  – Hilari Sautbine
  – Kelly MacKinnon
  – Bill Baker (IOT)

➢ Project Decisions
Project Status

• Current Status
  • Kickoff webinars
  • Data migration
  • Complete build of system
    • including standup of external site
Project Status

• What’s Coming Up Next
  • State User Acceptance Testing (UAT) starting late May
  • Pilot Testing early August
  • External/End-user training mid-August
Project Status

• Check our DRIVE page for updates
  • https://www.in.gov/isdh/drive

• Will continue to be updated after rollout so users can stay up-to-date with birth and death information
Changes in DRIVE

• 100% web-based system
• Hard edits/built-in edits to reduce errors and improve data quality
• Electronic access request
Changes in DRIVE

- Coroner access to entire record
  - Working copy print option for assigned records
- SFN and LFN assigned concurrently to increase timeliness of registration
- Concurrent entry of death records for funeral home and medical certifier
Changes in DRIVE

• Birth records without PA are auto-registered at affirmation by certifier
• County can locate (but not issue) records across the state
• BTP stays paper-based but will be amended to be more streamlined
