DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

A QMA Progress Note, dated 5/8/25 at 11:40 p.m., indicated the resident was found sitting on the floor in front of the recliner. The Director of Nursing (DON) was notified. The resident was assisted off the floor and to the recliner with no complaints of pain.

There was no documentation the resident's family/Responsible Party had been notified.

2. During an interview on 5/29/25 at 8:20 a.m., the Resident M's Responsible Party indicated the resident had laboratory tests ordered and she had not been made aware of the testing or the reason. She had received a text there were new test results in his "My Chart" and that is how she was aware the tests had been completed.

Resident M's record was reviewed on 5/30/25 at 10:14 a.m. The diagnoses included, but were not limited to, dementia.

A Nurse Practitioner's Order, written on 5/14/25, indicated laboratory tests of complete blood count, comprehensive metabolic panel, and a urinalysis with culture and sensitivity if indicated due to an altered mental status and increased urgency.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

There was no documentation in the record that indicated the Responsible Party had been notified of the change in status and the new orders.

During an interview on 5/30/25 at 10:50 a.m., QMA 6 indicated the Responsible Party should have been notified.

During an interview with Executive Director (ED) 4 and the Administrator in Training (AIT) on 5/30/25 at 12:40 p.m., ED 4 indicated there was no facility policy for physician/family notification and the facility followed the State regulations.

During an interview on 6/2/25 at 9:05 a.m., DON 1 and DON 2 indicated there was no further information on the above findings.

This citation relates to IN00459996.

CENTERS FOR MEDICARE & MEDICAID SERVICES

transfer or discharge and the reasons for the move, in writing, and in a language and manner that the resident understands. The health facility must place a copy of the notice in the resident ' s clinical record and transmit a copy to the following:

- (i) The resident.
- (ii) A family member of the resident if known.
- (iii) The resident ' s legal representative if known.
- (iv) The local long term care ombudsman program (for involuntary relocations or discharges only).
- (v) The person or agency responsible for the resident ' s placement, maintenance, and care in the facility.
- (vi) In situations where the resident is developmentally disabled, the regional office of the division of disability, aging, and rehabilitative services, who may assist with placement decisions.
- (vii) The resident ' s physician when the transfer or discharge is necessary under subdivision (4)(C), (4)(D), (4)(E), or (4)(F).
- (B) Record the reasons in the resident ' s clinical record.
- (C) Include in the notice the items described in subdivision (9).
- (7) Except when specified in subdivision (8), the notice of transfer or discharge required

affected.

The Regional Director of Operations (RDO)/designee educated the Executive Director (ED) and DON on the requirements to notify the Local Long Term Care Ombudsman regarding facility initiated discharges and the requirement to provide a signed copy of the notice.

The ED will conduct a weekly audit times twelve weeks to ensure the facility meets all the reporting/notification requirements for all facility-initiated discharges. Results of the audits will be reviewed in the monthly QA meeting.

The Executive Director/designee is responsible for sustained compliance.

CENTERS FOR MEDICARE & MEDICAID SERVICES

the Indiana state department of health postmarked within ten (10) days after you receive this notice. If you request a hearing, it will be held within twenty-three (23) days after you receive this notice, and you will not be transferred from the facility earlier than thirty-four (34) days after you receive this notice of transfer or discharge unless the facility is authorized to transfer you under subdivision (8). If you wish to appeal this transfer or discharge, a form to appeal the health facility's decision and to request a hearing is attached. If you have any questions, call the Indiana state department of health at the number listed below. " .

(E) The name of the director and the address, telephone number, and hours of operation of the division.

(F) A hearing request form prescribed by the department.

(G) The name, address, and telephone number of the state and local long term care ombudsman.

(H) For health facility residents with developmental disabilities or who are mentally ill, the mailing address and telephone number of the protection and advocacy services commission.

Based on record review and interview, the facility failed to ensure the Local Long Term Care Ombudsman received a copy of an involuntary discharge notice for 1 of 1 resident who received an involuntary

discharge notice. (Resident B)

Finding includes:

Resident B was interviewed on 5/27/25 at 4:38 p.m. and indicated the Administrator In Training (AIT) had given her a 30 day discharge notice on 4/23/25. Resident B appealed the discharge and contacted the Ombudsman herself.

A Discharge Notice, dated 4/23/25, indicated the notice was given and sign by the AIT, Resident B, and Director of Nursing (DON) 2. The notice indicated the resident was given the Ombudsman contact information. The packet did not indicate the local Ombudsman had been notified of the 30 day involuntary discharge notice by the facility.

An email from the Deputy Director Ombudsman, dated 5/28/25 at 3:12 p.m., indicated there had been no copy of the involuntary discharge notice sent to the local or State Ombudsman's office.

During an interview on 6/2/25 at 9:56 a.m., Executive Director (ED) 5 indicated he had been conversing by email with the Deputy Director Ombudsman. The facility had a copy of the certified mailed notice to the resident but not the certified mail to the Ombudsman.

period. Unusual occurrences include, but are not limited to:

- (A) epidemic outbreaks;
- (B) poisonings;
- (C) fires; or
- (D) major accidents.

If the division cannot be reached, a call shall be made to the emergency telephone number published by the division.

(2) Promptly arranging for or assisting with the provision of medical, dental, podiatry, or nursing care or other health care services as requested by the resident or resident's legal representative.

(3) Obtaining director approval prior to the admission of an individual under eighteen (18) years of age to an adult facility.

(4) Ensuring the facility maintains, on the premises, an accurate record of actual time worked that indicates the:

- (A) employee's full name; and
- (B) dates and hours worked during the past twelve (12) months.

(5) Posting the results of the most recent annual survey of the facility conducted by state surveyors, any plan of correction in effect with respect to the facility, and any subsequent surveys. The results must be available for examination in the facility in a place readily accessible to residents and a

twenty four hour report five times per week times twelve weeks to ensure all potential allegations of abuse are investigated and reported timely. A log will be kept with written documentation of reporting. The results of the audits and logs will be reviewed at the facility monthly QA meetings.

The Executive Director/designee is responsible for sustained compliance.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

notice posted of their availability.

(6) Maintaining reports of surveys conducted by the division in each facility for a period of two (2) years and making the reports available for inspection to any member of the public upon request

Based on record review and interview, the facility failed to ensure an allegation of abuse was reported to the Indiana Department of Health (IDOH) and failed to ensure a second allegation of abuse was reported timely to the IDOH for 1 of 2 residents reviewed for abuse. (Resident B)

Finding includes:

During an interview on 5/27/25 at 4:38 p.m., Resident B indicated she had been admitted into the hospital on 4/30/25 with bronchial pneumonia and when she returned to the facility (5/3/25), she left her room to go to the dining room and was told by Director of Nursing (DON) 1 she had to stay in her room. DON 1 then pushed her in the middle of her chest and told her she needed to go back to her room. Resident B indicated she had notified the local police and they arrived at the facility and submitted a police report, which she had not yet picked up.

During an interview on 5/28/25 at 8:35 a.m., DON 1 indicated

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

when Resident B returned from the hospital, she was placed in isolation for 10 days due to respiratory symptoms or she would need to wear a mask if she left the room. She indicated the resident had made an allegation that DON 1 had "beat her up", and she notified the police. DON 1 indicated she had never touched the resident. DON 1 reported the allegation to the Administrator in Training (AIT). DON 1 indicated IDOH had not been notified since the alleged event had not occurred.

During an interview on 5/28/25 at 8:55 a.m., the AIT indicated the allegation occurred on a Saturday and since it was late, she did not come in to talk to the resident until Sunday. The AIT had not reported the allegation to IDOH because she wanted to talk to the resident before she reported the allegation. The resident reported DON 1 had pushed her and threatened her. The AIT informed the resident she did not think that happened and the resident was upset and started screaming at her. The AIT indicated she did not have written statements from the resident, other residents, nor the staff who were interviewed. She had failed to do an investigation and report the allegation.

During an interview on 5/28/25 at 12:45 p.m., Resident B

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

indicated she had won an appeal for the 30 day notice she had received and an employee informed her "she better watch what she eats at the facility and be careful." She indicated this happened about 11:00 a.m. this morning and now she was scared to eat anything at the facility.

Executive Director (ED) 4, the AIT, and DON 1 were notified of the allegation on 5/28/25 at 1:01 p.m.

During an interview on 5/30/25 at 12:40 p.m., ED 4 indicated the allegation from 5/28/25 had not been reported to IDOH yet and she would notify IDOH of the allegation that day.

Resident B's record was reviewed on 5/28/25 at 2:26 p.m. The diagnoses included, but were not limited to lupus and anxiety.

A New Admission Level of Care assessment, dated 2/17/25 at 1:16 p.m., indicated the resident required no assistance with care, managed her own health, and was oriented to person, place, and time.

An undated elder abuse policy, received from DON 1 on 5/27/25 at 7:00 p.m. as current, indicated the IDOH would be notified of all allegations of abuse within 24 hours and all allegations were to be

nursing services, or both, is needed, a licensed nurse shall be involved in identification and documentation of the services to be provided.

Based on record review and interview, the facility failed to ensure service plans were correct and updated with changes in condition for 2 of 11 residents reviewed for service plans. (Residents C and G)

Findings include:

1. During an observation on 5/28/25 at 12:02 p.m., Dietary Aide (DA) 7 delivered the meal tray to the room. He informed the resident what was served for the lunch meal and then left the room. DA 7 had not explained where the food was located on the plate. The resident asked what was on the plate and where the food was located. She was able to locate a chicken leg and then began to feed herself the meal. She drank a small Styrofoam cup of apple juice and wanted more juice to drink.

During an interview on 5/28/25 at 12:09 p.m., QMA 6 indicated Resident C enjoyed drinking apple juice and should receive large plastic glasses of fluid with her meal, not the small Styrofoam glasses. Resident C was legally blind and required staff to assist her with meals

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

and a CNA should have taken the meal tray to the resident and assisted her as needed.

Resident C's record was reviewed on 5/28/25 at 3:15 p.m. The diagnoses included, but were not limited to, dementia, stroke, history of falls, and legal blindness.

A Service Plan, dated 10/8/24, indicated the resident was independent with eating and drinking. The interventions included she preferred to eat in her room and changes in eating and drinking were to be reported to the nurse.

The Nurses' Progress Notes, dated 3/26/25 at 1:11 p.m. and 5/8/25 at 11:40 p.m. indicated the resident had fallen.

A Fall Risk Assessment, dated 4/1/25, indicated a high risk for falls.

A Quarterly Level of Care assessment, dated 4/3/25 at 5:59 p.m., indicated moderate assistance was required for bathing twice a week by a caregiver, moderate assistance was required for all activities of daily living (ADL's), the staff were to set up items, cue and use hands on assistance. Assistance was required for sight-related needs, and required verbal redirection.

The Nurses' Progress Notes,

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

dated 4/4/25 at 10:58 p.m. and 5/18/25 at 10:10 a.m., indicated the resident refused showers and care.

The Nurse's Progress Note, dated 5/18/25 at 5:42 p.m., indicated she refused showers often.

The Service Plan for eating and drinking had not included set up help was required due to blindness and larger cups of fluids were preferred.

The were no Service Plans for falls/fall risk and refusal of care/showers.

During an interview on 5/29/25 at 2:43 p.m., Director of Nursing (DON) 1 provided no further information in regards to the Service Plan.

2. Resident G was identified by Director of Nursing (DON) 1 as requiring extensive to total assistance with activities of daily living (ADL's) on 5/27/25 at 7:00 p.m.

During an observation on 5/28/25 at 11:19 a.m., CNA 12 indicated the resident required assistance to get to the dining room for meals. CNA 12 asked the resident if she needed to use the bathroom then assisted her into the bathroom.

Resident C's record was reviewed on 5/28/25 at 3:15 p.m. The diagnoses included, but were not limited to, dementia, stroke, history of falls, and legal blindness.

A Service Plan, dated 10/8/24, indicated the resident was independent with eating and drinking. The interventions included she preferred to eat in her room and changes in eating and drinking were to be reported

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

to the nurse.

The Nurses' Progress Notes, dated 3/26/25 at 1:11 p.m. and 5/8/25 at 11:40 p.m. indicated the resident had fallen.

A Fall Risk Assessment, dated 4/1/25, indicated a high risk for falls.

A Quarterly Level of Care assessment, dated 4/3/25 at 5:59 p.m., indicated moderate assistance was required for bathing twice a week by a caregiver, moderate assistance was required for all activities of daily living (ADL's), the staff were to set up items, cue and use hands on assistance. Assistance was required for sight-related needs, and required verbal redirection.

The Nurses' Progress Notes, dated 4/4/25 at 10:58 p.m. and 5/18/25 at 10:10 a.m., indicated the resident refused showers and care.

The Nurse's Progress Note, dated 5/18/25 at 5:42 p.m., indicated she refused showers often.

The Service Plan for eating and drinking had not included set up help was required due to blindness and larger cups of fluids were preferred.

The were no Service Plans for falls/fall risk and refusal of

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

care/showers.

During an interview on 5/29/25 at 2:43 p.m., Director of Nursing (DON) 1 provided no further information in regards to the Service Plan.

2. Resident G was identified by Director of Nursing (DON) 1 as requiring extensive to total assistance with activities of daily living (ADL's) on 5/27/25 at 7:00 p.m.

During an observation on 5/28/25 at 11:19 a.m., CNA 12 indicated the resident required assistance to get to the dining room for meals. CNA 12 asked the resident if she needed to use the bathroom then assisted her into the bathroom.

Resident G's record was reviewed on 5/29/25 at 1:40 p.m. The diagnoses included, but were not limited to, stroke.

A Service Plan, dated 6/19/24, indicated minimal assistance was required for dressing and undressing and required occasional assistance for transfers.

A Service Plan, dated 6/19/24, indicated hospice services were being utilized for end of life care.

There were no physician's orders or documentation that indicated the resident was receiving end of life hospice

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

	care. During an interview on 5/29/25 at 2:43 p.m., DON 1 indicated the resident was now more dependent on care and she was not receiving hospice end of life care. This citation relates to Complaints IN00458361, IN00458769, IN00458913, and IN00459996.			
R 0240	Health Services - Deficiency 410 IAC 16.2-5-4(d) (d) Personal care, and assistance with activities of daily living, shall be provided based upon individual needs and preferences. Based on observation, record review, and interview, the facility failed to ensure residents who had fallen were assessed after the fall by a licensed nurse and follow up assessments were completed post fall, failed to ensure residents received assistance with meals and showers, failed to ensure a resident was monitored for further risk of elopement, failed to ensure interventions for resistive behaviors were utilized for a resident who resisted care, and failed to ensure a resident with a change of status that required intervention was assessed for 3 of 3 residents	R 0240	All residents identified have updated service plans. All residents have the potential to be affected. An audit was conducted and no further residents were identified. The ED and DON were educated on the requirements for post fall assessments, ensuring residents receive assistance with meals and showers, elopement risk monitoring, behavior interventions for resistive care, and ensuring residents are assessed when noted to have a change in status Any resident identified as having a fall will be assessed by a license nurse/DON/ADON. The DON/designee will ensure all new fall interventions are documented/updated in the resident service plan. The	06/20/2025

CENTERS FOR MEDICARE & MEDICAID SERVICES

reviewed for falls, 3 of 4 residents reviewed for activities of daily living (ADL's), 1 of 1 resident reviewed for elopement, 1 of 3 residents reviewed for behaviors, and 1 of 1 resident reviewed for change of condition. (Residents C, D, E, F, H and M) Findings include: 1. Resident C's record was reviewed on 5/28/25 at 3:15 p.m. The diagnoses included, but were not limited to, dementia, stroke, history of falls, and legal blindness. A Service Plan, dated 9/19/24, indicated assistance was required and provided for bathing. A Service Plan, dated 9/19/24, indicated the resident had impaired visual function and was legally blind. The frequently used items were to easily accessible. A Service Plan, dated 2/13/24, indicated the resident was independent for food and fluid consumption and she preferred to have her meals in the apartment. A fall assessment, dated 4/1/25, indicated a high risk for falls. A Quarterly Level of Care assessment, dated 4/3/25 at 5:59 p.m., indicated moderate	DON/Designee will ensure residents who require assistance with meals and showers are provided assistance in accordance with their most recent level of care assessment. The DON/Designee will ensure those residents identified as at risk for elopement receive on-going monitoring and updated elopement risk assessments are completed. The DON/Designee will ensure all residents identified as having a change in status are assessed by a licensed nurse. The ED/DON/Designee will review all incidents including falls, elopements, exit seeking monthly to ensure all residents were assessed by a licensed nurse and interventions were implemented on the service plan. The ED/DON/Designee will review those residents identified as having a change in status have been assessed. Results will be reviewed at the facility monthly QA meeting. The Executive Director/designee is responsible for sustained compliance.	
---	--	--

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

assistance was required for bathing twice a week by a caregiver, moderate assistance was required for all activities of daily living (ADL's), the staff were to set up items, cue and use hands on assistance. Assistance was required for sight-related needs, and required verbal redirection.

a. During an observation on 5/28/25 at 12:02 p.m., Dietary Aide (DA) 7 delivered the meal tray to the room. He informed the resident what was served for the lunch meal and then left the room. DA 7 had not explained where the food was located on the plate. The resident asked what was on the plate and where the food was located. She was able to locate a chicken leg and then began to feed herself the meal. She drank a small Styrofoam cup of apple juice and wanted more juice to drink.

During an interview on 5/28/25 at 12:09 p.m., QMA 6 indicated Resident C enjoyed drinking apple juice and should have received large plastic glasses of fluid with her meal, not the small Styrofoam glasses. The resident was legally blind and required staff to assist her with meals and a CNA should have taken the meal tray to the resident and assisted her as needed.

During an observation on

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

5/28/25 at 12:17 p.m., QMA 6 delivered two larger glasses of apple juice to the resident. The resident had laid back down in bed and stopped eating. QMA 6 assisted the resident to the side of the bed, explained where the food was located on the plate, and the resident began to feed herself.

During an interview with the Memory Care Director on 5/28/25 at 1:35 p.m., she indicated the Dietary Aides have delivered the room trays for the past three years. She was unsure why the Dietary Aides deliver and set up the meals instead of the nursing staff.

b. A QMA incident note, dated 3/26/25 at 1:11 p.m., indicated Resident C was found sitting on the floor at the foot of the bed and had been incontinent of urine. She indicated she had fallen from the bed and could not get up. The nurse was notified. The resident was then assisted to a standing position and assisted to the bathroom and a shower was given. The Power of Attorney was notified.

There was no documented assessment of the resident after the fall by a Licensed Nurse.

There were three Progress Notes after the fall, on 3/27/25 at 7:35 p.m., 3/29/25 at 6:09 p.m., and 3/29/25 at 9:46 p.m.,

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

which all indicated there were no complaints of pain or discomfort after the fall.

A QMA Incident Note, dated 5/8/25 at 11:40 p.m., indicated the resident was found sitting on the floor in front of the recliner. The Director of Nursing (DON) was notified and there were no visible injuries. She was assisted off the floor and had no complaints of pain.

There was no documented assessment of the resident after the fall by a Licensed Nurse.

During an interview on 5/29/25 at 10:30 a.m., Executive Director (ED) 4 indicated a Licensed Nurse was to assess a resident after a fall.

A post-fall policy, undated and received from DON 2 on 5/30/25 at 11:53 a.m. as current, indicated after a fall, a nurse was to be immediately notified. Only a qualified licensed nurse was to attempt to move the resident or get the resident off the floor. The resident was to be assessed by a licensed nurse for any injuries related to the fall. The resident could be assisted to the chair or bed after the assessment from the licensed nurse was completed. Vital signs were to be checked at the time of the fall. The assessment, vital signs, the time and date of the fall, any first aid

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

given and family/physician notification was to be documented in the Progress Notes. Post-fall documentation in the Progress Notes was to be completed every shift for three days, which should include any first aid, vital signs, any complaints of pain and other pertinent information.

c. During an interview on 5/27/25 at 6:48 p.m., CNA 8 indicated she had given Resident C a shower, "last week". She was new to the facility and was unsure of the resident's shower schedule.

During an interview on 5/29/25 at 11:11 a.m., a resident family member and the Memory Care Coordinator were in the room. The family member indicated the resident just received a shower, but had not received a shower on 5/27/25 and had not received a shower since 5/24/25. The resident had not received showers twice a week as scheduled.

The shower schedules were reviewed on 5/30/25 at 8:00 a.m. The resident's scheduled showers were to be Tuesday and Friday on day shift.

The shower logs, dated March 2025, April 2025, and May 2025, indicated she received showers on March 25, 26, and 28, April 2, 6, 7, 19, 20, 21, 28,

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

and May 3, 13, 19, 22, 28, and 29, 2025.

2. Resident D's record was reviewed on 5/29/25 at 9:43 a.m. The diagnoses included, but were not limited to, dementia.

A Service Plan, dated 4/3/25, indicated there was a fall without injuries. The interventions included the nurse would be notified after a fall and changes in the range of motion would be evaluated.

A Change of Condition Level of Care assessment, dated 4/5/25, indicated a history of falls if she ambulated unassisted.

Assistance of one person was required for transfers and ambulation and she was alert and oriented to person, place, and time.

A QMA Progress Note, dated 4/19/25 at 12:26 p.m., indicated the resident was found sitting on the floor in front of the recliner in the room. She indicated she was not hurt, she was examined, vitals were stable. The DON and the Power of attorney were notified.

There was no documented assessment of the resident after the fall by a Licensed Nurse.

The Progress Notes indicated there was post fall follow up documentation on 4/19/25 at

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

11:56 p.m., 4/20/25 at 11:48 a.m., and 4/20/25 at 9:30 p.m., which all indicated there were no complaints of pain or discomfort after the fall.

There were no post-fall assessments completed on 4/21/25.

A QMA Progress Note, dated 4/22/25 at 6:06 p.m., indicated the resident was observed sitting on the floor at the foot of the bed. The resident had lost her balance and pulled the walker down on top of her. The Director of Nursing was called to the room and assessed the resident, who had complained of left hip pain. The resident refused to be transferred to the hospital.

There was no assessment by a Licensed Nurse documented in the Progress Notes after the fall.

The Progress Notes indicated post-fall assessments were completed on 4/22/25 at 9:30 p.m. and 4/23/25 at 9 p.m.

During an interview on 5/29/25 at 10:30 a.m., ED 4 indicated a Licensed Nurse was to assess the resident after a fall.

3. Resident E's record was reviewed on 5/29/25 at 11:23 a.m. The diagnoses included, but were not limited to, dementia.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

A Quarterly Level of Care assessment, dated 2/27/25, indicated the resident was independent with transfers and mobility and required cognitive assistance with minimal supervision with familiar situations.

An Indiana Department of Health (IDOH) Incident Report, dated 3/20/25 at 8:01 p.m., indicated the resident was found in a parking lot at the hospital located adjacent to the facility. She was admitted into the Emergency Room for an evaluation. The preventive measures included, the resident would be transferred to the Memory Care Unit upon return to the facility.

A QMA Progress Note, dated 3/21/25 at 10:26 p.m., indicated the resident was transferred to the Memory Care Unit for safety precautions.

A Service Plan, dated 3/22/25, indicated a history of elopement. The interventions included the resident's location would be observed in the community.

During an interview on 5/29/25 at 2:57 p.m., DON 1 indicated the resident returned from the hospital on 3/20/25 night shift and was not moved to the Memory Care Unit until 3/21/25. She indicated the resident was supposed to be placed on

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

hourly supervision until she was transferred. She was unable to locate any hourly monitoring completed by the staff.

A facility missing resident/elopement policy, dated 6/29/2018 and received as current from DON 1, indicated interventions that may be used for residents who were identified as high risk for elopement included frequent monitoring of the resident's location, 30 minute visual checks. After a missing resident was found, the service plan was to be updated with new/revised safety interventions. Additional measure such as electronic surveillance device and/or 15 minute visual safety checks were to be complete for 24-hours and continued as ordered by the healthcare provider. Safety checks were to be documented in the resident record for the duration of the increased supervision.

4. Resident F's record was reviewed on 5/29/25 at 11:47 a.m. The diagnoses included, but were not limited to, dementia.

A Quarterly Level of Care assessment, dated 5/8/25, indicated total assistance from staff was required for bathing, grooming, dressing, and transferring. Showers were to be provided two times a week,

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

extensive cognitive impairment was present, there were no behaviors, and no problematic behavior.

a. A Service Plan, dated 8/6/24, indicated the resident was resistive to care daily. The interventions included the resistive behavior was to be de-escalated by redirecting the behaviors.

An Indiana Department of Health (IDOH) Incident Report, dated 4/17/25 at 10:01 a.m., indicated the resident reported to multiple staff that Terminated CNA 10 hit her on top of the head and slapped her face.

A written statement, dated 4/18/25 and signed by Terminated CNA 10, indicated on 4/17/25 care was being provided. The resident was covered in feces. The resident agreed to the care, then started to hit the staff. She was asked to stop hitting and she replied no. She continued to keep hitting the staff. The resident was washed and dressed and continued to fight the staff.

During an interview on 5/29/25 at 4 p.m., DON 1 indicated Terminated CNA 10 should have stopped the care when the resident was resistive and reported the behavior to the nurse.

b. A Service Plan, dated 5/8/25,

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

indicated the resident was to be assisted with showers two times a week.

The shower schedules were reviewed on 5/30/25 at 8:00 a.m. and the resident was scheduled for showers on Wednesday and Saturday evenings.

The Shower Logs, dated March 2025, April 2025, and May 2025, indicated showers had not been received after March 21, 2025. Showers were received only on April 1, 14, 25, and 21, and May 1, 7, 10, 14, 20, 21, and 24, 2025.

5. Resident H's record was reviewed on 5/29/25 at 2:09 p.m. The diagnoses included, but were not limited to, Alzheimer's disease.

A Fall Risk Assessment, dated 2/6/25, indicated a high risk for falls.

A Quarterly Level of Care assessment, dated 3/21/25, indicated minimal assistance was required for activities of daily living and the resident was forgetful.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

A Service Plan, dated 9/7/23 and revised on 5/13/25, indicated a risk for falls. The interventions included reminders would be given to use assistive devices and to use the call device.

During an observation and interview on 5/29/25 at 8:36 a.m., Resident H was lying in bed and awake. There was a bruise/discoloration around the right eye. The resident's Private Caregiver indicated the resident had a fall about 5:00 a.m. approximately a week ago.

A Nurse's Progress Note, dated 5/22/25 at 8:26 a.m., indicated the resident had fallen in the morning and there was a skin discoloration of the right side of the forehead. There were no complaints of pain or discomfort.

There were post-fall assessments completed on 5/24/25 at 3:23 a.m., 5/24/25 at 2:11 p.m. and 5/26/25 at 1:02 p.m.

There was a lack of documentation that indicated the resident had fallen and an assessment had been completed by a Licensed Nurse on 5/22/25 in the early morning. The post-fall assessments had not been completed every shift for three days.

During an interview on 5/29/25 at 2:43 p.m., DON 1 indicated

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

the nurse on duty notified her about the fall and was informed the resident needed to be assessed.

6. Resident M's record was reviewed on 5/30/25 at 10:14 a.m. The diagnoses included, but were not limited to, dementia.

A Quarterly Level of Care assessment, dated 3/19/25, indicated meals were served in the apartment, intake required monitoring and preparation of all meals. Verbal redirection was required and he had mild to moderate disorientation.

a. During an observation on 5/28/25 at 11:55 a.m., Resident M was lying in bed with his eyes closed. A Styrofoam food container was on the kitchen table in the room. At 12:21 p.m., the resident remained asleep and the food container was unopened on the table. At 1:13 p.m., the resident remained asleep. The container of food remained untouched on the table.

During an observation and interview on 5/28/25 at 1:26 p.m., the resident was sitting at the table visiting with a family member, who had brought soup for the resident. Resident M indicated he was upset because the staff had not awakened him when his meal was delivered

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

and now his meal was cold. He indicated he did not want his food warmed up and he would eat the soup his family brought to him.

During an interview on 5/28/25 at 1:30 p.m., Dietary Aide (DA) 7 indicated he delivered the lunch meal around 11:55 a.m. and the resident was sleeping. He had tried to wake him up but could not get him awake.

During an interview with the Memory Care Director on 5/28/25 at 1:35 p.m., she indicated the Dietary Aides had delivered the room trays for the past three years. She was unsure why the Dietary Aides delivered and set up the meals instead of the nursing staff.

During an interview and observation on 5/29/25 at 8:20 a.m., a family member was in the room and indicated she arrived at the facility around 8:00 a.m. and the resident's breakfast was in a Styrofoam container on the table and the resident had not been awakened to eat his meal. She indicated she had to wake the resident up to eat and he does not like cold food.

During an observation on 5/29/25 at 12:05 p.m., the lunch meal was delivered by DA 7 to the resident's room. A Styrofoam container was placed

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

on the table in the room. DA 7 indicated he informed the resident the meal was on the table and then indicated he could not get the resident to wake up. At 12:10 p.m., CNA 11 entered the room and assisted the resident out of bed for his meal.

A Service Plan, dated 11/29/24, indicated a potential for a nutritional problem related to a decrease in appetite. The interventions included, the staff would stay with the resident during the meal to assist him as needed.

A Service Plan, dated 11/29/24, indicated all meals were consumed in his room. The interventions included intake would be monitored and all meals would need to be prepared by the staff.

b. A written note to the Nurse Practitioner/Physician, dated 5/14/25 and found in a three ring binder in the Assisted Living Nurses' Station, indicated the resident was refusing to take the Flomax (calcium supplement) on the evening shift and he stated the physician said not to take it.

A Nurse Practitioner's Order, written on 5/14/25, indicated laboratory tests of complete blood count, comprehensive metabolic panel, and a

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

urinalysis with culture and sensitivity if indicated due to an altered mental status and increased urgency.

There was no documentation/assessment in the record to indicate a change in mental status or increased urgency.

During an interview on 5/30/25 at 10:50 a.m., QMA 6 indicated she was unable to find an assessment related to the altered mental status and urgency in the record.

During an interview on 5/30/25 at 12:00 p.m., ED 4 indicated a change in status was to be assessed and documented in the record.

The above information was discussed with ED 4 and the Administrator in Training on 5/30/25 at 12:40 p.m.

During an interview on 6/2/25 at 9:05 a.m., DON 1 and DON 2 indicated there was no further information on the above findings.

This citation relates to Complaints IN00458361, IN00458602, IN00458769, IN00458913, IN00458959, and IN00459996.

Based on observation, record review, and interview, the facility failed to ensure residents who

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

had fallen were assessed after the fall by a licensed nurse and follow up assessments were completed post fall, failed to ensure residents received assistance with meals and showers, failed to ensure a resident was monitored for further risk of elopement, failed to ensure interventions for resistive behaviors were utilized for a resident who resisted care, and failed to ensure a resident with a change of status that required intervention was assessed for 3 of 3 residents reviewed for falls, 3 of 4 residents reviewed for activities of daily living (ADL's), 1 of 1 resident reviewed for elopement, 1 of 3 residents reviewed for behaviors, and 1 of 1 resident reviewed for change of condition. (Residents C, D, E, F, H and M)

Findings include:

1. Resident C's record was reviewed on 5/28/25 at 3:15 p.m. The diagnoses included, but were not limited to, dementia, stroke, history of falls, and legal blindness.

A Service Plan, dated 9/19/24, indicated assistance was required and provided for bathing.

A Service Plan, dated 9/19/24, indicated the resident had impaired visual function and

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

was legally blind. The frequently used items were to easily accessible.

A Service Plan, dated 2/13/24, indicated the resident was independent for food and fluid consumption and she preferred to have her meals in the apartment.

A fall assessment, dated 4/1/25, indicated a high risk for falls.

A Quarterly Level of Care assessment, dated 4/3/25 at 5:59 p.m., indicated moderate assistance was required for bathing twice a week by a caregiver, moderate assistance was required for all activities of daily living (ADL's), the staff were to set up items, cue and use hands on assistance. Assistance was required for sight-related needs, and required verbal redirection.

a. During an observation on 5/28/25 at 12:02 p.m., Dietary Aide (DA) 7 delivered the meal tray to the room. He informed the resident what was served for the lunch meal and then left the room. DA 7 had not explained where the food was located on the plate. The resident asked what was on the plate and where the food was located. She was able to locate a chicken leg and then began to feed herself the meal. She drank a small Styrofoam cup of

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

apple juice and wanted more juice to drink.

During an interview on 5/28/25 at 12:09 p.m., QMA 6 indicated Resident C enjoyed drinking apple juice and should have received large plastic glasses of fluid with her meal, not the small Styrofoam glasses. The resident was legally blind and required staff to assist her with meals and a CNA should have taken the meal tray to the resident and assisted her as needed.

During an observation on 5/28/25 at 12:17 p.m., QMA 6 delivered two larger glasses of apple juice to the resident. The resident had laid back down in bed and stopped eating. QMA 6 assisted the resident to the side of the bed, explained where the food was located on the plate, and the resident began to feed herself.

During an interview with the Memory Care Director on 5/28/25 at 1:35 p.m., she indicated the Dietary Aides have delivered the room trays for the past three years. She was unsure why the Dietary Aides deliver and set up the meals instead of the nursing staff.

b. A QMA incident note, dated 3/26/25 at 1:11 p.m., indicated Resident C was found sitting on the floor at the foot of the bed and had been incontinent of

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

urine. She indicated she had fallen from the bed and could not get up. The nurse was notified. The resident was then assisted to a standing position and assisted to the bathroom and a shower was given. The Power of Attorney was notified.

There was no documented assessment of the resident after the fall by a Licensed Nurse.

There were three Progress Notes after the fall, on 3/27/25 at 7:35 p.m., 3/29/25 at 6:09 p.m., and 3/29/25 at 9:46 p.m., which all indicated there were no complaints of pain or discomfort after the fall.

A QMA Incident Note, dated 5/8/25 at 11:40 p.m., indicated the resident was found sitting on the floor in front of the recliner. The Director of Nursing (DON) was notified and there were no visible injuries. She was assisted off the floor and had no complaints of pain.

There was no documented assessment of the resident after the fall by a Licensed Nurse.

During an interview on 5/29/25 at 10:30 a.m., Executive Director (ED) 4 indicated a Licensed Nurse was to assess a resident after a fall.

A post-fall policy, undated and received from DON 2 on 5/30/25 at 11:53 a.m. as current,

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

indicated after a fall, a nurse was to be immediately notified. Only a qualified licensed nurse was to attempt to move the resident or get the resident off the floor. The resident was to be assessed by a licensed nurse for any injuries related to the fall. The resident could be assisted to the chair or bed after the assessment from the licensed nurse was completed. Vital signs were to be checked at the time of the fall. The assessment, vital signs, the time and date of the fall, any first aid given and family/physician notification was to be documented in the Progress Notes. Post-fall documentation in the Progress Notes was to be completed every shift for three days, which should include any first aid, vital signs, any complaints of pain and other pertinent information.

c. During an interview on 5/27/25 at 6:48 p.m., CNA 8 indicated she had given Resident C a shower, "last week". She was new to the facility and was unsure of the resident's shower schedule.

During an interview on 5/29/25 at 11:11 a.m., a resident family member and the Memory Care Coordinator were in the room. The family member indicated the resident just received a shower, but had not received a shower on 5/27/25 and had not

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

received a shower since 5/24/25. The resident had not received showers twice a week as scheduled.

The shower schedules were reviewed on 5/30/25 at 8:00 a.m. The resident's scheduled showers were to be Tuesday and Friday on day shift.

The shower logs, dated March 2025, April 2025, and May 2025, indicated she received showers on March 25, 26, and 28, April 2, 6, 7, 19, 20, 21, 28, and May 3, 13, 19, 22, 28, and 29, 2025.

2. Resident D's record was reviewed on 5/29/25 at 9:43 a.m. The diagnoses included, but were not limited to, dementia.

A Service Plan, dated 4/3/25, indicated there was a fall without injuries. The interventions included the nurse would be notified after a fall and changes in the range of motion would be evaluated.

A Change of Condition Level of Care assessment, dated 4/5/25, indicated a history of falls if she ambulated unassisted.

Assistance of one person was required for transfers and ambulation and she was alert and oriented to person, place, and time.

A QMA Progress Note, dated

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

4/19/25 at 12:26 p.m., indicated the resident was found sitting on the floor in front of the recliner in the room. She indicated she was not hurt, she was examined, vitals were stable. The DON and the Power of attorney were notified.

There was no documented assessment of the resident after the fall by a Licensed Nurse.

The Progress Notes indicated there was post fall follow up documentation on 4/19/25 at 11:56 p.m., 4/20/25 at 11:48 a.m., and 4/20/25 at 9:30 p.m., which all indicated there were no complaints of pain or discomfort after the fall.

There were no post-fall assessments completed on 4/21/25.

A QMA Progress Note, dated 4/22/5 at 6:06 p.m., indicated the resident was observed sitting on the floor at the foot of the bed. The resident had lost her balance and pulled the walker down on top of her. The Director of Nursing was called to the room and assessed the resident, who had complained of left hip pain. The resident refused to be transferred to the hospital.

There was no assessment by a Licensed Nurse documented in the Progress Notes after the fall.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

The Progress Notes indicated post-fall assessments were completed on 4/22/25 at 9:30 p.m. and 4/23/25 at 9 p.m.

During an interview on 5/29/25 at 10:30 a.m., ED 4 indicated a Licensed Nurse was to assess the resident after a fall.

3. Resident E's record was reviewed on 5/29/25 at 11:23 a.m. The diagnoses included, but were not limited to, dementia.

A Quarterly Level of Care assessment, dated 2/27/25, indicated the resident was independent with transfers and mobility and required cognitive assistance with minimal supervision with familiar situations.

An Indiana Department of Health (IDOH) Incident Report, dated 3/20/25 at 8:01 p.m., indicated the resident was found in a parking lot at the hospital located adjacent to the facility. She was admitted into the Emergency Room for an evaluation. The preventive measures included, the resident would be transferred to the Memory Care Unit upon return to the facility.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

A QMA Progress Note, dated 3/21/25 at 10:26 p.m., indicated the resident was transferred to the Memory Care Unit for safety precautions.

A Service Plan, dated 3/22/25, indicated a history of elopement. The interventions included the resident's location would be observed in the community.

During an interview on 5/29/25 at 2:57 p.m., DON 1 indicated the resident returned from the hospital on 3/20/25 night shift and was not moved to the Memory Care Unit until 3/21/25. She indicated the resident was supposed to be placed on hourly supervision until she was transferred. She was unable to locate any hourly monitoring completed by the staff.

A facility missing resident/elopement policy, dated 6/29/2018 and received as current from DON 1, indicated interventions that may be used for residents who were identified as high risk for elopement included frequent monitoring of the resident's location, 30 minute visual checks. After a missing resident was found, the service plan was to be updated with new/revised safety interventions. Additional measure such as electronic surveillance device and/or 15 minute visual safety checks were to be complete for

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

24-hours and continued as ordered by the healthcare provider. Safety checks were to be documented in the resident record for the duration of the increased supervision.

4. Resident F's record was reviewed on 5/29/25 at 11:47 a.m. The diagnoses included, but were not limited to, dementia.

A Quarterly Level of Care assessment, dated 5/8/25, indicated total assistance from staff was required for bathing, grooming, dressing, and transferring. Showers were to be provided two times a week, extensive cognitive impairment was present, there were no behaviors, and no problematic behavior.

a. A Service Plan, dated 8/6/24, indicated the resident was resistive to care daily. The interventions included the resistive behavior was to be de-escalated by redirecting the behaviors.

An Indiana Department of Health (IDOH) Incident Report, dated 4/17/25 at 10:01 a.m., indicated the resident reported to multiple staff that Terminated CNA 10 hit her on top of the head and slapped her face.

A written statement, dated 4/18/25 and signed by Terminated CNA 10, indicated

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

on 4/17/25 care was being provided. The resident was covered in feces. The resident agreed to the care, then started to hit the staff. She was asked to stop hitting and she replied no. She continued to keep hitting the staff. The resident was washed and dressed and continued to fight the staff.

During an interview on 5/29/25 at 4 p.m., DON 1 indicated Terminated CNA 10 should have stopped the care when the resident was resistive and reported the behavior to the nurse.

b. A Service Plan, dated 5/8/25, indicated the resident was to be assisted with showers two times a week.

The shower schedules were reviewed on 5/30/25 at 8:00 a.m. and the resident was scheduled for showers on Wednesday and Saturday evenings.

The Shower Logs, dated March 2025, April 2025, and May 2025, indicated showers had not been received after March 21, 2025. Showers were received only on April 1, 14, 25, and 21, and May 1, 7, 10, 14, 20, 21, and 24, 2025.

5. Resident H's record was reviewed on 5/29/25 at 2:09 p.m. The diagnoses included, but were not limited to,

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

Alzheimer's disease.

A Fall Risk Assessment, dated 2/6/25, indicated a high risk for falls.

A Quarterly Level of Care assessment, dated 3/21/25, indicated minimal assistance was required for activities of daily living and the resident was forgetful.

A Service Plan, dated 9/7/23 and revised on 5/13/25, indicated a risk for falls. The interventions included reminders would be given to use assistive devices and to use the call device.

During an observation and interview on 5/29/25 at 8:36 a.m., Resident H was lying in bed and awake. There was a bruise/discoloration around the right eye. The resident's Private Caregiver indicated the resident had a fall about 5:00 a.m. approximately a week ago.

A Nurse's Progress Note, dated 5/22/25 at 8:26 a.m., indicated the resident had fallen in the morning and there was a skin discoloration of the right side of the forehead. There were no complaints of pain or discomfort.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

There were post-fall assessments completed on 5/24/25 at 3:23 a.m., 5/24/25 at 2:11 p.m. and 5/26/25 at 1:02 p.m.

There was a lack of documentation that indicated the resident had fallen and an assessment had been completed by a Licensed Nurse on 5/22/25 in the early morning. The post-fall assessments had not been completed every shift for three days.

During an interview on 5/29/25 at 2:43 p.m., DON 1 indicated the nurse on duty notified her about the fall and was informed the resident needed to be assessed.

6. Resident M's record was reviewed on 5/30/25 at 10:14 a.m. The diagnoses included, but were not limited to, dementia.

A Quarterly Level of Care assessment, dated 3/19/25, indicated meals were served in the apartment, intake required monitoring and preparation of all meals. Verbal redirection was required and he had mild to moderate disorientation.

a. During an observation on 5/28/25 at 11:55 a.m., Resident M was lying in bed with his eyes closed. A Styrofoam food container was on the kitchen table in the room. At 12:21 p.m.,

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

the resident remained asleep and the food container was unopened on the table. At 1:13 p.m., the resident remained asleep. The container of food remained untouched on the table.

During an observation and interview on 5/28/25 at 1:26 p.m., the resident was sitting at the table visiting with a family member, who had brought soup for the resident. Resident M indicated he was upset because the staff had not awakened him when his meal was delivered and now his meal was cold. He indicated he did not want his food warmed up and he would eat the soup his family brought to him.

During an interview on 5/28/25 at 1:30 p.m., Dietary Aide (DA) 7 indicated he delivered the lunch meal around 11:55 a.m. and the resident was sleeping. He had tried to wake him up but could not get him awake.

During an interview with the Memory Care Director on 5/28/25 at 1:35 p.m., she indicated the Dietary Aides had delivered the room trays for the past three years. She was unsure why the Dietary Aides delivered and set up the meals instead of the nursing staff.

During an interview and observation on 5/29/25 at 8:20

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

	a.m., a family member was in the room and indicated she arrived at the facility around 8:00 a.m. and the resident's breakfast was in a Styrofoam container on the table and the resident had not been awakened to eat his meal. She indicated she had to wake the resident up to eat and he does not like cold food. During an observation on 5/29/25 at 12:05 p.m., the lunch meal was delivered by DA 7 to the resident's room. A Styrofoam container was placed on the table in the room. DA 7 indicated he informed the resident the meal was on the table and then indicated he could not get the resident to wake up. At 12:10 p.m., CNA 11 entered the room and assisted the resident out of bed for his meal. A Service Plan, dated 11/29/24, indicated a potential for a nutritional problem related to a decrease in appetite. The interventions included, the staff would stay with the resident during the meal to assist him as needed.			
--	---	--	--	--

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

A Service Plan, dated 11/29/24, indicated all meals were consumed in his room. The interventions included intake would be monitored and all meals would need to be prepared by the staff.

b. A written note to the Nurse Practitioner/Physician, dated 5/14/25 and found in a three ring binder in the Assisted Living Nurses' Station, indicated the resident was refusing to take the Flomax (calcium supplement) on the evening shift and he stated the physician said not to take it.

A Nurse Practitioner's Order, written on 5/14/25, indicated laboratory tests of complete blood count, comprehensive metabolic panel, and a urinalysis with culture and sensitivity if indicated due to an altered mental status and increased urgency.

There was no documentation/assessment in the record to indicate a change in mental status or increased urgency.

During an interview on 5/30/25 at 10:50 a.m., QMA 6 indicated she was unable to find an assessment related to the altered mental status and urgency in the record.

During an interview on 5/30/25 at 12:00 p.m., ED 4 indicated a

DEPARTMENT OF HEALTH AND HUMAN SERVICES

failed to ensure medications were administered by a licensed nurse or qualified medication aide, for 2 of 6 residents reviewed for medications. (Residents G and L)

Findings include:

1. During a medication administration pass observation on 5/27/25 at 3:55 p.m., RN 3 prepared Resident L's medications of colestevlam hydrochloride (cholesterol medication), 625 milligrams (mg), three tablets and atorvastatin (cholesterol medication), 80 mg, one tablet.

Resident L indicated she needed to take the medication with her meal, placed the medication cup with the medications in her walker and ambulated to the dining room. RN 3 continued to administer medications to other residents.

During an observation on 5/27/25 at 4:30 p.m., Resident L was in the dining room and had finished eating and was taking the medications. The medications were not administered by the licensed nurse.

pass audits to ensure medications are being administered by a licensed nurse or qualified medication aide. The DON/Designee will review the MAR five times per week ensure appropriate documentation for all entries in the MAR. Results of the audits will be reviewed at the facility monthly QA meeting.

The Executive Director/designee is responsible for sustained compliance.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

Resident L's record was reviewed on 5/30/25 at 9:50 a.m. The diagnoses included, but were not limited to mild cognitive impairment and rheumatoid arthritis.

A Quarterly Level of Care assessment, dated 4/3/25 indicated medication assistance was required. The nursing staff were to monitor and administer medications due to cognitive loss.

A Service Plan, dated 6/24/24, indicated the resident was unable to self-administer medications related to cognitive impairment. The interventions indicated a licensed or certified staff member would administer the medications.

An undated facility self-administration of medication procedure, received from DON 2 (Director of Nursing) on 5/30/25 at 11:53 a.m. as current, indicated the physician was to indicate if the resident was capable and competent of self-administration and the resident was to be assessed by the facility to ensure the resident was able to self-administer the medications.

Executive Director (ED) 4 and the Administrator in Training were informed of the observation on 5/30/25 at 12:40 p.m.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

	During an interview on 6/2/25 at 9:05 a.m., DON 1 provided no further information. 2. Resident G's record was reviewed on 5/29/25 at 1:40 p.m. The diagnoses included, but were not limited to, stroke. A Service Plan, dated 9/24/24, indicated daily supervision of medication was required. A Quarterly Level of Care assessment, dated 3/23/25, indicated medications were administered per the nursing staff. The current Physician's Orders indicated the following: On 9/5/24, acetaminophen 325 milligrams (mg), give two tablets three times a day. On 12/28/23, sodium chloride (supplement) 1 gram (gm), give one tablet three times a day. On 12/8/23, Lisinopril (anti-hypertensive) 10 mg, give one tablet three times a day. On 3/15/25, Aspercreme patch (pain patch) 4%, apply one patch every day to the right back, on 12 hours and off 12 hours. The Medication Administration Record (MAR), dated 4/2025, indicated the acetaminophen, sodium chloride, Lisinopril had

CENTERS FOR MEDICARE & MEDICAID SERVICES

FORM APPROVED

OMB NO. 0938-0391

were taken.

There was a lack of documentation a transfer form was provided to the receiving facility which included, but was not limited to, functional abilities, physical limitations, nursing care, medications, treatments, diagnoses, diet, and other information for continuity of care.

During an interview on 5/29/25 at 2:43 p.m., Director of Nursing (DON) 1 indicated the POA wanted the resident transferred and a transfer form and reason for the discharge should have been documented.

This citation relates to Complaint IN00458959.

Based on record review and interview, the facility failed to ensure a resident who discharged to another healthcare facility received a transfer form with information for continuity of care, for 1 of 3 residents reviewed for discharge/transfer. (Resident J)

Finding includes:

Resident J's record was reviewed on 5/29/25 at 2:29 p.m. The diagnoses included, but were not limited to anxiety, depression, and hypertension.

A Nurse's Progress Note, dated 4/26/25 at 5:22 p.m., indicated

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

the resident was being discharged to another facility. The Power of Attorney (POA) signed the proper documents and all personal belongings were taken.

There was a lack of documentation a transfer form was provided to the receiving facility which included, but was not limited to, functional abilities, physical limitations, nursing care, medications, treatments, diagnoses, diet, and other information for continuity of care.

During an interview on 5/29/25 at 2:43 p.m., Director of Nursing (DON) 1 indicated the POA wanted the resident transferred and a transfer form and reason for the discharge should have been documented.
