NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding a
Significant Modification to a
Part 70 Operating Permit

for Patrick Industries, Inc. d/b/a Better Way Products in Elkhart County

Significant Permit Modification No.: 039-49785-00141

The Indiana Department of Environmental Management (IDEM) has received an application from Patrick Industries, Inc. d/b/a Better Way Products, located at 72104, 70891, and 71103 County Road 23, New Paris, Indiana 46553, for a significant modification of its Part 70 Operating Permit issued on November 7, 2025. If approved by IDEM's Office of Air Quality (OAQ), this proposed modification would allow Patrick Industries, Inc. d/b/a Better Way Products to make certain changes at its existing source. Patrick Industries, Inc. d/b/a Better Way Products has applied to add a new emission unit and add the unit to the existing VOC PSD minor limit in order to remain a minor source under 326 IAC 2-2 (Prevention of Significant Deterioration (PSD)).

The applicant intends to operate new equipment that will emit air pollutants; therefore, the permit contains new or different permit conditions. In addition, some conditions from previously issued permits/approvals have been corrected, changed, or removed. These corrections, changes, and removals may include Title I changes (e.g., changes that add or modify synthetic minor emission limits). IDEM has reviewed this application and has developed preliminary findings, consisting of a draft permit and several supporting documents, which would allow the applicant to make this change.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Goshen Public Library
601 South 5th Street
Goshen, Indiana 46526

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC) located at <https://www.in.gov/idem/legal/public-records/virtual-file-cabinet/>. Once you have accessed VFC, you will then have the option to search for source related documents using a variety of criteria. To find documents related to this air permit, click on "Advanced Search", specify "OAQ" in the Program search field, specify the five-digit permit number "49785" in the Permit # search field, then click the Search button at the top or bottom of the webpage.
