Dear Mr. Brklach: Re: IDEM Approval of Request to Terminate Coverage Under 327 IAC 15-7 General NPDES Permit Coverage # ING040197 Sunrise Coal, LLC – Howesville Mine 14896 S CR 100 West, Jasonville, IN - Clay County

We have reviewed your letter, received by our office on January 4, 2021, requesting termination of the above-referenced permit coverage. The letter states that “as Phase II bond release has been recently approved for the entire site, as well as Phase III bond release for the entire permit area with the exception of 16.2 acres, Sunrise Coal, LLC is seeking to terminate the permit referenced above”.

A final inspection report made by the IDNR Division of Reclamation was included with your correspondence, and it verifies your statements. In light of this information, we concur that this facility's general permit coverage is no longer required. Therefore, National Pollutant Discharge Elimination System Permit No. ING040197 is hereby terminated, effective January 31, 2021.

Please note that IDEM shall serve notice of its decision to terminate your facility's coverage under the general permit in accordance with the requirements of 327 IAC 5-3-14. It should also be noted that any appeal must be filed under procedures outlined in IC 13-15-6, IC 4-21.5, and the enclosed Public Notice. The appeal must be initiated by filing a petition for administrative review with the Office of Environmental Adjudication (OEA) within fifteen (15) days of the emailing of an electronic copy of this letter or within eighteen (18) days of the mailing of this letter. A copy must also be served upon IDEM. Addresses are as follows:

The Office of Environmental Adjudication will provide parties who request review of this termination of coverage with notice of prehearing conferences, preliminary hearings, hearing, and stays or orders disposing of all proceedings. Nonparties may receive such notices without intervening and formally becoming parties in the proceeding by requesting copies of such notices from the Office of Environmental Adjudication.

You are reminded that submission of monitoring data via NetDMR is required for all months up to the termination date of general permit coverage. Also, any future discharge to waters of the state must be preceded by the submission of an NPDES application at least 180 days prior to the commencement of such discharge, unless at later date is allowed by rule.

Questions regarding this matter may be directed to Ms. C. Anne Burget of my staff at (317) 234-8745 or via email at cburget@idem.IN.gov.
