued)

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The useful lives of the major classes of assets are as follows:

Leasehold improvements	Lease term or economic life
Building and equipment under capital lease	5-40 years
Equipment, software, furniture and fixtures	3-15 years

Goodwill and Intangibles: The Company adopted the accounting alternative in Accounting Standards Update (ASU) No. 2014-18, *Business Combinations (Topic 805): Accounting for Identifiable Intangible Assets in a Business Combination*. This accounting alternative allows the Company to recognize the fair value of intangible assets as a result of any in-scope transactions as goodwill, unless they are capable of being sold or licensed independently from the other assets of the business.

The Company complies with ASU No. 2014-02, Intangibles – *Goodwill and Other (Topic 350): Accounting for Goodwill*. Under ASU 2014-02, the Company has elected to amortize goodwill on a straight-line basis over a ten-year period.

Under ASU 2014-02, the Company is required to test goodwill for impairment when triggering events occur. There is no longer a requirement to test for impairment annually. Specifically, an impairment test is required whenever an event occurs or circumstances change that indicate the fair value of the entity may be below its carrying amount, including goodwill. The Company will test goodwill for impairment at the reporting entity level.

When a triggering event occurs, the Company has an option to first perform a qualitative assessment to determine whether it is more likely than not (i.e. 50% likely) that the fair value of the entity is less than its carrying amount. If the Company elects to use the qualitative option, it must decide whether it is more than 50% likely that the fair value of the entity is less than its carrying amount. If so, the one-step impairment test is required. But, if management concludes that fair value exceeds the carrying amount, further testing is unnecessary. Goodwill impairment is calculated as the amount by which the carrying amount of the entity including goodwill exceeds its fair value. During the year ended December 31, 2023, management recorded \$82,209 of impairment. Management determined that no such triggering events occurred during the year ended December 31, 2022.

Impairment of Long-Lived Assets: The Company reviews long-lived assets (property and equipment, right-of-use assets, and intangibles) when changes in circumstances or events could impact the recoverability of the carrying value of the assets. Recoverability of long-lived assets is determined by comparing the estimated undiscounted cash flows related to the long-lived assets to their carrying value. Impairment is determined by comparing the present value of future net cash flows, or some other fair value measure, to the carrying value of the asset. No impairment was recorded for the years ended December 31, 2023 and 2022.

(Continued)

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value of Financial Instruments: The Company discloses assets and liabilities that are recognized and measured at fair value, presented in a three-tier fair value hierarchy, as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 – Observable inputs other than Level 1, quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, and model-derived prices whose inputs are observable or whose significant value drivers are observable; and
- Level 3 – Assets and liabilities whose significant value drivers are unobservable.

The carrying value of cash, patient receivables, and accounts payable and accrued expenses, as reflected in the consolidated balance sheets, approximate fair value because of the short-term maturity of these instruments. The warrants issued in conjunction with the ESOP notes are categorized as Level 3 in the fair value hierarchy, as the inputs used to value the warrants, as described in Note 6, are Level 3 inputs. The fair value of the Company's term debt and notes approximates the carrying value based on market interest rates.

Deferred Finance Fees: The Company capitalizes costs incurred in connection with obtaining financing. These costs are presented in the consolidated balance sheets as a direct deduction from the carrying amount of the associated long-term debt and are amortized over the term of the related financing using the effective interest method. The Company has recorded deferred financing fees related to its term debt (Note 5) and ESOP notes (Note 6). The amortization expense is recorded as a component of interest expense in the consolidated statements of income. Total unamortized deferred finance fees were approximately \$180,000 and \$799,000 at December 31, 2023 and 2022, respectively.

Income Taxes: The Company has elected, with the consent of its shareholders, to be taxed as an S corporation under Section 1362 of the Internal Revenue Code, and a similar section of the state income tax law which provides that, in lieu of corporate income taxes, the shareholders will be taxed on their proportionate share of the Company's taxable income. Therefore, no provision for federal or state income taxes is included in the consolidated financial statements.

A tax position is recognized as a benefit only if it is more-likely-than-not that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the more-likely-than-not test, no tax benefit is recorded.

The Company recognizes any interest and penalties related to unrecognized tax benefits in interest and income tax expense, respectively. The Company has no amounts accrued for interest or penalties as of December 31, 2023 and 2022.

The Company does not expect the total amount of unrecognized tax benefits to significantly change in the next 12 months. The Company remains subject to examination by taxing authorities in the jurisdictions the Company has filed returns for years after 2020.

NOTE 2 – 2022 ACQUISITIONS

Lafayette Physical Rehabilitation Hospital (“LPRH”)

On January 2, 2022, the Company acquired 100% of the outstanding membership interests of LPRH for a total purchase price of \$10,600,000, consisting of a seller note. The seller note has a face value of \$10,600,000 which matures on January 2, 2032, and accrues interest at a rate of 10.5% per annum. The fair value of the seller note was determined to approximate the face value.

The Company incurred \$10,350 in acquisition costs, which were recognized in general and administrative expense within the consolidated statements of income. LPRH is a post-acute care hospital system that provides quality patient care and dedicated rehabilitation experts for complex medical conditions over an extended period of time for patients in the state of Louisiana. The acquisition expands the Company's existing markets and access to new customers and created revenue and cost synergies which management believes will contribute to future profits.

The acquisition has been accounted for as a purchase and, accordingly, the operating results of LPRH have been included in the Company's consolidated financial statements since the date of acquisition. The estimated fair value of the trade names was determined based on the relief from royalty method and will be amortized over its remaining useful life of 10 years. The contractual value of accounts receivable was \$1,114,382.

Consideration	
Note payable to seller	<u>\$ 10,600,000</u>
Recognized amounts of assets acquired and liabilities assumed	
Cash and cash equivalents	\$ 1,738,978
Patient accounts receivable	1,114,382
Prepaid expenses and other current assets	556,062
Operating lease right-of-use asset	16,171,733
Property and equipment	295,258
Tradenames	298,829
Goodwill	<u>9,511,110</u>
Total assets	<u>29,686,352</u>
Accounts payable	452,558
Accrued expenses and other current liabilities	1,880,162
Operating lease liability	<u>16,753,632</u>
Total liabilities	<u>19,086,352</u>
Net assets acquired	<u>\$ 10,600,000</u>

AMG 2.0 HOLDCO, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 2 – 2022 ACQUISITIONS (Continued)

As part of the business combination transaction described above, the Company acquired noncompetition agreements, customer lists and certain customer contracts of LPRH. Based on the adoption of the intangible asset alternative as previously described in Note 1, the Company determined that the customer-related intangible assets acquired were not capable of being sold or licensed independently from the other assets of the acquired business. Therefore, neither the customer-related intangible assets nor the acquired non-competition agreements were recorded separately at the acquisition date. Goodwill arising from the acquisition largely consists of the expected synergies of combining operations, the customer-related intangible assets, and non-competition agreements along with an assembled workforce. Goodwill will be amortized over ten years. The total amount of goodwill is not deductible for tax purposes.

North Alabama – AMG Specialty Hospital, LLC

On January 2, 2022, the Company acquired 100% of the issued and outstanding interests of NOA for a total purchase price of \$13,000,000, which consisted of a seller promissory note. The face value of the note was deemed to estimate its fair value. NOA is a rehabilitation hospital providing intensive physical rehabilitation to patients in the state of Alabama. The acquisition results in full ownership of NOA which was previously consolidated as a VIE with AMG determined to be the primary beneficiary.

The transaction qualifies as a combination between businesses under common control, and accordingly, the Company recorded the acquired assets and assumed liabilities at their carrying values as of the beginning of the period (January 2, 2022), pursuant to the requirements of FASB ASC Topic 805-50, *Business Combinations - Related Issues*. The carrying value of the assets and liabilities transferred as of January 2, 2022 related to this transaction were \$2,854,045 and \$2,589,521, respectively. Total net assets acquired was \$264,524. The excess of the purchase price over the net assets acquired totaled \$12,735,476, and is reflected in equity pursuant to FASB ASC Topic 805-50.

NOTE 3 – GOODWILL AND INTANGIBLES

Goodwill and intangible assets as of December 31, 2023 were as follows:

<u>2023</u>	<u>Gross Amount</u>	<u>Accumulated Amortization</u>	<u>Net Carrying Value</u>	<u>Amortization Period</u>
Goodwill	\$ 22,797,527	\$ (9,698,394)	\$ 13,099,133	10 years
Tradenames	\$ 298,829	\$ (59,766)	\$ 239,063	10 years

Goodwill as of December 31, 2022 was as follows:

<u>2022</u>	<u>Gross Amount</u>	<u>Accumulated Amortization</u>	<u>Net Carrying Value</u>	<u>Amortization Period</u>
Goodwill	\$ 22,953,201	\$ (7,477,238)	\$ 15,475,963	10 years
Tradenames	\$ 298,829	\$ (29,883)	\$ 268,946	10 years

NOTE 3 – GOODWILL AND INTANGIBLES (Continued)

For the years ended December 31, 2023 and 2022, amortization expense related to goodwill and intangibles totaled approximately \$2,313,000 and \$2,325,000, respectively.

Estimated future amortization of goodwill and intangibles is as follows:

Year ending December 31,	
2024	\$ 2,294,146
2025	2,294,146
2026	2,294,146
2027	2,294,146
2028	1,218,630
Thereafter	<u>2,942,982</u>
	<u>\$ 13,338,196</u>

NOTE 4 - PROPERTY AND EQUIPMENT

Property and equipment as of December 31, consists of the following:

	<u>2023</u>	<u>2022</u>
Leasehold improvements	\$ 7,765,589	\$ 5,742,034
Furniture and fixtures	1,309,365	1,163,668
Computer equipment and software	2,803,118	2,830,713
Hospital equipment	11,688,955	10,750,336
Automobiles	177,065	95,919
Building	1,404,300	-
Plane	2,048,975	-
Land	<u>817,000</u>	<u>-</u>
	28,014,367	20,582,670
Less: accumulated depreciation	<u>(13,024,356)</u>	<u>(11,917,144)</u>
Property and equipment, net	<u>\$ 14,990,011</u>	<u>\$ 8,665,526</u>

Depreciation and amortization expense of property and equipment for the years ended December 31, 2023 and 2022 totaled approximately \$1,653,000 and \$1,197,000, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 5 - NOTES PAYABLE

The Company's notes payable at December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
On December 28, 2020, the Company entered a Amended and Restated Loan agreement. The new term loan principal balance totals \$15,000,000. Interest accrues at 9% per annum. The note matures December 2025. Principal payments commenced January 2021 amounted to \$250,000 per month.	\$ 6,000,000	\$ 9,000,000
On March 17, 2023, the Company entered into a Promissory note agreement. The note principal balance totals \$1,500,000. Interest accrues at 6.95% per annum. The note matures March 2024.	1,322,790	-
On October 31, 2023, the Company entered into a Promissory note agreement. The note principal balance totals \$1,735,000. Interest accrues at 7.5% per annum. The note matures March 2024.	1,728,764	-
The Company has entered into equipment financing arrangements with various counterparties, which have been accounted for as finance lease liabilities. The terms range from 12 to 60 months and have maturities that extend through December 2026. The leases accrue interest at rates ranging from 2% to 4.36%.	4,500,270	2,139,365
On January 1, 2020, the Company entered into a membership interest redemption agreement with an existing member of North Alabama - AMG Specialty Hospital, LLC. The new loan principal balance totals \$1,500,000. Interest accrues at 5% per annum. The note matures January 2025 and will amount to \$28,306 per month.	364,098	679,916
On November 11, 2020, the Company entered into a membership interest redemption agreement with a member of LTAC Hospital of Feliciana, LLC to redeem its membership interest. The amount due is based on Section 6.6 and 6.7 of the LTAC Hospital of Feliciana, LLC operating agreement, and resulted in a balance that totals approximately \$1,100,000.	161,801	280,840
Unamortized deferred financing fees	<u>(180,049)</u>	<u>(268,002)</u>
Total long-term debt	13,897,674	11,832,119
Less: current portion of obligations	<u>(7,711,048)</u>	<u>(3,921,402)</u>
Long-term debt, net of current portion	<u>\$ 6,186,626</u>	<u>\$ 7,910,717</u>

December 31, 2023 and 2022

NOTE 5 - NOTES PAYABLE (Continued)

Approximate future maturities of long-term debt are as follows:

December 31,	
2024	7,711,048
2025	4,182,405
2026	1,051,054
2027	987,354
2028	<u>145,862</u>
Total	<u>\$ 14,077,723</u>

NOTE 6 - EMPLOYEE STOCK OWNERSHIP PLAN (ESOP) AND WARRANTS

The Company sponsors a leveraged employee stock ownership plan (“ESOP”) that covers substantially all employees who are over twenty-one (21) years of age and have completed one year of service. On December 27, 2019, the ESOP purchased 1,000,0000 shares of the Company’s common stock from the Company’s former members for approximately \$49,949,000. The purchase of these shares was funded by notes payable (“ESOP notes payable”) to the former shareholders from the ESOP in the amount of approximately \$49,949,000. The ESOP notes payable between the ESOP and the Company’s former shareholders are a direct obligation of the Company as the employer and the sponsor of the ESOP and, accordingly, are classified as a reduction of equity on the Company’s consolidated financial statements.

The ESOP provides for discretionary contributions by the Company that are at least equal to the ESOP’s debt service. As the debt is repaid, shares are released from the suspense account based on the proportion of the principal and interest paid in the year on the outstanding balance of principal plus interest due on the debt and allocated to active employees. Contributions were \$1,663,368 for both years ended December 31, 2023 and 2022. The fair value of the ESOP shares is determined on an annual basis by an independent appraisal.

As of December 31, 2023 and 2022, the valuation of the shares in the ESOP was \$93.73 and \$83.93 per share, respectively.

For the years ended December 31, 2023 and 2022, the Company allocated 33,301 shares for both years to ESOP participants. During the years ended December 31, 2023 and 2022, the Company recorded compensation expense of approximately \$2,958,000 and \$2,769,000, respectively, which is recorded in salary and wages within the consolidated statements of income.

(Continued)

AMG 2.0 HOLDCO, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 6 - EMPLOYEE STOCK OWNERSHIP PLAN (ESOP) AND WARRANTS (Continued)

The ESOP investments included the following at December 31:

	<u>2023</u>	<u>2022</u>
Allocated and released shares	134,164	100,863
Unreleased shares	<u>865,836</u>	<u>899,137</u>
 Total ESOP shares	 <u>1,000,000</u>	 <u>1,000,000</u>
 Fair value of allocated and release shares	 <u>\$ 11,917,910</u>	 <u>\$ 8,387,851</u>
 Fair value of unreleased shares	 <u>\$ 76,912,996</u>	 <u>\$ 74,772,985</u>

Upon separation from the Company, or at any other time, a participant of the ESOP is entitled to receive a distribution from the ESOP. Such distribution is to be made in the form of a lump-sum payment if the participant's balance is less than \$5,000. Otherwise, the distribution is made over a five-year distribution period.

The ESOP notes payable, along with all accrued and unpaid interest, were payable in full at the December 2028 maturity date. The ESOP notes payable accrued interest at 3% per annum. The ESOP notes payable was paid in full during fiscal 2023 and therefore the aggregate amount of the principal on these notes totaled approximately \$0 and \$7,650,000 at December 31, 2023 and 2022, respectively. The carrying value of the ESOP notes on the consolidated balance sheets were reduced by deferred financing fees and a debt discount (which relates to the grant date fair value of the warrants, as subsequently discussed), which totaled totaling approximately \$0 and \$1,030,000, at December 31, 2023 and 2022, respectively. The deferred financing fees and debt discount were fully amortized and recorded within interest expense in the consolidated statements of income.

On December 27, 2019, in connection with the ESOP transaction, the Company granted freestanding warrants to the former members, (now "the ESOP Noteholders"). The warrants allow the ESOP Noteholders to purchase an aggregate of 351,350 shares of the Company's common stock. The warrants can be exercised in whole or in part beginning at the earliest of: a) upon change of control; b) the one-year anniversary of full payment of the ESOP Notes; c) 12 years from close of ESOP transaction (December 27, 2031); d) death of the warrant holder. The warrants have an exercise price of \$2.50 per share. At the option of the holder, the warrants can be settled in common shares by paying the per-share exercise price or on a net basis in common shares, cash or other property. As a result, the warrants are measured at fair value and classified as liabilities in the consolidated balance sheets. The Company measures the fair value of the warrants at the end of each reporting period with the change in fair value recorded through earnings. As the warrants were issued in connection with the ESOP Notes, proceeds of the note issuance were allocated on a residual basis between the warrants at fair value and the notes. As of December 31, 2023 and 2022, there are 351,350 warrants issued and outstanding, for both years.

The Company determines its common stock price using the guideline public company, merger and acquisition, and discounted cash flow approaches. At December 31, 2023, the fair value of the warrants was approximately \$91.90 per warrant, or approximately \$32,288,000 in aggregate, using the following assumptions: (i) contractual life of 10 years, (ii) volatility of 40%, (iii) risk-free rate of 3.88%, and (iv) dividend rate of zero. As of December 31, 2023, the Company recognized a fair value of warrant liability adjustment totaling approximately \$3,408,000, which is recorded within the consolidated statements of income.

(Continued)

AMG 2.0 HOLDCO, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 6 - EMPLOYEE STOCK OWNERSHIP PLAN (ESOP) AND WARRANTS (Continued)

At December 31, 2022, the fair value of the warrants was approximately \$82.20 per warrant, or approximately \$28,880,127 in aggregate, using the following assumptions: (i) contractual life of 10 years, (ii) volatility of 40%, (iii) risk-free rate of 4.06%, and (iv) dividend rate of zero. As of December 31, 2022, the Company recognized a fair value of warrant liability adjustment totaling approximately \$686,000, which is recorded within the consolidated statements of income.

NOTE 7 - COMMITMENTS AND CONTINGENCIES

Litigation/Judgments/Settlements and Disputed Claims: To cover claims arising out of the operations of the Company's facilities, the Company maintains general and professional liability insurance subject to certain deductibles. The Company also maintains umbrella liability insurance covering claims which, due to their nature or amount, are not covered by or not fully covered by the Company's other insurance policies.

These insurance policies also do not generally cover punitive damages and are subject to various deductibles and policy limits. The coverage is further limited to an aggregate amount for all the facilities. Significant legal actions as well as the cost and possible lack of available insurance could subject the Company to substantial uninsured liabilities in the future.

The Company is subject to legal proceedings and claims that arise in the ordinary course of its business, which include general and professional liability claims covered under insurance policies. In the Company's opinion, the outcome of these actions will not have a material adverse effect on the consolidated financial position or results of operations of the Company. At December 31, 2023 and 2022, the Company recorded \$1,550,000 and \$0, respectively, in loss contingencies and potential insurance recoveries related to certain medical malpractice cases. These are recorded in prepaids and other current assets and accrued expenses within the consolidated balance sheets.

Insurance: The Company has entered into a policy that covers its general and professional liability exposure. The policies include a per occurrence limit of \$1,000,000 to an aggregate limit of \$3,000,000. The Company's umbrella coverage addresses claim exposure up to a maximum amount of \$7,000,000. At December 31, 2023 and 2022, there were no accrued general or professional liability losses recorded by the Company.

Operating Leases: The Company leases its business office, hospital buildings, and office and medical equipment under various non-cancelable agreements which expire through December 31, 2045 and require various minimum annual rentals.

At December 31, 2023, the right-of-use asset related to the operating lease was \$73,732,713 and recorded in the accompanying consolidated balance sheets.

Lease expense is recognized on a straight-line basis over the term of the lease and presented as a single charge in the consolidated statements of income and changes in deficit. During the year ended December 31, 2023, the Company recorded \$7,645,578 in lease expense, which is included in general and administrative expenses in the consolidated statements of income.

A summary of remaining lease terms and discount rates at December 31, 2023 is as follows:

Weighted-average remaining lease term (years):	19.44
Weighted-average discount rate:	1.92%

(Continued)

AMG 2.0 HOLDCO, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 7 - COMMITMENTS AND CONTINGENCIES (Continued)

Future minimum lease payments under operating leases in each of the following years ended, is as follows:

<u>Year ending December 31,</u>	
2024	\$ 6,687,124
2025	6,040,348
2026	6,141,738
2027	5,976,597
2028	6,074,112
Thereafter	<u>60,773,892</u>
Total undiscounted lease liabilities	91,693,811
Less interest	<u>(16,396,514)</u>
Total present value of minimum lease payments	75,297,297
Lease liabilities - current portion	<u>5,452,778</u>
Lease liabilities - long term portion	<u>\$ 69,844,519</u>

NOTE 8 - RELATED PARTY

The Company entered into membership interest purchase agreements with R&H of LPRH, LLC, a related party, to obtain the issued and outstanding membership interests of NOA and LPRH. As part of the agreements, the Company entered into promissory notes equal to the purchase price with principal installments of \$737,500 payable quarterly commencing in 2024 with a 10.5% interest rate. At December 31 2023 and 2022, the outstanding notes payable totals approximately \$23,263,000 and \$23,600,000, respectively.

NOTE 9 – EMPLOYEE RETENTION CREDIT

During the fiscal year ended December 31, 2023, the Company applied for and received approximately \$3,500,000 under the Employee Retention Credit (ERC) program, which was established as part of the Coronavirus Aid, Relief, and Economic Security (CARES) Act and subsequently modified by the Consolidated Appropriations Act, 2021 and the American Rescue Plan Act of 2021.

The ERC is a refundable tax credit against certain employment taxes equal to 50% of the qualified wages an eligible employer pays to employees after March 12, 2020, and before January 1, 2021, and 70% of qualified wages paid between January 1, 2021, and September 30, 2021.

Management has determined that there is uncertainty regarding the Company's eligibility for the ERC and the potential for future adjustments to the credit amount. As a result, the Company has classified the entire approximate balance of \$3,500,000 received as deferred revenue on the consolidated balance sheets as of December 31, 2023. There is no balance at December 31, 2022.

Once the Company has obtained sufficient evidence to conclude that it has complied with the ERC requirements and that it is probable that the credit will be sustained upon review by the Internal Revenue Service, the deferred revenue will be recognized as a reduction to payroll expenses in the consolidated statement of income. Management will continue to monitor developments and guidance related to the ERC program and will adjust its accounting treatment as necessary in future periods.

(Continued)

NOTE 10 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through August 5, 2024, which is the date the consolidated financial statements were available to be issued.
