NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding the Renewal of a
Federally Enforceable State Operating Permit (FESOP)

for Kraft Heinz Foods Company in Noble County

FESOP Renewal No.: F113-50128-00017

The Indiana Department of Environmental Management (IDEM) has received an application from Kraft Heinz Foods Company, located at 151 W Ohio St, Kendallville, IN 46755, for a minor permit revision and renewal of its FESOP issued on December 9, 2016. If approved by IDEM's Office of Air Quality (OAQ), this proposed permit would allow Kraft Heinz Foods Company to make certain changes at its existing source. Kraft Heinz Foods Company has applied for the addition of emergency generators, a starch sifter, an egg kettle, and printers.

The applicant intends to construct and operate new equipment that will emit air pollutants; therefore, the permit contains new or different permit conditions. In addition, some conditions from previously issued permits/approvals have been corrected, changed, or removed. These corrections, changes, and removals may include Title I changes (e.g., changes that add or modify synthetic minor emission limits). The potential to emit regulated air pollutants will continue to be limited to less than the Title V and PSD major threshold levels. IDEM has reviewed this application and has developed preliminary findings, consisting of a draft permit and several supporting documents, which would allow the applicant to make this change.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Kendallville Public Library
221 South Park Avenue
Kendallville, IN 46755

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC) located at <https://www.in.gov/idem/legal/public-records/virtual-file-cabinet/>. Once you have accessed VFC, you will then have the option to search for source related documents using a variety of criteria. To find documents related to this air permit, click on "Advanced Search", specify "OAQ" in the Program search field, specify the five-digit permit number "50128" in the Permit # search field, then click the Search button at the top or bottom of the webpage.
