

Nurse Family Partnership Mental Health Funds Request for Application FAQs

Frequently Asked Questions (FAQs):

1. **Can my organization apply if we do not currently implement Nurse-Family Partnership (NFP) home visiting services?**

Yes. To apply, your organization must apply for the NFP Funds in conjunction with the Indiana Mental Health Request for application.

2. **If my organization is currently implementing NFP services, will I need to apply for funds?**

Yes. Even if your organization is currently funded by IDOH and implementing NFP, your organization will need to apply during this request for application.

3. **Does my organization need to apply to serve all NFP-eligible regions with the mental health funds?**

No, your organization does not need to apply to fund all the NFP eligible regions with the mental health application. Organizations can select specific regions where they want to target mental health support in their community.

4. **Can my organization submit two applications?**

No, but one organization can apply to serve multiple regions with NFP services.

5. **Does this require a match?**

No, the funding opportunity does not require a match.

6. **Is there a specific way to write the application and budget?**

Yes, please use the provided application and budget templates following the instructions on the Request for Applications (RFA) posted online at: <https://www.in.gov/health/mch/funding-opportunities/>.

7. **Am I able to continue to use funds past my contract date?**

No, funds must be spent during the budget period and before the end contract date, or they will revert to the Indiana Department of Health.

8. **Does my organization need to apply for the NFP RFA to apply for the mental health RFA?**

Yes, the organization must apply for the NFP RFA to be considered for the mental health RFA.

9. **Does my organization have to apply for the mental health fund?**

No, it is not a requirement for the organization to apply for the mental health fund. This is an optional application fund, in addition to NFP.
