If you expect the call to last more than 30 minutes, tell the interpreter at the beginning. Interpreters accept scheduled assignments and adjust their on-demand call time accordingly. 2. Always speak in first person, just as you would in normal conversation. For example, say, "Do you have a fever?" rather than, "Ask her if she has a fever." 3. When using a speakerphone, make sure all parties speak clearly and loud enough to allow the interpreter to accurately provide service. Be close to the speakerphone when talking. 4. After speaking a few sentences, pause to give interpreter time to interpret. 5. If several people are on the conference call, manage the discussion. Discourage side-conversations that the interpreter will not hear. 6. Please note that static and poor audio connections can be caused by any party on the line. If audio interference makes it difficult to communicate, have all parties hang up and reinitiate the call. If this approach fails, call Propio's customer service at 1-888-528-6692, option 0, and ask for assistance.
