NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding a Significant Revision to a
Federally Enforceable State Operating Permit (FESOP)

for Tsuda USA Corporation in Hancock County

Significant Permit Revision No.: 059-49766-00042

The Indiana Department of Environmental Management (IDEM) has received an application from Tsuda USA Corporation, located at 2934 Jannetides Blvd., Greenfield, IN 46140, for a significant revision of its FESOP issued on June 21, 2018. If approved by IDEM's Office of Air Quality (OAQ), this proposed revision would allow Tsuda USA Corporation to make certain changes at its existing source. Tsuda USA Corporation has applied for the following:

Construction and operation of the following:

- (a) One (1) induction heat treatment unit, G5P2-MOT
- (b) One (1) Wire EDM machine located in the QA lab.

Modification of the following:

- (a) Change in material for the one (1) CNC cutting machine (CNC-1-54-001);
- (b) Increase in throughput for the one (1) cold former (FORM-25-001).
- (c) Change in material for the machining operation (MACH-1).
- (d) Change in throughput for the three (3) induction heat treatment (G5P1-GEN, G5P2-GEN, and G5P1-MOT).

The applicant intends to construct and operate new equipment that will emit air pollutants; therefore, the permit contains new or different permit conditions. In addition, some conditions from previously issued permits/approvals have been corrected, changed, or removed. These corrections, changes, and removals may include Title I changes (e.g., changes that add or modify synthetic minor emission limits). The potential to emit regulated air pollutants will continue to be limited to less than the Title V and PSD major threshold levels. IDEM has reviewed this application and has developed preliminary findings, consisting of a draft permit and several supporting documents, which would allow the applicant to make this change.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Hancock County Public Library - Central Library
900 W. McKenzie Rd.,
Greenfield, IN 46140

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC) located at <https://www.in.gov/idem/legal/public-records/virtual-file-cabinet/>. Once you have accessed VFC, you will then have the option to search for source related documents using a variety of criteria. To find documents related to this air permit, click on "Advanced Search", specify "OAQ" in the Program search field, specify the five-digit permit number "49766" in the Permit # search field, then click the Search button at the top or bottom of the webpage.

What will happen after IDEM makes a decision?

Following the end of the public comment period, IDEM will issue a Notice of Decision stating whether the permit has been issued or denied. If the permit is issued, it may be different than the draft permit because of comments that were received during the public comment period. If you have submitted comments or have asked to be added to the mailing list, you will receive a Notice of the Decision. The notice will provide details on how you may appeal IDEM's decision, if you disagree with that decision. The final decision will also be available on the Internet at the addresses indicated above and will also be sent to the local library indicated above.
