TITLE

(X6) DATE

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined other safeguards provide sufficient protection to the patients. (see instructions.) Except for nursing homes, the findings stated above are disclosable following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosed days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

	<p>She tested positive on 8/20/20.</p> <p>- PTA 7 worked in the LTC on August 11, 13, 14, 15, 16, 18, 20, and 21, 2020. He tested positive on 8/26/20.</p> <p>The facility could not provide any documentation to show families were notified of the positive Covid 19 employees.</p> <p>During an interview on 8/27/20 at 9:54 a.m., the IP (Infection Preventionist) indicated they did not notify families of each of the new cases. The OT 4, PTA 6, and CNA 5 were tested on 8/17/20. All of the other staff were tested on August 20 and 21.</p> <p>During an interview on 8/27/20 at 10:23 a.m., The Executive Director indicated that they had not notified families of the positive employees in August, because he had believed they primarily worked the acute hospital side of the facility, and had not realized they worked the Long Term Care side. Because they worked the LTC side in the past few weeks, family should have been notified if they had worked over here.</p>				<p>affected.</p> <p>a. All residents have the potential to be affected by this deficient practice when a system is not followed for notifying residents, their representatives and families of new on-set of confirmed COVID-19 test results or respiratory systems of new on-set within 72 hours of each other.</p> <p>3. Education:</p> <p>a. An in-service was initiated by the CEO on 8/28/2020 with the leadership team and charge nurses on the requirements to notify residents, their representatives and families of new onset of COVID-19 confirmed cases and new on-set of respiratory symptoms whenever three or more residents or staff members with new on-set of respiratory symptoms occur within 72 hours of each other. Notifications will be made by telephone or verbally in-person. The Infection Preventionist/designee will notify resident representatives and families. The Charge Nurse/designee will notify current residents. Notification documentation will be on or attached to the census sheet to track notifications</p> <p>4. Ongoing audits/tools:</p> <p>a. The Infection</p>

			<p>Preventionist/designee will monitor new onset of COVID-19 confirmed cases and new onset of respiratory symptoms whenever three or more residents or staff members with new onset of respiratory symptoms occur as an ongoing process of this facility. The Infection Preventionist/designee will make notifications to resident representatives and families by 5pm the next calendar day following occurrence. The Charge Nurse/designee will make notifications to current residents by 5pm the next calendar day following occurrence. Notifications will include information on mitigating actions implemented to prevent or reduce the risk of transmission, including if normal operations of the facility will be altered. The Director of Nursing/designee will audit the census notification documentation weekly for twelve consecutive weeks any discrepancy in the notification documentation will be followed up on and resolved immediately with notifications or education on the documentation requirements. The Director of Nursing/designee will report audit findings to the monthly Quality Assurance Committee.</p> <p>b. This plan of correction will be monitored at the monthly Quality Assurance meeting until such time consistent compliance</p>
