NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding a
Significant Modification to a
Part 70 Operating Permit

for WM Technologies, LLC in LaPorte County

Significant Permit Modification No.: 091-49655-00020

The Indiana Department of Environmental Management (IDEM) has received an application from WM Technologies, LLC, located at 500 Blaine Street, Michigan City, Indiana 46360, for a significant modification of its Part 70 Operating Permit issued on February 14, 2024. If approved by IDEM's Office of Air Quality (OAQ), this proposed modification would allow WM Technologies, LLC to make certain changes at its existing source. WM Technologies, LLC has applied to the replacement of the existing one (1) natural gas-fired emergency generator, identified as G2 with an identical engine type.

The applicant intends to construct and operate new equipment that will emit air pollutants; therefore, the permit contains new or different permit conditions. In addition, some conditions from previously issued permits/approvals have been corrected, changed, or removed. These corrections, changes, and removals may include Title I changes (e.g., changes that add or modify synthetic minor emission limits). IDEM has reviewed this application and has developed preliminary findings, consisting of a draft permit and several supporting documents, which would allow the applicant to make this change.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Michigan City Public Library
100 East Fourth Street
Michigan City, IN, 46360

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC) located at <https://www.in.gov/idem/legal/public-records/virtual-file-cabinet/>. Once you have accessed VFC, you will then have the option to search for source related documents using a variety of criteria. To find documents related to this air permit, click on "Advanced Search", specify "OAQ" in the Program search field, specify the five-digit permit number "49655" in the Permit # search field, then click the Search button at the top or bottom of the webpage.
