

SIGNS

MT ZION FLAG POLE

- 1) Jerry Gobin has confirmed to Corinne that Mt Zion is owned by Fayette County.
- 2) Spoke with Jeannie Reagan-Dinius (Director of Special Initiatives at DNR) to confirm proper procedure.
- 3) We're asking permission to set up a fund for donations for "Fayette County Pioneer Cemetery flag poles and foundations". We respectfully request that this line item be set up as soon as possible so Mr. Mohler can proceed with his project.
- 4) When established, how do we draw from it or in Steve Mohler's case, how does he?

OLD ORANGE CEMETERY

- 1) One of the Cemetery Commission's responsibilities is to report to the County Commissioners on any and all work that is performed in our county cemeteries. (e.g. volunteer's, contractors, etc.)
- 2) After Mr. John Walters, owner/operator of Graveyard Groomers confirmed his restoration completion of Old Orange we did our follow up report for the County Commission.
 - a) Stones (markers) that were cleaned are very nice.
 - b) Markers that were straightened make the cemetery look nice.
 - c) What was performed was in a timely manner.
 - d) Repairs done to broken stones looked professional.

HOWEVER

- e) 2012 Mr. Walter's states he stabilized 146 stones.
- f) Recent completion from 2013 contract, Mr. Walter's states 167 stones had been cleaned. (TOTAL 313 stones worked on in 2 years)
- g) 161 burials have been recorded in Old Orange Cemetery according to the state records.
- h) Our count of markers is 213. (32 are granite, 2 are flagstone)
- i) 3 markers have plastic still wrapped around them. (as seen in pictures)

- j) 1 marker has base that is cracked and broken and has not been repaired. (as seen in picture)
- k) 1 obelisk (Headstone for Sarah Crawford) has Miss Crawford's foot stone (as seen in pictures) placed under the right front corner of the base. Miss Crawford's foot stone was leaning up against her head stone in fall of 2012. (as seen in picture)
- l) 5 markers are laying down which are broke but have not been repaired. (as seen in pictures)
- m) Bale of straw was left up against outside of fence, which has killed the grass underneath it. (as seen in picture)
- n) Several foot markers have put up against head markers and not re-set. (as seen in pictures)
- o) One marker had been uncovered and then recovered. (as seen in pictures)

UPON CONCLUSION

We as the Cemetery Commission suggest that the County Commission take into consideration when a contractor submits a bid proposal, it should contain:

- 1) Detailed information of stone/marker that work is to be performed on. (e.q. location of marker, condition, proposed repaired needed done, etc.)
- 2) Itemize each marker that is in proposed bid.
- 3) If possible verify through Cemetery commission on proposed work/repair to be done.
- 4) Record all work/repair done for final report on completion of said contract.
