NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding a
Significant Modification to a
Part 70 Operating Permit

for Indiana Municipal Power Agency - Anderson Station in Madison County

Significant Permit Modification No.: 095-50394-00051

The Indiana Department of Environmental Management (IDEM) has received an application from Indiana Municipal Power Agency - Anderson Station, located at 6035 Park Road, Anderson, Indiana 46011, for a significant modification of its Part 70 Operating Permit issued on June 14, 2022. If approved by IDEM's Office of Air Quality (OAQ), this proposed modification would allow Indiana Municipal Power Agency - Anderson Station to make certain changes at its existing source. Indiana Municipal Power Agency - Anderson Station has applied to increase the total amount of No. 2 fuel oil used in the diesel engines (D7 and D8) to 3,650 gallons per twelve (12) consecutive month period from the current limit of 2,200 gallons, due to increased plant running times year-to-year.

This draft permit does not contain any new equipment that would emit air pollutants; however, some conditions from previously issued permits/approvals have been corrected, changed, or removed. These corrections, changes, and removals may include Title I changes (e.g., changes that add or modify synthetic minor emission limits). This notice fulfills the public notice procedures to which those conditions are subject. IDEM has reviewed this application and has developed preliminary findings, consisting of a draft permit and several supporting documents, which would allow for these changes.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Anderson Public Library - Main Library
111 East 12th Street
Anderson, Indiana 46016

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC) located at <https://www.in.gov/idem/legal/public-records/virtual-file-cabinet/>. Once you have accessed VFC, you will then have the option to search for source related documents using a variety of criteria. To find documents related to this air permit, click on "Advanced Search", specify "OAQ" in the Program search field, specify the five-digit permit number "50394" in the Permit # search field, then click the Search button at the top or bottom of the webpage.
