#### NOTICE OF OPPORTUNITY TO PRESENT BRIEFS AND ORAL ARGUMENT

This matter is pending before the Indiana Horse Racing Commission ("Commission") on the Recommended Administrative Penalty against Jimmy Martin Rodgers. On September 17, 2015, the Administrative Law Judge ("ALJ") designated by the Commission, The Honorable Bernard L. Pylitt, issued his Recommended Order Granting Indiana Horse Racing Commission Staff's Motion for Summary Judgment ("Recommended Order") in this case. There is no evidence in the record to support Rodgers filed timely objections to the Recommended Order.

Notice is hereby given that the Commission will afford both parties an opportunity to present briefs concerning this case. Any briefs filed by Rodgers or the Commission Staff must be received in the offices of the Commission by 4:00 p.m. on October 30, 2015. The Commission will accept electronic filing at lellingwood@hrc.in.gov.

The Commission will also consider oral argument at its meeting on November 4, 2015.

Oral argument will be limited to ten minutes per side.

SO ORDERED, 26th day of October 2015.

THE INDIANA HORSE RACING COMMISSION

Thomas Williamans

# RECOMMENDED ORDER GRANTING INDIANA HORSE RACING COMMISSION STAFF'S MOTION FOR SUMMARY JUDGMENT

This matter comes before Administrative Law Judge Bernard Pylitt on Indiana Horse Racing Commission Staff's Motion for Summary Judgment. Despite notice to Jimmy Martin Rodgers ("Rodgers") of his right to file a Response in opposition, none was filed.

Following a careful review of the pleadings, Affidavits submitted in support of Commission Staff's Motion, along with its Memorandum in support, ALJ Pylitt renders his Findings of Fact, Conclusions of Law, and Recommended Order GRANTING Commission Staff's Motion for Summary Judgment. Any Finding of Fact more appropriately deemed a Conclusion of Law, or conversely, shall be so treated.

#### PROCEDURAL BACKGROUND

Rodgers was licensed as a Standardbred trainer by the Indiana Horse Racing Commission during 2014. Rodgers trained the Standardbred race horse Jesse's Con which finished first in the first race at Hoosier Park on June 25, 2014, and was awarded a purse of \$10,000. Blood and

urine samples were taken from Jesse's Con following the race which were tested for unauthorized substances. Blood samples tested positive for Tripelennamine at a level of 51 picograms per milliliter.

Rodgers was also the trainer of Jesse's Con which finished second in the eighth race at Hoosier Park on July 5, 2014, and was awarded a purse of \$13,875. Blood and urine samples were taken from Jesse's Con following the race which were tested for unauthorized substances. Blood samples tested positive for Tripelennamine at a level of 30 picograms per milliliter.

On January 21, 2015, the Commission filed Administrative Complaint No. 215005 against Rodgers and recommended the following penalties:

- 1. Trainer Rodgers be fined \$500 for the presence of Tripelennamine;
- 2. Trainer Rodgers be suspended for a period of 15 days;
- 3. Jesse's Con be disqualified and unplaced from first place in the first race at Hoosier Park on June 25, 2014, and was awarded a purse of \$10,000, and second place in the eighth race at Hoosier Park on July 5, 2014, and was awarded a purse of \$13,875; and
- 4. Owner Jimmy Rodgers is ORDERED to return the purse money earned by Jesse's Con in both races, and the Horsemen's Bookkeeper is directed to redistribute the purse.

Rodgers failed to file a timely request for a hearing following the issuance of the Administrative Complaint.

On March 9, 2015, Bernard L. Pylitt was appointed as the Administrative Law Judge to handle this matter.

The Commission Staff filed its Motion for Summary Judgment on August 17, 2015. On August 19, 2015, ALJ Pylitt issued a Notice to Rodgers at his last known address on file with the Commission that he had 30 days to file a Response under Indiana Trial Rule 56. Said Notice was not returned to the office of the ALJ indicating that Rodgers had moved.

On September 2, 2015, Hoosier Park Security advised counsel for the Commission Staff that he had contacted Rodgers who indicated that his new mailing address was 820 Edenbough Circle, Apartment 201, Auburn Hills, Michigan 48326. Rodger advised the Investigator that "Gorajec or that Woman down there, if they are going to send something they are just wasting a f..... stamp".

On September 3, 2015, ALJ Pylitt sent a courtesy copy of the Notice to Respond by September 16, 2015 along with a copy of the Commission Staff's Motion for Summary Judgment via certified mail, return receipt requested, and via first class United State Mail to Rodgers. The "green card" was received indicating that the certified mail was received on September 8, 2015.

On September 15, 2015 at approximately 2:30 p.m., an individual who identified himself as Rodgers left the ALJ a voicemail inquiring about the potential forfeiture of the purse based upon the pending Motion. Said inquiry was forwarded to the Commission Staff who returned Rodgers voicemail message.

On September 16, 2015, ALJ Pylitt received the following from Rodgers via facsimile (hereinafter "September 16, 2015 fax"):

820 Edenbough Circle, Apt 201 Auburn Hills, MI 48326 September 16, 2015

Bernard L. Pylitt Indiana Horse Racing Commission

RE: Administrative Complaint #: 215005

Dear Mr. Pylitt:

After reading Administrative Complaint # 215005, I am confused as to why the Motion for Summary Judgment reads the Indiana Horse Racing Commission vs. Jimmy M. Rodgers with no mention of the owner. Why am I the only party mentioned? I am the trainer and received five (5) percent of the purse monies. The driver (P. Wrenn) received five (5) percent and the owner received ninety (90) percent totaling \$23,875.

I was under the impression that I would pay a \$500 fine, serve a 15 day suspension and return five percent of the purse money. The Summary Judgment conclusion reads a \$500 fine, 15 day suspension and reimbursement of purse monies. Since I am not the owner of Jesse's Con, I need clarification that the Indiana Horse Racing Commission will pursue the return of the purse money from the owner, Marla A. Bednarsh and that I am only responsible for the five (5) percent I received for being the trainer.

Sincerely.

Jany Rodgens

cc: Holly Newell

#### LEGAL STANDARD FOR SUMMARY JUDGMENT

Indiana Rule of Trial Procedure 56 provides, in pertinent part:

(C) Motion and proceedings thereon. The motion and any supporting affidavits shall be filed in accordance with the provisions of Rule 5. An adverse party shall have thirty (30) days after service of the motion to serve a response and any opposing affidavits. . . . A party opposing the motion shall also designate to the court each material issue of fact which that party asserts precludes entry of summary judgment and the evidence relevant thereto. The judgment sought shall be rendered forthwith if the designated evidentiary matter shows that there is no genuine issue as to any material fact and that the moving party is entitled to a judgment as a matter of law. . . (emphasis added)

Ind. Code 4-21.5-3-23 is the Administrative Orders and Procedures Act provision that governs Summary Judgment motions. Section (b) provides than an Administrative Law Judge "shall consider a [summary judgment] motion ... as would a court that is considering a motion for summary judgment filed under Trial Rule 56..." I.C. 4-21.5-3-23(b)

#### RELEVANT STATUTE AND REGULATIONS

At all times relevant hereto, the following statute and regulations were in full force and effect:

Indiana Code 4-21.5-3-24(a) (2) provides that at any stage of a proceeding if a party fails to file a responsive pleading required by statute, the Administrative Law Judge may issue a written notice of a proposed default.

#### 71 IAC 8-1-2 Foreign substances prohibited

- Sec. 2. (a) No horse participating in a race shall carry in its body any foreign substance except as provided by these rules. A finding by the chemist or commission designee that a foreign substance is present in the test sample shall be prima facie evidence that such foreign substance was administered and carried in the body of the horse while participating in a race. Such a finding shall also be taken as prima facie evidence that the trainer and his or her agents responsible for the care or custody of the horse have been negligent in the handling or care of the horse.
- (b) Upon a finding of a violation of this section, the owners or lessees of the horse from which the specimen was obtained shall forfeit any purse money and any trophy or award. However, forfeiture of any purse, trophy, or award for an overage of phenylbutazone, flunixin, ketoprofen, or furosemide in violation of these rules shall be consistent with Recommended Penalties of the Association of Racing Commissioners, International...

#### 71 IAC 5-3-2 Trainer responsibility

- (a) The trainer is responsible for:
  - $(1) \dots$
  - (2) The presence of any prohibited drug, medication or other substance . . . in absence of substantial evidence to the contrary, the trainer shall be responsible.
- (b) The Trainer shall prevent the administration of any drug or medication or other prohibited substance that may cause a violation of these rules.

#### COMMISSION STAFF'S MOTION FOR SUMMARY JUDGMENT

On August 17, 2015, Commission Staff filed its Motion for Summary Judgment with Affidavits which set forth undisputed material facts to support the entry of Summary Judgment in the Commission Staff's favor. The Motion designated material facts contained within (1) the Affidavit of IHRC Executive Director Joe Gorajec (with attached exhibits); (2) the Affidavit of Timothy Schmitz, Presiding Judge of the Indiana Horse Racing Commission; and (3) the Affidavit of Dr. Richard Sams, Laboratory Director, LGC Science, Inc.

Rodgers failed to file any Response in opposition to Commission Staff's Motion for Summary Judgment, failed to designate any material issue of fact, or provide any opposing Affidavits. He simply sent his September 16, 2015 fax questioning the potential redistribution of the purse money.

Therefore, ALJ Pylitt concludes that there are no genuine issues as to any material fact that preclude the Commission Staff from receiving judgment as a matter of law.

#### UNDISPUTED MATERIAL FACTS

Jimmy Martin Rodgers was licensed as a Standardbred owner and trainer by the Commission in 2014. (Affidavit of Joe Gorajec ¶7 "Gorajec Aff.") Rodgers was the trainer of Jesse's Con, a Standardbred racehorse, which finished first in the first race at Hoosier Park on June 25, 2014, and was awarded a purse of \$10,000. Blood and urine samples were taken from Jesse's Con following the race which were tested for unauthorized substances. On June 25, 2014, Jesse's Conn specimens, labeled Sample No. 0044416, were sent to the Commission's primary approved laboratory, LGC Sport Science, Inc. ("LGC"), for analysis pursuant to the Commission's regulations. (Gorajec Aff. ¶14) Blood samples tested positive for Tripelennamine at a level of 51 picograms per milliliter. (Gorajec Aff. ¶15)

Rodgers was also the trainer of Jesse's Con which finished second in the eighth race at Hoosier Park on July 5, 2014, and was awarded a purse of \$13,875. Blood and urine samples were taken from Jesse's Con following the race which were tested for unauthorized substances. Blood samples (No. 0048055) tested positive for Tripelennamine at a level of 30 picograms per milliliter. (Gorajec Aff. ¶19)

After the race, and pursuant to 71 IAC 8-3-3(b)(2), post-race blood (serum) and urine specimens were taken from Jesse's Con. (Gorajec Aff. ¶12) On July 5, 2014, Jesse's Conn specimens, labeled Sample No. 0048055, were sent to the Commission's primary approved laboratory, LGC Sport Science, Inc. ("LGC"), for analysis pursuant to the Commission's regulations. (Gorajec Aff. ¶14)

Rodgers, upon being notified of the positive test results and advised of his rights to have the split sample sent to an independent laboratory approved by the Commission, waived his right to have the split sample tested. (Gorajec Aff. ¶20; Affidavit of ¶¶9 and 10 "Schmidts Aff.")

Tripelennamine is a substance foreign to the natural horse and are classified by the ARCI Uniform Classification Guidelines for Foreign Substances and Recommended Penalties and Model Rule, Version 7.00, revised January 2014<sup>[1]</sup>, as a Class 3 drug with a category "B" penalty classification ("Class 3-B foreign substance"). (Gorajec Aff. ¶20) 71 IAC 8-1-7, which was in full force and effect at all times relevant, directs the Commission to consider and impose penalties consistent with the ARCI Uniform Guidelines. The primary factors in determining the severity of a licensed trainer or owner's penalty are the number and recency of any past violations. (Gorajec Aff. ¶23) After further investigation, the Commission learned that Rodgers had not been sanctioned for any other incidents taking place within 365 days of the June 25,

<sup>[1]</sup> The January 2014 Uniform Guidelines were in effect at the time of the race at issue. The Guidelines have been revised 15 times since January 2014, but Version 7.0 is applicable to the matter before the ALJ. No revisions occurred between January 2014 and July 24, 2014.

2014 race at Hoosier Park involving the presence of a foreign substances in a race horse for which he was responsible. (Gorajec Aff. ¶21) Taking all of these facts into consideration, the ARCI Uniform Guidelines recommends a penalty of a \$500.00 fine for each medication infraction, a minimum 15 day suspension, as well as disqualification of the horse, and redistribution of any purse won by the horse. (Gorajec Aff. ¶24 and 25)

#### RODGERS FAILED TO RESPOND OR DESIGNATE ANY MATERIAL ISSUE OF FACT IN DISPUTE

Rodgers' failed to submit a Response or provide any opposing Affidavits or designation in opposition as required pursuant to Rule 56.

Indiana courts have consistently determined that the requirement that a Response to a Motion for Summary Judgment and opposing Affidavits be filed is a "bright-line" rule. In *Desai* v. Croy, 805 N.E. 2d 844, 849 (Ind. Ct. App. 2004), the Court reviewed a line of cases that established this "bright-line" rule for trial courts and the parties who litigate Summary Judgment motions. The *Desai* court further held:

[W]here a nonmoving party fails to respond within thirty days by either (1) filing affidavits showing issues of material fact, (2) filing his own affidavit under Rule 56(F) indicated why the facts necessary to justify his opposition are unavailable, or (3) requesting an extension of time in which to file his response under 56(I), the trial court lacks discretion to permit that party to thereafter file a response.

Id. at 850

The Commission changed its rules during 2014. However, the Commission was under no obligation to notify licensees of rule changes. It was, and remains, the express obligation of a licensee to be aware of the rules regulating pari-mutuel racing in Indiana. 71 IAC 5-1-25 provides: "A licensee shall be knowledgeable of these rules and, by acceptance of the license,

agrees to abide by these rules." Rodgers accepted a license from the IHRC, and he accordingly accepted the responsibility of being aware of and abiding by all Indiana rules.

Rodgers failed to designate any material issues of fact in dispute which would preclude the entry of Summary Judgment as a matter of law. The ALJ recognizes that the lack of an adequate response to a Motion for Summary Judgment does not automatically entitle the moving party to a judgment as a matter of law. *Countrywide Home Loans, Inc. v. Holland,* 993 N.E. 2d 184, 189 (Ind. Ct. App. 2013). Once the Staff filed its Motion for Summary Judgment, designating evidence and Affidavits to establish that there were no issues of material fact, the burden shifted to Rodgers to present evidence in a timely fashion with his Response as required by IND. R. TRIAL P. 56(C).

When the non-moving party fails to properly respond or designate evidence before the response deadline as required by Trial Rule 56, and the moving party has shown that it is entitled to Summary Judgment, Summary Judgment must be entered against the non-moving party as a matter of law. *Morton v. Moss*, 694 N.E.2d 1148, 1152 (Ind. Ct. App. 1998).

In Seufert v. RWB Med. Income Props. I Ltd. P'ship, 649 N.E.2d 1070, 1073 (Ind. Ct. App. 1995), the Court held that "If the non-moving party does not respond to a properly supported motion by setting forth specific facts showing a genuine issue for trial, then T.R. 56(E) mandates that summary judgment, if appropriate, be entered against him."

# BASIS FOR RECOMMENDED ORDER GRANTING SUMMARY JUDGMENT IN FAVOR OF COMMISSION STAFF

The Indiana Pari-Mutuel Horse Racing Act (the "Horse Racing Act"), is codified at Ind. Code § 4-31 *et seq*. The Horse Racing Act provides that the purpose of the article is to "permit pari-mutuel wagering on horse races in Indiana and to ensure that pari-mutuel wagering on

horse races in Indiana will be conducted with the highest of standards and the greatest level of integrity." Ind. Code § 4-31-1-2 (emphasis added).

The Indiana legislature provided specific direction to the Commission with respect to the illegal medication and/or drugging of racehorses. Chapter 12 of the Horse Racing Act makes clear that (unless specifically authorized by the Commission) there is an absolute prohibition against allowing a horse that has "drugs [and] medications or substances foreign to the natural horse" in its system to compete in a race without suffering an appropriate sanction. Ind. Code §§ 4-31-12-1, 4-31-12-2(a). That sanction includes the mandatory forfeiture of any purse that was earned as a result of the horse's performance. Ind. Code § 4-31-12-13(b)(1). This absolute prohibition and the related legislative forfeiture directive have been incorporated into the applicable Commission regulations at 71 IAC 8-1-2.

The Commission Staff has shown that it is entitled to Summary Judgment as a matter of law since there are no genuine issues of material fact in dispute that: (1) a horse racing in Indiana is prohibited from having illegal foreign substances in its system at the time of a race; (2) Jesse's Con had illegal foreign substances in his system at the time of the race; (3) Rodgers was responsible for the presence of these substances; and (4) the sanction recommended against Rodgers was reasonable and appropriate.

Once the Commission Staff met its obligation pursuant to Indiana Trial Rule 56 and I.C. 4-21.5-4-23, the obligation shifted to Rodgers. Given the fact that Rodgers failed to respond or designate any genuine issue of material fact in dispute, the Commission Staff's Motion must be granted as a matter of law.

#### FINDINGS OF FACT

- 1. The IHRC acted within its statutory authority when it promulgated 71 IAC 10-2-3, pursuant to IC 4-31-13-2(a) and IC 4-31-12-15(a).
- 2. A horse racing in Indiana is prohibited from having illegal foreign substances in its system at the time of a race.
- 3. Jesse's Con had illegal foreign substances in his system at the time of the race at Hoosier Park on June 25 and July 5, 2014.
- 4. Jesse's Con's trainer, Jimmy Rodgers, was licensed as a trainer by the Indiana Horse Racing Commission during 2014.
- 5. Rodgers was the trainer of Jesse's Con, a Standardbred racehorse that participated in the first race on June 25, 2014.
  - 6. Jesse's Con placed first in that race and was awarded a purse of \$10,000.
- 7. Rodgers was the trainer of Jesse's Con, a Standardbred racehorse that participated in the first race on July 5, 2014.
  - 8. Jesse's Con placed second in the eighth race and was awarded a purse of \$13,875.
- 9. Rodgers was responsible for the presence of foreign substances found in Jesse's Con on June 25, 2014 pursuant to 71 IAC 5-3-2(2).
- 10. Following the race, post-race blood and urine samples were taken from Jesse's Con (No. 0044416) and sent to LGC Science, Inc. for analysis.
- 11. LGC Science, Inc. reported on August 1, 2014 that the sample tested positive for Tripelennamine in excess of threshold limits.
- 12. Rodgers was offered the opportunity to have a split sample test but declined that offer.

- 13. Tripelennamine is a substance foreign to the natural horse that is classified by the ARCI Uniform Guidelines as a Class 3 drug with a category "B" penalty. ("Class 3-B foreign substance").
- 14. A positive test for a prohibited drug or substance is prima facia evidence of a violation of this rule. In the absence of substantial evidence to the contrary, the trainer shall be responsible.
- 15. 71 IAC 8-1-7, which was in full force and effect at all times relevant, directs the Commission to consider and impose penalties consistent with ARCI Uniform Guidelines.
- 16. The ARCI Uniform Guidelines recommend a \$500.00 fine for each Class 3-B violation.
- 17. The monetary sanction imposed by the Stewards against Rodgers was reasonable and appropriate since the ARCI Uniform Guidelines suggested a penalty of a \$500.00 fine for each medication infraction, disqualification of the horse, and redistribution of any purse won by the horse.
- 18. Jesse's Con placed first in the first race and was awarded a purse of \$10,000 on July 25, 2014.
- 19. Jesse's Con is disqualified from first place and the purse money it earned is forfeited, returned, and redistributed pursuant to the provisions of 71 IAC 8-1-2 (b).
- 20. Jesse's Con placed second in the eighth race and was awarded a purse of \$13,875 on July 5, 2014.
- 21. Jesse's Con is disqualified from second place and the purse money it earned is forfeited, returned, and redistributed pursuant to the provisions of 71 IAC 8-1-2 (b).

#### CONCLUSIONS OF LAW

- 1. A horse participating in a pari-mutuel race in Indiana is prohibited from carrying in its body any foreign substance that is not specifically authorized by Commission rules. I.C. 4-31-12-2; 71 IAC 8-1-1(a); 71 IAC 8-1-2.
- 2. A horse participating in a pari-mutuel race in Indiana is prohibited from carrying it its body Tripelennamine in excess of 100 pg/ml. 71 IAC 8-1-4.2(21).
- 3. The Commission rules direct the Staff to consider the ARCI Uniform Guidelines in both classifying a foreign substance and when imposing penalties and sanctions. 71 IAC 8-1-7.
- 4. A finding at a Commission-approved laboratory that a test sample taken from a horse contains a foreign substance creates a presumption that "the procedures of collection, preservation, transfer to the laboratory, and analysis of the sample are correct and accurate." 71 IAC 8-2-1(2).
- 5. The finding that a foreign substance is present creates a presumption that the foreign substance was in the horse's body at the time the race was run. 71 IAC 8-1-2(a).
- 6. Positive laboratory tests are prima facie evidence that the foreign substance has been administered to the horse in violation of the Commission's rules. 71 IAC 8-1-2.
- 7. A positive test creates a prima facie case that the trainer (or his or her agents) responsible for the care and custody of the horse were negligent in handling the care of the horse.

  71 IAC 8-1-2(a).
- 8. There is a duty on the trainer to "prevent the administration of any drug or medication or other substance that may cause a violation of these rules." 71 IAC 5-3-2(b).
- 9. The trainer is responsible for the condition of the horse regardless of any acts of third persons. 71 IAC 5-3-2(a)(2).

- 10. All IHRC licensees are responsible for knowing the rules that govern pari-mutuel racing in Indiana. 71 IAC 5-1-25.
- 11. Indiana law mandates the forfeiture of a purse when any prohibited substance is detected in a horse participating in a race. I.C. 4-31-12-13; 71 IAC 8-1-2(b).
- 12. The ARCI Uniform Guidelines recommend a \$500.00 fine for each violation involving a Class 3-B substance, such as Tripelennamine.
- 13. There is no genuine issue in dispute of any material fact with respect to any of the findings in Administrative Complaint No. 215005.
  - 14. Additionally, Rodgers failed to file a timely request for a hearing.

#### ULTIMATE FINDING OF FACT

The findings by Industrial Laboratories clearly established that Trainer Jimmy Rodgers violated two Commission equine medication rules, specifically 71 IAC 8-1-2 and 71 IAC 8-1-4.2 (21).

#### RECOMMENDED DECISION

Based upon the findings of fact and conclusions of law herein, ALJ Pylitt recommends that the Commission Staff's Motion for Summary Judgment be GRANTED pursuant to IC 4-21.5-3-23 (b).

Pursuant to IC 4-21.5-3-29(d), either party hereto, has 15 days following receipt of this Recommended Order to file written exceptions with the Indiana Horse Racing Commission.

IT IS SO RECOMMENDED THIS 17th DAY OF SEPTEMBER, 2015.

Bernard L. Pylitt

Administrative Law Judge

# BEFORE AN ADMINISTRATIVE LAW JUDGE APPOINTED BY THE INDIANA HORSE RACING COMMISSION

INDIANA HORSE RACING COMMISSION STAFF,

Petitioner,

2015 AUG 17 A 10: 45

INDIANA HORSE RACING COMM

V.

Administrative Complaint No. 215005

JIMMY MARTIN RODGERS,

Respondent.

# INDIANA HORSE RACING COMMISSION STAFF'S MOTION FOR SUMMARY JUDGMENT AND MEMORANDUM IN SUPPORT THEREOF

The Indiana Horse Racing Commission Staff (hereinafter the "Commission Staff"), by counsel, pursuant to Ind. Code § 4-21.5-3-23, respectfully submits its Motion for Summary Judgment requesting that the Administrative Law Judge (hereinafter the "ALJ") issue a recommended Order in favor of the Commission Staff that affirms the violation found in and the sanctions proposed by Administrative Complaint No. 215005 (the "Complaint"). In support of this motion, the Commission Staff designates: (1) the Affidavit of IHRC Executive Director Joe Gorajec (with attached exhibits); (2) the Affidavit of 2014 IHRC Presiding Judge Timothy Schmitz; and (3) the Affidavit of Richard Sams, Laboratory Director, LGC Science, Inc. ("Sams Aff.") The Commission staff respectfully submits that there is no genuine issue of material fact with respect to the matters referenced in Administrative Complaint No. 215005. In support of its motion, the Commission Staff submits the following Memorandum:

#### I. INTRODUCTION

The Commission has been established by the Indiana Pari-Mutuel on Horse Racing Act (the "Horse Racing Act"), codified at Ind. Code § 4-31 *et seq*. The Horse Racing Act provides that the purpose of the article is to "permit pari-mutuel wagering on horse races in Indiana and

to ensure that pari-mutuel wagering on horse races in Indiana will be conducted with the highest of standards and the greatest level of integrity." Ind. Code § 4-31-1-2 (emphasis added).

The Indiana Legislature provided specific direction to the Commission with respect to the illegal medication and/or drugging of racehorses. Chapter 12 of the Horse Racing Act makes clear that (unless specifically authorized by the Commission) there is an absolute prohibition against allowing a horse that has "drugs [and] medications or substances foreign to the natural horse" in its system to compete in a race without suffering an appropriate sanction. Ind. Code §§ 4-31-12-1, 4-31-12-2(a). That sanction includes the mandatory forfeiture of any purse that was earned as a result of the horse's performance. Ind. Code § 4-31-12-13(b)(1). This absolute prohibition and the related legislative forfeiture directive have been incorporated into the applicable Commission regulations at 71 Ind. Admin. Code 8-1-2.

#### II. UNDISPUTED MATERIAL FACTS

Jimmy Martin Rodgers ("Rodgers") was licensed as a Standardbred trainer by the Commission in 2014. (Affidavit of Joe Gorajec ¶7 "Gorajec Aff.")

Mr. Rodgers was the trainer of Jesse's Con, a standardbred racehorse that competed in the first race at Hoosier Park on June 25, 2014. (Gorajec Aff. ¶5 and 7) Jesse's Con placed first in the race, and was awarded a purse of \$10,000.00. (Gorajec Aff. ¶5) After the race, and pursuant to 71 IAC 8-3-3(b)(2), post-race blood (serum) and urine specimens were taken from Jesse's Con. (Gorajec Aff. ¶12) On June 25, 2014, Jesse's Con's specimens, labeled Sample No. 0044416, were sent to the Commission's primary approved laboratory, LGC Sport Science, Inc. ("LGC"), for analysis pursuant to the Commission's regulations. (Gorajec Aff. ¶14) On August 1, 2014, LGC reported to the Commission Staff that Sample No. 0044416 tested positive for

tripelennamine at a level of 51 picograms per milliliter ("pg/mL") (+/-19 pg/mL). (Sams Aff. ¶¶7 and 8)

Mr. Rodgers was also the trainer of Jesse's Con while it competed in the eighth race at Hoosier Park on July 5, 2014. (Gorajec Aff. ¶6 and 7) Jesse's Con placed second in the race, and was awarded a purse of \$13,875. (Gorajec Aff. ¶6) After the race, and pursuant to 71 IAC 8.5-3-3(b)(2), post-race blood (serum) and urine specimens were taken from Jesse's Con. (Gorajec Aff. ¶16) On July 5, 2014, Jesse's Con's specimens, labeled Sample No. 0048055, were sent to LGC for analysis pursuant to the Commission's regulations. On August 1, 2014, LGC reported to the Commission Staff that Sample No. 0048055 tested positive for tripelennamine at a level of 30 picograms per milliliter ("pg/mL") (+/-19 pg/mL). (Sams Aff. ¶12 and 13)

Mr. Rodgers, upon being notified of the positive test results and advised of his rights to have the split sample sent to an independent laboratory approved by the Commission, waived his right to have the split sample tested. (Gorajec Aff. ¶22; Affidavit of Timothy Schmitz ¶¶14 and 15 "Schmitz Aff.")

Tripelennamine is a substance foreign to the natural horse as classified by the ARCI Uniform Classification Guidelines for Foreign Substances and Recommended Penalties and Model Rule, revised January 2014<sup>1</sup>, as a Class 3 drug with a category "B" penalty classification ("Class 3-B foreign substance"). (Gorajec Aff. ¶20) Tripelennamine is a prohibited substance that is not allowed to be present in the system of a race horse *at any level*. 71 IAC 8-1-2

71 IAC 8-1-7, which was in full force and effect at all times relevant, directs the Commission to consider and impose penalties consistent with the ARCI Uniform Guidelines.

<sup>&</sup>lt;sup>1</sup> The January 2014 Uniform Guidelines were in effect at the time of the race at issue. The Guidelines have been revised 15 times since January 2014, but Version 7.0 is applicable to the matter before the ALJ. No revisions occurred between January 2014 and July 25, 2014.

The primary factors in determining the severity of a licensed trainer or owner's penalty are the number and recency of any past violations. (Gorajec Aff. ¶11) After further investigation, the Commission learned that Mr. Rodgers had not been sanctioned for any other incidents taking place within the past 365 days of the June 25, 2014 race at Hoosier Park involving the presence of a foreign substances in a race horse for which he was responsible. (Gorajec Aff. ¶23) Taking all of these facts into consideration, the ARCI Uniform Guidelines suggest a penalty of a \$500.00 fine for each medication infraction, a 15-day suspension, and disqualification of the horse from each race, as well as redistribution of any purse won by the horse. (Gorajec Aff. ¶21)

#### III. PROCEDURAL HISTORY

The Commission Staff may in its discretion initiate a disciplinary action against any person under IC 4-31 et seq.; 71 IAC 10-3-1(b). If the Staff determines a person regulated under the act has violated the act or a rule or order adopted under the Act that constitutes a ground for disciplinary action under the Act, the commission may assess an administrative penalty against that person. 71 IAC 1-3-20(a) The commission delegates to the executive director the authority to prepare and issue administrative complaints pursuant to the act. 71 IAC 10-3-20(b) On January 21, 2015, the Commission filed Administrative Complaint No. 215005 against Mr. Rodgers. The Complaint recommended the penalties of a fine of five hundred dollars (\$500.00), a suspension for a period of fifteen days and ordering Jesse's Con unplaced in the first race of June 25, 2014 at Hoosier Park and the eighth race of July 5, 2014 at Hoosier Park, resulting in Jesse's Con's (first and second place) purse forfeiture and redistribution. The person who is subject of the Complaint has twenty (20) days after the issuance of the Complaint to make a written request for a hearing. Failure to request a hearing or to remit the amount of the administrative penalty within the period prescribed results in a waiver of a right to hearing on the administrative penalty as well as any right to judicial review. 71 IAC 10-3-20(d). More than

twenty days have passed since Mr. Rodgers has been in the receipt of the Administrative complaint and no hearing has been requested. This case was assigned to Administrative Law Judge Bernard Pylitt at the request of the Commission. (Gorajec Aff., ¶ 26 and 27)

#### IV. ARGUMENT

#### A. Summary judgment standard in administrative proceedings.

I.C. § 4-21.5-3-23 provides that "[a] party may, at any time after a matter is assigned to an administrative law judge, move for a summary judgment in the party's favor as to all or any part of the issues in a proceeding." I.C. § 4-21.5-3-23(a). The administrative law judge "shall consider a motion filed under subsection (a) as would a court that is considering a motion for summary judgment filed under Trial Rule 56 of the Indiana Rules of Trial Procedure." *Id*.

Indiana Trial Rule 56(C) provides that summary judgment is appropriate when there are no genuine issues of material fact and when the moving party is entitled to judgment as a matter of law. Ind. Rule Trial 56(C); *Parker v. Ind. State Fair Bd.*, 992 N.E.2d 969, 976 (Ind. Ct. App. 2013). "A genuine issue of material fact exists where facts concerning an issue which would dispose of the litigation are in dispute or where the undisputed facts are capable of supporting conflicting inferences on such an issue." *Parker*, 992 N.E.2d at 976 (internal citations omitted). "The party moving for summary judgment bears the burden of making a *prima facie* showing that there is no genuine issue of material fact and that he or she is entitled to a judgment as a matter of law." *Id.* "Once the moving party meets these two requirements, the burden shifts to the non-moving party to show the existence of a genuine issue of material fact by setting forth specifically designated facts." *Id.* Here, the Commission has shown that it is entitled to summary judgment in these proceedings because there can be no dispute that: (1) a horse racing in Indiana is prohibited from having illegal foreign substances in its system at the time of a race; (2) Jesse's Con had illegal foreign substances in his system at the time of the June 25, 2014 and July 5, 2014

races, and his trainer, Jimmy Martin Rodgers, is responsible for the presence of these substances under the applicable law and regulations; and (3) the penalties the Commission Staff has recommended are reasonable and appropriate.

# B. A horse racing in Indiana is prohibited from having illegal foreign substances in its system at the time of the race, and Jesse's Con's blood was found to contain such substances.

A horse participating in a race in Indiana is prohibited from carrying in its body any foreign substance that is not specifically authorized by Commission regulations. I.C. § 4-31-12-1. The Commission regulations direct the Executive Director to consider the ARCI Uniform Guidelines in both classifying a foreign substance and when imposing penalties and proposing sanctions. 71 I.A.C. 8-1-7.

According to the ARCI Uniform Guidelines in effect on June 25, 2014 and July 5, 2014, tripelennamine is a Class 3 drug with a "B" penalty classification. (Gorajec Aff. ¶20) There is no Commission regulation that authorizes the presence of tripelennamine in a horse at any level at the time of a race. Accordingly, tripelennamine is considered an unauthorized foreign substance under the Commission's regulations and its presence in Jesse's Con system on June 25, 2014, and July 5, 2014, constitutes an unquestionable violation of the Commission's foreign substances rule. (71 IAC 8-1-2(a).)

A finding at a Commission-approved laboratory that a test sample taken from a horse contains a drug or its metabolites or analogs or a foreign substance, creates a presumption that "the procedures of collection, preservation, transfer to the laboratory, and analysis of the sample are correct and accurate." 71 Ind. Admin. Code 8-3-1(2). Moreover, the presence of "any quantity" of a foreign substance, such as tripelennamine, supports a finding of a foreign substance and compels the attendant consequences. 71 Ind. Admin. Code 8-4-3(g) (emphasis added). In other words, it is not relevant under this Commission's regulation of tripelennamine

how someone might characterize the amount of the drug that was present upon testing (i.e., minimal, moderate, substantial, etc.) or what the precise quantity of the drug was that may have been found in the horse's system.

The finding of a drug positive also creates a presumption that the foreign substance was in the horse's body at the time the race was run. 71 IAC 8-1-2(a). Positive laboratory results are *prima facie* evidence that the foreign substance has been administered to the horse in violation of the Commission's rules. 71 IAC 8-1-2. In addition, a positive test creates a *prima facie* case that the trainer (or his or her agents) responsible for the care and custody of the horse were negligent in the handling or care of the horse. 71 IAC 8-1-2(a). This is consistent with the regulation that imposes a duty on a trainer to "prevent the administration of any drug or medication or other prohibited substance that may cause a violation of these rules." 71 IAC 5.5-3-2(b). Stated another way, any claim that the tripelennamine may have entered Jesse's Con's body via the act of a third person are unavailing because Mr. Rodgers, as the trainer, was responsible for the condition of his horse *regardless of any acts of third persons*. 71 IAC 5-3-2(a)(2) (emphasis added).

Participating in pari-mutuel racing in Indiana is a privilege, and not a right. (Gorajec Aff. ¶8) Licensees are fully responsible for being aware of Commission regulations. 71 Ind. Admin. Code 5-1-25. Any assertion that Rodgers did not have an affirmative duty to be aware of the Commission's rules relating to medications fails.

Serum collected from Jesse's Con was analyzed by LGC and found to contain tripelennamine, which cannot be present in a horse at any level. (Sams Aff., ¶¶ 7 and 12)

Mr. Rodgers, upon being notified of the positive test results and advised of his rights to have the split sample sent to an independent laboratory approved by the Commission, waived his right to have a split sample tested. (Gorajec Aff., ¶22; Schmitz Aff. ¶¶14, 15) The facts lead to the inevitable conclusion of a positive test result for the presence of tripelennamine, which establishes the Commission's *prima facie* case that such illegal foreign substances were in Jesse's Con's body at the time it ran the June 25, 2014 and July 5, 2014 races, in violation of Indiana law and the Commission's rules.

#### C. The recommended penalties for Rodgers are both reasonable and appropriate.

Indiana law mandates the forfeiture of a purse when any prohibited foreign substance is detected in a horse participating in a race. *See* I.C. 4-31-12-13; 71 I.A.C. 8-1-2(b). Furthermore, the ARCI Uniform Guidelines' recommended minimum penalty for a first violation<sup>2</sup> (in any jurisdiction within 365 days) involving a Class 3-B foreign substance, such as tripelennamine, is a minimum of a \$500.00 fine, a 15-day suspension, and purse redistribution. (Gorajec Aff., ¶20 and 21; Gorajec Aff., Ex. 5, p.28.) The Staff's recommended penalties to be imposed upon Mr. Rodgers are the minimum \$500.00 fine, a single fifteen-day suspension, and the loss of the purses, which is required by Indiana law. The recommended penalty for two (2) first violations within 365 days is reasonably related to the minimum recommended penalties, and, accordingly, cannot be determined to be unreasonable. Rodgers was not notified of the first violation until after the second violation had occurred, and he was therefore unable to change his stable management practices, making the assessment of a single \$500.00 fine and a single suspension appropriate.<sup>3</sup>

#### V. CONCLUSION

As the trainer of Jesse's Con, Mr. Rodgers is responsible for violations of 71 I.A.C. 8-1-2 that prohibits a horse from carrying any foreign substance in its body, based upon a positive drug

<sup>3</sup> This assessment of penalties is in keeping with past Commission practice. Gorajec Aff. ¶24, 25.

<sup>&</sup>lt;sup>2</sup> Although the horse had present in its system two separate substances, Commission Staff and the Judges consider each to be a first offense, because the violations occurred in the same horse, during the same race.

test. The presence of tripelennamine in the serum of Jesse's Con as measured by LGC is a *prima* facie violation of 71 I.A.C. 8-3-1, which prohibits a race horse from carrying a foreign substance in its body during a race. In the absence of "substantial evidence" that a third person was responsible for the administration, Mr. Rodgers (as trainer) is responsible. 71 I.A.C. 5-3-2(a) and (b); 71 I.A.C. 8-3-1.

WHEREFORE, the Indiana Horse Racing Commission Staff respectfully requests that the Administrative Law Judge enter an Order granting Summary Judgment in favor of the Commission Staff and thereby adopting Complaint No. 215005 issued by the Indiana Horse Racing Commission Staff, which imposes \$500.00 fine, a fifteen day suspension, and the forfeiture and redistribution of the first-place purse (\$10,000.00) and the second place purse (\$13,875.00).

Respectfully submitted,

Holly Newell (Atty. No. 25029-29)

Deputy General Counsel

### BEFORE AN ADMINISTRATIVE LAW JUDGE APPOINTED BY THE INDIANA HORSE RACING COMMISSION

INDIANA HORSE RACING COMMISSION STAFF,

Petitioner,

v.

Administrative Complaint No. 215005

JIMMY MARTIN RODGERS,

Respondent.

#### AFFIDAVIT OF JOE GORAJEC

Comes now the undersigned, and being duly sworn upon his oath, alleges and says as follows:

- 1. I am an adult, over eighteen (18) years of age, of sound mind, have personal knowledge of and am competent to testify as to the matters contained herein.
- 2. I am the Executive Director of the Indiana Horse Racing Commission (the "Commission"). I commenced my duties on October 15, 1990. The Executive Director is the highest ranking member of the Commission Staff.
- 3. As Executive Director of the Commission, I am a custodian of records that are maintained by the Commission in the ordinary course of its business.
- 4. As Executive Director, I have familiarity with the foreign substance screening program.
- 5. My review of information relating to the first race conducted at Hoosier Park on June 25, 2014 reveals that Jesse's Con finished first and was awarded a \$10,000.00 purse. The Program for Race 1 at the Hoosier Park Race Course is attached to this Affidavit as Exhibit 1. The United States Trotting Association

- report showing the race results and purse for Race 1 at the Hoosier Park Race Course is attached to this Affidavit as Exhibit 2.
- 6. My review of information relating to the eighth race conducted at Hoosier Park on July 5, 2014 reveals that Jesse's Con finished second and was awarded a \$13,875.00 purse. The Program for Race 8 at the Hoosier Park Race Course is attached to this Affidavit as Exhibit 3. The United States Trotting Association report showing the race results and purse for Race 8 at the Hoosier Park Race Course is attached to this Affidavit as Exhibit 4.
- 7. At all times relevant, Jesse's Con was trained by Jimmy Martin Rodgers, who was licensed by the Commission as a trainer.
- 8. Participation in pari-mutuel racing in Indiana is a privilege, and not a right.
- 9. Any horse participating in a pari-mutuel race is subject to 71 IAC 8-3-3(b), and can be selected for post-race blood and urine analysis.
- 10. Commission regulations dictate that the Judges shall consider the classification level of the violation as currently established by the Uniform Classification Guidelines of Foreign Substances and Recommended Penalties and Model Rule published by the ARCI, and impose penalties and disciplinary measures consistent with the recommendations therein. 71 IAC 8-1-7. The version of the ARCI Uniform Guidelines in effect at the time of the June 25, 2014 race at issue is attached to this Affidavit as Exhibit 5.
- 11. The primary factors in determining the severity of a licensed trainer or owner's penalty are the number and recency of any past violations.

- 12. Blood and urine samples were collected from Jesse's Con after the June 25, 2014 race.
- The blood (serum) of Jesse's Con was assigned Sample No. 0044416. The sample tag is attached to this Affidavit as Exhibit 6. The Commission Test Barn Report is attached to this Affidavit as Exhibit 7.
- 14. Pursuant to Commission regulations, the blood and urine of Jesse's Con was sent to LGC Sport Science, Inc., in Lexington, Kentucky ("LGC") on June 27, 2014. The Sample Shipment Sheet reflecting the shipment is attached to this Affidavit as Exhibit 8.
- On August 1, 2014, LGC identified Sample No. 0044416 as being positive for tripelennamine. The Affidavit from LGC showing the positive findings is attached to this Affidavit as Exhibit 9.
- 16. Blood and urine samples were collected from Jesse's Con after the July 5, 2014 race.
- 17. The blood (serum) of Jesse's Con was assigned Sample No. 0048055. The sample tag is attached to this Affidavit as Exhibit 10. The Commission Test Barn Report is attached to this Affidavit as Exhibit 11.
- Pursuant to Commission regulations, the blood and urine of Jesse's Con was sent to LGC Sport Science, Inc., in Lexington, Kentucky ("LGC") on July 8, 2014. The Sample Shipment Sheet reflecting the shipment is attached to this Affidavit as Exhibit 12.

- 19. On August 1, 2014, LGC identified Sample No. 0048055 as being positive for tripelennamine. The Affidavit from LGC showing the positive findings is attached to this Affidavit as Exhibit 13.
- Tripelennamine is a Class 3 drug with a Category "B" penalty. Exhibit 5, pg.11.
- 21. The Uniform Guidelines recommend for each violation a minimum of a 15-day suspension, a \$500.00 fine and disqualification/purse redistribution for violations due to the presence of a drug carrying a Category "B" penalty. *Id.*, pg. 28.
- 22. Rodgers was notified of the positive tests and declined to have a split sample tested.
- 23. Rodgers had not been sanctioned for any other incidents taking place within the past 365 days of the June 25, 2014 race. Jimmy Martin Rodgers's USTA ruling report is attached to this Affidavit as Exhibit 14.
- 24. It is Commission practice to assess a single monetary penalty in the case of a trainer receiving two positives, but not being notified of the first until after the second had occurred.
- 25. It is Commission practice to assess a single suspension in the case of a trainer receiving two positives, but not being notified of the first until after the second had occurred.
- The IHRC Staff issued Administrative Complaint No. 215005 on January 21,2015.

- 27. Twenty (20) days have passed since the Administrative Complaint was issued and no hearing has been requested.
- 28. IHRC Chairman Tom Weatherwax directed that the matter be heard by Administrative Law Judge Bernard Pylitt ("ALJ Pylitt").
- 29. The matter was forwarded to ALJ Pylitt for consideration on March 9, 2015.
- Attached Exhibits 1 through 14 reflect entries, reports, records and/or data compilations that were made at or near the time of the occurrence of the matters set forth in each of the records, by or from information transmitted by a person with knowledge of the existence of the matters recorded therein.
- Attached Exhibits 1 through 14 and the entries, reports, records and/or data compilations that they reflect are, and were, kept in the course of regularly conducted business activities of the Commission.
- Attached Exhibits 1 through 14 and the entries, reports, records and/or data compilations that they reflect are, and were, made and gathered as a part of the regular business practice and activity of the Commission.
- I certify the authenticity of Exhibits 1 through 14 pursuant to the provisions of Indiana Rules of Evidence 803(6) and 803(8).

Further Affiant Sayeth Not.

I affirm under the penalties for perjury that the foregoing representations are true and correct to the best of my knowledge.

# Preamble to the Uniform Classification Guidelines of Foreign Substances

The Preamble to the Uniform Classification Guidelines was approved by the RCI Drug Testing and Quality Assurance Program Committee (now the Drug Testing Standards and Practices Program Committee) on August 26, 1991. Minor revisions to the Preamble were made by the Drug Classification subcommittee (now the Veterinary Pharmacologists Subcommittee) on September 3, 1991.

"The Uniform Classification Guidelines printed on the following pages are intended to assist stewards, hearing officers and racing commissioners in evaluating the seriousness of alleged violations of medication and prohibited substance rules in racing jurisdictions. Practicing equine veterinarians, state veterinarians, and equine pharmacologists are available and should be consulted to explain the pharmacological effects of the drugs listed in each class prior to any decisions with respect to penalities to be imposed. The ranking of drugs is based on their pharmacology, their ability to influence the outcome of a race, whether or not they have legitimate therapeutic uses in the racing horse, or other evidence that they may be used improperly. These classes of drugs are intended only as guidelines and should be employed only to assist persons adjudicating facts and opinions in understanding the seriousness of the alleged offenses. The facts of each case are always different and there may be mitigating circumstances which should always be considered. These drug classifications will be reviewed frequently and new drugs will be added when appropriate."

## Notes Regarding Classification Guidelines

- Where the use of a drug is specifically permitted by a jurisdiction, then the jurisdiction's rule supersedes these penalty guidelines.
- Regulators should be aware that a laboratory report may identify a drug only by the name of its metabolite. The metabolite might not be listed here, but the parent compound
- These classes of drugs are intended only as guidelines and should be employed only to assist persons adjudicating facts and opinions in understanding the seriousness of the alleged offenses.
- The facts of each case are different and there may be mitigating circumstances that should be considered.
- These drug classifications will be reviewed periodically. New drugs will be added or some drugs may be reclassified when appropriate.
- Found substances or drugs not included in these guidelines should be treated as Class 1 violations warranting a Class A penalty unless otherwise advised by consultation with Racing Commissioners International (RCI) and/or the Racing Medication and Testing Consortium (RMTC)

Uniform Classification Guidelines for Foreign Substances Association of Racing Commissioners International, Inc.

#### Classification Criteria

The RCI Drug Classification Scheme is based on 1) pharmacology, 2) drug use patterns, and 3) the appropriateness of a drug for use in the racing horse. Categorization is decided using the following general guidelines:

- Pharmacology. Drugs that are known to be potent stimulants or depressants are placed in higher classes, while those that have (or would be expected to have) little effect on the outcome of a race are placed in lower classes.
- Drug Use Patterns. Some consideration is given to placement of drugs based on practical experience with their use and the nature of positive tests. For example, procaine positives have in the past been associated primarily with the administration of procaine penicillin, and this has been taken into consideration in the placement of procaine into Class 3 instead of Class 2 with other injectable local anesthetics.
- Appropriateness of Drug Use. Drugs that clearly are intended for use in equine therapeutics are placed in lower classes. Drugs that clearly are not intended for use in the horse are placed in higher classes, particularly if they might affect the outcome of a race. Drugs that are recognized as legitimately useful in equine therapeutics but could affect the outcome of a race are placed in the middle or higher classes.

The list includes most drugs that have been reported as detected by racing authority laboratories in the United States, Canada, the United Kingdom and other Association of Official Racing Chemists (AORC) laboratories, but does not include those which would seem to have no effect on the performance of the horse or drug detectability. For example, it does not include antibiotics, sulfonamides, vitamins, anthelmintics, or pangamic acid, all of which have been reported.

The list contains many drugs that have never been reported as detected. Usually, these are representatives of chemical classes that have the potential for producing an effect, and in many cases, for which at least one drug in that chemical class has been reported.

Most drugs have numerous effects, and each was judged on an individual basis. There are instances where there is a rather fine distinction between drugs in one category and those in the next. This is a reflection of a nearly continuous spectrum of effects from the most innocuous drug on the list to the drug that is the most offensive.

#### Classification Definitions

- Stimulant and depressant drugs that have the highest potential to affect performance and that have no generally accepted medical use in the racing horse. Many of these agents are Drug Enforcement Agency (DEA) schedule II substances. These include the following drugs and their metabolites: Opiates, opium derivatives, synthetic and pentylenetetrazol. Though not used as therapeutic agents, all DEA Schedule 1 agents are included in Class 1 because they are potent stimulant or depressant substances opioids and psychoactive drugs, amphetamines and amphetamine-like drugs as well as related drugs, including but not limited to apomorphine, nikethamide, mazindol, pemoline, with psychotropic and often habituative actions. Class 1:
- Drugs that have a high potential to affect performance, but less of a potential than drugs in Class 1. These drugs are 1) not generally accepted as therapeutic agents in racing horses, or 2) they are therapeutic agents that have a high potential for abuse. Drugs in this class include: psychotropic drugs, certain nervous system and cardiovascular system stimulants, depressants, and neuromuscular blocking agents. Injectable local anesthetics are included in this class because of their high potential for abuse as nerve blocking agents. Class 2:
- Class 3: Drugs that may or may not have generally accepted medical use in the racing horse, but the pharmacology of which suggests less potential to affect performance than drugs in Class 2. Drugs in this class include bronchodilators, anabolic steroids and other drugs with primary effects on the autonomic nervous system, procaine, antihistamines with sedative properties and the high-ceiling diuretics.
- hemostatics; cardiac glycosides and anti-arrhythmics; topical anesthetics; antidiarrheals and mild analgesics. This class also includes the non-steroidal anti-inflammatory drugs This class includes therapeutic medications that would be expected to have less potential to affect performance than those in Class 3. Drugs in this class includes less potent diuretics; corticosteroids; antihistamines and skeletal muscle relaxants without prominent central nervous system (CNS) effects; expectorants and mucolytics; (NSAIDs), at concentrations greater than established limits. Class 4:
- This class includes those therapeutic medications for which concentration limits have been established by the racing jurisdictions as well as certain miscellaneous agents and other medications as determined by the regulatory bodies. Included specifically are agents that have very localized actions only, such as anti-ulcer drugs, and certain anti-allergic drugs. The anticoagulant drugs are also included

- The possession and/or use of a drug, substance or medication, specified below, on the premises of a facility under the jurisdiction of the regulatory body for which a recognized analytical method has not been developed to detect and confirm the administration of such substance; or the use of which may endanger the health and welfare of the horse or endanger the safety of the rider or driver; or the use of which may adversely affect the integrity of racing:
- £36.5
- Erythropoietin Darbepoietin
  - Oxyglobin
    - Hemopure
- The possession and/or use of a drug, substance, or medication on the premises of a facility under the jurisdiction of the regulatory body that has not been approved by the United States Food and Drug Administration (FDA) for use in the United States.  $\widehat{\mathbf{B}}$
- The practice, administration, or application of a treatment, procedure, therapy or method identified below, which is performed on the premises of a facility under jurisdiction of a regulatory body and which may endanger the health and welfare of the horse or endanger the safety of the rider or driver, or the use of which may adversely affect the integrity of racing:  $\widehat{\mathcal{O}}$

#### Drug Classification Scheme

- Class 1: Opiates, opium derivatives, synthetic opioids, psychoactive drugs, amphetamines, and all DEA Schedule I substances (see http://www.deadiversion.usdoi.gov/schedules/#list), and many DEA Schedule II drugs. Also found in this class are drugs that are potent stimulants of the CNS. Drugs in this substances class have no generally accepted medical use in the racing horse and their pharmacologic potential for altering the performance of a racing horse is very high. Schedule all DEA
- are products intended to alter consciousness or the psychic state of humans, and have no approved or indicated use in the horse. Some, such as injectable local anesthetics, have Class 2: Drugs placed in this category have a high potential for affecting the outcome of a race. Most are not generally accepted as therapeutic agents in the racing horse. Many legitimate use in equine medicine, but should not be found in a racing horse. The following groups of drugs are placed in this class:
- Opiate partial agonists, or agonist-antagonists.
- Non-opiate psychotropic drugs. These drugs may have stimulant, depressant, analgesic or neuroleptic effects.
  - Miscellaneous drugs, which might have a stimulant effect on the CNS
  - Drugs with prominent CNS depressant action. CUEFCH
- Anti-depressant and antipsychotic drugs, with or without prominent CNS stimulatory or depressant effects.
  - Muscle blocking drugs those that have a direct neuromuscular blocking action.
- Local anesthetics that have a reasonable potential for use as nerve-blocking agents (except procaine).
  - Snake venoms and other biologic substances that may be used as nerve-blocking agents.
- Class 3: Drugs placed in this class may or may not have an accepted therapeutic use in the horse. Many are drugs that affect the cardiovascular, pulmonary and autonomic nervous systems. They all have the potential of affecting the performance of a racing horse. The following groups of drugs are placed in this class:
- Drugs affecting the autonomic nervous system that do not have prominent CNS effects, but which do have prominent cardiovascular or respiratory system effects. Bronchodilators are included in this class. Ä
- A local anesthetic that has nerve-blocking potential but also has a high potential for producing urine residue levels from a method of use not related to the anesthetic effect of the drug (procaine). Ë.
  - Miscellaneous drugs with mild sedative action, such as the sleep-inducing antihistamines
    - Primary vasodilating/hypotensive agents.
  - Potent diuretics affecting renal function and body fluid composition. E E D C
    - Anabolic and/or androgenic steroids and other drugs.

- Class 4: Drugs in this category comprise primarily therapeutic medications routinely used in racehorses. These may influence performance, but generally have a more limited ability to do so. Groups of drugs assigned to this category include the following:
- Non-opiate drugs that have a mild central antipyretic effect.
- Drugs affecting the autonomic nervous system that do not have prominent CNS, cardiovascular, or respiratory effects Ä Ä
  - Drugs used solely as topical vasoconstrictors or decongestants.
- Drugs used as gastrointestinal antispasmodics.
  - Drugs used to void the urinary bladder.
- Drugs with a major effect on CNS vasculature or smooth muscle of visceral organs.
- Antihistamines that do not have a significant CNS depressant effect. This does not include the H2 blocking agents, which are in Class 5.
  - Mineralocorticoid drugs.
- Skeletal muscle relaxants.
- Anti-inflammatory drugs. These drugs may reduce pain as a consequence of their anti-inflammatory action. C G E E
  - Non-steroidal anti-inflammatory drugs (NSAIDs). (Aspirin-like drugs)
    - Corticosteroids (glucocorticoids).
- Miscellaneous anti-inflammatory agents.
  - Less potent diuretics.
- Cardiac glycosides and antiarrhythmic agents. E G
  - Cardiac glycosides.
- Antiarrhythmic agents (exclusive of lidocaine, bretylium, and propranolol).
  - Miscellaneous cardiotonic drugs.
- Topical Anesthetics agents not available in injectable formulations.
  - Antidiarrheal drugs.
    - Miscellaneous drugs:
- Expectorants with little or no other pharmacologic action.
- Mucolytic agents.
- agents. Included specifically are agents that have very localized actions only, such as anti-ulcer drugs, and certain antiallergic drugs. The anticoagulant drugs are also included.

#### Listing by Classification

Class 1: Stimulant and depressant drugs that have the highest potential to affect performance and that have no generally accepted medical use in http://www.usdoj.gov/dea/pubs/scheduling.html), amphetamines and amphetamine-like drugs as well as related drugs, including but not limited the racing horse. Many of these agents are Drug Enforcement Agency (DEA) Schedule II substances; These include the following drugs and their metabolites: Opiates, opium derivatives, synthetic opioids, psychoactive drugs, all DEA Schedule 1\* substances (see to apomorphine, nikethamide, mazindol, pemoline, and pentylenetetrazol.

Drug/Substance	Trade Name(s)	Drug Class	Class
3 4-methylenedioxynyprovalerone	MDPV, "Bath Salts"	1	A
Alfentanil	Alfenta	1	А
Amphetamine		1	A
Anileridine	Leritine	1	A
Anomorphine			A

### Non-Classified Substances

	Note: Bufotenine is not commerically available in any form.	Note: Bufotenine is a metabolite of 3-methyl-N-N dimethyltryptamine, found in reed canary grass (and potentially other food source plants). It may be found in the urine of horses eating this grass (and potentially other plant foods), and has been reported as a positive finding. Findings of bufotenine in equine urine should not be considered for regulatory action.
