Commissioner

## NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding a Significant Modification to a Part 70 Operating Permit  
for Consolidated Grain and Barge Company, Inc. in Posey County

Significant Source Modification No.: 129-45138-00035  
Significant Permit Modification No.: 129-45175-00035

The Indiana Department of Environmental Management (IDEM) has received an application from Consolidated Grain and Barge Company, Inc., located at 2781 Bluff Road, Mount Vernon, Indiana, 47620, for a significant modification of its Part 70 Operating Permit issued on December 22, 2017. If approved by IDEM's Office of Air Quality (OAQ), this proposed modification would allow Consolidated Grain and Barge Company, Inc., to make certain changes at its existing source. Consolidated Grain and Barge Company, Inc., has applied for the following:

- (1) To add the description of a voluntary baghouse controlling the two screener hood aspirators noted in Section A.2(k)(5)(D).
- (2) To add three (3) enclosed drag conveyors and one (1) bucket elevator leg to the existing Meal Storage Tanks identified as P20 described in Section A.2.
- (3) To increase the nominal throughput rate for Meal Storage Tank, P20, from 300 tons of meal per hour to 500 tons of meal per hour as described in Section A.2.
- (4) To add two (2) enclosed drag conveyors, identified as P15B, (to the existing barge/railcar meal loadout operation, identified as P15), which will convey meal to the existing Barge Loadout Area with a nominal throughput rate of 500 tons of meal per hour, as described in Section A.2. Both P15 and P15B are controlled by existing baghouse C15.
- (5) To remove the rail and barge loadout scalper with ball breaker (Unit description (dd)(1)), and the conveyor that transfers soybean meal from the lower surge hopper to the barge loadout system (Unit description (dd)(5)).
- (6) To revise the permit unit description (nn) for the Barge Loadout Area, identified as, P5T, to indicate that the Barge Loadout Area will now load meal as well as grain. The maximum loadout capacity will not increase as only grain or meal can be loaded-out at a time.

The applicant intends to construct and operate new equipment that will emit air pollutants; therefore, the permit contains new or different permit conditions. In addition, some conditions from previously issued permits/approvals have been corrected, changed, or removed. These corrections, changes, and removals may include Title I changes (e.g., changes that add or modify synthetic minor emission limits). IDEM has reviewed this application and has developed preliminary findings, consisting of a draft permit and several supporting documents, which would allow the applicant to make this change.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Alexandrian Public Library  
115 West 5th Street  
Mount Vernon, IN 47620

and

IDEM Southwest Regional Office  
114 South 7th Street  
P.O. Box 128  
Petersburg, IN 47567-0128

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC). To access VFC, please go to: <https://www.in.gov/idem/> and enter VFC in the search box. You will then have the option to search for permit documents using a variety of criteria.

### **How can you participate in this process?**

This notice is posted on IDEM's website (<https://www.in.gov/idem/public-notices/>). The date that this notice is posted on IDEM's website marks the beginning of a 30-day public comment period. If the 30<sup>th</sup> day of the comment period falls on a day when IDEM offices are closed for business, all comments must be postmarked or delivered in person on the next business day that IDEM is open.

You may request that IDEM hold a public hearing about this draft permit. If adverse comments concerning the **air pollution impact** of this draft permit are received, with a request for a public hearing, IDEM will decide whether or not to hold a public hearing. IDEM could also decide to hold a public meeting instead of, or in addition to, a public hearing. If IDEM decides to conduct a public hearing and/or public meeting, IDEM will post a separate announcement of the date, time, and location of that public hearing and/or public meeting on IDEM's website (<https://www.in.gov/idem/public-notices/>). At a hearing, you would have an opportunity to submit written comments and make verbal comments. At a meeting, you would have an opportunity to submit written comments, ask questions, and discuss any air pollution concerns with IDEM staff.

Comments and supporting documentation, or a request for a public hearing should be sent in writing to IDEM at the address below. If you comment via e-mail, please include your full U.S. mailing address so that you can be added to IDEM's mailing list to receive notice of future action related to this permit. If you do not want to comment at this time, but would like to receive notice of future action related to this permit application, please contact IDEM at the address below. Please refer to permit number SSM 129-45138-00035 and SPM 129-45175-00035 in all correspondence.

### **Comments should be sent to:**

Daniel W. Pell  
IDEM, Office of Air Quality  
100 North Senate Avenue  
MC 61-53 IGCN 1003  
Indianapolis, Indiana 46204-2251  
(800) 451-6027, ask for Daniel W. Pell or (317) 234-8532  
Or dial directly: (317) 234-8532  
Fax: (317) 232-6749 attn: Daniel W. Pell  
E-mail: [dpell@idem.IN.gov](mailto:dpell@idem.IN.gov)

All comments will be considered by IDEM when we make a decision to issue or deny the permit. Comments that are most likely to affect final permit decisions are those based on the rules and laws governing this permitting process (326 IAC 2), air quality issues, and technical issues. IDEM does not have legal authority to regulate zoning, odor, or noise. For such issues, please contact your local officials.

For additional information about air permits and how the public and interested parties can participate, refer to the IDEM Air Permits page on the Internet at: <https://www.in.gov/idem/airpermit/public->

[participation/](#); and the Citizens' Guide to IDEM on the Internet at:  
<https://www.in.gov/idem/resources/citizens-guide-to-idem/>.

### **What will happen after IDEM makes a decision?**

Following the end of the public comment period, IDEM will issue a Notice of Decision stating whether the permit has been issued or denied. If the permit is issued, it may be different than the draft permit because of comments that were received during the public comment period. If comments are received during the public notice period, the final decision will include a document that summarizes the comments and IDEM's response to those comments. If you have submitted comments or have asked to be added to the mailing list, you will receive a Notice of the Decision. The notice will provide details on how you may appeal IDEM's decision, if you disagree with that decision. The final decision will also be available on the Internet at the address indicated above and will also be sent to the local library indicated above, the IDEM Regional Office indicated above, and the IDEM public file room on the 12<sup>th</sup> floor of the Indiana Government Center North, 100 N. Senate Avenue, Indianapolis, Indiana 46204-2251.

If you have any questions, please contact Daniel W. Pell of my staff at the above address.

A handwritten signature in black ink, appearing to read "Heath Hartley", with a long horizontal stroke extending to the right.
