

# Complaint Log - 2025

COMPLAINT DATE	NAME	SUMMARY OF COMPLAINT	COMPLAINT RESOLUTION	DATE RESOLVED
8/21/2025	Dirk Hixon	Mr. Hixon alleges that several quarter horses were entered without the required clean hair test results in August 2025. He states that three specific horses were allowed to enter despite lacking timely test results, which he believed violated the Condition Book and should have prevented their entry.	Although the horses were entered without hair test results, the Stewards imposed conditions ensuring they could not race without timely negative results. The test results arrived before scratch time, and all three horses were scratched. No violation.	9/19/2025
