Authority: IC 4-31-6-2
Affected: IC 4-31-6-8

Sec. 2. (a) The commission may license persons holding valid permanent (not temporary) licenses issued by ARCI member racing jurisdictions in North America. Prior to being licensed, the person must:
   (1) be in good standing;
   (2) have cleared a Federal Bureau of Investigation (FBI) or Royal Canadian Mounted Police (RCMP) fingerprint check within the previous five (5) years;
   (3) file an application or affidavit as may be required by the commission; and
   (4) pay the required applicable fees.
   (b) The commission may recognize the issuance of racing licenses from ARCI member jurisdictions in North America or the National Racing Compact for purposes of issuance of licenses in this jurisdiction.
   (c) Only permanent licenses in good standing shall be considered. Temporary or probationary licenses shall not be considered.
   (d) Applicants must be in good standing in each jurisdiction where they hold or have held a racing license.
   (e) Provided the above requirements have been met, the commission may issue either a license or a validation sticker. The validation sticker shall be affixed to either a license issued by this jurisdiction or a valid license issued by another ARCI member jurisdiction. The validation sticker shall measure a maximum of one-half (½) inch vertically, be one and one-half (1½) inches horizontally, and shall contain:

   (f) In the event the licensee is absent from this jurisdiction, and upon payment of the applicable fees, a receipt shall be mailed to the licensee's permanent address. The receipt may then be presented at the commission office so that a commission representative may affix the proper validation sticker to the racing license badge.

Rule 2. Owners

71 IAC 5.5-2-1 Licensing requirements for owners

Authority: IC 4-31-6-2
AFFECTED: IC 4-31

Sec. 1. (a) Each person who has a five percent (5%) or more ownership or beneficial interest in a horse is required to be licensed. An applicant for an owner's license can be of any age.

(b) An applicant for an owner's license shall own or lease a horse that is:
   1. eligible to race; and
   2. registered with the racing secretary.

(c) If younger than eighteen (18) years of age, an applicant for an owner's license shall submit a notarized affidavit from his or her parent or legal guardian stating that the parent or legal guardian assumes responsibility for the applicant's financial, contractual, and other obligations relating to the applicant's participation in racing. In addition, the parents or legal guardians of an applicant for an owner's license under the age of eighteen (18) must be licensed as an owner.

(d) If the commission or its designee has reason to doubt the financial responsibility of an applicant for an owner's license, the applicant may be required to complete a verified financial statement.

(e) Each licensed owner and trainer is responsible for disclosure to the commission or its designee of the true and entire ownership of each of his or her horses registered with the racing secretary. Any change in ownership of a horse registered with the racing secretary shall be approved by the stewards. Each owner shall comply with all licensing requirements.

(f) Each licensed owner is responsible for disclosure to the commission or its designee of the identity of the true and bona fide trainer of each of his or her horses registered with the racing secretary. Any change in the trainer of a horse registered with the racing secretary shall be approved by the stewards. Each trainer shall comply with all licensing requirements.

(g) The commission or its designee may refuse, deny, suspend, or revoke an owner's license for the spouse, member of the immediate family, or household of a person ineligible to be licensed as an owner, unless there is a showing by clear and convincing evidence on the part of the applicant or licensed owner, and the commission determines that participation in racing will not permit a person to serve as a substitute for an ineligible person. To the extent the commission or its designee obtains information that raises a reasonable suspicion that any other person may be serving as a substitute for a person ineligible to be licensed as an owner, any horse whose ownership is in question may be placed on the stewards' list. In such event, any horse whose bona fide ownership is at issue is ineligible to race until such time that the issue is proven by the entrant of the horse by clear and convincing evidence in accordance with the provisions of 71 IAC 7.5-5-2. The transfer of a horse to circumvent the intent of a commission rule or ruling is prohibited.

(h) Each person licensed as an owner consents to the release of records or information required by these rules relating to the medication, care, and/or treatment of a horse by a veterinarian. Additionally, each owner waives and releases any claim that he or she might have against any veterinarian resulting from or in any way relating to the release of records or information to the commission pertaining to the medication, care, and/or treatment of a horse. This provision also serves as and provides a corresponding consent and waiver by and on behalf of the trainer of each of the owner’s horses. (b) Each partnership, corporation, syndicate, or other association or entity shall disclose to the commission all owners holding a five percent (5%) or greater beneficial interest, unless otherwise required by the commission.

(c) Each partnership, corporation, syndicate, or other association or entity which includes an owner with less than a five percent (5%) ownership or beneficial interest shall file with the commission an affidavit which attests that, to the best of their knowledge, every owner, regardless of their ownership or beneficial interest, is not presently ineligible for licensing or suspended in any racing jurisdiction.

(d) To obtain an owner’s license, an owner with less than a five percent (5%) ownership or beneficial interest in a horse shall establish a bona fide need for the license and the issuance of such license shall be approved by the stewards.

Rule 1. Claiming Races

71 IAC 6.5-1-1 General provisions
  Authority:  IC 4-31-3-9
  Affected:  IC 4-31

Sec. 1. (a) A person entering a horse in a claiming race warrants that the title to the horse is free and clear of any existing claim or lien, either as security interest mortgage, bill of sale, or lien of any kind; unless before entering the horse, the written consent of the holder of the claim or lien has been filed with the stewards and the racing secretary and its entry approved by the stewards. A transfer of ownership arising from a recognized claiming race will terminate any existing prior lease for the horse.

(b) Title to a claimed horse shall be vested in the successful claimant at the time the horse leaves the starting gate and is declared an official starter. The successful claimant shall then become the owner of the horse whether it be alive or dead, sound or unsound, or injured at any time, during the race or after. However, the successful claimant may request on the claim blank at the time the successful claimant makes the claim that the horse be tested for the presence of equine infectious anemia via a Coggins test, or other test as approved by the official veterinarian. Should this test prove positive, it shall be cause for voiding the claim. The expense of the test and the maintenance of the horse during the period requested for the test shall be the responsibility of the successful claimant, unless the test proves positive, wherein the owner or owners of the horse at the time of entry shall be responsible.

(c) An in-foal filly or mare shall be eligible to be entered into a claiming race only if all of the following conditions are fulfilled:
   (1) Full disclosure of such fact is on file with the racing secretary and such information is posted in the racing secretary's office.
   (2) The stallion service certificate has been deposited with the racing secretary's office.
   (3) All payments due for the service in question and for any live progeny resulting from that service are paid in full.
   (4) The release of the stallion service certificate to the successful claimant at the time of claim is guaranteed.
   (d) The stewards may set aside and order recision of a claim for any horse from a claiming race run in this jurisdiction upon a showing that any party to the claim committed a prohibited action, as specified in section 4 of this rule, or that the owner of the horse at the time of entry in the claiming race failed to comply with any requirement of these rules. Should the stewards order a recision of a claim, they may make a further order for the costs of maintenance and care of the horse as they may deem appropriate.

71 IAC 7.5-5-2 Eligibility for racing and ownership status

Authority: IC 4-31-3-9; IC 4-31-11
AFFECTED: IC 4-31

Sec. 2. (a) The commission, its executive director, the stewards, judges, and the commission's director of security
FLAT RACING; RULES OF THE RACE

(collectively, the "commission or the commission's designee"), shall have the right to require an entrant of a horse to verify information contained within the entry blank forms and declarations as well as other eligibility requirements for a particular race. In addition, the commission, or the commission's designee, shall have the right to make a determination of whether a certain horse is or was eligible to participate in a race. The burden of proving eligibility, by clear and convincing evidence, in such a situation, will be on the entrant.

(b) The commission, or the commission's designee, may require sufficient evidence from an entrant of ownership status, residency, or other information required for eligibility prior to allowing a horse to compete in a restricted race or in any race at the meet.

(c) After a race, the commission, or the commission's designee, may, upon reasonable suspicion, conduct an inquiry and make a determination as to ownership status, residency, or other information required for eligibility of an entrant.

(d) In considering the matter of ownership status, the commission, or the commission's designee, may review any information which it deems relevant, including, but not limited to, the following:

1. a bill of sale;
2. a proof of funds transfer, including, but not limited to, a canceled check, a wire transfer, or other similar form of proof; and
3. a completed ownership transfer on the USTA or Jockey Club registration certificate, whichever is applicable.

(e) Each owner and trainer, or the authorized agent of an owner or trainer, or the nominator (collectively, the "entrant"), is required to disclose the true and entire ownership and the true and bona fide trainer of each horse with the racing secretary, and to disclose any changes in the owners or trainer of each registered horse to both the racing secretary, the stewards, or judges. A licensee or racing official, including the racing secretary, shall immediately report any questions concerning the ownership status or the identity of the true and bona fide trainer of a horse to the stewards or judges, and the stewards or judges may place such a horse on the stewards' or judge's list. A horse placed on the steward's or judge's list shall be ineligible to start in a race until questions concerning the ownership status or the identity of the true and bona fide trainer of the horse are answered to the satisfaction of the commission, or the commission's designee, and the horse is removed from the stewards' or judge's list.

(f) If the commission, or the commission's designee, finds a lack of sufficient evidence of ownership status, residency, or other information required for eligibility, prior to a race, the commission, or the commission's designee, may order the entrant's horse scratched from the race or ineligible to participate.

(g) After a race, the commission, or the commission's designee, may, upon reasonable suspicion, withhold purse money pending an inquiry of ownership status, residency, or other information required for eligibility. If the purse money is ultimately forfeited, because of a determination of the commission, or the commission's designee, the purse money shall be redistributed per order of the commission or the commission's designee.

(h) If the purse money has been paid prior to reasonable suspicion, the commission, or the commission's designee, may conduct an inquiry and make a determination. If the commission, or the commission's designee, determines there has been a violation of ownership status, residency, or other information required for eligibility, it shall order the purse money returned and redistributed per order of the commission or the commission's designee.

(i) Any entrant, which is found to have violated the qualification for a race, including knowingly providing false information or refusing to provide or concealing information, is also subject to sanctions by the commission. (Indiana Horse Racing Commission; 71 IAC 7.5-5-2; emergency rule filed Mar 20, 2007, 1:43 p.m.: 20070404-IR-071070198ERA, eff Mar 16, 2007 [IC 4-22-2-37.1 establishes the effectiveness of an emergency rule upon filing with the Publisher. 71 IAC 7.5-6-5 Post to finish
Authority: IC 4-31-3-9
Affected: IC 4-31

Sec. 5. (a) The following shall apply to starting the race:

(1) The starter is responsible for assuring that each participant receives a fair start.

(2) If, when the starter dispatches the field, any door at the front of the starting gate stalls should not open properly due to a mechanical failure or malfunction or should any action by any starting personnel directly cause a horse to receive an unfair start, the stewards may declare the horse a nonstarter.

(3) Should a horse, not scratched prior to the start, not be in the starting gate stall thereby causing it to be left when the field is dispatched by the starter, the horse shall be declared a nonstarter by the stewards.

(4) Should an accident or malfunction of the starting gate, or other unforeseeable event compromise the fairness of the race
or the safety of race participants, the stewards may declare individual horses to be nonstarters, exclude individual horses from one (1) or more pari-mutuel pools, or declare a no contest and refund all wagers except as otherwise provided in the rules involving multi-race wagers.

(b) The following shall apply to interference, jostling, or striking during the race:

(1) A jockey shall not ride carelessly or willfully so as to permit the jockey's mount to interfere with, impede, or intimidate any other horse in the race.

(2) No jockey shall carelessly or willfully jostle, strike, or touch another jockey or another jockey's horse or equipment.

(3) No jockey shall unnecessarily cause the jockey's horse to shorten its stride so as to give the appearance of having suffered a foul.

(c) The following shall apply to maintaining a straight course during the race:

(1) When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede, or intimidate any other horse, it may be a foul.

(2) The offending horse may be disqualified if, in the opinion of the stewards, the foul altered the finish of the race, regardless of whether the foul was accidental, willful, or the result of careless riding.

(3) If the stewards determine the foul was intentional, or due to careless riding, the jockey may be held responsible.

(4) In a straightaway race, every horse must maintain position as nearly as possible in the lane in which it starts. If a horse is ridden, drifts, or swerves out of its lane in such a manner that it interferes with, impedes, or intimidates another horse, and it may result in the disqualification of the offending horse.

(d) The following shall apply to disqualifications during the race:

(1) When the stewards determine that a horse shall be disqualified for interference, they may place the offending horse behind such horses as in their judgment it interfered with, or they may place it last.

(2) If a horse is disqualified for a foul, any horse or horses which it is coupled as an entry may also be disqualified.

(3) When a horse is disqualified for interference in a time trial race, for the purposes of qualifying only, it shall receive the time of the horse it is placed behind plus one one-hundredth (1/100) of one (1) second penalty, or more exact measurement if photo finish equipment permits, and shall be eligible to qualify for the finals or consolations of the race on the basis of the assigned time.

(4) Possession of any electrical or mechanical stimulating or shocking device by a jockey, horse owner, trainer, or other person authorized to handle or attend to a horse shall be prima facie evidence of a violation of these rules and is sufficient grounds for the stewards to scratch or disqualify the horse.

(5) The stewards may determine that a horse shall be unplaced for the purpose of purse distribution and time trial qualification.

(e) All horses shall be ridden out in every race. A jockey shall not ease up or coast to the finish, without reasonable cause, even if the horse has no apparent chance to win prize money. A jockey shall give a best effort during a race, and each horse shall be ridden to win.

(f) The following shall apply to use of riding crops during the race:

(1) Although the use of a riding crop is not required, any jockey who uses a riding crop during a race shall do so only in a manner consistent with exerting his/her best efforts to win.

(2) In all races where a jockey will ride without a riding crop, an announcement of such fact shall be made over the public address system.

(3) No electrical or mechanical device or other expedient designed to increase or retard the speed of a horse, other than the riding crop approved by the stewards, shall be possessed by anyone or applied by anyone to a horse at any time on the grounds of the association during the meeting, whether in a race or otherwise.

(4) Riding crops shall not be used on two-year-old horses in races before April 1 of each year.

(5) The riding crop shall only be used for safety, correction, and encouragement.

(6) All riders should comply with the following when using the riding crop:

   (A) showing the horse the riding crop and giving it time to respond before hitting it;

   (B) having used the riding crop, giving the horse a chance to respond before using it again; and

   (C) using the riding crop in rhythm with the horse's stride.

(7) Prohibited use of the riding crop includes, but are [sic. is] not limited to striking a horse:
(A) on the head, flanks, or any other part of its body other than the shoulders or hind quarters, except when necessary to control a horse;
(B) during the post parade or after the finish of the race, except when necessary to control the horse;
(C) excessively or brutally causing welts or breaks in the skin;
(D) when the horse is clearly out of the race or has obtained its maximum placing; or
(E) persistently even though the horse is showing no response under the riding crop; or striking another person or horse.
(g) After the race, horses will be subject to inspection by a racing or official veterinarian looking for cuts, welts, or bruises in the skin. Any adverse findings shall be reported to the stewards.
(h) The giving of instructions by any licensee that if obeyed would lead to a violation of this rule may result in disciplinary action also being taken against the licensee who gave such instructions.
(i) If a horse leaves the racecourse during a race, it shall be disqualified.
(j) The following shall apply to the order of finish:
(1) The official order of finish shall be decided by the stewards with the aid of the photo finish camera and, in the absence of the photo finish film strip, the video replay. The photo finish and video player are only aids in the stewards' decision. The decision of the stewards shall be final in all cases.
(2) The nose of the horse shall determine the placement of the horse in relationship to other horses in the race.
(k) The following shall apply to returning after the finish:
(1) After a race has been run, the jockey shall ride promptly to the place designated by the stewards, dismount, and report to the clerk of scales to be weighed in. Jockeys shall weigh in with all pieces of equipment with which they weighed out. For inclement weather clothing and equipment.
(2) In the event of a disqualification, all monies wagered on the horse shall be refunded unless the race has been declared official.
(l) The following shall apply to unsaddling:
(1) Only persons authorized by the stewards may assist the jockey with unsaddling the horse after the race.
(2) No one shall place a covering over a horse before it is unsaddled.
(m) Weighing in:
(1) A jockey shall weigh in at no less than the same weight at which he/she weighed out and if under that weight, and after consideration of mitigating circumstances by the board of stewards, his/her mount may be disqualified from any portion of the purse money.
(2) In the event of a disqualification, all monies wagered on the horse shall be refunded unless the race has been declared official.
(3) A jockey's weight shall include clothing, boots, saddle, and its attachments and any other equipment except the bridle, bit, blinkers, number cloth, and over-girth, reins, and breast collar.
(4) Upon approval of the stewards, the jockeys may be allowed up to three (3) pounds more than published weights to account for inclement weather clothing and equipment.
(5) The post-race weight of jockeys includes any sweat, dirt, and mud that have accumulated on the jockey, jockey's clothing, jockey's safety equipment, and over-girth. This accounts for additional weight, depending on specific equipment, as well as weather, track, and racing conditions.
(n) The following shall apply to dead heats:
(1) When two (2) horses run a dead heat for first place, all purses or prizes to which the first and second horses would have been entitled shall be divided equally between them. This subdivision applies in dividing all purses or prizes whatever the number of horses running a dead heat and whatever places for which the dead heat is run.
(2) In a dead heat for first place, each horse involved shall be deemed a winner and liable to penalty for the amount it shall receive.
(3) When a dead heat is run for second place and an objection is made to the winner of the race, and sustained, the horses which ran a dead heat shall be deemed to have run a dead heat for first place.
(4) If the dividing owners cannot agree as to which of them is to have a cup or other prize which cannot be divided, the question shall be determined by lot by the stewards.
(o) The following shall apply to time trials:
(1) Except in cases where the starting gate physically restricts the number of horses starting, each time trial shall consist of no more than ten (10) horses.
(2) The time trials shall be raced under the same conditions as the finals. If the time trials are conducted on the same day, the horses with the ten (10) fastest times shall qualify to participate in the finals. If the time trials are conducted on two (2) days, the horses with the first five (5) fastest times on the first day and the horses with the five (5) fastest times on the second day shall qualify to participate in the finals.
(3) If the association's starting gate has less than ten (10) stalls, then the maximum number of qualifiers will correspond to the maximum number of starting gate post positions.
(4) If only eleven (11) or twelve (12) horses are entered to run in time trials from a gate with twelve (12) or more stalls, the association may choose to run finals only. If eleven (11) or twelve (12) horses participate in the finals, only the first ten (10) finishers will receive purse money.
(5) In the time trials, horses shall qualify on the basis of time and order of finish. The times of the horses in the time trial will be determined to the limit of the timer. The only exception is when two (2) or more horses have the same time in the same trial heat, in which case the order of finish shall also determine the preference in qualifying for the finals. Should two (2) or more horses in different time trials have the same qualifying time to the limit of the timer for the final qualifying positions, then a draw by public lot shall be conducted as directed by the stewards.
(6) Except in the case of a disqualification, under no circumstances shall a horse qualify ahead of a horse that finished ahead of that horse in the official order of finish in a time trial.
(7) Should a horse be disqualified for interference during the running of a time trial, it shall receive the time of the horse it is immediately placed behind plus one one-hundredth (1/100) of one (1) second, or the maximum accuracy of the electronic timing device. No adjustments will be made in the times recorded in the time trials to account for head-wind, tail-wind, off-track, or other conditions.
(8) Should a malfunction occur with electronic times on any time trials, finalists from that time will then be determined by official hand timing operated by three (3) official and disinterested persons. The average of the three (3) hand times will be utilized for the winning time unless one (p) [sic] of the hand times is clearly incorrect. In such cases, the average of the two (2) accurate hand times will be utilized for the winning time.

After the stewards have gathered the information that they determine necessary in order to render a decision on the protest, they shall make a determination as soon as reasonably possible and communicate that determination to the person lodging the protest and any other persons who may be impacted by that decision. No person has a right to have a hearing conducted on the protest, and no appeal of the stewards’ decision on the protest may be taken.
   (f) The stewards may order any purse, award, or prize for any race withheld from distribution pending the determination of any protest. Rule 10. Quarter Horse Time Trials

71 IAC 7.5-10-1 Time trials
Authority:  IC 4-31-3-9
Affected:  IC 4-31

Sec. 1. Recommended rules for time trials:
(1) Except in cases where the starting gate physically restricts the number of horses starting, each time trial shall consist of no more than ten (10) horses.
(2) The time trials shall be raced under the same conditions as the finals. If the time trials are conducted on the same day, the horses with the ten (10) fastest times shall qualify to participate in the finals. If the time trials are conducted on two (2) days, the horses with the five (5) fastest times on the first day and the horses with the five (5) fastest times on the second day shall qualify to participate in the finals. When time trials are conducted on two (2) days, the racing office should make every attempt to split owners with more than one (1) entry into separate days so that the owner's horses have a chance at all ten (10) qualifying positions. The racing secretary shall try to separate trainers and then jockeys from having more than one (1) horse in a time trial.
(3) If the association's starting gate has less than ten (10) stalls, then the maximum number of qualifiers will correspond to the maximum number of starting gate post positions.
(4) If only eleven (11) or twelve (12) horses are entered to run in time trials from a gate with twelve (12) or more stalls, the association may choose to run finals only. If eleven (11) or twelve (12) horses participate in the finals, only the first ten (10) finishers will receive purse money unless the conditions of the race specify otherwise. This provision shall not apply to two (2) year old races.
(5) In the time trials, horses shall qualify on the basis of time and order of finish. The times of the horses in the time trial will be determined to the limit of the timer. The only exception is when two (2) or more horses have the same time in the same trial heat. Then the order of finish shall also determine the preference in qualifying for the finals. Should two or more horses in different time trials have the same qualifying time to the limit of the timer for the final qualifying position(s), then a draw by public lot shall be conducted as directed by the stewards. Under no circumstances should stewards or placing judges attempt to determine horses' qualifying times in separate trials beyond the limit of the timer by comparing and/or enlarging photo-finish pictures.
(6) Except in the case of disqualifying, under no circumstances shall a horse qualify ahead of a horse that finished ahead of that horse in the official order of finish in a time trial.
(7) Should a horse be disqualified for interference during the running of a time trial, it shall receive the time of the horse it is immediately placed behind plus one-hundredth (.01) of a second, or the maximum accuracy of the electronic timing device. No adjustments will be made in the times recorded in the time trials to account for head-wind, tail-wind, off-track, etc. In the case where a horse is disqualified for interference with another horse causing loss of rider or the horse not to finish the race, the disqualified horse may be given no time plus one-hundredth (.01) of a second, or the maximum accuracy of the electronic timing device.
(8) Should a malfunction occur with electronic timer on any time trial, finalists from that time trial will then be determined by official hand times operated by three (3) official and disinterested persons. The average of the three (3) hand times will be utilized for the winning time, unless one (1) of the hand times is clearly incorrect. In such cases, the average of the two (2) accurate hand times will be utilized for the winning time. The other horses in that race will be given times according to the order and margins of finish with the aid of the photo-finish strip, if available.
(9) When there is a malfunction of the timer during the time trials, but the timer operates correctly in other time trials, under no circumstances should the accurate electronic times be discarded and the average of the hand times used for all time trials. (The only exception may be if the conditions of the stakes race so states, or states that in the case of a malfunction of the timer in trials, finalists will be selected by order finish in the trials.)
(10) In the case where the accuracy of the electronic timer and/or the average of the hand times are questioned, the video
of a time trial may be used to estimate the winning time by counting the number video frames in the race from the moment the starting gate stall doors are fully open parallel to the racing track. This method is accurate to approximately three-hundredths (.03) seconds [sic., second]. Should the case arise where the timer malfunctions and there are no hand times, the stewards should have the option to select qualifiers based on the video time.

(11) Should there be a malfunction of the starting gate, and one (1) or more stall doors not open or open after the exact moment when the starter dispatches the field, the stewards may declare the horses with malfunctioning stall doors nonstarters. The stewards should have the option, however, to allow any horse whose stall door opened late, but still ran a time fast enough to qualify to be declared a starter for qualifying purposes. In the case where a horse breaks through the stall door, or the stall door opens prior to the exact moment the starter dispatches the field, the horse must be declared a nonstarter, and all entry fees refunded. In the case where one (1) or more, but not all stall doors open at the exact moment the starter dispatches the field, these horses should be considered starters for qualifying purposes, and placed according to their electronic time. If the electronic timer malfunctions in this instance, the average of the hand times or, if not available, the video time should be utilized for the horses declared starters.

(12) There will be an also eligible list only in the case of a disqualification for a positive drug test report, eligibility of the horse according to the conditions of the race or a disqualification by the stewards for a rule violation. Should a horse be disqualified for a positive drug test report, eligibility of the horse according to the conditions of the race or a disqualification by the stewards for a rule violation, the next fastest qualifier shall assume the disqualified horse's position in the final.

(13) If a horse should be scratched from the time trials, the horse's owner will not be eligible for a refund of the fees paid. If a horse that qualified for the final should be unable to enter due to racing soundness, or scratched for any reason other than a positive drug test report or a rule violation, then those purse monies shall be added together and divided equally among those owners.

NSAIDs not included on the ARCI Controlled Therapeutic Medication Schedule, Version 2.2, are not to be present in a racing horse biological sample at the laboratory concentration of detection. (2) The presence of more than one (1) NSAID may constitute a NSAID stacking violation consistent with the following restrictions:

(A) A Class 1 NSAID Stacking Violation (Penalty Class B) occurs when:
   (i) two (2) nonsteroidal anti-inflammatory drugs are found at individual levels determined to exceed the following restrictions:
      (AA) Diclofenac – 5 nanograms per milliliter of plasma or serum;
      (BB) Firocoxib – 20 nanograms per milliliter of plasma or serum;
      (CC) Flunixin – 20 nanograms per milliliter of plasma or serum;
      (DD) Ketoprofen – 2 nanograms per milliliter of plasma or serum;

   (i) any one (1) substance noted in subsection (A)(i) [clause (A)(i)] above is found in excess of the restrictions contained therein in combination with any one (1) of the following substances at levels below the restrictions so noted but in excess of the following levels:
      (AA) Flunixin – 3 nanograms per milliliter of plasma or serum;
      (BB) Ketoprofen – 1 nanogram per milliliter of plasma or serum; or
      (CC) Phenylbutazone – 0.3 micrograms per milliliter of plasma or serum.

(C) A Class 3 NSAID Stacking Violation (Penalty Class C, fines only) occurs when:
   (i) any combination of two (2) of the following nonsteroidal anti-inflammatory drugs are found at or below the restrictions in subsection (A)(i)(a through e) [redesignated clause (A)(i)(AA) through (A)(i)(EE) by the Publisher] above but in excess of the noted restrictions:

71 IAC 8.5-1-5 Furosemide as a permitted foreign substance

Authority: IC 4-31-3-9
Affected: IC 4-31-12

Sec. 5. Furosemide may be administered intravenously to a horse, which is entered to compete in a race. Except under the instructions of the official veterinarian or the racing veterinarian for the purpose of removing a horse from the veterinarian’s list or to facilitate the collection of a post-race urine sample, furosemide shall be permitted only after the official veterinarian has placed the horse on the furosemide list. In order for a horse to be placed on the furosemide list, the following process must be followed:

(1) After the horse's licensed trainer and practicing veterinarian determine that it would be in the horse's best interests to race with furosemide, they shall notify the official veterinarian or his/her designee, using the prescribed form, that they wish the horse to be put on the furosemide list.

(2) The form must be received by the official veterinarian or his/her designee by the proper time deadlines so as to ensure public notification.

(3) A horse placed on the official furosemide list must remain on that list unless the licensed trainer and practicing veterinarian submit a written request to remove the horse from the list. The request must be made to the official veterinarian or his/her designee, on the proper form, no later than the time of entry.

(4) After a horse has been removed from the furosemide list, the horse may not be placed back on the list for a period of sixty (60) calendar days unless it is determined to be detrimental to the welfare of the horse, in consultation with the official veterinarian. If a horse is removed from the official furosemide list a second time in a three hundred sixty-five (365) day period, the horse may not be placed back on the list for a period of ninety (90) calendar days.

(5) Furosemide shall only be administered on association grounds.

(6) Upon the request of the regulatory agency designee, the veterinarian administering the authorized bleeder medication shall surrender the syringe used to administer such medication, which may then be submitted for testing.

(7) Time of treatment. Horses qualified for medication and so indicated on the official bleeder list must be treated at least four (4) hours prior to post time.

(8) Medication administration. Bleeder medication shall be administered by a veterinarian licensed by the commission at an intravenous dose level not to exceed five hundred (500) milligrams and no less than one hundred fifty (150) milligrams. Administration of furosemide shall take place in the test barn or a specific location otherwise designated by the commission. An association employee shall be present and observe the drawing of furosemide into a syringe. The administering veterinarian shall provide a factory sealed bottle of furosemide from which the draws shall be made. The association shall
establish track rules for furosemide administrations that are consistent with these regulations.

(9) Out-of-state horses. A bleeder horse shipped into the state from another jurisdiction may be automatically eligible to receive furosemide provided that the jurisdiction from which it was shipped qualified it as a bleeder using criteria satisfactory to this state. The Daily Racing Form, Equibase, the breed registry foal certificate, or bleeder certificate may be utilized in determining a horse’s eligibility to receive furosemide.

(10) The test level of furosemide under this rule shall not be in excess of one hundred (100) nanograms per milliliter of serum or plasma and shall not be below a urine specific gravity of one and ten one-thousandths (1.010). If an insufficient volume of urine is obtained, a positive test shall be based upon quantitative testing performed on blood serum or plasma only. Split sample testing shall be quantitative and be performed on blood serum or plasma only.

AFFECTED: IC 4-31-12

Sec. 5.5. A horse known to have bled from its nostrils for the first time within a three hundred sixty-five (365) day period during a race or workout may not be entered or raced during the next ten (10) days without prior approval for racing by the official veterinarian or his/her designee. If a horse bleeds from its nostrils a second time within a three hundred sixty-five (365) day period, the horse shall be placed on the veterinarian’s list and prohibited from racing for thirty (30) days. If a horse bleeds from its nostrils a third time within a three hundred sixty-five (365) day period, the horse shall be placed on the veterinarian’s list and prohibited from racing for at least thirty (30) days. A horse that bleeds from its nostrils, but upon endoscopic examination shows no sign of pulmonary hemorrhage, shall not be subject to the restrictions imposed by this section. The horse may be removed from the veterinarian’s list by the official veterinarian after a satisfactory workout. 71 IAC 8.5-1-7 Drug classification and penalties
Authority: IC 4-31-3-9
Affected: IC 4-31-12

Sec. 7. (a) Except as provided in subsection (b), upon a finding of a violation of this rule, the stewards shall consider the classification level of the violation as currently established by the Uniform Classification Guidelines of Foreign Substances and Recommended Penalties and Model Rule as revised by the ARCI in August 1996 and any other subsequent revision effective after said date, which are incorporated by reference herein, and impose penalties and disciplinary measures consistent with the recommendations contained therein. Provided, however, that in the event a majority of the stewards determine that mitigating circumstances require imposition of a lesser penalty they may impose the lesser penalty. In the event a majority of the stewards wish to impose a greater penalty or a penalty in excess of the authority granted them, then, and in such event, they may impose the maximum penalty authorized and refer the matter to the commission with specific recommendations for further action.

(b) Cobalt shall carry a category "B" penalty, as established by the Recommended Penalties and Model Rule, regardless of its presence in a post-race or out of competition sample. The stewards shall consider levels less than fifty (50) parts per billion a mitigating factor and levels of one hundred (100) parts per billion or more an aggravating factor when determining penalties. 71 IAC 8.5-1-7.1 Multiple medication violations (MMV)
Authority: IC 4-31-3-9
Affected: IC 4-31-12

Sec. 7.1. (a) A trainer who receives a penalty for a medication violation based upon a horse testing positive for a Class 1-5 medication with Penalty Class A-C, as provided in the most recent version of the ARCI Uniform Classification Guidelines for Foreign Substances or similar state regulatory guidelines, may be assigned points as follows:

<table>
<thead>
<tr>
<th>Penalty Class</th>
<th>Points if Controlled Therapeutic Substance</th>
<th>Points if Noncontrolled Therapeutic Substance</th>

<td>1 for first violation with an additional ½ point for each additional violation within 365 days.</td>
</tr>
<tr>
<td>Class D</td>
<td>0</td>
<td>0</td>
</tr>
</tbody>
</table>

*Points for NSAID violations only apply when the primary threshold of the NSAID is exceeded. Points are not to be separately assigned for a stacking violation.

(b) The points assigned to a medication violation by the stewards or commission ruling, shall be included in the ARCI official database. The ARCI shall record points consistent with section 7.1(a) [subsection (a)] including when appropriate, a designation that points have been suspended or the medication violation. Points assigned by such regulatory ruling shall reflect, in the case of multiple positive tests as described in subsection (d), whether they constitute a single violation. The stewards’ or commission ruling may be posted on the official website of the commission and within the official database of the ARCI. If an appeal is pending, that fact shall be noted in such ruling. No points shall be applied until a final adjudication of the enforcement of any such violation.

(c) A trainer’s cumulative points for violations in all racing jurisdictions shall be maintained by the ARCI. Once all appeals are waived or exhausted, the points shall immediately become part of the trainer’s official ARCI record and shall be considered
by the commission in its determination to subject the trainer to the mandatory enhanced penalties by the stewards or commission as provided in this section.

(d) Multiple positive tests for the same medication incurred by a trainer prior to delivery of official notice by the commission may be treated as a single violation. In the case of a positive test indicating multiple substances found in a single post-race sample, the stewards may treat each substance as an individual violation for which points will be assigned, depending upon the facts and circumstances of the case.

(e) The official ARCI record shall be used to advise the stewards or commission of a trainer’s past record of violations and cumulative points. Nothing in this section shall be construed to confer upon a licensed trainer the right to appeal a violation for which all remedies have been exhausted or for which the appeal time has expired as provided by applicable law.

(f) The stewards or commission shall consider all points for violations in all racing jurisdictions as contained in the trainer’s official ARCI record when determining whether the mandatory enhancements provided in this regulation shall be imposed.

(g) In addition to the penalty for the underlying offense, the following enhancements may be imposed upon a licensed trainer based upon the cumulative points contained in his or her official ARCI record:

<table>
<thead>
<tr>
<th>Points</th>
<th>Suspension in Days</th>

</tr>
<tr>

<td>180 to 360</td>
</tr>
</tbody>
</table>

MMV penalties are not a substitute for the current penalty system and are intended to be an additional uniform penalty when the licensee:

(1) has had more than one (1) medication violation for the relevant time period; and
(2) exceeds the permissible number of points.

(h) The suspension periods in subsection (g) shall run consecutive to any suspension imposed for the underlying offense.

(i) The stewards’ or commission’s ruling shall distinguish between the penalty for the underlying offense and any enhancement based upon the stewards’ or commission’s review of a trainer’s cumulative points and regulatory record, which may be considered an aggravating factor in a case.

(j) Points shall expire as follows:

<table>
<thead>
<tr>

<td>3 years</td>

<tr>
<td>B</td>
<td>2 years</td>

In the case of a medication violation that results in a suspension, any points assessed expire on the anniversary date of the date the suspension is completed. 71 IAC 8.5-1-8 Androgenic-anabolic steroids (AAS)

Sec. 8. (a) No AAS (androgenic-anabolic steroid) shall be permitted in test samples collected from racing horses except for endogenous concentrations of the naturally occurring substances boldenone, nandrolone, and testosterone at concentrations less than the indicated thresholds.

(b) Concentrations of these AAS shall not exceed the following urine threshold concentrations for total (i.e., free drug or metabolite and drug or metabolite liberated from its conjugates) steroid:

(1) Boldenone:
   (A) In male horses other than geldings – fifteen (15) ng/mL of urine.
   (B) In geldings, fillies, and mares – one (1) ng/mL of urine.
(2) Nandrolone:
   (A) In geldings - one (1) ng/mL of urine.
   (B) In fillies and mares – one (1) ng/mL of urine.
   (C) In male horses other than geldings – forty-five (45) ng/mL of nandrolone metabolite, 5α-estrane-3b,17α-diol of urine.

(3) Testosterone:
   (A) In geldings – twenty (20) ng/mL of urine.
   (B) In fillies and mares – fifty-five (55) ng/mL of urine, unless in foal.
   (C) In male horses other than geldings minimum thresholds will not apply.

(c) Concentrations of these AAS shall not exceed the following free (i.e., not conjugated) steroid concentrations in plasma or serum:
   (1) Boldenone: For all horses a confirmatory threshold not greater than 25 pg/mL shall apply.
   (2) Nandrolone:
      (A) In geldings, fillies, and mares – a confirmatory threshold not greater than 25 pg/mL shall apply.
      (B) In male horses other than geldings – nandrolone shall be tested for in urine only.
   (3) Testosterone:
      (A) In geldings, fillies, and mares-- a confirmatory threshold not greater than 25 pg/mL.
      (B) In male horses other than geldings minimum thresholds will not apply.
   (d) All other AAS are prohibited in racing horses.
   (e) The sex of the horse must be identified to the laboratory for all samples designated for AAS testing.
   (f) A trainer may request that a horse be placed on the veterinarian's list due to medically necessary treatment with AAS.

The horse shall remain on the veterinarian's list:
   (1) for 365 days;
   (2) until the concentration of the drug or metabolite in urine or blood has fallen below the designated threshold for the administered AAS; or
   (3) until the concentration of the drug or metabolite in urine or blood has fallen below the limit of detection for AAS that do not have a designated threshold, whichever is longer.

71 IAC 8.5-1-9 Environmental contaminants and substances of human use
Authority:   IC 4-31-3-9
AFFECTED:  IC 4-31-12

Sec. 9. (a) Substances described in subsection (b) are recognized as either:
(1) environmental contaminants [sic] in that they are endogenous to the horse or that they can arise from plants traditionally grazed or harvested as equine feed or are present in equine feed because of contamination during cultivation, processing, treatment, storage, or transportation phases; or
(2) substances of human use and addiction and which could be found in the horse due to its close association with humans.

(b) Regulatory thresholds have been set for the following substances:
(1) Arsenic – not to exceed three-tenths (0.3) micrograms per milliliter total arsenic in urine.
(2) Caffeine – not to exceed one hundred (100) nanograms per milliliter of caffeine in serum or plasma.
(3) Cobalt – not to exceed twenty-five (25) parts per billion of cobalt in serum or plasma. A sample from a horse tested and found by the commission's primary lab to have cobalt in excess of this threshold shall be placed and remain on the veterinarian’s list until the concentration of cobalt in serum or plasma has fallen below the designated threshold, or until the conclusion of the race meet. However, horses testing at a concentration of one hundred (100) parts per billion shall be placed
on the veterinarian’s list for a minimum of thirty (30) days.
(4) Estranediol – not to exceed forty-five one-thousandths (.045) micrograms per milliliter of free plus conjugated 5α-estrane-3β,17α-diol, in the urine of male horses other than geldings.
(5) Gamma aminobutyric acid (GABA) – not to exceed one hundred and ten (110) nanograms per milliliter in serum or plasma.
(6) Hydrocortisone – not to exceed one (1) microgram per milliliter of hydrocortisone in urine.
(7) Methoxytyramine – not to exceed four (4) micrograms per milliliter of free plus conjugated methoxytyramine in urine.
(8) Salicylate and salicylate acid – not to exceed seven hundred fifty (750) micrograms per milliliter of salicylate and salicylate acid in urine or six and one-half (6,5) micrograms per milliliter of salicylate and salicylic acid in serum or plasma.
(9) Theobromine – not to exceed two (2) micrograms per milliliter of theobromine in urine or three-tenths (0.3) micrograms per milliliter in serum or plasma.

c) If the preponderance of evidence presented in the hearing shows that a positive test is the result of environmental contamination or inadvertent exposure due to human drug use it should be considered as a mitigating factor in any disciplinary action taken against the affected trainer. It is presumed that:

(1) the sample of urine, saliva, blood, hair, or other acceptable specimen tested by the approved laboratory to which it is sent is taken from the horse in question, its integrity is preserved;

71 IAC 8.5-2-2 Pre-race testing
Authority:  IC 4-31-3-9
Affected:  IC 4-31-12
Sec. 2. The stewards may require any horse entered to race to submit to a blood or other pre-race test, and no horse is eligible to start in a race until the owner or trainer complies with the required testing procedure.  

71 IAC 8.5-2-3 Selection of horses tested

Authority: IC 4-31-3-9
AFFECTED: IC 4-31-12

Sec. 3. (a) The stewards, the official veterinarian or his/her designee, a licensed veterinarian authorized by the commission, a member of the commission, or the executive director of the commission may order a blood test, hair test, or urine test, or all three (3), on a horse for the purpose of analysis.

(b) A blood specimen, hair specimen, or urine specimen, or all three (3), shall be taken from the following horses after the running of each race:

(1) The horse that finishes first in each race.

(2) Any other horses designated by the stewards, the official veterinarian or his/her designee, a licensed veterinarian authorized by the commission, a member of the commission, or the executive director of the commission.

(c) The stewards and the official veterinarian or his/her designee shall designate for the taking of such a specimen a horse that races markedly contrary to form.

(d) The provisions of this section do not apply to section 5 of this rule.  

71 IAC 8.5-2-4 Taking of samples

Authority: IC 4-31-3-9
AFFECTED: IC 4-31-12

Sec. 4. (a) Blood, urine, saliva, hair, or other samples shall be:

(1) taken under the direction of the official veterinarian or persons appointed or assigned by the official veterinarian for such purposes;

(2) taken in a detention area approved by the commission unless the official veterinarian or stewards approves otherwise;

(3) witnessed, confirmed, or acknowledged by the trainer of the horse being tested or his or her authorized representative or employee and may be witnessed by the owner, trainer, or other licensed person designated by them;

(4) sent to racing laboratories approved and designated by the commission in such manner as the commission or its designee may direct; and

(5) in the custody of the official veterinarian, his or her assistants, or other persons approved by the executive director or the official veterinarian from the time they are taken until they are delivered for shipment to the testing laboratory.

No person shall tamper with, adulterate, add to, break the seal of, remove, or otherwise attempt to so alter or violate any sample required to be collected by this rule, except for the addition of preservatives or substances necessarily added by the commission approved laboratory for preservation of the sample or in the process of analysis.

(b) The commission has the authority to direct the approved laboratory to retain and preserve samples for future analysis.

(c) The fact that purse money has been distributed shall not be deemed a finding that no chemical substance has been administered in violation of the provisions of this rule to the horse earning such purse money.

(d) The association shall withhold payment of purse monies of horses that have been subject to testing pursuant to 71 IAC...
8.5-2-3 [section 3 of this rule] on all stake races and races with a purse value of seventy-five thousand dollars ($75,000) or more. Upon notification from the commission's primary laboratory, the stewards will communicate with the association horseman's bookkeeper regarding the release of the remaining purse monies.

71 IAC 8.5-2-5 Out of competition testing

Authority:  IC 4-31-3-9

Affected:  IC 4-31-12

Sec. 5. (a) Any horse eligible to race in Indiana under this subsection is subject to testing without advance notice for prohibited substances, practices, and procedures as specified in subsection (f), while the horse is located on the grounds of a racetrack under the jurisdiction of the commission, or stabled off association grounds while under the care or control of a trainer or owner licensed by the commission under the restrictions listed in subsection (e). A horse is eligible to race in Indiana if it is listed:

(1) on an owner's or trainer's license application; or
(2) a stall application, nomination list; or
(3) on the horse sign-in sheet at any time during the meet; or
(4) has raced at any Indiana race meet during the calendar year.

A horse shall be presumed eligible if it is a racing bred, at least two (2) years old and an Indiana bred or sired horse. The owner of such an Indiana bred or sired horse may render the horse ineligible for the testing as described in this regulation by indicating in writing the Indiana bred or sired horse is not intended to race in Indiana pursuant to subsection (b) below provided that the owner of such an Indiana bred or sired horse provides such written notice to the office of the commission thirty (30) days before the horse turns two (2) years old or within thirty (30) days after the owner acquires the horse. In this event, the horse shall be deemed ineligible for racing in Indiana as provided for in subsection (b) below.

(b) If a horse selected to be tested is not covered under subsection (a), the executive director or stewards may nevertheless test any such horse as eligible to race in Indiana for prohibited substances, practices, and procedures specified in subsection (f), unless the owner or trainer or other authorized representative or designee of such horse immediately represents in writing that the horse is not intended to be, and will not be, raced in Indiana for a minimum of three hundred sixty-five (365) days. If the owner, trainer, or other authorized representative or designee so represents, the horse shall be deemed ineligible for racing in Indiana for no less than three hundred sixty-five (365) days from that date. This three hundred sixty-five (365) day ineligibility to race in Indiana shall follow the horse even if sold or transferred to another owner or trainer. An owner or trainer may, however, consent to the collection of a sample from a horse selected for testing under this rule, even if the horse is not presently intended to be raced in Indiana, and if such horse tests negative, it will remain eligible to race in Indiana.

(c) The executive director or stewards may order any horse of a licensed trainer to report to a track under the jurisdiction of the commission for out of competition testing. The trainer is responsible to have the horse or horses available at the designated time and location. In the event that a horse is ordered to report to a track pursuant to the authority granted by this subsection, a licensed trainer is entitled to reimbursement by the commission for mileage (at the current rate paid by the state of Indiana as specified in the current Indiana financial management circular) to and from the location where the horse was stabled when the horse was ordered to report to the track. Under no circumstances will a trainer be entitled to reimbursement for mileage in excess of the actual mileage to the track from the place where the horse was stabled when ordered to report and from the track to the place where the horse is first stabled following the testing. The trainer is not entitled to receive reimbursement from the commission for 8.5-2-5 [section 3 of this rule].
any other expense relating to any order under this subsection to report to a track for out of competition testing.

(d) The official veterinarian, a licensed veterinarian authorized by the commission or a veterinary technician under the direct supervision of the official veterinarian, or a licensed veterinarian authorized by the commission may take a urine, blood, or hair sample from a horse for testing as provided for in this section.

(e) Unless sample collection occurs on the grounds of a racetrack or other location within Indiana under the commission’s jurisdiction, the commission’s representatives must arrive for the taking of blood, urine, or hair samples from an eligible horse as defined in subsection (a) or (b), only between the hours of 7:00 a.m. and noon, after announcing their presence at the premises where the horse(s) to be tested is (are) located and showing their credentials to collect samples from the horse(s) selected for testing for prohibited substances, practices, and procedures as specified in subsection (f). The commission’s representatives or designee will request to meet with the trainer or owner of the selected horse(s). If neither is available, the collection will be deferred until the trainer and/or owner, or their representative or designee, becomes reasonably available, but the collection must occur not later than one (1) hour after the commission’s designee arrives at the premises in the case of an eligible horse under subsection (a), and not later than two (2) hours in the case of an eligible horse under subsection (b). If the collection does not occur within the time provided for in this subsection, any horse that would have been subject to testing and eligible to race in Indiana will be deemed to be ineligible for racing in Indiana pursuant to the provisions of subsections (a) and (b). In addition, the owner and/or trainer of the horses may be subject to any other sanctions allowed by Indiana law and regulations, including, but not limited to, a fine, suspension, and/or summary suspension. It is a defense to any action brought against an owner and/or trainer for sanctions or as a result of any declaration a horse is ineligible because the sample collection did not occur within the time provided for by this subsection that good cause existed that prohibited the owner, trainer, and/or their representative or designee from complying with the time limits set forth in this subsection. The owner, trainer, and/or their representative or designee has the burden of proving the good cause defense by a preponderance of the evidence.

(f) Prohibited substances, practices, and procedures are defined as the following:

1. Blood doping agents including, but not limited to, erythropoietin (EPO), darbepoetin, Oxyglobin, Hemopure, Aranesp, or any substance that abnormally enhances the oxygenation of body tissues.

2. Gene doping agents or the nontherapeutic use of genes, genetic elements, and/or cells that have the capacity to enhance athletic performance or produce analgesia.

3. Naturally produced venoms, synthetic analogues of venoms, derivatives of venoms, or synthetic analogues of derivatives of venoms.

4. Substances capable of producing a repartitioning effect that are not FDA-approved for use in horses, including, but not limited to, ractopamine, zilpaterol, or any similar agent.

5. AAS (androgenic-anabolic steroids) other than endogenous concentrations of the naturally occurring substances as defined in 71 IAC 8.5-1-8 or AAS in a horse placed on the veterinarian’s list in accordance with 71 IAC 8.5-1-8(f); and

6. Cobalt in excess of the threshold provided in 71 IAC 8.5-1-9. In the event a sample from a horse results in cobalt in excess of the threshold, the horse shall be placed on the veterinarian’s list until the concentration of cobalt in serum has fallen below the designated threshold, or until the conclusion of the race meet. However, horses testing at a concentration of one hundred (100) parts per billion shall be placed on the veterinarian’s list for a minimum of thirty (30) days.

7. Clenbuterol in excess of the threshold provided in 71 IAC 8.5-1-4.2(5) for a quarter horse. In the event a sample from a quarter horse results in clenbuterol in excess of the threshold, the quarter horse shall be placed on the veterinarian’s list as provided in 71 IAC 8.5-8-1.5.

8. The presence in a horse of any substance at any time listed in subdivision (1), (2), (3), (4), or (5) in an eligible as defined in subsections (a) and (b) above is prohibited and is a violation of this rule.

(g) The trainer and/or his/her designee shall cooperate with the official veterinarian, or any licensed veterinarian or licensed veterinary technician authorized by the commission, or any commission employee by:

1. Assisting in the immediate location and identification of the eligible horse selected for out of competition testing; and

2. Providing a stall or safe location to collect the samples.

The executive director or stewards may summarily suspend, exclude, and/or otherwise penalize any trainer and/or other authorized representative or designee who does not fully cooperate with a commission employee or representative in assisting and identifying an eligible horse or providing a safe stall to collect samples in a timely fashion. If any such person is summarily suspended, excluded, or otherwise penalized, she/he shall be entitled to a hearing in accordance with Indiana law and regulations. A summary
suspension, exclusion, or sanctions for failure to cooperate shall not issue, however, if a horseman meets his or her burden to establish the good cause defense set forth under subsection (e). This provision does not apply to an owner or trainer who timely provides written notice under subsection (a) or (b) that a horse sought to be tested is not intended to be raced in Indiana and thereby renders the horse ineligible pursuant to subsection (b).

(h) The collection of blood or urine samples under this rule shall be collected as provided by 71 IAC 8.5-3-1 and shall be analyzed as follows:

(1) approved primary laboratory for screening;
(2) approved primary laboratory for confirmation; and
(3) approved laboratory for split sample testing as chosen by the owner or trainer.

The commission shall approve the laboratories for screening, confirmation, and split sample testing.

(i) The collection of hair samples under this rule shall be collected as provided by 71 IAC 8.5-3-1 and shall be analyzed as follows:

(1) approved primary laboratory for screening; and
(2) approved primary laboratory for confirmation.

The commission shall approve the primary laboratories for screening and confirmation. A hair sample shall be ineligible for split sample testing.

(j) In the absence of extraordinary mitigating circumstances, a minimum penalty of a ten (10) year suspension will be assessed for any violation of subsection (f)(1) and (f)(2). The Association of Racing Commissioners International, Inc. Uniform Classification Guidelines for Foreign Substances and Recommended Penalties and Model Rule will be considered for violations of (f)(3), (f)(4), and (f)(5) with additional penalties for any drug not FDA approved for use in horses. Rule 3. Split Sample

71 IAC 8.5-3-1 Collection procedures

Authority: IC 4-31-3-9
Affected: IC 4-31-12

Sec. 1. (a) All collection procedures shall be done in accordance with chain of custody guidelines.
(b) Before sending an equine sample to the primary testing laboratory, the official veterinarian or a designated commission employee shall divide the specimen into two (2) parts provided a sufficient amount is collected.
(c) The official veterinarian or a designated commission employee shall attempt to collect a minimum of fifty (50) milliliters of urine. A urine specimen shall not be split if less than fifty (50) milliliters is collected from the horse. In such instances, the commission is entitled to submit the entire urine specimen for testing or detain the horse an adequate amount of time until it can be obtained. If an insufficient volume of urine is obtained, the trainer and owner are not entitled to a split sample.
(d) The official veterinarian, a licensed veterinarian authorized by the commission, or a veterinary technician under the direct supervision of a commission authorized veterinarian shall collect a minimum of thirty (30) milliliters of blood, which shall be divided into two (2) portions, one (1) of which shall be forwarded to the primary laboratory.
(e) The official veterinarian, a licensed veterinarian authorized by the commission, or a designated commission employee shall collect a minimum of a hair sample that is at least the same size in diameter as a standard pencil. A hair sample shall be ineligible for split sample testing.

(f) If the split sample testing laboratory determines that there is insufficient sample volume to make a specific identification of the sample contents, or if an act of God, power failure, accident, labor strike, or any other event beyond the control of the commission or its representatives prevents the split sample from being tested, then the results of tests performed by the primary laboratory shall be considered prima facie evidence of the condition of the horse.

(g) The official veterinarian or his/her designee shall retain the part of the urine and/or blood specimen that is not sent to the primary laboratory.

(h) If the retained part of a specimen is sent for testing, the official veterinarian or designated commission employee shall arrange for the transportation of the specimen in a manner that ensures the integrity of the sample.

(i) Blood samples shall be centrifuged.

(j) The provisions of subsections (b), (c), and (d) do not apply to 71 IAC 8.5-2-5. 71 IAC 8.5-3-2 Storage and shipment of split samples

Authority:  IC 4-31-3-9
Affected:  IC 4-31-12

Sec. 2. (a) The official veterinarian or his/her designee shall store the retained part of a specimen in secure, limited access storage at a site approved by the commission for the period required by this section.

(b) If the results of the initial test on a specimen are negative, the official veterinarian, or his/her designee, or primary laboratory may discard the retained part of the specimen upon receipt of the negative result. If the result of the initial test on a specimen is positive, the official veterinarian, or his/her designee, or primary laboratory may discard the retained part of the specimen after the expiration of the period during which an owner or trainer may request the retained part be sent for split testing.

(c) The identity of the drug or drug metabolites shall be revealed to the split sample laboratory. Communication between the primary and split sample laboratory is limited to the exchange of the analytical method and the threshold level used to confirm the drug’s identity. 71 IAC 8.5-3-3 Administrative procedures prior to split sample testing

Authority:  IC 4-31-3-9
Affected:  IC 4-31-12

Sec. 3. (a) The results of all tests performed by the primary laboratory or laboratories are confidential until such time a ruling is issued in that matter and shall only be communicated to the commission, commission staff, stewards, owner, and trainer. Notice of a positive test result may be communicated verbally to the trainer. The trainer shall be responsible for promptly notifying the owner of a horse of a positive test as reported by the primary laboratory.

(b) The trainer or owner of a horse for which a positive result on a drug test is returned may request that the stewards submit the retained part of the specimen for testing in accordance with this section. The specimen must be tested by a laboratory that is
identified on the list of approved laboratories maintained by the commission and acceptable to the following:

(1) The commission.

(2) The primary laboratory.

Labs providing split sample testing shall be ISO 17025 accredited unless otherwise approved by the commission. The request must be in writing, include the laboratory selection, and must be delivered to the stewards not later than ninety-six (96) hours after the trainer has received notice of a positive test result. Failure to request testing of a split sample and provide all necessary information within ninety-six (96) hours shall constitute a waiver of the right. The split sample laboratory shall be contacted by a representative of the commission to request acceptance of a split sample. The trainer or owner may choose any laboratory on the commission maintained applicable list to test the sample. However, the commission or executive director may limit the choice of laboratory for the detection of specific drugs.

(c) The trainer or owner may elect to waive his or her right to testing of a split sample.

(d) The owner or trainer of a horse who submits a specimen for drug testing is entitled to be present or have a representative present at any time that the retained part of the specimen is prepared for storage or is tested.

(e) The split sample laboratory may require the owner or trainer of a horse who submits a specimen for testing to execute a hold harmless agreement for the split sample laboratory and an agreement that the results of the split sample laboratory can be introduced as evidence in any hearing. The agreements shall remain in the hands of the stewards of the state in which the positive was reported.

(f) The trainer or owner may request that negative control samples be tested with the split sample. The identities of the negative control samples and the split sample shall be known only to the commission.

(g) The presence of a drug or drug metabolite in any quantity, excluding phenylbutazone, flunixin, ketoprofen, furosemide, or as permitted in 71 IAC 8.5-1-4.2 and 71 IAC 8.5-1-9, is sufficient for a finding of a positive test. Authority:  IC 4-31-3-9

Affected:  IC 4-31-12

Sec. 4. (a) The split sample laboratory shall send a confidential written report on the result of its tests to the commission which in turn shall send a confidential report to the trainer and owner forthwith.

(b) No action shall be taken against the trainer or owner if the results of split sample testing are negative.

(c) No hearing shall be held concerning the allegations against the trainer or owner, nor shall purse redistribution take place, until split sample testing has been completed and the results of the primary laboratory have been confirmed.

(d) The owner or trainer shall be notified in writing of the:

1) results of the primary and split sample laboratories in the case of confirmed positives; and

2) time and place of any administrative hearings resulting from the findings.

(e) If a positive test arises in a trial race, the horse is eligible for entry during the period the split sample is tested and reported to the commission. If the report confirms a positive test, the horse is disqualified from both the trial and the race for which the trial was conducted. Sec. 5. (a) In order for a split sample laboratory to be identified on the list of approved laboratories, it must establish reasonable fees for split sample testing based on their actual cost of testing. Fees for split sample testing shall include the cost of testing negative control samples if requested by the owner or trainer.

(b) The trainer or owner requesting split sample testing and negative control samples shall pay all costs of transporting and conducting tests on the split sample and negative control samples.

Authority: IC 4-31-3-9
Affected: IC 4-31

Sec. 5. (a) A positive test result attained shall be reported in writing to the commission director of security or his or her designee from the laboratory performing the test analysis. A positive test result confirming the presence of any controlled substance or prescription drugs shall be prima facie evidence that there has been a violation of section 1 of this rule. In the event of such a positive test, it is presumed that:

(1) the sample of urine or saliva tested by the laboratory to which it is sent is taken from the person and its integrity has been preserved;
(2) all accompanying procedures of collection, preservation, transfer to the laboratory, and analysis of the sample are correct and accurate; and
(3) the report received from the laboratory pertains to the sample taken from the person in question and correctly reflects the condition of the person at the time that the sample was given.

With respect to the presumptions set forth in this subsection, the burden is on the person against whom the test is offered to prove otherwise at any hearing in regard to the matter which is conducted by the stewards or by the commission.

(b) Upon receipt of written notice from the testing laboratory that a specimen has been found positive for a controlled substance or a prescription drug, the commission director of security or his or her designee shall, as quickly as possible, notify the licensed person by:

(1) public service;
(2) in person; or

Affected: IC 4-31
Sec. 6. (a) Upon a finding of a positive test, the stewards or commission shall, to the extent of its regulatory authority, impose the following sanctions:

(1) For a licensee's first violation, he or she shall be suspended for thirty (30) days and shall be subject to a mandatory drug retest after thirty (30) days from the first violation of this article. Such additional drug test shall be done by the commission testing laboratory at the licensee's expense. Until such retest achieves negative results, the licensee shall remain suspended.

(2) For a second violation, the licensee shall be suspended for a minimum of sixty (60) days and shall be required to enroll in a substance abuse treatment program approved by the commission. It shall be the licensee's responsibility to provide the commission with written notice of his or her enrollment, weekly status reports, and written notice that he or she has successfully completed the program and has been discharged. The licensee shall remain suspended until the requirements have been fulfilled. The requirements shall include an additional drug test with negative results. Such test shall be under the supervision or approval of the commission.

(3) For a third violation, the licensee shall be suspended for a minimum of sixty (60) days and shall be required to enroll in a substance abuse treatment program approved by the commission. It shall be the licensee's responsibility to provide the commission with written notice of his or her enrollment, weekly status reports, and written notice that he or she has successfully completed the program and has been discharged. The licensee shall remain suspended until the requirements have been fulfilled. The person shall not be eligible to reapply for his or her license until the applicant pays for and submits to two (2) urine or saliva samples, or both, thirty (30) days apart with both samples failing to show any trace of a controlled substance or prescription drug. All such samples shall be obtained and tested by the commission or approved by the commission at a location and in a manner prescribed by the commission and at the expense of the licensee. After the licensee has received two (2) negative tests, he or she may reapply for a license unless his or her continuing participation at a race meeting shall be deemed by the commission director of security or his or her designee to be detrimental to the best interest of horse racing.

(b) Prior human controlled substance or prescription drug violations reflected on a person's racing record from any jurisdiction recognized by the commission, including Indiana, shall be counted as violations when determining appropriate penalties as set forth in subsections (a) [subsection (a)].

(c) In determining the penalty to impose for an offense covered by this rule, the stewards or the commission may consider any mitigating or exacerbating circumstances and make an appropriate adjustment to the penalties which are set forth in subsection (a). Authority: IC 4-31-3-9
AFFECTED: IC 4-31-12

Sec. 1. An excess level of sodium (Na), bicarbonate (HCO₃), or pH shall be deemed to have an adverse effect on the horse by changing the normal physiological state of the horse. Excess levels of sodium (Na), bicarbonate (HCO₃), or pH in the horse are deemed to be contrary to the best interests of thoroughbred and quarter horse racing and to the best interests of the welfare of the equine participants and shall be a violation of these rules. Authority: IC 4-31-3-9
AFFECTED: IC 4-31-12

Sec. 2. (a) The stewards shall order scratched or disqualified:
(1) any horse that races or is scheduled to race that registers readings of:
   (A) bicarbonate (HCO₃) at thirty-six (36) mmol/L or higher; and
   (B) a pH level at seven and four hundred forty-five thousandths (7.445) or higher; and
(2) any horse on the bleeder's list that races or is scheduled to race that registers readings of:
   (A) bicarbonate (HCO₃) at thirty-eight (38) mmol/L or higher; and
   (B) a pH level at seven and four hundred seventy-thousandths (7.470) or higher;
and on each of the two (2) tests from a blood gas analyzer when such tests have been conducted. No horse shall be ordered scratched or disqualified in accordance with the provisions of this section unless both readings for bicarbonate (HCO₃), and pH are equal to or exceed the levels established in this section.
(b) In its discretion, the commission or commission designated track employees may retest a horse whose first test results are within allowable limits. Should a retest under this situation indicate high levels as provided in subsection (a), the retest shall be considered an initial screening. High levels on a subsequent test as provided in subsection (a) shall be considered a violation of this rule and the horse shall be scratched or disqualified.
(c) The provisions of subsection (a) notwithstanding, the stewards shall not order the disqualification of a horse selecting
quarantine under these rules if the commission is satisfied on the basis of clear and cogent evidence derived from the testing of the horse's blood during quarantine that such levels are physiologically normal for that specific horse. 71 IAC 8.5-13-4 Blood gas analyzer report
Authority: IC 4-31-3-9
Affected: IC 4-31-12

Sec. 4. A finding by the technician licensed by the commission operating the blood gas analyzer that a test sample taken from a horse contains any substance foreign to the natural horse, including the levels of substance in excess of those established in this rule, shall be prima facie evidence that such foreign substance has been administered to the horse either internally or externally in violation of this rule. It is presumed that:
(1) the sample of blood or other acceptable specimen tested by the blood gas analyzer to which it is sent is taken from the horse in question, its integrity is preserved;
(2) all accompanying procedures of collection, preservation, transfer to the blood gas analyzer, and analyses of the sample are correct and accurate; and
(3) the report received from the blood gas analyzer pertains to the sample taken from the horse in question and correctly reflects the condition of the horse at the time the sample was done;
with the burden on the trainer, assistant trainer, or other responsible person to prove otherwise at any hearing in regard to the matter conducted by the stewards or the commission. The trainer shall be responsible for promptly notifying the owner of a horse with a blood gas analysis report indicating levels in violation of this rule. 71 IAC 8.5-13-4.1 Finding of normal levels
Authority: IC 4-31-3-9
Affected: IC 4-31-12

Sec. 4.1. For any horse whose levels equal or exceed the levels set forth in section 2 of this rule, it is presumed that the levels are not physiologically normal for that specific horse if the horse:
(1) has been tested by the commission at least twice in the past sixty (60) days; and
(2) has been found to have levels beneath the levels established in section 2 of this rule.
The prior results shall constitute a finding that excessive levels are not physiologically normal for that horse. 71 IAC 8.5-13-5 Option to determine normal level
Authority:  IC 4-31-3-9
Affected:  IC 4-31-12

Sec. 5. (a) The quarantine provisions of this section shall apply only to horses who have not been found under section 4.1 of this rule to have physiologically normal levels beneath the levels established in section 2 of this rule.

(b) If a test sample from a horse contains levels of substance equal to or in excess of the levels in section 2 of this rule, the owner or trainer of that horse contending that such levels are physiologically normal for that specific horse may request the horse be held in approved quarantine on the grounds of the association. Such quarantine shall be in accordance with policies and procedures adopted by the commission and shall be for a period determined by the executive director or the stewards, but not greater than five (5) days, and is at the sole expense of the owner or trainer requesting the quarantine. Quarantine security shall be provided by the association per the instruction of the stewards. During the quarantine, the horse shall be retested periodically, but it shall not be permitted to race. In addition, during the period of the quarantine the horse may be exercised and trained at times prescribed by the commission. Removal of a horse from quarantine without the permission of the stewards shall constitute a waiver of any claim of normally high levels for that specific horse. A request for quarantine shall be made within seventy-two (72) hours of notification of a violation of this rule.

(c) Subsequent to the horse being quarantined and retested, if the commission is satisfied on the basis of clear and cogent evidence derived from the testing of the horse’s blood that such levels are physiologically normal for that specific horse, the stewards may waive the provisions of this rule and permit the horse to race. Notwithstanding the provisions of subsection (b), the stewards shall assess the expense of quarantine to the association if they determine that high blood levels are physiologically normal for that specific horse. In addition, no disciplinary action will be pursued by the stewards or the commission against the trainer of any horse found, after quarantine, to have physiologically normal levels in excess of the levels established in section 2 of this rule.

(d) For purposes of this section, clear and cogent evidence shall mean continued and repeated levels in excess of the levels established in section 2 of this rule during the period of quarantine.
