NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding a
New Source Construction (NSC)/Source Specific Operating Agreement (SSOA)

for Netrality Indy Multi Parcel Owner, LLC in Marion County

NSC/SSOA No.: S097-49083-00967

The Indiana Department of Environmental Management (IDEM) has received an application from Netrality Indy Multi Parcel Owner, LLC, located at 701 and 733 W. Henry St., Indianapolis, IN 46225, for a new source construction and SSOA. If approved by IDEM's Office of Air Quality (OAQ), this proposed permit would allow Netrality Indy Multi Parcel Owner, LLC to construct and operate a stationary data center.

The applicant intends to construct and operate new equipment that will emit air pollutants. The potential to emit regulated pollutants will be limited pursuant to the conditions contained in the SSOA. IDEM has reviewed this application, and has developed preliminary findings, consisting of a draft permit and supporting documents, that would allow the applicant to make this change.

IDEM is aware that the data center has been constructed and operated prior to receipt of the proper permit. IDEM is reviewing this matter and will take appropriate action. This draft permit contains provisions to bring unpermitted equipment into compliance with construction and operation permit rules.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Indianapolis Public Library – Central Library Branch
