PUBLIC NOTICE

To all interested parties: This letter shall serve as a formal notice of the receipt of an application for Section 401 Water Quality Certification by the Indiana Department of Environmental Management (IDEM). The purpose of the notice is to inform the public of active applications submitted for water quality certification under Section 401 of the Clean Water Act (33 U.S.C. § 1341) and to solicit comments and information on any impacts to water quality related to the proposed project. IDEM will evaluate whether the project complies with Indiana’s water quality standards as set forth at 327 IAC 2.

1. Applicant: Ms. Angie Lee
Hoosier Energy
2501 South Cooperative Way
Bloomington, IN 47403

2. Agent: Mr. Randy Root
Burns & McDonnell Engineering Company, Inc.
1111 North 13th Street, Suite 300
Omaha, NE 68102

3. Project location: The project is located at the former Frank E. Ratts Generating Station located at 6825 Blackburn Road in Petersburg (Latitude 38.52000, Longitude -87.26722).

4. Affected waterbody: White River

5. Project Description: The applicant proposes to stabilize approximately 1,594 linear feet of the left bank of the White River with riprap. 0.096 acre of wetland (0.055 acre of forested wetland and 0.041 acre of emergent wetland) will be filled as part of the bank stabilization work. To compensate for these impacts, the applicant proposes to purchase wetland in-lieu fee credits from the Indiana Stream and Wetland Mitigation Program, plant willow stakes along the top of bank, and plant a 50-foot wide riparian corridor with native seed mix, trees, and shrubs. For additional information please visit the following webpage address: http://www.in.gov/idem/6393.htm.

Comment period: Any person or entity who wishes to submit comments or information relevant to the aforementioned project may do so by the closing date noted above. Only comments or information related to water quality or potential impacts of the project on water quality can be considered by IDEM in the water quality certification review process.

Public Hearing: Any person may submit a written request that a public hearing be held to consider issues related to water quality in connection with the project detailed in this notice. The request for a hearing should be submitted within the comment period to be considered timely. The request should also state the reason for the public hearing as specifically as possible to assist IDEM in determining whether a public hearing is warranted.

Questions? Additional information may be obtained from Mr. Tom Sowinski, Project Manager, at 317-234-5647 or by email at TSowinski@IDEM.in.gov. Please address all correspondence to the project manager and reference the IDEM project identification number listed on this notice. Indicate if you wish to receive a copy of IDEM’s final decision. Written comments and inquiries may be forwarded to -
