### NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding a  
Significant Modification to a  
Part 70 Operating Permit  
for SABIC Innovative Plastics US, LLC in Posey County  
Significant Source Modification No.: 129-49795-00002  
Significant Permit Modification No.: 129-50008-00002

The Indiana Department of Environmental Management (IDEM) has received an application from SABIC Innovative Plastics US, LLC, located at 1 Lexan Lane, Mt. Vernon, Indiana 47620, for a significant modification of its Part 70 Operating Permit issued on June 16, 2023. If approved by IDEM's Office of Air Quality (OAQ), this proposed modification would allow SABIC Innovative Plastics US, LLC to make certain changes at its existing source. SABIC Innovative Plastics US, LLC has applied to replace the H-2100 oxidizer with a flare, identified as FL-2300. This control device will control several emission units at the HPP ChemOps operation (ULTEM Process) in Section Q of the permit. The change in PTE of the source is due to the removal of the oxidizer and addition of the flare, as well as the process emissions to the flare, which were not previously calculated with the oxidizer. The existing catalytic oxidizer was subject to 326 IAC 8-1-6, so a new BACT analysis was conducted as a result of this application.

The applicant intends to construct and operate new equipment that will emit air pollutants; therefore, the permit contains new or different permit conditions. In addition, some conditions from previously issued permits/approvals have been corrected, changed, or removed. These corrections, changes, and removals may include Title I changes (e.g., changes that add or modify synthetic minor emission limits). IDEM has reviewed this application and has developed preliminary findings, consisting of a draft permit and several supporting documents, which would allow the applicant to make this change.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Alexandrian Public Library  
115 West 5th Street  
Mt. Vernon, Indiana 47620

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC) located at <https://www.in.gov/idem/legal/public-records/virtual-file-cabinet/>. Once you have accessed VFC, you will then have the option to search for source related documents using a variety of criteria.
