The Indiana Department of Environmental Management (IDEM) has received an application from BP Products North America Inc. - Whiting Business Unit located at 2815 Indianapolis Blvd, Whiting, Indiana 46394, for a renewal of its Part 70 Operating Permit. IDEM's Office of Air Quality (OAQ) issues renewals of this type of permit to regulate the operation of existing sources and modifications at existing sources that release air pollutants.

On December 8, 2023, the Office of Air Quality (OAQ) had a notice posted on IDEM's website (<https://www.in.gov/idem/public-notices/>) stating that the draft Part 70 Operating Renewal for BP Products North America Inc. - Whiting Business Unit had been proposed for this operation and provided information on how the public could review the proposed permit and other documentation.

Due to several comments received by IDEM from interested parties, a public meeting will be held on February 22, 2024, to discuss air permitting for BP Products North America Inc. - Whiting Business Unit.

In the event of inclement weather, the public meeting may be rescheduled. A twenty-four (24) hour-notice will be posted on IDEM's website (<https://www.in.gov/idem/public-notices/>) if the meeting will be rescheduled.

A copy of the permit application and IDEM's preliminary findings have been sent to:
