The Indiana Department of Environmental Management (IDEM) intends to issue a Hazardous Waste Corrective Action Complete with Controls determination to:

General Motors, LLC, Marion Metal Center
2400 W. 2nd St., Marion, Indiana
US EPA ID IND000715086

IDEM has reviewed the administrative record, and has drafted a Statement of Basis proposing to end the Hazardous Waste corrective action process. The Statement of Basis supports IDEM’s decision to issue a Hazardous Waste Corrective Action Complete with Controls determination for this facility. With controls implies that land use restrictions (e.g. environmental restrictive covenants) will be required, and that no known contamination will be left on-site that requires the use of an engineered control to prevent unacceptable human health or ecological exposures. A copy of the Statement of Basis (VFC document # 82856625) and the supporting administrative record are available for your review in the IDEM Virtual File Cabinet at: www.in.gov/idem.

IDEM is providing the public an opportunity to submit written comments and/or request changes to the Statement of Basis as proposed. IDEM is particularly interested in receiving comments from persons aware of any spills or releases that may have occurred from this facility in the past. You may request that IDEM hold a public hearing about this Hazardous Waste Corrective Action Completion Determination. At a hearing, you would have an opportunity to submit written comments, ask questions, make statements, and otherwise discuss any concerns about the Statement of Basis or the administrative record with IDEM staff. If a public hearing is held, IDEM will make a separate announcement of the date, time, and location of that hearing 30 days in advance.

Written comments with supporting documentation, or a request for a public hearing, should be sent to Mr. Chris Myer at cmyer@idem.in.gov or the following address:

Indiana Department of Environmental Management
Hazardous Waste Permit Section
IGCN 1101
100 North Senate Avenue
Indianapolis, IN 46204
IDEM will respond to all significant comments and specify which provisions of the Statement of Basis were changed, if any. To receive a copy of the Notice of Final Decision and Response to Comments, please make a written request to the address above. Anyone who submits written comments will receive a copy of the Notice of Final Decision and Response to Comments.

If you have any questions about the Statement of Basis, administrative record, or the public notice process, please contact Mr. Chris Myer at the OLQ address above or at (317) 233-4625, or cmyer@idem.IN.gov.
