

Thoroughbred Breed Development Advisory Committee

2018 Proposed Program

*Approved by the Thoroughbred Breed Development Advisory Committee on December 14, 2017.
Approved by the Indiana Horse Racing Commission on _____.*

During the 2015 legislative session, legislation was passed which increased the funds allocated to the Thoroughbred Breed Development Fund by an additional 5%. This change results in an increase of approximately \$1.4 million dollars in slots revenue to the Thoroughbred Breed Development program annually. These additional funds gave the Thoroughbred Breed Development Advisory Committee an opportunity to make several positive improvements to the program for 2016 & 2017. In planning the proposal for 2018, the Thoroughbred Breed Development Advisory Committee worked closely with the racetracks, IHRC staff and horsemen associations. Public meetings were held in which horsemen had the opportunity to voice their opinions. At the recommendation of the IHRC staff, a balance of \$2.3 million in reserves is maintained in the Thoroughbred Breed Development Fund. In order to accomplish this, the remaining balance is analyzed each year when planning the program. Upon review of this year's ending balance, it is proposed to utilize \$500,000 in reserves for the 2018 program, and decrease the amount utilized by \$100,000 each year thereafter. When the IHRC approved the program in 2017, the Committee requested that the Executive Director have the ability to approve (after receiving a request from the Committee and IHRC Staff) the movement of funds from one line item to another should that budget amount be less than expected and/or the ability to utilize additional funds should gaming revenues be greater than projected. For example, if the amount being spent for Awards for Open Races (dependent of Indiana Bred horses winning in open races – something difficult to predict) is going to be under budget, a portion of those funds may be utilized for overnight races with IHRC Executive Director approval. We would like to continue to have this delegation available for the 2018 program.

Proposed Program and Guidelines

Scheduled Overnight Races:

There are 261 proposed scheduled races. Funds allocated for regularly scheduled races that do not fill may be added to the Discretionary Race Fund throughout the meet.

Discretionary Race Fund:

Included in the 2018 proposal is the inclusion of a “Discretionary Race Fund” to be utilized by the racing secretary at the track. This element, added to the program in 2012, works by giving the racing secretary the authority to make adjustments to the program to accommodate the population of horses available to race. The Discretionary Race Fund gives the race track an opportunity for an additional 51 Breed Development races with an average purse of \$33,000. This will give the track an opportunity to run approximately 312 Breed Development races during the 2018 race meet. In addition, funds allocated for regularly scheduled races that do not fill may be added to the Discretionary Race Fund throughout the meet. The track will be limited to the overall Breed Development budget amount approved for the race track.

Please see Attachment A for detailed information outlining the proposed race program.

Signature Stake Races:

The year 2012 was the inaugural year for the Signature Stake Races in Indiana. The Signature Stake races will continue as they did in 2017. The proposed stakes are as follows:

The Governor’s Stake	3YR Olds	1MI 70 Yards – Dirt	\$150,000 Guaranteed
The First Lady Stake	3 YR Old Fillies	1 MI 70 Yards – Dirt	\$150,000 Guaranteed
The Too Much Coffee	3 YR Olds & UP	1 1/16 MI – Dirt	\$150,000 Guaranteed
The Francis Slocum	3 YR Olds & Up Fillies/Mares	1 1/16 MI – Dirt	\$150,000 Guaranteed

Remaining Stakes Program:

The purses for these races will be contested at \$100,000. The purses for these races will be split 65/35 between the Breed Development Fund and the open purse account.

Preference for all stake races for two and three year olds will be high weights preferred, second preference lifetime earnings. Races for three year olds & older will be high weights preferred, second preference highest lifetime earnings.

In addition Breed Development will continue to contribute funding to the ITOBA Stallion Stakes. Breed Development will contribute \$25,000 to each race (for a total expenditure of \$50,000) as follows:

- Race for Fillies – 1 Mile on Dirt – \$75,000 Total Purse
- Race for Colts – 1 Mile on Dirt - \$75,000 Total Purse

The stakes program is as follows:

General Program Guidelines:

- Each regularly scheduled overnight race that fills with eight (8) or more betting interests will be carded. It is the discretion of the racing secretary as whether to utilize races with fewer than eight (8) betting interests.
- Stake races are not required to have eight (8) starters to be used.
- If a regularly scheduled race fails to be carded due to a lack of eight (8) betting interest, but contains at least six (6) preferred betting interests, the racing secretary shall bring that race back the following day. Should the race not fill with eight (8) betting interests again, the purse money from that race will be allocated to the Discretionary Race Fund.
- In order for a race to be split, it must contain at least eight (8) betting interests in each.
- The racing secretary has the discretion to write Indiana-bred claiming races at a level below \$10,000 as needed. These races will not be used to replace any race in the Thoroughbred Breed Development Program.
- All stakes, with the exception of the Signature Stakes, shall be “added money” with the nomination, entry and starting fees contributing to the purse as indicated in 71 IAC 1.5-1-97.
- One-third of all allowance races, including maiden special weights, are to be written for Indiana – sired horses. The racing secretary shall make every attempt to write Indiana-sired races in advance of Indiana-bred races for the same condition. In addition, the Committee would encourage the racing secretary to increase the number of Sired races in excess of this guideline as needed.
- The racing secretary shall make every attempt to provide 50% racing opportunities for colts and geldings and 50% for fillies and mares in the overnight program.
- The racing secretary shall make every attempt to write 30% of all maiden and allowance races going long.
- Recognizing the importance of turf racing for Indiana Bred/Sired horses, the racing secretary shall make every attempt to write an appropriate number of turf races.

Indiana –Bred Preference:

Allowance and Maiden Special Weight

Preference will be given to horses that have not started for less than \$10,000 in their last five starts. A horse can regain preference by running 1st, 2nd or 3rd for \$10,000 or more since last starting for less than \$10,000.

Indiana – Bred Maiden Eligibility:

Horses that have not finished 5th or better in one of their last **six** starts are not eligible for Maiden Special Weight Races.

Limited Preferred Starter Status for Indiana-Breds in Open Company Races (Stakes Excluded):

Once a registered Indiana-bred receives an R Date or E Date, it will receive Starter Preferences over Non Indiana-bred horses that have equal R Dates or E Dates. Indiana-breds will NOT receive starter preference over Non Indiana-breds with better R Dates, E Dates or when both horses have 0 dates. Preference dates will not supersede conditions of a race.

Exclusion of Indiana – Bred Wins in Open Other Than Conditioned Allowance Races

The Racing Secretary has agreed to include the words “Indiana-bred Race” in all other than open Allowances.

Examples:

- (1) Non winners of a race other than Maiden, Claiming or Indiana-bred race.
- (2) Non winners of two races other than Maiden, Claiming or Indiana-bred race.
- (3) Non winners of three races other than Maiden, Claiming or Indiana-bred race.

Indiana- Bred Weight Allowance:

Registered Indiana-breds shall automatically receive a 3 lb. weight allowance when competing in races not restricted to Indiana-breds. Stakes races will be exempt from this requirement.

Indiana – Sired Weight Allowance in Indiana Bred Races:

In Indiana restricted races, registered Indiana – sired horses shall receive a weight allowance of 3 lbs. when running less than seven and one-half furlongs (7 ½) and 5 lbs. when running seven and one-half furlongs or greater.

Applicable Rule Changes:

71 IAC 13.5-3-3 Out-of-state breeder's awards

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 3. **(a)** An out-of-state breeder's award is an award paid to the breeder of a registered Indiana bred which wins a flat race in another state, Puerto Rico, or Canada. The amount of the award is ten percent (10%) of the winner's share of the purse for any race when entered for a claiming price of greater than or equal to ten thousand dollars (\$10,000). This award is applicable only when there is no live thoroughbred race meet in progress in Indiana (except for stake races and for two-year-olds winning out of state prior to July 1 of the race meet). Awards will be paid by the commission. Out-of-state breeder's awards shall be limited to a single race award not to exceed ten thousand dollars (\$10,000).

(b) An out-of-state stallion owner's award is an award paid to the owner or lessee of a registered Indiana stallion whose progeny wins a flat race in another state, Puerto Rico, or Canada. The amount of the award is ten percent (10%) of the winner's share of the purse for any race when entered for a claiming price of greater than or equal to ten thousand dollars (\$10,000). This award is applicable only when there is no live thoroughbred race meet in progress in Indiana (except for stake races and for two-year-olds winning out of state prior to July 1 of the race meet). Awards will be paid by the commission. Out-of-state stallion owner's awards shall be limited to a single race award not to exceed ten thousand dollars (\$10,000).
