NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding a
Significant Modification to a
Part 70 Operating Permit

for Kingsbury Castings Division in LaPorte County

Significant Permit Modification No.: 091-49574-00078

The Indiana Department of Environmental Management (IDEM) has received an application from Kingsbury Castings Division, located at 3232 3rd Road Annex, Kingsbury Industrial Park, Kingsbury, Indiana 46345, for a significant modification of its Part 70 Operating Permit issued on June 25, 2024. If approved by IDEM's Office of Air Quality (OAQ), this proposed modification would allow Kingsbury Castings Division to make certain changes at its existing source. Kingsbury Castings Division has applied to add three (3) new robotic shell molding machines, three (3) new mold bins/ bin vent filters, and modify existing emission unit ID's.

The applicant intends to construct and operate new equipment that will emit air pollutants; therefore, the permit contains new or different permit conditions. In addition, some conditions from previously issued permits/approvals have been corrected, changed, or removed. These corrections, changes, and removals may include Title I changes (e.g., changes that add or modify synthetic minor emission limits). IDEM has reviewed this application and has developed preliminary findings, consisting of a draft permit and several supporting documents, which would allow the applicant to make this change.

A copy of the permit application and IDEM's preliminary findings have been sent to:

LaPorte County Public Library Main Library
904 Indiana Avenue
LaPorte, IN 46350

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC) located at <https://www.in.gov/idem/legal/public-records/virtual-file-cabinet/>. Once you have accessed VFC, you will then have the option to search for source related documents using a variety of criteria. To find documents related to this air permit, click on "Advanced Search", specify "OAQ" in the Program search field, specify the five-digit permit number "49574" in the Permit # search field, then click the Search button at the top or bottom of the webpage.

What will happen after IDEM makes a decision?

If the permit is issued, it may be different than the draft permit because of comments that were received during the public comment period.
