Transfer of Ownership

Pursuant to 327 IAC 5-2-6(c), the parties have notified the Indiana Department of Environmental Management (IDEM) of their intention to transfer NPDES Permit No. IN0003387 from LSC Communications, the "current permittee" and previous owner of the facility, to LSC Communications MCL LLC, the "transferee" and future owner of the facility, effective as of December 4, 2020.

The current permittee acknowledges liability for violations up to the proposed date of permit transfer, and the transferee acknowledges liability for violations on and after the proposed date of permit transfer.

The transferee certifies that it is its intention to operate the facility for which NPDES Permit No. IN0003387 is issued without making such material and substantial alterations to the facility as would significantly change the nature or quantities of pollutants discharged, and thus constitute cause for permit modification under 327 IAC 5-2-16(d).

As part of the transfer of ownership, the facility will also be renamed from LSC Communications to LSC Communications Warsaw.

Permit Processing/Public Comment

Pursuant to IC 13-15-5-1, IDEM will publish the draft permit document online at https://www.in.gov/idem/5474.htm. Additional information on public participation can be found in the "Citizens' Guide to IDEM", available at https://www.in.gov/idem/6900.htm. A 30-day comment period is available to solicit input from interested parties, including the public.
