

Tleirawl si deng mi hna le Tleirawl hna caah Meningococcal Zawtkham Sii

Tleirawl a si deng mi hna le tleirawl a si cang mi hna nih meningococcal zawtnak in khamhnak sii hi an i chunh hna awk a si. Na fa a sibawi silole a sii sayamah he meningococcal zawtkham sii chunhnak kong kha na fa a ngandamnak ca ah i ruah uh.

Ka fa nih zei ruang ah dah meningococcal zawtkham sii chunh a herh?

Meningococcal zawtkhamsii nih cun meningococcal zawtnak a chuahtertu rungrul kha a kham khawh. Meningococcal zawtnak timi cu *Neisseria meningitidis* timi zawtnak rungrul nih a chuahti mi zei bantuk zawtnak poh kha a si ko. Meningococcal zawtnak hi United States ah cun a um tuk lo, asinain tleirawl le mino deuh hna ca ah thil sual ngai a si mi a si.

A can a tambik tawn mi zawtnak ah cun

- **thluak a kam le keng thluang ruh chung (meningitis rungrul ruang ah)**
- **Thihri chung**

Thlop bu hmanh in, minung 100 ah 10 in 15 kar cu mah meningococcal zawtnak in an thi. Meningococcal zawtkham sii cu tleirawl dengmang a si mi hna le tleirawl hna kha meningococcal zawtnak in khamh khawh nak ah a tha bik a si.

Zeitik ah dah ka fa cu zawtkhamh sii ka chunh ding a si lai?Zeitik ah dah ka fa cu zawtkhamh sii ka chunh ding a si lai?

Thip 1nak chunh:
Kum 11-12
Thip 2nak chunh:
Kum 16

Tleirawl dengmang a si mi le tleirawl vialte nih meningococcal zawtkham sii (MenACWY) cu thip hnih an i chunh awk a si. Kum 11-12 an si lio ah thipkhatnak le a bawmtu ah kum 16 an si lio ah an i chunh ding a si. Na fa tleirawl nih mah meningococcal hi aa chunh rih lo ahcun, a siibawi silole a sii sayamah kha a rannak bik in aa chunh nakhnga biaruah colh.

Tleirawl hna le mino hna (kum 16 in kum 23) zong nih serogroup B meningococcal (MenB) timi zawtkham sii cu (thip 2) an i chunh awk a si. MenB zawtkham sii chunhnak ding ah aa tlak mi kum cu kum 16 in kum 18 kar a si. Na fa tleirawl i a siibawi silole a sii sayamah he meningococcal zawtkham sii chunh ding ah bia i ruah uh.

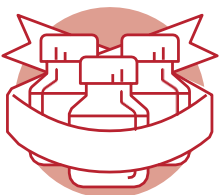

Meningococcal zawtkham sii cu ka fa ca ah a him mi a si ko maw?

Dothlat tu hna nih an cawn cang i meningococcal zawtkham sii hna cu

mi caah a him tuk ko ti an hmuh. Zawtkham sii dang cio bang in, meningococcal zawtkham sii hna cu a thatlonak a tlawm te a um ve men lai, sii chunhnak zawn (tam deuh cu ban ah) ah khan takvun sen nak le fahnak. Na fa nih voikhat chunh ah meningococcal zawtkham sii kha a pahnih in aa chun kho ko, asinain ban dang veve ah timi kha i cinken.

Cheukhat tleirawl dengmang hna le tleirawl hna cu meningococcal zawtkham sii chunh silole zei bantuk sii chunh dih ah an tlu kho men. Cu bantuk tluk le khawnden sualnak a um lo nakhnga, tleirawl dengmang hna le tleirawl hna cu an thut bu silole an ih buin sii cu an i chunh awk a si i an i chunh dih hnu minutes 15 tluk zong ticun an um awk a si. Meningococcal zawtkham sii ruang ah a chuak mi fahnak dang cu a um lo tluk a si.

Mah zawtkham sii chunhnak man hi zei tin dah bawmhnak ka hmuh khawh ning a si lai?
