Health Care Services**

What is CSHCS?

Child Special Health Care Services (CSHCS) provides supplemental medical coverage to help families of children (birth to 21 years of age) who have serious, chronic medical conditions and meet the program's financial and medical criteria, pay for treatment related to their child's condition.

Financial Eligibility

Families with a pre-tax income no greater than 250% of the federal poverty level may be eligible. The poverty level changes annually. Visit cshcs.IN.gov for financial eligibility information.

Medical Eligibility

CSHCS is designed to help Hoosier children with severe chronic medical conditions that:

- Have lasted or are expected to last at least two years
- Will produce disability, disfigurement or limit the child's ability to function
- Requires special diet or devices
- Would produce a chronic disabling physical condition without treatment

Eligible Conditions

- Apnea
- Arthritis
- Asthma (severe)
- Autism
- Cerebral palsy
- Chronic anemia
- Chromosomal disorders
- Chronic pulmonary disease
