Mr. Ryan Kerns, Owner
Kerns Excavating, LLC
7123 N. Windmill Rd.
Bicknell, IN 47512

Dear Mr. Kerns:

Re: IDEM Approval of New NPDES General
Permit Coverage # ING040309
AML Site 309 – Mill Creek Highwall
Located 1.57 Miles NE of the
Town of Augusta, IN on SR 61
Pike County

Our office has received and reviewed your NPDES Notice of Intent (NOI) submittal for the above-referenced Indiana Department of Natural Resources abandoned mine land (AML) project. We are pleased to inform you that the submittal is sufficient to comply with the NOI requirements of 327 IAC 15-7, and that this project will be covered under the NPDES General Permit for Facilities Engaging in Mining of Coal, Coal Processing, and Reclamation Activities.

We have reviewed your request and have determined that the activities associated with it will not violate the antidegradation rules as set forth in 327 IAC 2-1.3. Our office has further determined that the request will not affect this facility's eligibility for coverage under the general permit rules outlined in 327 IAC 15-1 through 15-4 and 327 IAC 15-7, Facilities Engaged in Mining of Coal, Coal Processing, and Reclamation Activities. Therefore, your petition to obtain permit coverage as is described in your NOI has been approved in accordance with Indiana rules promulgated under 327 IAC 15-7 and 327 IAC 2-1.3. Coverage for the facility will include all outfalls listed in Attachment 1 to this letter and effluent limitations and monitoring requirements are included in Attachment 2.

The NPDES general permit identification number assigned to this facility is referenced above. Permit coverage is effective on **March 1, 2026** at which time you will be required to follow all terms and conditions of 327 IAC 15-7. Coverage under 327 IAC 15-7 will **expire on February 28, 2031**. In order to receive authorization to discharge beyond this expiration date, you are required to submit a renewal NOI to IDEM no later than ninety (90) days prior to the date of expiration.

One condition of your permit requires periodic reporting of several effluent parameters. You are required to submit both federal discharge monitoring reports (DMRs) and state Monthly Monitoring Reports (MMRs) on a routine basis. All NPDES permit holders are required to submit their monitoring data to IDEM using NetDMR; paper forms are no longer accepted. The MMR form can be found on our web site at <https://www.in.gov/idem/cleanwater/wastewater-compliance/wastewater-reporting-forms-notice-and-instructions/>. For more information on NetDMR, please see our website at <https://www.in.gov/idem/cleanwater/resources/netdmr/>. Also, all current agency rules, including the general NPDES permits-by-rule, 327 IAC 15, are posted at <https://www.in.gov/idem/legal/environmental-laws-and-rules/>.

Please note that IDEM is required to serve notice of its decision to accept your facility for coverage under the general permit in accordance with the requirements of 327 IAC 5-3-14. It should also be noted that any appeal must be filed under procedures outlined in IC 13-15-6, IC 4-21.5, and the enclosed Public Notice. The appeal must be initiated by filing a petition for administrative review with the Office of Administrative Law Proceedings (OALP) within fifteen (15) days of the emailing of an electronic copy of this letter or within eighteen (18) days of the mailing of this letter. Addresses are as follows:

Director
Office of Administrative Law Proceedings
Indiana Government Center North
Suite N802
100 North Senate Ave.
Indianapolis, IN 46204

Commissioner
Indiana Department of Environmental Management
Indiana Government Center North
Room 1301
100 North Senate Ave.
Indianapolis, IN 46204

The OALP will provide parties who request review of this acceptance for coverage with notice of prehearing conferences, preliminary hearings, hearing, and stays or orders disposing of all proceedings. Nonparties may receive such notices without intervening and formally becoming parties in the proceeding by requesting copies of such notices from the OALP.

Questions regarding this approval letter may be directed to Ms. C. Anne Burget of my staff at (317) 234-8745 or cburget@idem.IN.gov.

Sincerely,

Catherine Hess

Catherine Hess, Chief
Permits Administration Section
Office of Water Quality

ATTACHMENT 1

AML SITE #309 – MILL CREEK HIGHWALL

NPDES GENERAL PERMIT APPROVAL : # ING040309

EFFECTIVE DATE : MARCH 1, 2026

AUTHORIZED OUTFALLS

The following outfalls are authorized for coverage under this general permit approval:

OUTFALL	LATITUDE	LONGITUDE	RECEIVING WATER	MINE DRAINAGE STATUS
001	38° 20' 15"	-87° 9' 37"	Unnamed Tributary to the Patoka River	Acid

ATTACHMENT 2

**Discharge Limitations and Monitoring Requirements for
Coal Mine Outfalls with Acid Mine Drainage Status**

In accordance with 327 IAC 15-7-7(a)(3), the following effluent limitations and monitoring requirements apply to discharges from outfalls with coal mining activities within the drainage area which contain active mining areas, coal preparation plants, and/or coal preparation plant associated areas with a new source acid mine drainage status.

Table 1: Dry Weather Effluent Limits and Monitoring Requirements [1]

Parameter	Effluent Limitations				Monitoring Requirements	
	Daily Minimum	Monthly Average	Daily Maximum	Units	Measurement Frequency	Sample Type
Flow	--	Report	Report	MGD	Weekly	Instantaneous
Total Suspended Solids	--	35	70	mg/l	Weekly	Grab
pH	6.0	--	9.0	s.u.	Weekly	Grab
Total Iron	--	3.0	6.0	mg/l	Weekly	Grab
Total Manganese	--	2.0	4.0	mg/l	Weekly	Grab
Total Aluminum	--	Report	Report	mg/l	Monthly	Grab
Total Copper	--	Report	Report	mg/l	Monthly	Grab
Total Zinc	--	Report	Report	mg/l	Monthly	Grab
Total Nickel	--	Report	Report	mg/l	Monthly	Grab

[1] These limits are applicable to discharges which occur during dry weather base flow for an outfall. This is the default set of effluent limits unless the permittee provides adequate documentation of eligibility for any alternate precipitation-based effluent limits, as set forth in Tables 2 and 3 below. At least one sampling event per month is supposed to occur during dry weather base flow conditions.

TABLE 2: Alternate Precipitation-based Effluent Limits for Precipitation Events Less Than or Equal to the 10-year, 24-hour Storm Event [2]

Parameter	Effluent Limitations				Monitoring Requirements	
	Daily Minimum	Monthly Average	Daily Maximum	Units	Measurement Frequency	Sample Type
Precipitation Volume	--	--	Report	Inches	Daily	Rain gauge
Precipitation Event Duration	--	--	Report	Hours	Daily	Clock
Flow	--	Report	Report	MGD	Weekly	Instantaneous
Settleable Solids	--	--	0.5 [3]	ml/l	Weekly	Grab
pH	6.0	--	9.0	s.u.	Weekly	Grab

- [2] In accordance with 327 IAC 15-7-7(c)(1), the permittee may opt to apply the effluent limits and monitoring requirements in Table 2 in lieu of those in Table 1 to a discharge when the discharge flow rate exceeds the dry weather base flow when a precipitation event is less than or equal to the 10-year, 24-hour storm event on the date that the sampling occurred. The permittee must provide documentation that the discharge met the qualifications for utilizing the alternate precipitation-based effluent limits for each instance in which the permittee wishes to apply them.
- [3] The limit for settleable solids is a maximum not to be exceeded in any grab sample.

TABLE 3: Alternate Precipitation-based Effluent Limits for Precipitation Events Greater Than the 10-year, 24-hour Storm Event [4]

Parameter	Effluent Limitations				Monitoring Requirements	
	Daily Minimum	Monthly Average	Daily Maximum	Units	Measurement Frequency	Sample Type
Precipitation Event volume	--	--	Report	Inches	Daily	Rain gauge
Precipitation Event duration	--	--	Report	Hours	Daily	Clock
Flow	--	Report	Report	MGD	Weekly	Instantaneous
pH	6.0	--	9.0	s.u.	Weekly	Grab

- [4] In accordance with 327 IAC 15-7-7(c)(2), the permittee may opt to apply the effluent limits and monitoring requirements in Table 3 (in lieu of those in Tables 1 and 2) to a discharge when the discharge flow rate exceeds the 10-year, 24-hour storm event on the date that the sampling occurred. The permittee must provide documentation that the discharge met the qualifications for utilizing this set of alternate precipitation-based effluent limits for each instance in which the permittee wishes to apply them.

**STATE OF INDIANA
DEPARTMENT OF ENVIRONMENTAL MANAGEMENT**

PUBLIC NOTICE NO. 20260226-ING040309-GP

DATE OF NOTICE: February 26, 2026

The Office of Water Quality approves the following NPDES GENERAL PERMIT coverage:

NEW COVERAGE UNDER 327 IAC 15-7

AML SITE 309, MILL CREEK HIGHWALL, NPDES General Permit Coverage No.

ING040309. The project location is 1.57 miles northeast of the Town of Augusta, IN (PIKE COUNTY). This abandoned mine land (AML) project is being undertaken to alleviate the public health, safety, and environmental hazards associated with past coal mining activities at the site. It will consist of backfilling highwall areas, regrading piles and embankments, improving drainage, and revegetating disturbed areas. The permittee (Kerns Excavating LLC in association with the Indiana Department of Natural Resources, Division of Reclamation) has submitted a sufficient Notice of Intent to obtain NPDES general permit coverage under 327 IAC 15-7, the NPDES general permit-by-rule for Facilities Engaged in Mining of Coal, Coal Processing, and Reclamation Activities. There is one permitted outfall associated with this project that will discharge to an unnamed tributary of the Patoka River. Permit coverage will become effective March 1, 2026. For more information regarding this NPDES general permit action, please contact Ms. C. Anne Burget at (317) 234-8745 or cburget@idem.IN.gov.

Notice of Right to Administrative Review

If you wish to challenge this permit, you must file a Petition for Administrative Review with the Office of Administration Law Proceedings (OALP) and serve a copy of the petition upon IDEM. The requirements for filing a Petition for Administrative Review are found in IC 4-21.5-3-7, IC 13-15-6-1 and 315 IAC 1-3-2. A summary of the requirements of these laws is provided below.

A Petition for Administrative Review must be filed with the OALP within fifteen (15) days of the issuance of this notice (eighteen (18) days if you received this notice by U.S. Mail), and a copy must be served upon IDEM. Addresses are as follows:

Director
Office of Administrative Law Proceedings
Indiana Government Center North
Suite N802
100 N. Senate Ave
Indianapolis, IN 46204

Commissioner
Indiana Department of Environmental Management
Indiana Government Center North
Room 1301
100 N. Senate Ave.
Indianapolis, IN 46204

The petition must contain the following information:

1. The name, address and telephone number of each petitioner.
2. A description of each petitioner's interest in the permit.
3. A statement of facts demonstrating that each petitioner is:
 - a. a person to whom the order is directed;
 - b. aggrieved or adversely affected by the permit; or
 - c. entitled to administrative review under any law.
4. The reasons for the request for administrative review.
5. The particular legal issues proposed for review.
6. The alleged environmental concerns or technical deficiencies of the permit.
7. The permit terms and conditions that the petitioner believes would be appropriate and would comply with the law.

8. The identity of any persons represented by the petitioner.
9. The identity of the person against whom administrative review is sought.
10. A copy of the permit that is the basis of the petition.
11. A statement identifying petitioner's attorney or other representative, if any.

Failure to meet the requirements of the law with respect to a Petition for Administrative Review may result in a waiver of your right to seek administrative review of the permit. Examples are as follows:

1. Failure to file a Petition by the applicable deadline;
2. Failure to serve a copy of the Petition upon IDEM when it is filed; or
3. Failure to include the information required by law.

If you seek to have a permit stayed during the administrative review, you may need to file a Petition for a Stay of Effectiveness. The specific requirements for such a Petition can be found in 315 IAC 1-3-2 and 315 IAC 1-3-2.1.

Pursuant to IC 4-21.5-3-17, the OALP will provide all parties with notice of any pre-hearing conferences, preliminary hearings, hearings, stays, or orders disposing of the review of this action. If you are entitled to notice under IC 4-21.5-3-5(b) and would like to obtain notices of any pre-hearing conferences, preliminary hearings, hearings, stays, or orders disposing of the review of this action without intervening in the proceeding you must submit a written request to the OALP at the address above.

If you have procedural or scheduling questions regarding your Petition for Administrative Review, please refer to the OALP's website at <https://www.in.gov/oalp/>.

Indiana Department of Environmental Management
 NPDES General Permit Notice of Intent (NOI) Letter Submittal Application
 327 IAC 15-7 Facilities Engaging in Mining of Coal, Coal Processing and Reclamation Activities

I. PURPOSE OF SUBMITTAL:				
Please check one box. Also provide existing permit number and reason for modification if applicable. You may attach additional sheets if they are needed.				
NEW	RENEW	MODIFY	EXISTING PERMIT NO.	IF MODIFICATION WHAT IS CHANGING

V. RULE QUALIFICATION:
The purpose of this rule is to regulate wastewater discharges from surface mining, underground mining, and reclamation projects which utilize sedimentation basin treatment for pit dewatering and surface run-off and to require best management practices for storm water run-off. Does this facility meet these requirements? (please check one) YES <input checked="" type="checkbox"/> NO <input type="checkbox"/>
Please provide a brief description of the facility operation that results in the discharge. You may attach additional sheets. This Abandoned Mine Land Reclamation Project is being undertaken in accordance with the Surface Mining Control and Reclamation Act of 1977 (P.L. 95-87) and is intended to alleviate the public health, safety and environmental hazards associated with past coal mining activities. This project will consist of the following features: 1) backfill 3,400 linear feet of highwall; 2) create wetlands; 3) improve drainage; and 4) revegetate disturbed areas.

VI. OUTFALL INFORMATION: Please fill out the following information FOR ALL OUTFALLS											
a. IDEM OUTFALL NO.	b. DNR BASIN NO	c. LATITUDE			d. LONGITUDE			e. DRY WEATHER BASE FLOW	f. MINE DRAINAGE STATUS	g. Is this discharge to a STORM SEWER	h. Name of RECEIVING WATER OR if g is YES name of OPERATOR OF MUNICIPAL STORM SEWER, AND WATER IT DISCHARGES TO

VII. OUTFALL INFORMATION FOR MODIFICATIONS: Please provide the following if this is a request to ADD, DELETE, or CHANGE MINE DRAINAGE STATUS of one or more outfalls:

a. IDEM OUTFALL NO.	b. DNR BASIN NO.	c. DEL, ADD, or CHANGE	d. DATE OF CHANGE	e. REASON FOR THE CHANGE: EXPLAIN IN DETAIL AND ATTACH CONFIRMING DOCUMENTATION IN THE FORM OF INSPECTORS REPORTS, LAB DATA, ETC.
N/A				

VIII. TOPOGRAPHICAL MAP

A topographical map must be submitted with this application. The map must include the following items:

- (A) the location of the coal mining operation, including contiguous facility property lines, shown clearly and identified by name and by mark;
- (B) the location of each numbered outfall shown clearly and identified by number and by mark;
- (C) the receiving streams and tributaries to them that each outfall discharges to shown clearly and identified by name;
- (D) any existing permanent structures or roads in the area shown clearly and identified by name.

Please attach this completed map to the application and submit both together.

IX. PROOF OF PUBLICATION

It is required that a public notice statement be published in a newspaper of largest circulation in the area where the discharge(s) will be occurring. This publication must be in the newspaper for a minimum of one day and must include the following language: (your facility name, address, address of the location of the discharging facility, and the streams receiving the discharge(s)) “is submitting a Notice of Intent letter to notify the Indiana Department of Environmental Management of our intent to comply with the requirement under 327 IAC 15-7 to discharge wastewater associated with the mining of coal, coal processing and /or reclamation activities. Any person aggrieved by this action may appeal in writing to the Environmental Law Judge of the Office of Environmental Adjudication for an adjudicatory hearing on the question of whether this facility should operate under this NPDES general permit rule. An appeal must be postmarked no later than fifteen (15) days from the date of this public notice. Such a written request for an adjudicatory hearing must:

- (A) state the name and address of the person making the request;
- (B) identify the interest of the person making the request;
- (C) identify any persons represented by the person making the request;
- (D) state with particularity the reasons for the request;
- (E) state with particularity the issues proposed for consideration at the hearing; and
- (F) state with particularity the reasons why the NPDES general permit rule should not be available to the discharger identified in this notice.

Any such request shall be mailed or delivered to:
 Office of Environmental Adjudication
 Indiana Government Center – North
 100 North Senate Avenue, Room N501
 Indianapolis, Indiana 46204”

Please attach proof of publication of this statement from the newspaper to the application and submit both together.

X. POTENTIALLY AFFECTED PERSONS FORM

Pursuant to IC 4-21.5 it is required that a Potentially Affected Person form be completed and submitted with this application. The form and instructions are attached.

Please fill out this form in its entirety and submit it with the application.

XI. REQUIRED FEES:

A \$50 application fee is required to be submitted with applications for new permits, permit modifications, and permit renewals in accordance with IC 13-18-20-12. In addition the \$500 annual fee is required to be submitted for NEW APPLICATIONS at the time of submitting the application.

Please list amount submitted \$550.00, attach to and submit with application. Checks or money orders shall be made payable to IDEM.

XII. NOTIFICATION OF INDIANA DEPARTMENT OF NATURAL RESOURCES

It is required in all circumstances that a copy of this application is sent to the Indiana Department of Natural Resources (IDNR) Division of Reclamation in Jasonville, Indiana.

Please forward a copy of this application as is required and identify the party to whom it

was addressed and the date that it was mailed: M. Shannon Baumgart (1/14/2026)

XIII. CERTIFICATION STATEMENT

It is required by 327 IAC 15-4-3(g)(3) that the following statement shall be included in the application. The authorized signatory representative (as defined by 327 IAC 15-5-3(g)(2) and identified in item IIIa above) makes the following certification by signing and dating this section of the application below:

"I certify under penalty of law that this document and all its attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."
