Based on record review and interview, the agency failed to evidence documentation of a recent criminal history check report for a newly hired employee for 1 of 1 home health agency.

Findings include:

1. Review of an agency policy titled "Criminal History Check" indicated the agency, within 3 days of a provisional hire, will apply for the criminal history check.

policy. If the employee is found to be outside the 3-day timeframe, the employee will be notified of the finding and informed of the need for a new criminal background check to be completed. This criminal background check will then be completed immediately and placed in the employee file. If an employee is found to be excluded from employment, the employee will be terminated immediately. Re-education will be provided for all staff that are involved with pre-hire documentation. In addition to this correction, AM Home Healthcare will amend the policy titled "Criminal Background Check" to reflect a "90 day prior to hire policy" criminal background check policy. This policy will be implemented once approved by the Governing Body. (see attached policy)

2. Review of the personnel file of home health aide (HHA) 22 indicated the date of hire was 09/16/2024 and evidenced the criminal history check report was dated 02/22/2024. The personnel file failed to evidence documentation of recent criminal history check.

During an interview on 09/27/2024 at 1:24 PM, when asked when a criminal history check would be completed, human resources indicated the criminal history check would be ran a week prior to hire. When asked why the criminal history check of HHA 22 was completed in February 2024 and HHA 22 was not hired until 09/16/2024, human resources indicated the agency was waiting for a patient that was not approved for admission until last week.
