Dear Mr. Boyle:

Re: IDEM Approval of Renewal of Coverage  
NPDES General Permit Coverage ING040102  
IDNR Permit No. S-257  
Triad Mining, LLC Switz City Load Out  
SR 67, 1.2 mi. south of Intersection with SR 54  
Switz City, IN  
Greene County

Our office has received your NPDES Notice of Intent (NOI) for the above-referenced facility. We are pleased to inform you that the submittal is sufficient to comply with the NOI requirements for 327 IAC 15-7, and that your facility's NPDES general permit coverage will be renewed.

We have reviewed your request and have determined that the activities associated with it will not violate the antidegradation rules as set forth in 327 IAC 2-1.3. Our office has further determined that the request will not affect this facility's eligibility for coverage under the general permit rules outlined in 327 IAC 15-1 through 15-4 and 327 IAC 15-7, Facilities Engaged in Mining of Coal, Coal Processing, and Reclamation Activities. Therefore, your petition to renew permit coverage as is described in your NOI has been approved in accordance with Indiana rules promulgated under 327 IAC 15-7 and 327 IAC 2-1.3. Coverage for the facility will include all outfalls listed on the first table of Attachment 1 to this correspondence.

Current general permit coverage for this facility will expire on October 31, 2020, therefore, **renewal of coverage will begin on November 1, 2020.** In order to receive authorization to discharge beyond this date, you are required to submit a renewal NOI to IDEM no later than ninety (90) days prior to the date of expiration.

You will continue to be required to follow all terms and conditions of 327 IAC 15-7. One condition of your permit requires periodic reporting of several effluent parameters. You are required to submit both federal discharge monitoring reports (DMRs) and state Monthly Monitoring Reports (MMRs) on a routine basis. The MMR form can be found at <http://www.in.gov/idem/cleanwater/2396.htm>

Please note that IDEM is no longer accepting paper DMR or MMR forms. All NPDES permit holders are required to submit their monitoring data to IDEM using NetDMR. Information about NetDMR is available on the IDEM website at <http://IN.gov/idem/cleanwater/2422.htm>, or you may contact Helen Demmings (317) 232-8815. All current agency rules, including the general NPDES permits-by-rule under 327 IAC 15, are posted at <http://www.in.gov/idem/legal/2370.htm>.

IDEM is required to serve notice of its decision to renew your facility's coverage under the general permit in accordance with the requirements of 327 IAC 5-3-14. It should also be noted that any appeal must be filed under procedures outlined in IC 13-15-6, IC 4-21.5, and the enclosed Public Notice. The appeal must be initiated by filing a petition for administrative review with the Office of Environmental Adjudication (OEA) within fifteen (15) days of the emailing of an electronic copy of this letter or within eighteen (18) days of the mailing of this letter. Addresses are as follows:

Director  
Office of Environmental Adjudication  
Indiana Government Center North  
Room N103  
100 North Senate Avenue  
Indianapolis, IN 46204

Commissioner  
Indiana Department of Environmental Management  
Indiana Government Center North  
Room 1301  
100 North Senate Avenue  
Indianapolis, IN 46204

The Office of Environmental Adjudication will provide parties who request review of this acceptance for coverage with notice of prehearing conferences, preliminary hearings, hearing, and stays or orders disposing of all proceedings. Nonparties may receive such notices without intervening and formally becoming parties in the proceeding by requesting copies of such notices from the Office of Environmental Adjudication.

Questions regarding this letter may be directed to Ms. C. Anne Burget of our staff at (317) 234-8745 or [owqwwper@idem.IN.gov](mailto:owqwwper@idem.IN.gov).
