Inject 0.3 ml subcutaneously once daily, dated 8/3/22 Losartan 25 mg - Take one tablet by mouth once daily, dated 7/31/23 Meloxicam 7.5 mg - Take one tablet by mouth once daily, dated 1/4/24 Modafinil 200 mg - Take one tablet by mouth once daily, dated 1/4/24 Prednisolone 1% eye drop - Instill one drop into the right eye four times a day, dated 1/17/24 Quetiapine 400 mg - Take one tablet by mouth at bedtime, dated 5/10/21 Rosuvastatin 10 mg - Take one tablet by mouth at bedtime, dated 5/3/21 Tizanidine 4 mg - Take one tablet by mouth three times daily as needed for muscle spasm, dated 9/15/22 Vitamin B6 50 mg - Take two tablets by mouth daily, dated 7/18/23 The clinical record lacked an assessment for self administration of medications and physicians order to self administer medications. On 8/8/24 at 11:00 A.M., the Director of Nursing (DON)			
--	--	--	--

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

indicated Resident 6 administered her own medication but did not have an assessment for self administration of medication because she refused to take it.

On 8/8/24 at 3:20 P.M., Resident 6 indicated she self administered her own medication and staff had never offered to give her an evaluation on whether she was capable to do so.

On 8/8/24 at 1:30 P.M., the DON indicated if a resident has an administer notification for the staff to give medication there should be no medications left at the bedside.

On 8/8/24 at 11:30 A.M., the Administrator provided a current "Medication Management, Administration, and Storage (Indiana and Ohio Only)" policy, revised 1/2024, that indicated "The Director of Nursing, or licensed nurse designee, will assess the resident's ability to self-administer daily medications utilizing the Self-Medication Assessment. The assessment will determine what level of assistance, if any, is needed by the resident. Medication set-up and storage protocol will be implemented based on the assessment outcome. The medication assessment will be reviewed biannually as part of the review

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

process, and episodically with any significant change in condition or as level of service indicate".

Based on observation, interview, and record review, the facility failed to ensure residents that were self-administering medications were assessed for capability to self-administer medications for 5 of 10 residents reviewed for self administration of medication. (Resident 4, Resident 9, Resident 11, Resident 12, Resident 6)

Findings include:

1. On 8/8/24 at 8:30 A.M., a tube of Betamethasone Cream was observed on Resident 4's bathroom sink.

On 8/8/24 at 2:05 P.M., Resident 4's clinical record was reviewed. Physician orders included, but were not limited to:

Betamethasone Val 0.1%CRM (Cream) (Steroid) 45 GM (Grams). Apply to affected areas twice daily dated 1/31/24.

The clinical record lacked an assessment for self-administration of medications and a physicians order to self administer medications..

2. On 8/8/24 at 9:00 A.M., a tube of Aspercreme Cream was

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CENTERS FOR MEDICARE & MEDICAID SERVICES

observed on Resident 9's bathroom sink.

On 8/8/24 at 3:31 P.M., Resident 9's clinical record was reviewed. Physician orders included, but were not limited to:

Aspercreme 10% (Pain Relief)
141 GM Apply topically to right lower lateral chest wall 3 times daily dated 6/19/24

The clinical record lacked an assessment for self administration of medications and a physician order to self administer medications.

3. On 8/8/24 at 10:09 A.M., a bottle of stool softener and a bottle of ibuprofen was observed sitting on a table next to Resident 11's chair.

On 8/8/24 at 2:50 P.M., Resident 11's clinic record was reviewed. The clinical record lacked orders for the stool softener and ibuprofen.

The clinical record lacked an assessment for self administration of medications and a physicians order to self administer medications.

4. On 8/8/24 at 10:15 A.M., a bottle of Fluticasone Spray was observed on Resident's 12 bedside nightstand.

On 28/8/24 at 3:31 P.M., Resident 12's clinical record

2. On 8/8/24 at 8:40 A.M., QMA 11 was observed not sanitizing her hands prior to entering and leaving Room 324.

3. On 8/8/24 at 8:50 A.M., QMA 11 was observed not sanitizing her hands prior to entering Room 326.

4. On 8/8/24 at 10:20 A.M., QMA 11 was observed not sanitizing her hands after leaving Room 308 and before entering Room 302.

During an interview on 8/8/24 at 1:30 P.M., the DON (Director of Nursing) indicated staff should sanitize their hands between resident rooms.

On 8/8/24 at 2:00 P.M., the DON provided a current "Hand Hygiene" policy, revised 3/2024, that indicated "... it is the responsibility of all staff to follow proper handwashing and hygiene guidelines...in most situations, the preferred method of hand hygiene is alcohol

practice does not recur:

1. All clinical staff will be re-educated and in-serviced on the hand hygiene policy no later than **9/5/2024**. Any clinical staff member out of compliance with facility's policies and protocols relating to hand hygiene will receive progressive corrective action. The Director of Nursing, or designee will educate all newly hired clinical staff on policies and protocols relating to hand hygiene during employee job-specific orientation moving forward.

1. **How the corrective action(s) will be monitored to ensure the deficient practice will not recur, i.e what quality assurance program will be put into**

based hand sanitizer...and is used for the following situations...before and after direct contact with residents and before preparing or handling medications...".

place:

1. The Director of Nursing or designee will audit appropriate hand hygiene one time a week for four weeks, then two times a month for one month and then as needed to ensure that proper hand hygiene is being executed. Results to be reviewed at monthly QAPI meetings and make further recommendations based off audit results

1. **By what date will the systematic changes be completed**

1. Education and in-service will
