Attachments: 2011 cemetery board.docx

Hello! Here is our report for the Miami county cemetery board for 2010.

Our current board was formed on March 18, 2010 for the purpose of identification, location, care and maintenance of the cemeteries in Miami county.

Each board member is assigned to various townships. Volunteers are needed on the actual cleanup of the cemetery sites and research into the persons laid to rest in each cemetery. Maps of the county were viewed with the possible identification of up to 116 cemeteries in Miami county. Townships were divided among members. We have conducted several cleanups of sites throughout the year. June was a cleanup in Allen township, July was a cleanup at the Keyes-Kunkle cemetery. August cleanup was in the Clymers. September is the cleanup of the Chittick cemetery. October was a Cassville cemetery cleanup. November was Findlay and Deer Creek cemetery cleanups. We have no established budget or funding. The county commissioners have assisted us with tools, equipment and the local community has been generous with volunteers to help in the various cleanups. For 2011 we plan to tackle more cemetery cleanup, look in to signage for some area cemeteries and utilize community resources to help in our projects, We will have no formalized budgets but are asking commissioner for some assistance in their township cemeteries.

Respectfully submitted,
Rose Miller
