PUBLIC NOTICE

DATE COMMENTS DUE: 7/17/2026

DATE OF NOTICE: 6/17/2026

The Indiana Department of Environmental Management (IDEM) has received an application for a construction permit from the DECATUR WATER DEPARTMENT, public water system 5201002, this project is described as the 2025 Water Utility Improvements - Water Main & Lead Service Line Replacement - Contract A. The project includes the replacement of existing water mains and lead or galvanized steel water service lines on Monroe Street from N 13th Street to N 1st Street along with 2nd Street from Monroe Street to Jackson Street. The work includes installation of approximately 5,340 LF of water main ranging from 4-inch to 12-inch in diameter, 100 LF of 12-inch diameter water main railroad crossing, the abandonment of existing water mains, the replacement of existing service lines from the City owned water main to premise plumbing within each home and business, reconnection of water service lines, replacement of fire hydrants, and all other work required for the completion of the project. If approved the permit will become effective on the date of issuance.

All comments must be postmarked no later than the date above to be considered in the formulation of the final determination. All comments will be considered by IDEM when we make a decision to issue or deny the permit application. Comments that are most likely to affect the decision are those based on the rules and laws governing this permitting process (327 IAC 8-3). The permit, if issued, will be available through IDEM's virtual file cabinet. Any questions concerning this project should be directed to the Construction Permits Section of the Drinking Water Branch, Office of Water Quality, IDEM at 317-234-7425.
